Description sick leave for veterans employed by state		

Assumptions Used in Arriving at Fiscal Estimate

This bill grants state employees who are veterans of the U.S. armed forces or in forces incorporated as part of the U.S. armed forces during a war period or in a crisis zone 60-hours per year of paid sick leave in order to receive health care or mental health care for a disability related to the employee's military service at a facility operated by the U.S. Department of Veterans Affairs or at a facility to which a veteran is referred for treatment under the U.S. Department of Veterans Affairs Community Care Network.

Under the bill, the 60-hours of paid sick leave is in addition to any paid sick leave generally provided to state employees and does not accumulate from year to year. The 60-hours of paid sick leave is to be funded by the employee's appointing authority.

The bill does not make changes to the state's sick leave conversion credit programs.

This bill will require staff training, employer outreach, auditing of sick leave accounts, and publication revisions. ETF should be able to absorb these administrative costs within its current budget authority.
