Analysis by the Legislative Reference Bureau
Under this bill, a person may hunt a wild animal with an airgun in a season
open to hunting that animal with a firearm. The bill defines “airgun” as a weapon
originally manufactured to expel one or more projectiles by the expansion of
compressed air, including an airbow. “Airbow” is defined as a weapon originally
designed to fire an arrow by the expansion of compressed air.
ASSEMBLY BILL 872

Under current law, the Department of Natural Resources is authorized to establish open and closed seasons for the hunting of wild animals. DNR issues hunting licenses that authorize the hunting of specified animals and those licenses specify the type of weapon that may be used when hunting under those licenses.

Under the bill, if DNR establishes an open season for hunting an animal with a firearm, the season must also be open for hunting that animal with an airgun. The bill also provides that each license that currently authorizes the hunting of an animal with a firearm also authorizes the hunting of that animal with an airgun.

Because this bill creates a new crime or revises a penalty for an existing crime, the Joint Review Committee on Criminal Penalties may be requested to prepare a report.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

SECTION 1. 29.001 (5) of the statutes is created to read:
