Fiscal Estimate Narratives

DHS 2/23/2023

LRB Number	23-1595/1	Introduction Number	SB-0027	Estimate Type	Original
Description spinal cord injury research grants and symposia and making an appropriation					

Assumptions Used in Arriving at Fiscal Estimate

This bill directs the Department of Health Services to establish a grant program to fund innovative research for spinal cord injury treatment and rehabilitation. The bill also directs DHS to hold symposia once every two years with research findings. The bill appropriates \$1,500,000 annually to fund grants, research symposia, and administrative costs. The bill allows DHS to use up to 8 percent of the annual appropriation, or \$120,000 GPR, for administrative costs. The Department estimates that workload associated with administering the program is equivalent to a 1.0 FTE Human Services Program Coordinator-Senior, the cost of which is within the 8% limit. In summary, the total annual fiscal effect of the bill is \$1,500,000 GPR.

Long-Range Fiscal Implications
