Description grants for prospective school social workers, granting rule-making authority, and making an appropriation					

Assumptions Used in Arriving at Fiscal Estimate

Under this bill, the Department of Public Instruction (DPI) must establish and administer a grant program to award grants for the costs of obtaining the education required for a school social worker license issued by DPI. The grants may only be awarded to an individual who is a member of a racial minority group and who is either an employee of a school board or enrolled in an undergraduate or graduate program leading to licensure as a school social worker. Under this bill the department may promulgate rules to implement the grant program

The bill creates a new \$5 million GPR annual appropriation beginning in FY24 to fund grants awarded to eligible individuals under this new program.

State: Increase costs by \$5 million GPR annually

Since the bill does not provide funding to the department to create and administer the program, the department would need to reallocate existing resources to cover those costs.
