Analysis by the Legislative Reference Bureau
This bill makes various changes to laws relating to elections and voting.

Automatic voter registration
The bill requires the Elections Commission to use all feasible means to facilitate the registration of all eligible electors of this state and to maintain the registration of all eligible electors for so long as the electors remain eligible, except as the law
SENATE BILL 988

specifically requires electors to take some action to continue their registrations. Under the bill, the commission must attempt to facilitate the initial registration of all eligible electors no later than July 1, 2025. To facilitate the initial registration, the bill directs the commission and the Department of Transportation to enter into an agreement so that DOT may transfer specified personally identifiable information in DOT’s records to the commission. The bill requires the commission to maintain the confidentiality of any information it obtains under the agreement and allows a driver’s license or identification card applicant to “opt out” of DOT’s transfer of this information to the commission. Once the commission obtains all the information required under current law to complete an elector’s registration, the commission adds the elector’s name to the statewide registration list. The bill also permits an individual whose name is added to the registration list or who wishes to permanently exclude his or her name from the list to file a request to have his or her name deleted or excluded from the list or to revoke a deletion or exclusion request previously made. A deletion or exclusion request or revocation of a deletion or exclusion request may be made in the manner prescribed by the commission. In addition, the bill directs the commission to notify an individual by first class postcard whenever the commission removes his or her name from the registration list or changes his or her status on the list from eligible to ineligible.

The bill also directs the commission to report to the appropriate standing committees of the legislature, no later than July 1, 2023, its progress in initially implementing the registration system created by the bill. The report must contain an assessment of the feasibility and desirability or integration of registration information with information maintained by the Departments of Health Services, Children and Families, Workforce Development, Revenue, Safety and Professional Services, and Natural Resources; the University of Wisconsin System; and the Technical College System Board, as well as with the technical colleges in each technical college district.

Under current law, a qualified elector with a current and valid driver’s license or identification card issued by DOT may register to vote electronically on a secure Internet site maintained by the commission. To register electronically under current law, a qualified elector must also authorize DOT to forward a copy of his or her electronic signature to the commission. The authorization affirms that all information provided by the elector is correct and has the same effect as a written signature on a paper copy of the registration form. Finally, current law requires the commission and DOT to enter into an agreement that permits the commission to verify the necessary registration information instantly by accessing DOT’s electronic files.

Deceptive election practices

The bill prohibits any person from intentionally deceiving any other person regarding the date, time, place, or manner of conducting an election; the qualifications for voting or restrictions on the eligibility of electors to vote in an election; or the endorsement of candidates by specified persons. Any person who violates that prohibition with intent to prevent any person from exercising the right
SENATE BILL 988

to vote in an election may be fined not more than $100,000 or imprisoned for not more than five years, or both.

The bill also permits any person who is aggrieved by an alleged violation described above to obtain a court order restraining the violation and to file a sworn complaint with the Elections Commission. If the commission finds that the facts alleged in the complaint, if true, would constitute a violation, it must promptly investigate the complaint. If the commission finds that a violation has occurred or is occurring, the commission must take all measures necessary to provide correct information to electors who may have been deceived by the actions of the alleged violator and must refer the matter to the appropriate authority for prosecution.

The bill directs the commission to promulgate rules concerning corrective measures that may be appropriate whenever violations occur. In addition, the bill directs the commission to report biennially to the appropriate standing committees of the legislature with regard to violations and actions taken in response to violations.

Voter intimidation and suppression

The bill provides that no person may make use of or threaten to make use of force, violence, restraint, or any tactic of coercion or intimidation in order to induce or compel any person to vote or refrain from voting at an election, to refrain from registering to vote at an election, or to vote or refrain from voting for or against a particular candidate or referendum question at an election. Violators may be fined not more than $100,000 or imprisoned for not more than three years, or both. Current law contains similar but not identical prohibitions, and under current law, violators may be fined not more than $10,000 or imprisoned for not more than three years and six months, or both.

The bill also provides that no person may knowingly attempt to prevent or deter another person from voting or registering to vote based upon fraudulent, deceptive, or spurious grounds or information. Violators may be fined not more than $50,000 or imprisoned for not more than two years, or both.

The bill also permits any elector of this state to sue for injunctive relief, a court order requiring or prohibiting certain action, or any other appropriate relief, to compel compliance with the bill's prohibitions and requirements relating to voter intimidation, suppression, and protection. Currently, an elector may be required to pursue administrative relief before filing suit and in some cases must petition a district attorney or the attorney general to file suit on his or her behalf.

Voter bill of rights

The bill creates a voter bill of rights that municipal clerks and boards of election commissioners must post at each polling place. The bill of rights informs voters that the voters have the right to do all of the following:

1. Vote if registered and eligible to vote.
2. Inspect a sample ballot before voting.
3. Cast a ballot if in line when the polling place closes or, if voting by in-person absentee ballot on the last day for which such voting is allowed, when the municipal clerk's office closes.
4. Cast a secret ballot.
5. Get help casting a ballot if disabled.
6. Get help voting in a language other than English as provided by law.
7. Get a new ballot, up to three ballots in all, if the voter makes a mistake on the ballot.
8. Cast a provisional ballot as provided by law.
9. Have the voter’s ballot counted accurately.
10. Vote free from coercion or intimidation.
11. Report any illegal or fraudulent election activity.

