## One-Hundred and Sixth Regular Session

2:03 P.M.

TUESDAY, January 3, 2023

The Senate met.

The Senate was called to order by Senate President Kapenga.

The Senate stood for the prayer which was offered by Pastor Perrie Dralle from the Gethsemane Lutheran Church in Brookfield.

The Colors were presented by the VFW Day Post 7591 Color Guard Unit of Madison, WI.

The Senate remained standing and Senator Agard led the Senate in the pledge of allegiance to the flag of the United States of America.

The National Anthem was performed by the St. Francis Xavier High School Orchestra.

Pursuant to Senate Rule 17 (6), the Chief Clerk made the following entries under the above date.

### Remarks of Majority Leader LeMahieu

“Mr. President, Chief Justice Ziegler, Minority Leader Agard, fellow colleagues, distinguished guests, friends and dear family members:

It is with great honor that I stand before you today. I would like to thank my colleagues for their continued support as the Majority Leader and congratulate the Senator from the 33<sup>rd</sup> as he returns as the President. We also welcome the Senator from the 16<sup>th</sup> in her new leadership role. We look forward to building on the successes we had last session and look forward to the opportunities we have this session. It is uplifting to welcome seven new Senators today. With Senator Darling stepping down, we do now have one empty chair. We will miss her contributions to this body and we wish her the best in her retirement.

At this time, I return the floor to the President, who will now begin the proceedings.”

### State of Wisconsin Wisconsin Elections Commission

December 12, 2022

The Honorable, the Senate:

I am pleased to provide you with a copy of the official canvass of the November 8, 2022 General Election vote for

State Senator along with the determination by the Chair of the Wisconsin Elections Commission of the winners.

With this letter, I am delivering the Certificates of Election for the winners to you for distribution.

If the Elections Commission can provide you with further information or assistance, please contact our office.

Sincerely,  
*MEAGAN WOLFE*  
Administrator

### Statement of Canvass for State Senator

**IN THE CHAIR**

President Pro Tempore Testin in the chair.

2:12 P.M.

---

With unanimous consent, the party leaders introduced their newly elected respective members.

**Senator LeMahieu Introduced Senator Jacque**

“André Jacque was born in Beaver Dam, Wisconsin and graduated from Green Bay Southwest High School. He earned a Bachelor of Science degree from the University of Wisconsin– Madison, as well as a graduate certificate from the UW’s La Follette School of Public Affairs. André lives in De Pere with his wife Renée and their 6 children and has worked as an environmental consultant and communications director.

André is active with a number of charitable causes in the community and has served as a longtime board member of Green Bay Area Crime Stoppers and the Van Handel Foundation for Families of Children with Special Needs, as well as board Vice President of Family & Childcare Resources of Northeast Wisconsin. André was recently elected chair of the nonpartisan, bi-national 8-state, 2-Canadian province Great Lakes Legislative Caucus on water quality and has been recognized as legislator of the year by numerous groups advocating for public safety, veterans, and vulnerable populations. Sen. Jacque was first elected to the State Assembly in 2010 and will now begin serving his second term in the Wisconsin State Senate.”

**Senator Agard Introduced Senator Carpenter**

“Senator Tim Carpenter represents the 3<sup>rd</sup> Senate District which covers the South Side of Milwaukee, West Milwaukee, and portions of West Allis and Greenfield. The district is home to AmFam Field, the Harley-Davidson Museum, St. Josaphat’s Basilica, the Mitchell Park Domes, Zablocki Veterans Hospital, the Milwaukee County Zoo, and also includes the largest Latino population of any senate district in the state.

Senator Carpenter is entering his sixth term and is a lifelong resident of his district. He graduated from the Milwaukee Public School system and earned a Bachelor’s degree from UW - Milwaukee in Political Science & History and a Master’s degree from UW-Madison’s Robert M. La Follette School of Public Affairs.

Senator Carpenter was first elected to the State Assembly in 1984 at the age of 24 where he served nine terms. Counting

years served in both the Assembly and Senate, Senator Carpenter is now the 2nd longest serving Wisconsin State Legislator with 38 years, following Senator Rob Cowles.

Tim is a loyal Milwaukee Brewers fan and long-time season ticket holder at AmFam Field, which is just 3 miles from his house. A proud dad to three cats - Rufus, Logan and Perseus, who have served as unpaid interns in his office- Tim is especially interested in policies promoting the humane treatment of animals. The institutional knowledge that Tim brings to our caucus is invaluable and I deeply admire his commitment to the constituents of the 3<sup>rd</sup> Senate District and to the people of our state.”

**Senator LeMahieu Introduced Senator Hutton**

“Rob was born in Milwaukee, grew up in Brookfield and is a graduate of Brookfield East High School where he met his wife Patti. He earned a history degree from UW-Whitewater and pursued a career in business with a Fortune 500 company. He then owned a logistics firm in Milwaukee, which provided national trucking and warehousing services for key Wisconsin industries.

