AN ACT to amend 118.14 (1) (intro.), 121.004 (7) (b) and 121.004 (7) (c) 1. (intro.); and to create 118.60 (6d) and 119.23 (6d) of the statutes; relating to: early admission to kindergarten and first grade at a private school participating in a parental choice program.

Analysis by the Legislative Reference Bureau

Under current law, a child may not be admitted to four-year-old kindergarten, five-year-old kindergarten, or first grade unless the child is four years old, five years old, or six years old, respectively, on or before September 1 of the school year. However, current law also requires school boards to prescribe procedures, conditions, and standards for early admission (early admission policy) to four-year-old kindergarten, five-year-old kindergarten, and first grade, and provides an exception to the minimum age requirements for children admitted in accordance with a school board’s early admission policy. Current law also specifies that for purposes of counting pupils enrolled in schools or school districts, a pupil enrolled in four-year-old kindergarten, five-year-old kindergarten, or first grade may only be counted if the pupil satisfies the minimum age set by law or an age allowed under a school board’s early admission policy.

This bill creates an exception to the minimum age requirements for admission to four-year-old kindergarten, five-year-old kindergarten, or first grade for private schools participating in the Milwaukee Parental Choice Program, Racine Parental Choice Program, or the Wisconsin Statewide Parental Choice Program. The bill authorizes the governing body of a private school participating in a parental choice
program to establish an early admission policy for four-year-old kindergarten, five-year-old kindergarten, and first grade. Under the bill, a child who is admitted in accordance with a governing body’s early admission policy may be counted as a pupil enrolled in the private school.
