Description training to address student mental health and making an appropriation					

Assumptions Used in Arriving at Fiscal Estimate

Under current law, the Department of Public Instruction must provide trainings to school districts and independent charter schools on three specific evidence-based strategies to address student mental health: screening, brief intervention, and referral to treatment; trauma sensitive schools; and youth mental health first aid.

This bill adds social and emotional learning to the list of evidence-based strategies on which DPI must provide trainings to school districts and independent charter schools. The bill also provides an additional \$500,000 to DPI for these trainings in each of the 2023-24 and 2024-25 school years.

State: Increases the GPR appropriation amount by \$500,000 for FY24 and FY25 for the required trainings under this bill.
