Assumptions Used in Arriving at Fiscal Estimate

This bill requires the Department of Revenue to allow individuals to elect to be a donor of an anatomical gift in the record of potential donors maintained by the Department of Transportation on their tax returns. Under current law, DOT is required to cooperate with the Department of Health Services in establishing a donor registry. This bill requires DOR to also cooperate with DHS for this purpose. Currently, DHS receives a portion of the donations collected by the DOT for the Donate Life campaign. It is possible that this new method of electing to become a donor could lead to greater awareness of anatomical gifts in general and the Donate Life campaign specifically, which could increase revenue to DHS. However, the impact is indeterminate.
