March 10, 2022 - Introduced by Representatives TITTL, SORTWELL, ALLEN, JAMES, MAGNAFICI and MURPHY, cosponsored by Senator JACQUE. Referred to Committee on Education.

AN ACT to amend 119.04 (1); and to create 43.75 and 118.073 of the statutes; relating to: pupil or minor access to harmful material in public libraries and public schools.

Analysis by the Legislative Reference Bureau

This bill requires public libraries and public schools, including charter schools, to take steps to prevent pupils and minors from accessing harmful material on computers. Under the bill, “harmful material” is defined as 1) any picture, photograph, drawing, sculpture, motion picture film, or similar visual representation or image of a person or portion of the human body that depicts nudity, sexually explicit conduct, sadomasochistic abuse, physical torture, or brutality and that is harmful to children; or 2) any book, pamphlet, magazine, printed matter however reproduced or recording that contains matter described in item 1, or explicit and detailed verbal descriptions or narrative accounts of sexual excitement, sexually explicit conduct, sadomasochistic abuse, physical torture, or brutality and that, taken as a whole, is harmful to children.

The bill requires any public library that provides a public access computer and any school board or independent charter school to do at least one of the following with respect to the public access computer or school computer to which pupils and minors have access: 1) equip the computer with software that will limit a pupil's or minor's ability to gain access to harmful material; 2) purchase Internet connectivity from an Internet service provider that provides filter services to limit access to harmful material; or 3) develop and implement a policy that establishes measures to keep
pupils and minors from gaining access to harmful material. Under the bill, a public
library or public school may allow a pupil or minor to access harmful material on the
Internet if the parent or guardian of the pupil or minor consents to that access.

The bill also provides that, if a public school pupil will view or otherwise have
access to harmful material as part of classroom instruction, the school must provide
the parent or guardian of the pupil with an outline of the curriculum and a summary
of the instructional materials that contain the harmful material, information
regarding how the parent or guardian may inspect the complete curriculum and
instructional materials, and an explanation of the exemption available to parents
and guardians under the bill. The bill requires each public school to make the
complete curriculum and all instructional materials available for inspection by
parents or guardians upon request. Under the bill, no pupil may be required to take
any such instruction if the pupil’s parent or guardian files with the teacher or school
principal a written request that the pupil be exempted.

Finally, the bill provides that no public school or public school employee may
show or provide to any pupil harmful material for which the school did not follow the
requirements under the bill regarding parental notice and opportunity to exempt
pupil participation.

For further information see the local fiscal estimate, which will be printed as
an appendix to this bill.
