AN ACT to renumber and amend 346.17 (5), 346.22 (1) (b), 346.43 (1) (b) 3., 346.49 (1) (c), 346.60 (3m) (a), 346.65 (5m) and 349.11 (10); to amend 346.43 (4) (a), 346.43 (4) (b), 346.49 (5) (a), 346.49 (5) (b), 346.89 (4m) and 349.06 (3); and to create 340.01 (15pu), 346.17 (5) (b), 346.22 (1) (b) 2., 346.43 (1) (b) 3. b., 346.49 (1) (c) 2., 346.60 (3m) (a) 2., 346.65 (5m) (b) and 349.11 (10) (b) of the statutes; relating to: traffic violations when emergency or roadside response vehicles are present and providing a penalty.

Analysis by the Legislative Reference Bureau

This bill increases the penalties for certain traffic violations that are committed within 500 feet of an authorized emergency vehicle giving a visible signal or a tow truck displaying flashing red lamps (emergency or roadside response area).

Under current law, the amount of any applicable minimum and maximum fine or forfeiture is doubled for specified traffic violations committed where persons working in a highway maintenance or construction area or utility area are at risk from traffic. These traffic violations include failing to follow certain traffic signs and signals, failing to follow certain orders of traffic officers, exceeding certain maximum speed limits, and driving recklessly. Under the bill, the minimum and maximum fine or forfeiture for these covered violations is also doubled when committed in an emergency or roadside response area. Also under the bill, if an operator commits one
of the covered violations in a highway maintenance or construction area, utility work area, or emergency or roadside response area and the violation results in an injury to another, the operator may be fined not more than $10,000 or imprisoned not more than nine months, or both.

Current law prohibits inattentive driving of a motor vehicle in general and in several specific manners. Among the specific prohibitions is a prohibition of using a wireless telephone while driving a motor vehicle in a construction zone. A person who violates this particular prohibition may be required to forfeit not less than $20 nor more than $40 for the first offense and not less than $50 nor more than $100 for the second or subsequent conviction within a year.

The bill specifically prohibits using a wireless telephone while driving a motor vehicle in an emergency or roadside response area. The penalty for a violation of this prohibition is the same as is provided for the offense described above.

Also under current law, local authorities may post temporary reduced speed limits on highways under construction or repair. The bill allows law enforcement officers, fire fighters, or emergency medical responders to post temporary reduced speed limits in response to an emergency.

Because this bill creates a new crime or revises a penalty for an existing crime, the Joint Review Committee on Criminal Penalties may be requested to prepare a report.

For further information see the state and local fiscal estimate, which will be printed as an appendix to this bill.
