AN ACT to amend 108.062 (20) (intro.) of the statutes; relating to: payment of unemployment insurance benefits under a work-share program.

Analysis by the Legislative Reference Bureau

Current law allows an employer to create a work-share program within a work unit of the employer. Under a work-share program, the working hours of all of the full-time employees in the program are reduced in an equitable manner in lieu of a layoff of some of the employees and a continuation of full-time employment by the other employees. A claimant for unemployment insurance benefits who is included in a work-share program may receive UI benefits during his or her continued employment with the work-share employer in an amount equal to the claimant’s benefit for total unemployment multiplied by the same percentage reduction in normal working hours that the claimant incurs under the program. Current law also provides for the temporary modification of certain requirements that apply to work-share plans with respect to work-share plans submitted on or after April 17, 2020, and before December 31, 2020. This bill extends the applicability of these modifications until the earlier of the conclusion of a national emergency declared by the U.S. president in response to the 2019 novel coronavirus or July 4, 2021.