Polling place posting and language requirements

Currently, municipal clerks and boards of election commissioners are directed by law to post specified materials at each polling place. Currently, the Elections Commission is also directed to ensure that in any jurisdiction in this state that is required under federal law to provide voting materials in a language other than English, the voting system used in that jurisdiction is in compliance with federal law.

This bill permits the commission to authorize another means of providing notice to electors of the information required to be posted if the commission determines that the alternative means of providing notice is at least as effective as posting.

The bill also requires that at each polling place located in a jurisdiction that is required under federal law to provide voting materials in a language other than English, all required postings must be made in that language as well as in English unless otherwise permitted by the commission. In addition, the bill directs the municipal clerk or board of election commissioners of any such jurisdiction to contact and coordinate with organizations that advocate for the rights of individuals who speak that language to ensure that each polling place in the jurisdiction adequately serves the needs of these individuals, and to endeavor to ensure that at least one of the election officials who serves at each polling place in the jurisdiction speaks that language.

Election manual

Under current law, the Elections Commission is required to publish an election manual explaining the duties of election officials. The election manual is subject to periodic review and revision and must emphasize that election officials should help, not hinder, electors in exercising their voting rights.

The bill provides a number of additional requirements for the election manual, including that the election manual be written in clear, unambiguous language; be indexed by subject; contain specific examples of common problems encountered at polling places on election day and detailed, specific procedures for resolving those problems; and include an explanation of the laws and rules governing solicitation at polling places, the rights of voters, and security procedures and other procedures to be followed at polling places.

Withholding of voluntarily provided elector information

Currently, the Elections Commission and municipal clerks must provide public access to information in the records of the commission and clerks unless otherwise provided by law or unless the custodian demonstrates that the public interest in withholding public access outweighs the public interest in providing that access. The

A request for exclusion or deletion shall be filed in the manner prescribed by the commission. An individual who files an exclusion or deletion request under this subsection may revoke his or her request by the same means that an individual may request an exclusion or deletion. The commission shall ensure that the name of any individual who has filed an exclusion or deletion request under this subsection is excluded from the registration list or, if the individual’s name appears on the list, is removed from the registration list and is not added to the list at any subsequent time unless the individual files a revocation of his or her request under this subsection.

(9) If the commission removes from the registration list the name of an elector who does not request that his or her name be deleted, other than to correct an entry that the commission positively determines to be a duplication or to change the name of an individual who is verified to be deceased to ineligible status, the commission shall mail to the individual a notice of the removal or change in status by 1st class postcard to the individual’s last-known address. The notice shall provide that the individual may apply to have his or her status changed to eligible if he or she is a qualified elector.

(10) The commission shall attempt to facilitate the initial registration of all eligible electors, except as otherwise provided in this section, no later than July 1, 2025.

(11) The commission shall maintain the confidentiality of all information obtained from the department of transportation under sub. (2) and may use this

(1), the indication of whether the registration is received by mail, and the type of identifying document submitted by the elector as proof of residence under s. 6.34 or the indication of verification of information in lieu of proof of residence under s. 6.34 (2m). Except as provided in s. 6.30 (5), each elector shall sign his or her own name unless the elector is unable to sign his or her name due to physical disability. In such case, the elector may authorize another elector to sign the form on his or her behalf. If the elector so authorizes, the elector signing the form shall attest to a statement that the application is made upon request and by authorization of a named elector who is unable to sign the form due to physical disability.

**SECTION 17.** 6.35 (3) of the statutes is amended to read:

6.35 (3) Original registration forms shall be maintained in the office of the municipal clerk or board of election commissioners at all times. The municipal clerk or an election official shall witness the certificate for any in-person absentee ballot cast. Any elector waiting to cast an in-person absentee ballot at the time the municipal clerk's office officially closes on the last day for which such ballots may be cast, whether the elector is waiting within or in the line outside the municipal clerk's office, shall be permitted to cast his or her in-person absentee ballot. Except as provided in par. (c), if the elector is making written application for an absentee ballot at the partisan primary, the general election, the presidential preference primary, or a special election for national office, and the application indicates that the elector is a military elector, as defined in s. 6.34 (1), the application shall be received by the municipal clerk no later than 5 p.m. on election day. If the application indicates that the reason for requesting an absentee ballot is that the elector is a sequestered juror, the application shall be received no later than 5 p.m. on election day. If the application is received after 5 p.m. on the Friday immediately preceding the election, the municipal clerk or the clerk's agent shall immediately take the ballot to the court in which the elector is serving as a juror and deposit it with the judge. than 7 days before an election and not later than 5 p.m. on the day of the election.
A list of hospitalized electors applying for ballots under par. (a) 1. shall be made by
the municipal clerk and used to check that the electors vote only once, and by
absentee ballot. If Except as provided in s. 6.34 (2m), if the elector is registering for
the election after the close of registration or if the elector registered by mail and has
not voted in an election in this state, the municipal clerk shall inform the agent that
proof of residence under s. 6.34 is required and the elector shall enclose proof of
residence under s. 6.34 in the envelope with the ballot. The clerk shall verify that
the name on any required proof of identification presented by the agent conforms to
the name on the elector’s application. The clerk shall then enter his or her initials
on the carrier envelope indicating that the agent presented proof of identification to
the clerk. The agent is not required to enter a signature on the registration list. The
