Description authorizing a local government to require advance payment from a presidential or vice-presidential campaign for certain expected public event costs					

Assumptions Used in Arriving at Fiscal Estimate

Under the bill, a city, village, town, or county may require a presidential or vice-presidential campaign to pay in advance for certain costs the local government expects to incur directly related to a campaign event held at a public venue. The bill also prohibits a political subdivision from issuing a campaign event permit to a presidential or vice-presidential campaign if the political subdivision has evidence that the campaign owes money to another Wisconsin political subdivision for unpaid campaign event costs.

The local fiscal estimate is indeterminate as the department does not require local governments to report information on presidential campaign costs. The department does not have any administrative costs.