He now owns two industrial coatings firms that serve Wisconsin’s manufacturing industry, employing over 75 people. Rob is also a partner in a metal fabricating firm in southeastern Wisconsin.

Rob served as a Waukesha County supervisor from 2005-2012. In 2012, he was elected to the State Assembly where he served for eight years representing the 13<sup>th</sup> District. In the Assembly he served on the Small Business, Corrections, and Education committees. He was elected to represent the 5<sup>th</sup> District in the State Senate in November 2022.

Rob and Patti have four grown children and two daughters-in-law. They reside in Brookfield and enjoy spending time together with family, serving in their church, and are active with various community organizations.”

**Senator Agard Introduced Senator Larson**

“Senator Chris Larson represents the 7<sup>th</sup> Senate District, which stretches from the Upper East Side of Milwaukee east of the Milwaukee River all the way south through St. Francis, Cudahy, South Milwaukee, Oak Creek, and parts of Franklin. The district is home to world-class higher education, our state’s flagship airport, the Port of Milwaukee, Wisconsin’s premier museum campus, the unmatched natural beauty of Milwaukee County Parks and Lake Michigan, and the Summerfest Grounds - home not just to the country’s largest music festival, but several ethnic festivals celebrating Milwaukee’s diverse cultural heritage.

Senator Larson is starting his 4<sup>th</sup> term in the State Senate. His tenure began as a member of the “Wisconsin 14” who fought vigorously to protect collective bargaining rights for our state’s dedicated public employees. He spent his first 12 years in the Senate fighting for high-quality public education, campaign and ethics reforms, and an end to drunk driving, among many other progressive priorities.

Senator Larson previously served as a County Supervisor with the Milwaukee County Board after graduating from the

UW-Milwaukee with a degree in Finance. He has private-sector experience as a business manager for a local running store and is a dedicated marathon runner. He has overcome asthma to run 45 marathons in 28 states with the goal of running a marathon in all 50. He has lived in Milwaukee County all of his life and currently resides with his wife Jessica, children Atticus and Stella, and dog Donut in the Bay View neighborhood of Milwaukee.

I continue to be inspired by Senator Larson's fierce advocacy for Wisconsin's progressive values and his ability to make the impact of these policies understandable through effective messaging."

#### **Senator LeMahieu Introduced Senator Nass**

"Steve Nass was born in Whitewater, Wisconsin and graduated from Whitewater High School. He attended UW-Whitewater and received both his Bachelor of Science and Masters of Education in School Business Management from that university. Steve has one adult daughter who also resides in Whitewater with her husband.

Steve is the owner of a rental property business and previously worked as a payroll benefits analyst and negotiator.

Steve was a member of the Wisconsin Air National Guard and retired as a Chief Master Sergeant after 33 years of service. He served in the Middle East during Operation Desert Shield and Operation Desert Storm. Steve also deployed to support numerous missions to enforce no fly zones over Iraq and Bosnia.

He currently serves as Post Commander for Whitewater American Legion Post 173 and is a member of the VFW.

Steve was first elected to the Wisconsin State Assembly in 1990 and served in that body until his first election to the State Senate in 2014. Today, he is commencing his third term in the Senate."

#### **Senator LeMahieu Introduced Senator Jagler**

"John was born in Louisville, Kentucky and raised in Wisconsin. After graduating from Oak Creek High School, he attended the University of Wisconsin-Parkside, but later transferred and graduated from Trans-American School of Broadcasting in Madison.

Before being elected to the Wisconsin State Assembly in 2012, John served as Communications Director for former Speaker Jeff Fitzgerald. Previously, John worked in radio broadcasting for over 20 years, most of it spent at WTMJ in Milwaukee. John, who lives in Watertown with his wife Heidi, have three children. They own a family operated dog treat company. In addition, John is a licensed realtor and owns a communications consulting firm.

John is very active in his community serving as a member of Watertown Elks Lodge #666, Watertown Moose Lodge #830. He is also been given a commission as a Kentucky Colonel.

John was first elected to the Senate during a special election in 2021 and was just reelected for his first full term to represent the 13<sup>th</sup> Senate District."

#### **Senator Agard Introduced Senator Spreitzer**

"Senator Mark Spreitzer is succeeding Senator Janis Ringhand as the Senator for the 15th State Senate District, which includes parts of Dane, Green, and Rock counties.

Senator Spreitzer was first elected as the State Representative for the 45th Assembly District in 2014, and served four terms in the Assembly, including 3 terms as the Assembly Democratic Caucus Chair.

Prior to serving in the State Assembly, Senator Spreitzer served on the Beloit City Council from April 2011 until April 2015, and served as Council President from April 2014 until April 2015. He also worked in the Alumni Office for his alma mater, Beloit College.

