Analysis by the Legislative Reference Bureau

Current law allows a pharmacist to extend a prescription order under certain circumstances in the event that the prescription cannot otherwise be refilled, subject to certain criteria and limitations. However, current law also includes an alternative authorization for a pharmacist to extend a prescription during the public health emergency declared on March 12, 2020, by executive order 72, and for 30 days after the conclusion of that public health emergency. Under this alternative authorization, a pharmacist is exempt from having to contact the prescribing practitioner or his or her office, the pharmacist may extend the prescription by up to a 30-day supply, and certain other requirements also do not apply. The bill provides that this alternative authorization to extend a prescription order also applies beginning on the bill's effective date and continuing until June 30, 2021.
