AN ACT to repeal 45.82 (3); and to amend 20.485 (1) (gk) and 45.82 (2) of the statutes; relating to: grants to counties for veterans services and making an appropriation.

Analysis by the Legislative Reference Bureau

Under current law, a county or tribe may annually apply for a grant from the Department of Veterans Affairs for the purpose of improving services provided to former military personnel through that county’s veterans service office. DVA must award grants to counties that meet the standards under the program, in the following amounts: $8,500 for a county with a population of less than 20,000, $10,000 for a county with a population of 20,000 to 45,499, $11,500 for a county with a population of 45,500 to 74,999, and $13,000 for a county with a population of 75,000 or more. Grants are funded from two appropriation accounts.

This bill increases the grant award amounts for counties to be as follows: $22,000 for a county with a population of less than 45,000 and $25,000 for a county with a population of 45,000 or more. The bill also changes the funding source so that grants are funded from only one appropriation account.

For further information see the state and local fiscal estimate, which will be printed as an appendix to this bill.
