AN ACT to amend 100.30 (6) (title); and to create 100.30 (6) (a) 10. and 100.30 (6) (e) of the statutes; relating to: regulating the sale of items that are qualified medical expenses below cost.

Analysis by the Legislative Reference Bureau

This bill exempts from the Unfair Sales Act items that are qualified medical expenses. Under current law, the Unfair Sales Act, also known as the “minimum markup law,” prohibits retailers and wholesalers from selling merchandise for less than the cost of the merchandise to the seller. Under the bill, the prohibition on below-cost sales does not apply to vaccines, prescription drugs, or physical items whose costs are qualified medical expenses under federal law.

For further information see the state fiscal estimate, which will be printed as an appendix to this bill.
