AN ACT to amend 16.75 (1) (a) 1.; and to create 16.289, 16.75 (10n) and 20.935 of the statutes; relating to: call centers relocating to foreign countries, state procurement contracts for call center services, state benefits for call centers, and providing a penalty.

Analysis by the Legislative Reference Bureau

This bill requires that businesses that operate a 50-person call center, which is defined as a business operation to which phone calls from customers are directed or that makes calls to customers, must notify the Department of Administration if the business relocates to a foreign country at least 30 percent of the call center’s volume of calls. A business that violates the requirement is subject to a civil forfeiture of up to $10,000 per day of the violation.

The bill also requires DOA to maintain a list of businesses that have relocated a call center to a foreign country and businesses that have violated the requirement to notify DOA of such a relocation. Under the bill, businesses on the list are ineligible for a grant, loan, certification or other authorization to claim a tax credit, or other similar benefit awarded by a state agency, authority, including the Wisconsin Economic Development Corporation, or other body in state government, unless the secretary of administration determines that denying the benefit would likely result in substantial job loss in Wisconsin or substantial harm to the environment.

The bill also prohibits a state agency from purchasing services provided by a call center if any services related to the call center will be performed outside the state.
For further information see the state fiscal estimate, which will be printed as an appendix to this bill.
