Fiscal Estimate Narratives

DSPS 6/6/2023

LRB Number	23-2056/1	Introduction Number	SB-0211	Estimate Type	Original
Description permitting pharmacists to prescribe certain contraceptives, extending the time limit for emergency rule procedures, providing an exemption from emergency rule procedures, granting rule-making authority, and providing a penalty					

Assumptions Used in Arriving at Fiscal Estimate

The bill requires the Pharmacy Examining Board, after consultation with the Medical Examining Board, the Board of Nursing, and the Department of Health Services, to promulgate rules to establish standard procedures for the prescribing of contraceptives by pharmacists under the bill. The rules must require that pharmacists use a self-assessment questionnaire, developed in consideration of guidelines established by the American Congress of Obstetricians and Gynecologists, when prescribing a contraceptive.

Further, under the bill, the rules must include certain requirements for pharmacists prescribing contraceptives. A pharmacist who prescribes contraceptives as permitted under the bill must comply with those rules, as well as any other rules promulgated by the Pharmacy Examining Board.

The Department of Safety and Professional Services (DSPS) in its capacity of supporting the Pharmacy Board, Medical Examining Board and Board of Nursing estimates a total of \$12,900 in one-time and \$22,400 in annual costs for staffing to implement the bill. The estimated one-time staffing need of a 0.4 limited term employee position is for training, updating documents to reflect legislative changes, and rule promulgation. The estimated annual need for a 0.3 full time equivalent position is for legal staff to address an increase in investigations, prosecutions, records requests, and license monitoring. The one-time and ongoing estimated costs cannot be absorbed in the currently appropriated agency budget.
