Description creation of a Joint Committee on State Mandates and required funding of state mandates					

Assumptions Used in Arriving at Fiscal Estimate

This bill creates a legislative Joint Committee on State Mandates. The committee consists of three majority party and two minority party members from each house. At least one member of the majority party of each house who is appointed to the committee must also be a member of the Joint Committee on Finance.

The bill provides that any bill placing a statutory requirement on a local governmental unit must be referred at once to the committee and the bill may not be considered further until the committee submits a report or 30 days have lapsed. If the committee's report concludes that the bill has a negative uncompensated fiscal effect on local governmental units, and the mandate is a wholly state imposed mandate upon local governmental units, this bill states that the committee must offer an amendment to the bill appropriating funds to offset the cost of the mandate. The bill defines "mandate" to exclude certain provisions and those that have minimal fiscal effect.

The Department of Safety and Professional Services estimates a total of \$1,300 in annual staffing cost to implement the bill. The estimated costs may not be absorbed in the agency budget. Local fiscal effects to implement this bill are indeterminate; however, the bill provides for compensation of local governmental units in cases of imposed mandates with negative fiscal effects, thus mitigating some fiscal impact.
