Assumptions Used in Arriving at Fiscal Estimate

This bill establishes requirements for controllers and processors of the personal data of consumers. The bill defines a "controller" as a person that, alone or jointly with others, determines the purpose and means of processing personal data, and the bill applies to controllers that control or process the personal data of at least 100,000 consumers or that control or process the personal data of at least 25,000 consumers and derive over 50 percent of their gross revenue from the sale of personal data.

The bill gives exclusive authority to the Attorney General to enforce violations. Since DATCP would not have enforcement authority in the proposed Wis. Stat. § 134.985, there would be no substantial fiscal impact to the agency.

Long-Range Fiscal Implications