Senator Spreitzer is an active member of the community and participates in nonprofit and community organizations, including serving as the Board President of the Welty Environmental Center and on the Finance and Facilities Board of the United Church of Beloit. He previously served on the board of Community Action Inc. of Rock and Walworth Counties.

Senator Spreitzer lives in Beloit with his husband, Philip, their cat, Otis, and a small flock of backyard chickens that are named after Supreme Court justices. They enjoy camping and hiking, cooking and baking, and spending time with their families - including their young nieces and nephews.

I'm proud to have served with Mark in the Assembly and have seen first hand his intelligence, dedication, and attention to detail that will be such an asset to our caucus and this body - welcome, Mark."

#### **Senator LeMahieu Introduced Senator Marklein**

"Howard Marklein was raised on a dairy farm in rural Spring Green. He is the oldest of five children and attended St. Luke's and St. John's Grade Schools before graduating from River Valley High School in Spring Green in 1972.

Howard graduated from UW-Whitewater in 1976 with a BBA in accounting. In 1987, Howard received the Outstanding Recent Alumni Award from UW-Whitewater and recently received the Distinguished Alumni Award in 2022.

Howard has retired from active practice as a CPA and certified fraud examiner, but he brings these skills to work in the legislature every day. He serves on the Finance Committee of St. John's Catholic Church in Spring Green and is a member of the Knights of Columbus.

Howard is married to Peggy, is the father of Nicole and Bill, and three stepchildren. Howard has six grandchildren with one on the way this month!

Howard was first elected to the State Assembly in 2010 and joined the State Senate in 2014. He was re-elected in 2018 and 2022.

Howard serves as Co-Chair of the Joint Committee on Finance, Vice Chair of the Senate Committee on Agriculture and Tourism and as a member of the Joint Committee on Employment Relations, Joint Legislative Audit Committee and the Joint Legislative Council. He has also serves on the University of Wisconsin Hospitals and Clinics Authority Board of Directors.”

**Senator LeMahieu Introduced Senator Cabral-Guevara**

“Rachael Cabral-Guevara is a mother of 4 (Alex 25, Emilio 21, Marion 19 and Lars 12) who lives on Stroebe Island in Fox Crossing. Rachael was born in Appleton and raised in the Air Force which gave her the opportunity to live across our country. She returned to attend college after high school and hasn’t left Wisconsin since.

Rachael is a board-certified Family Nurse Practitioner and a licensed Advanced Practice Nurse Prescriber since 2008. Rachael has years of experience working in primary care throughout Wisconsin. She has practiced as a Family Nurse Practitioner within a community health center, student health center, urgent care clinic, and her own practice. Additionally, she taught at the University of Wisconsin - Oshkosh nursing program for 13 years.

Rachael was elected to the Assembly in 2020 and served as the Vice Chair on the Mental Health Committee. Rachael will be entering her first term in the State Senate.”

**Senator LeMahieu Introduced Senator Wanggaard**

“Senator Van Wanggaard was first elected to serve the 21<sup>st</sup> Senate District, in 2010, and is beginning his fourth term in the State Senate. Van is only person ever elected to four full terms in the 21<sup>st</sup> Senate District.

Growing up in Racine, Van Wanggaard is a lifelong public servant. For nearly 30 years, he served as a police officer and traffic investigator for the Racine Police Department. In addition, he owned and operated several small businesses during this time. His law enforcement career was cut short and he was forced to retire when he was seriously injured in a car accident by a federal fugitive fleeing custody. Still dedicated to community service, Van successfully ran for four terms on the Racine County Board of Supervisors, where he served prior to his election to the state Senate in 2010.

Van is married to his high school sweetheart, Mary Jo. Together they have 2 grown children and 3 granddaughters.”

**Senator LeMahieu Introduced Senator James**

“Jesse L. James was born and raised in Eau Claire, Wisconsin. After serving in the U.S. Army for six years, Jesse attended Chippewa Valley Technical College, where he studied police science. Jesse served as the Police and Fire Chief of Altoona, Wisconsin, before being elected to the Wisconsin Assembly. During his tenure, Jesse was the Chair of the Assembly Substance Abuse and Prevention Committee and dedicated himself to pursuing his legislative passions in the areas of the opioid epidemic, mental health, and protecting Wisconsin’s children.

Jesse and his wife Vicki currently reside in Altoona, where they enjoy their four children, two granddaughters, and own a small business together. Jesse still works as a part-time police officer in the Village of Cadott, and is currently the only active law enforcement officer in the Wisconsin Legislature.”

**Senator LeMahieu Introduced Senator Quinn**

“Romaine Quinn was born in Rice Lake, Wisconsin and is a graduate of Rice Lake High School. He attended UW-Eau Claire and UW-Green Bay, where he graduated with an interdisciplinary B.A. in Political Science and Public Leadership. Romaine is a real estate agent and currently lives in Cameron, WI with his wife Racquel and their two sons -- his most recent being born just weeks ago. He is a member of the Wisconsin Farm Bureau, Wisconsin Realtors Association, and a member of St. Joseph's Catholic Church parish council in Rice Lake.

