Assumptions Used in Arriving at Fiscal Estimate

Senate Bill 50 (SB-50) directs payment of a claim for \$201,197.70 out of the claims awards appropriation to Pheifer Brothers Construction Co., Inc (claimant). The proposed bill is a result of the Claims Board's (Board) process of the claimant bringing a claim against the Department of Transportation (DOT) as reimbursement for work performed on a DOT project. The Board denied the claim and recommended the claimant settle the issue in court.

The Board is attached to the Department of Administration (Department) and is responsible for considering and making recommendations on claims brought against State of Wisconsin Agencies.

The directed payment would be funded under s. 20.505 (4) (d) Wis. Stats., Claims awards, appropriation numeric 40500, General Purpose Revenue (GPR), which would be absorbed by an administrative adjustment of the sum sufficient appropriation equal to the amount of the claim.
