AN ACT to amend 70.11 (intro.); and to create 70.11 (4) (a) 1m., 70.11 (4) (a) 1n. and 70.11 (4) (b) 4. of the statutes; relating to: a property tax exemption for a community health center.

Analysis by the Legislative Reference Bureau

This bill creates a property tax exemption for the property of a community health center that 1) receives federal grants to provide health services to vulnerable populations, 2) is a nonprofit organization exempt from federal income taxes, and 3) annually treats at least 30,000 patients at all of its locations combined. The exemption also applies to the property of an entity related to or supporting the community health center. With regard to land owned by the community health center or a related or supporting entity, the exemption is limited to 25 acres of land that is necessary for the location and convenience of buildings or is vacant land located adjacent to or within 0.5 miles of the property of the center or related or supporting entity, while such property is not used for profit. Current law provides similar property tax exemptions for property owned by churches or religious, educational, or benevolent associations. Under current law, land owned by churches or religious associations that is necessary for the location and convenience of buildings and used for educational purposes and not for profit is subject to a 30-acre limitation.

Because this bill relates to an exemption from state or local taxes, it may be referred to the Joint Survey Committee on Tax Exemptions for a report to be printed as an appendix to the bill.
For further information see the local fiscal estimate, which will be printed as an appendix to this bill.