Romaine is also a former member of the Rice Lake City Council, the former Mayor of Rice Lake, and previously served in the state assembly from 2014 to 2020, where he held the role of caucus vice-chair. At 24 years old, he was the youngest serving state representative in Wisconsin in 2014. Romaine will be serving his first term in the state senate this session.”

**Senator Agard Introduced Senator Hesselbein**

“Joining the State Senate this session is Senator Dianne Hesselbein, succeeding outgoing Senator Jon Erpenbach. Senator Hesselbein was born and raised in Dane County where she attended LaFollette High School. She graduated from UW-Oshkosh and later completed a Master’s Degree in Religious Studies at Edgewood College.

Senator Hesselbein possesses a rich background of public service and truly lives her values. Before being elected to the State Legislature, Senator Hesselbein was elected to the Middleton Cross Plains Area School District Board of Education in 2005; elected to the Dane County Board of Supervisors in 2008 and served 3 terms.

Senator Hesselbein and her husband Bob, a retired airline pilot and retired member of the Wisconsin National Guard live in Middleton and have three children, Will, Annika and Katie.

I’ve had the great pleasure of knowing Dianne since high school when we met during a summer theater program. She and I served on the Dane County Board together and were later elected to the State Assembly in 2012, motivated by our dedication to our great state and lifting up the voices of Wisconsinites. She has been a fabulous partner in the legislature for years and a fierce advocate for veterans and public education. I know she will diligently represent her constituents as State Senator of the beautiful 27th Senate District.”

**Senator LeMahieu Introduced Senator Tomczyk**

“Cory was born in Rudolph, WI and lived there until 5<sup>th</sup> grade when his family moved to Wisconsin Rapids, graduating from Lincoln High School in 1980.

He is married to his wife Becky and they have two adult children and three grandchildren.

Cory has lived in Mosinee, WI since 1988. He and his wife started a recycling business, IROW, in 1989. IROW serves businesses throughout northcentral Wisconsin by providing industrial recycling services, confidential shredding services, and record storage services.

Cory has served his community as a youth sports coach for many years and is a former member of the Mosinee School Board. He has been active in the Republican Party of Marathon County; he was also an original board member of Get Involved Wisconsin Inc.”

#### **Senator Agard Introduced Senator Smith**

“I am honored to read Senator Smith’s biography today, specially prepared by his wife and family.

Jeff Smith has served as senator in the 31st district since 2019. He is here today with his wife Sue, and their daughters, Emily and Sarah. Jeff is known for the phrase ‘I can fix that.’ Whether it is a broken dinner plate or a broken voter access policy, he puts his head down and does his best to correct the situation.

Jeff was born and raised in Eau Claire, one of six brothers and one sister. He and his dad operated Bob Smith Window Cleaning and eventually Jeff took over the business. Recently, one of his former employees reminded Jeff how, even though he owned the business, Jeff never asked his employees to do something he wouldn’t do. Which included cleaning windows on multi-story buildings.

The year he and Sue were married, they built their own home, much of which was learned by following instructions page by page in a home building book. When things went wrong that ‘I can fix that’ determination resulted in the hobby farm which they still enjoy. As a public school teacher, Sue encouraged Jeff to be involved with the schools their daughters attended. He went from volunteering in classrooms to P.T.A. president. When Jeff saw the need for more widespread parental involvement, he created the parent advisory council for the Eau Claire Area School District. The council, renamed family advisory council, is still in operation. When Jeff saw issues that needed fixing in the township in which he lives he ran and was elected to Brunswick Town Chair. This led to the realization that in order to make real change, he needed to work at the state level and so he was elected to the state assembly in 2006.

In 2018 when Jeff saw many things still needed fixing at the state level, he ran and was elected to the State Senate. Jeff fixed the issue of accountability and availability by elected officials by creating his signature ‘Stop and Talk’ sessions, parked on the roadside with his old red pickup and talking with anyone who wanted to stop. While Sue has lots of things she would like Jeff to fix around home, he is determined to continue to prioritize health care access and affordability, fair redistricting maps and environmental issues such as clean water.”

#### **Senator LeMahieu Introduced Senator Kapenga**

“Senator Chris Kapenga has worked for a Fortune 500 company and as a CPA in one of the largest public accounting firms in the world. He owns several businesses and has served in public office for the past 12 years.

Growing up on a family farm, Chris was the first member of his family to graduate college. His wide-ranging professional experience has empowered his understanding of how organizations function effectively, how to achieve reform, and how to gain efficiencies through planning and execution of process change.

Chris was elected to serve as a member of the state Assembly in 2010 and has been serving in the state Senate since 2015. In 2020, he was elected by his peers to Senate President and currently serves as Co-Chair on the Joint Legislative Counsel, Joint Committee on Legislative Organization, Joint Committee on Employment Relations, and Vice-Chair of the Committee on Senate Organization.

