AN ACT relating to: additional compensation and recruitment and retention benefits for correctional officers, youth counselors, and psychiatric care technicians.

Analysis by the Legislative Reference Bureau

This bill requires the Department of Corrections to provide additional compensation of $2.00 per hour to correctional officers and youth counselors in calendar year 2022, and $5.00 per hour in calendar year 2023 and in subsequent years, until funding under the American Rescue Plan Act of 2021 (ARPA) is no longer available. The bill also requires the Department of Health Services to provide additional compensation to psychiatric care technicians of $2.00 per hour in calendar year 2022, and $5.00 per hour in calendar year 2023 and in subsequent years, until funding under ARPA is no longer available. The additional compensation is not permanent and the amounts are not cumulative. The bill also allows DOC and DHS to use money received under ARPA and allocated by the governor to provide recruitment and retention benefits to correctional officers, youth counselors, and psychiatric care technicians.

Under the bill, the governor must allocate sufficient moneys received under ARPA to DOC and DHS for the additional compensation and the recruitment and retention benefits under the bill.
