Description the married persons credit					

Assumptions Used in Arriving at Fiscal Estimate

Under current law, married persons filing a joint income tax return may claim an income tax credit equal to 3 percent of the earned income for a taxable year of the spouse with the lower earned income, up to a maximum credit of \$480. This bill increases the maximum credit amount to \$870.

Based on a simulation using 2019 income tax data, adjusted to reflect 2024 income levels and law, the bill will reduce revenue by approximately \$169 million in fiscal year 2025 and \$161 million annually thereafter.

According to the American Rescue Plan Act (ARPA) Net Tax Reduction Calculation Update memo released by the Department of Administration on 8/28/2023, the remaining margin for tax reductions before triggering potential SLFRF recoupment at \$97.0 million for fiscal year 2024 and \$326.6 million for fiscal year 2025. This bill would reduce these margins.