Chris and his wife, Cari, reside in Delafield, WI. They enjoy spending time with their two grown daughters, serving in their church community, and traveling.”

#### **Senator Feyen Introduced Senator LeMahieu**

“Devin LeMahieu is a native of Sheboygan County, having attended Sheboygan County Christian High School before graduating with a BA in Business Administration and Political Science from Dordt College in Sioux Center, Iowa.

Devin currently resides in Oostburg and is the publisher and owner of the Lakeshore Weekly, a family-owned small business that serves the Sheboygan County area. He has previously served on the Sheboygan County Board and continues to serve his community as a member of the Oostburg and Sheboygan County’s Chambers of Commerce and Bethel OPC.

In his free time, Devin is an avid golfer and Ironman competitor. Devin has successfully completed nine Ironman triathlons.

Devin was elected to serve a member of the State Senate in 2014. In 2020, Devin was elected by his colleagues to serve as the Senate Majority Leader and currently serves on the Committee of Senate Organization, the Joint Committee of Employment Relations, the Joint Committee on Legislative Organization and the Joint Legislative Council.”

**Remarks of President Kapenga**

“As Senate President, I want to thank the members for allowing me the privilege of being in the chair again.

As we begin the 2023-24 session of the Wisconsin State Senate, and look forward to what will be accomplished, I thought it would be prudent to take a look back at why this body was created, and what our purpose is while temporarily serving in this role.

It goes back to the Constitutional Convention of 1787. We can see the discussion of the Senate in Federalist 62. One house would be, in the words of Virginia’s George Mason, the “grand depository of the democratic principle of government.” This is the Wisconsin State Assembly.

To counter this popular influence, James Madison of Virginia proposed another house that would be small, deliberative, and independent from the larger, more democratic house. It would be a body “requiring greater extent of information and stability of character”. This is the Wisconsin State Senate.

Madison’s concern was that proposed legislation would come from the larger house in an emotional state, and the Senate would vet that emotion with sound and wise logic to ensure proper checks and balances were being applied.

Note that we, as the Senate, are of equal power to the Assembly. It isn’t about power then, but it is about quality of law that our citizens must abide and live with. The purpose of law is to protect our rights as individual citizens, and nothing more.

So as we move into this session, I look forward to directing vigorous debate as we work together to serve those who elected us to this position. My responsibility is to ensure the voice of the minority is heard and that the will of the majority is carried out.

Thank you for once again allowing me the honor of this position.”

President Kapenga introduced the Senators returning from the 105<sup>th</sup> Session: Senators Cowles, Taylor, Johnson, Stafsholt, Felzkowski, Ballweg, Agard, Feyen, Stroebel, Wirch, Testin, Roys, Bradley, Wimberger, and Pfaff.

With unanimous consent, Senator LeMahieu addressed the members from the rostrum.

### Remarks of Majority Leader LeMahieu

“A new year and a new legislative session brings with it opportunity. Opportunities to work together to address issues that are faced by all Wisconsinites. An opportunity to build common sense policy that improves how our government functions. Opportunities to reform our laws to better serve the future needs of the State.

Let’s focus for a moment on what we have done in the past to put Wisconsin in the unique position that we are in today. In 2010 we inherited a multi-Billion dollar deficit. Over the last 12 years we have focused on investing in core priorities, responsible budgeting, reducing the tax burden on the hard-working families of Wisconsin and passing meaningful legislative reforms. Today we are looking at a projected surplus approaching 7 Billion.

There are challenges that we face. Challenges the people of Wisconsin expect us to tackle. Education, taxes, healthcare, public safety and our State’s infrastructure are all items that we need to address. Families and businesses are facing inflationary pressures. The rising costs of gas, groceries and energy are hurting Wisconsin families. The best way to help them out is by reducing their tax burden.

We have a chance to reshape our tax policies. We can also take this opportunity to streamline and simplify interactions with State agencies. We look forward to finding solutions to difficult topics such as the mental health issues being faced by all too many of our friends and neighbors. We are in a good position to take bold and decisive action to ensure our best days remain ahead of us.

Last session we passed a budget that was supported by both sides of the aisle and signed by the Governor. Let’s work toward that again. As we go through the budget process, we need to understand inflationary pressures. This includes local governments, education, transportation, corrections and healthcare. Fortunately, we have set ourselves up with resources to address these needs.

We need to remember why we are in our current position. We have worked on legislation to advance the best interest of Wisconsin while remaining fiscally conservative. We look forward to working with the Governor and Assembly to make sure that we not only provide transformational tax relief, but also solutions that benefit the great state of Wisconsin.

God bless Wisconsin and God bless America.”

With unanimous consent, Senator Agard addressed the members from the rostrum.

### Remarks of Minority Leader Agard

“Mr. President, friends, and colleagues. I am honored to join you here today as we begin a new legislative session.

