AN ACT to amend 23.47 (2); and to create 23.47 (1) (e) of the statutes; relating to: electronic issuance of dog training licenses.

Analysis by the Legislative Reference Bureau

This bill requires the Department of Natural Resources to offer dog training licenses for purchase through the electronic system DNR uses for the purchase of hunting and other approvals (known as GoWild).

Current law authorizes DNR to maintain an electronic system for the issuance of hunting and other approvals and safety certificates relating to the operation of outdoor recreational vehicles.

Under current law, DNR issues licenses that authorize the holder to purchase, possess, release, and hunt specified animal species for the purpose of training a dog to retrieve, point, flush, and track game.

For further information see the state fiscal estimate, which will be printed as an appendix to this bill.
