

## Fiscal Estimate Narratives

DOT 5/11/2023

LRB Number	<b>23-1499/1</b>	Introduction Number	<b>AB-0093</b>	Estimate Type	<b>Original</b>
<b>Description</b> verifying citizenship of individuals on the official voter registration list and contents of operator's licenses and identification cards					

### Assumptions Used in Arriving at Fiscal Estimate

This bill creates new data sharing requirements between the Department of Transportation and the Wisconsin Elections Commission and requires the Department to put an identifier on driver licenses (DLs) and identification cards (IDs) issued to individuals who apply for DL/IDs after implementation of this bill. The identifier is to be a readily recognizable indication that the product is not acceptable for voter identification purposes.

This bill will have no annual fiscal effect on the Department of Transportation. It will create no new annual expenditures or revenues.

The data sharing IT changes required to implement this bill would cost approximately \$112,350, this is a one-time cost.

Required changes made to the face of the driver license and other ID products would be approximately \$105,000, this is a one-time cost.

### Long-Range Fiscal Implications

This bill will have no annual fiscal effect on the Department of Transportation. It will create no new annual expenditures or revenues.