I want to welcome our new and returning members as well as their families. Welcome to our guests watching on the floor and in the galleries, and welcome to everyone watching at home on Wisconsin Eye.

So before I get started, I need to give a special shout out to my four boys: Devin, Bailey, Keanan, and Trystan - thank you for being you. I often say you’re as different as the four points of a compass and that’s what makes you so unique. I’m so proud to be your mom.

The beginning of each legislative session is the most hopeful time of our two-year cycle. We are here today with optimism in our hearts and a willingness in our spirit to do great things.

Like me, I’m sure you all knocked on a lot of doors during the recent election. And I’m sure you heard the same things I did. While we may put up political lines around our districts - the people of Wisconsin are one. They share the same values, hopes, and dreams whether they live in Superior or Elkhorn. Ellsworth or Oconto.

At the end of the day, Wisconsinites generally want the same things out of their state government - affordable health care and prescriptions, housing that doesn’t break the bank, clean air and water, the ability to live with purpose and with the freedoms we expect as Americans.

Now a common theme I heard on doorsteps across Wisconsin were frustrations over the state of our politics and how divided we’ve become.

They want us to stop arguing, stop the partisanship, and instead - focus on getting things done.

My Senate Democratic colleagues and I are ready to roll up our sleeves and get to work.

Make no mistake, we will hold true to our values but we are genuine in our interest in creating a better discourse.

We do this with a sense of duty, a sense of hope, and with an eye to the future of our state.

We are privileged to hold these positions. They are positions of consequence and possibility.

History will remember the policies we undertake that create long-term investments for our state.

History will remember our hard work toward sustainable improvements in people’s lives.

History, however, will not remember the cheap politics of the moment.

I am hopeful we can rise above our divisive times and strive to be better.

With Governor Evers' re-election, I am hopeful we can work together in pursuit of the commonsense policies the people across our state voted for when they elected him to a 2nd term with an even larger margin than 2018: strong public schools, strengthening our democracy, continuing to invest in our transportation infrastructure, and supporting our local units of government.

These are not Democratic values or Republican values. Just Wisconsin values.

Let us all aim to make this session one that is remembered for the positive work we do for the people. And for building a better way of doing things as colleagues.

Thank you, Mr. President.”

### PETITIONS AND COMMUNICATIONS

#### State of Wisconsin Wisconsin Elections Commission

Dear Chief Clerks Blazel and Queensland,

As the chief clerks for the Wisconsin State Assembly and the Wisconsin State Senate, you have requested that the Wisconsin Elections Commission provide the statutory deadline on which the legislature may act to ensure that any proposed constitutional amendments can be placed on the ballot for the April 4, 2023, Spring Election. The legislature must complete action on any proposed constitutional amendments no later than Tuesday, January 24, 2023.

By statute “all proposed constitutional amendments . . . shall be filed with the official or agency responsible for preparing the ballots for the election no later than 70 days prior to the election at which the amendment . . . will appear on the ballot.” Wis. Stat. § 8.37. Tuesday, January 24, 2023, is 70 days before the April 4, 2023, Spring Election.

In order for a legislative action on a proposed constitutional amendment to be filed in our office, it is sufficient for the chief clerks to notify our office by e-mail that the legislature passed the resolution no later than Tuesday, January 24, 2023. It is not necessary that we receive the signed resolution by the close of business on Tuesday, January 24, 2023. Please submit, either by mail or in person, a hard copy of the texts of any proposed constitutional amendments to the Wisconsin Elections Commission so that we have them on file when a notice of a legislative action arrives.

To facilitate preparation for the April 4, 2023, Spring Election, I suggest that the sponsoring legislators contact the office of the Attorney General to arrange for the preparation of the explanatory statement required by Wis. Stat. § 10.01(2)(c). Wisconsin’s county clerks must publish any explanatory statements in a qualified newspaper immediately before the election, and the statements will also be posted at polling places on Election Day.

Please make the appropriate arrangements to ensure that this information is communicated to the members of the legislature. If you or any member of the legislature has a question, please contact me at 608-267-0714 or ask to speak to an Elections Specialist.

Sincerely,  
*BRANDON HUNZICKER*  
Staff Attorney

**ANNOUNCEMENTS, ADJOURNMENT  
HONORS, AND REMARKS UNDER  
SPECIAL PRIVILEGE**

Senator Larson, with unanimous consent, asked that when the Senate adjourn in honor of Bruce Colburn, a Milwaukee Labor leader who is retiring this week.

Senator Marklein, with unanimous consent, asked that the Senate adjourn in honor of his new granddaughter, Harper Jean Marklein, who was born January 10, 2023.

