AN ACT to amend 118.21 (title); and to create 118.21 (5) and 119.40 (3) of the statutes; relating to: establishing minimum salaries for public school teachers.

Analysis by the Legislative Reference Bureau

This bill requires a school board to pay a full-time teacher an annual salary in each school year that is not less than the annual salary paid to a state legislator for that school year (base salary). In addition, if a teacher has worked as a teacher for at least 10 school years and has obtained a master's degree in a related field, the bill requires a school board to pay the teacher an annual salary that is not less than the base salary for the school year plus $15,000. Finally, if a teacher has worked as a teacher for at least 20 school years and has obtained a master's degree in a related field, the bill requires a school board to pay the teacher an annual salary that is not less than $100,000.

For further information see the local fiscal estimate, which will be printed as an appendix to this bill.
