Analysis by the Legislative Reference Bureau

This bill creates a green jobs training program to be administered by DWD. Under the program, DWD is required to award grants to public and private organizations for the development and implementation of green jobs training programs. The bill defines green jobs as jobs that produce goods or provide services that benefit the environment or conserve natural resources. The bill also permits DWD to require a public or private organization, as a condition of receiving a grant, to provide matching funds at a percentage to be determined by DWD.