Senator Roys, with unanimous consent, asked that the Senate adjourn in honor of the women of reproductive age across our state whose lives and health are being sacrificed so that right-wing politicians can force their narrow ideology onto the rest of us. Abortion care is healthcare, and when it isn't available, pregnant people die. Everyone loves someone who will need an abortion. Thanks to the inaction of this body, people who need abortions will be treated like criminals instead of being able to access the healthcare they need. We should be marking the 50th anniversary of Roe v. Wade this week. Instead, women in our state are now forced to cross state lines to receive the health care they need, thanks to an archaic law passed 70 years before women had the right to vote. There is plenty of work to be done to support women and families. Wisconsin has among the highest maternal and infant mortality rates in the nation – Black women are five times more likely to die than white women for causes related to childbirth. And with abortion now unavailable in our state, those numbers are going to get much, much worse. Senator Roys keeps all those who are affected by the loss of abortion access in her thoughts, and adjourn in their honor today.

Senator Spreitzer, with unanimous consent, asked that the Senate adjourn in honor of S. Jesse "Stan" Van Hoose, of Beloit, who passed away on January 7, 2023 at the age of 102. Van Hoose survived the attack on Pearl Harbor in 1941, and served in the U.S. Navy from 1940-1948. Senator Spreitzer sends his thoughts to Van Hoose's family, friends, and loved ones.

Senator Wanggaard, with unanimous consent, asked that the Senate adjourn in honor his daughter, Kathleen Jensen, who is currently experiencing cancer. She was diagnosed in November. Senator Wanggaard wanted to also adjourn in honor of all of the medical personnel who are so wonderful and help people who have these types of issues going on in their life, to help them look forward and be positive. His daughter is just a strength of faith and positive attitude but it wouldn't be the same if we didn't acknowledge our healthcare workers and how they become such an integral part and of course all of my friends, colleagues and family friends who have been supportive with their prayers. Senator Wanggaard adjourns in honor of all of them.

---

**ADJOURNMENT**

Senator LeMahieu, with unanimous consent, asked that the Senate stand adjourned until Thursday, January 19, 2023.

Adjourned.

---

**STATE OF THE STATE ADDRESS**

“Good evening, Wisconsin!

Honorable Supreme Court Justices, Tribal Nation leaders, constitutional officers, Maj. Gen. Knapp, members of the Wisconsin National Guard and active and retired members of our armed forces, cabinet members, Sen. President Kapenga, Majority Leader LeMahieu, Minority Leader Agard, Speaker Vos, and Minority Leader Neubauer, legislators, distinguished guests, and to all of the Wisconsinites joining us, whether you’re here in the gallery or watching from home, thanks so much for being here tonight.

I’m Tony Evers, and I’m proud to be standing here tonight as the 46th governor of the great state of Wisconsin to deliver my fifth State of the State address. It’s good to be back!

My son, Nick, and his wife, Landa, are with us tonight. And my former kindergarten classmate, Kathy, is up in the gallery. We celebrated our 50th wedding anniversary last year, and this year will be celebrating our 54th year of going to the Wisconsin State Fair together. Kathleen Frances, thank you for your relentless support, understanding, humor, and insight. I love you so much.

On May 29, 1848, President Polk signed a bill making Wisconsin a state. That means, in 2023, we’ll be celebrating Wisconsin’s 175th birthday. And I am proud to report to you tonight that in 175 years of statehood, our state has never been in a better fiscal position than it is today.

When we began our work together four years ago, our roads and bridges were in disrepair. We’d sent back tens of millions of your tax dollars to Washington, D.C. that could’ve been used to expand high-speed internet. Our school rankings dropped to 18th in the country at one point. Support for our university system had been cut by hundreds of millions of dollars. And our state was not actively working to address climate change or invest in clean energy.

Well, I’m proud to say that the state of our state is much different today. We’ve gotten to work fixing the darn roads— I even helped fill some of those potholes myself, by the way. And as I stand here tonight, I’m proud to report we’ve worked together to repair and improve over 5,800 miles of roads and nearly 1,600 bridges across our state.

We’ve also gotten back on track preparing our state, our workforce, and our economy for this century. Over the last four years, we’ve allocated more than \$340 million into expanding high-speed internet—more than any administration in state history. More than 387,000 homes and businesses will have new or improved access to reliable, high-speed internet, and I want to double that number by the end of this term. And together we will.

We also created the Council on Health Equity and charged them with preparing a blueprint for reducing and eliminating health disparities across our state. We created the state’s first-ever plan to respond to and mitigate the effects of climate change. And I signed an executive order creating the first-

ever Office of Environmental Justice to develop strategies that will help us address disparate impacts of climate change in communities across the state. Our state now has a Clean Energy Plan with strategies to help lower energy bills for working families, reduce our reliance on out-of-state energy sources, invest in job training and apprenticeship programs in innovative industries and technologies, and create an estimated more than 40,000 jobs by 2030.

I also kept my promises: I vetoed every bill that restricted reproductive freedom; we delivered a 10 percent tax cut for working families; we increased investments in public transit and our university system and technical colleges; we convened a Blue Ribbon Commission to help develop solutions and create opportunities for Wisconsin's veterans. And last October, we took the Commission's recommendations and announced \$10 million to support veterans' mental health, create a rental assistance program for homeless veterans, and to expand veterans' access to skills and jobs training.

We've gotten to work these last four years making smart, strategic investments—and our state's economy shows it. Over the last four years, unemployment has hit record lows, and we had the highest number of people employed ever. Our state has a AAA bond credit rating for the first time in about 40 years—that means we're able to get lower interest rates and save your tax dollars. Our general fund and 'rainy day fund' both ended the last fiscal year at the highest levels ever in our state's 175-year history. We're now expected to end the current biennium with about \$6.5 billion in our state coffers and over \$1.7 billion in the 'rainy day fund.'

And that's great news, Wisconsin. It means we can continue our progress making the wise investments we've long needed to—and not because anyone wants to make government bigger, but because Wisconsinites want a government that works, and works better. We have roads and bridges to fix, schools to fund, kids to support, communities to keep safe, water to keep clean, and a future we've built together after years of neglect that, today, we must work to protect.

We've worked to invest in public education at every level after a decade of disinvestment. We passed the largest increase in special education aid in state history. Our K-12 schools have now returned to the top 10 in the country.

But we also know our current funding system is not sustainable. For years, communities have raised their own property taxes to keep their local schools afloat. And while some school districts have successfully passed referenda to help keep the school lights on, many have tried and failed. This system means drastic differences in outcomes for our kids—creating winners and losers, haves and have-nots.

Doing what's best for our kids has always been what's best for our state. And, today, we can afford to do more. So, I am going to deliver on the promise I made before the election to use a portion of our state's historic surplus to make an historic investment in our kids and our schools.

We're going to make targeted investments to improve reading and literacy outcomes and expand financial literacy curriculum across our state. We're going to invest \$20 million to increase literacy-related programming and implement evidence-based reading practices across Wisconsin. And our "Do the Math" initiative will help ensure our kids have the tools and skills to make smart budgeting and financial decisions to prepare for their future.

We also know that if we want to get our kids caught up and achieving at their highest potential, then we need to reduce and keep class sizes small. Schools need resources to retain experienced educators and recruit new, talented folks to join our classrooms. I'm proposing a pathway to get experienced educators back into our workforce by making it easier for school districts to hire retired teachers and staff. And we're going to invest over \$20 million into recruiting, developing, and retaining teachers and student teachers, including \$10 million for our local, homegrown educators, to bolster our educator pipeline and ensure it's sustainable for the future.

We also have work to do to get our kids caught up from the past few years. We all want to improve outcomes and ensure our kids are prepared for success. And I believe that together we will. And we'll start by making sure our kids can bring their full and best selves to our schools and our classrooms.

We cannot overstate the profound impact that the past few years have had on our kids in many ways—and that includes their mental health. According to the Office of Children's Mental Health's 2022 Report, about a third of our kids experience feelings of sadness and hopelessness nearly every day—a 10-percent increase over the last decade.

Kids in crisis are often distracted or disengaged in class, might not be able to finish their homework, and won't be able to focus on their studies at home or at school. Improving student mental health can also improve student learning outcomes and school attendance, while reducing bullying, risky behaviors, violence, involvement in the juvenile justice system, and substance misuse.

So, over the last year, we doubled our investment in our "Get Kids Ahead" initiative—investing \$30 million of our federal pandemic relief funds to provide every Wisconsin public school district with new resources to expand school-based mental health services. Tonight, I'm announcing we're going to make "Get Kids Ahead" a permanent state program, and we're investing more than \$270 million to ensure every student has access to mental health services.

The last few years have affected our kids' mental and behavioral health—and adults' mental health, too. We've seen record-high opioid-related overdose deaths, and Wisconsin's 988 Suicide & Crisis Lifeline received 6,000 calls just in the first month of its launch this past July.

The state of mental health in Wisconsin is a quiet, burgeoning crisis that I believe will have catastrophic consequences for generations if we don't treat it with the urgency it requires. Mental and behavioral health is as much

a health issue as it is an economic one: it affects kids in the classroom; it affects workers being able to join and stay in our workforce; it affects whether folks are able to stay in safe housing or have economic security; it affects folks' ability to take care of and provide for their family and loved ones.

So, tonight, I'm declaring 2023 the Year of Mental Health.

Together with our "Get Kids Ahead" initiative investment, we'll be making an overall investment of about \$500 million to expand access to mental and behavioral health services for folks across our state.

A 2022 report by the University of Wisconsin Population Health Institute indicated there are 440 people for each mental health provider in Wisconsin. And even before the pandemic, a 2019 report from the Institute indicated that 55 of Wisconsin's 72 counties have significant shortages of psychiatrists. So, we're also going to invest in making sure we have adequate, available mental health professionals who can provide the treatment Wisconsinites need across our state.

We're going to invest in developing robust prevention strategies to reduce suicide, self-harm, and other mental and behavioral health-related injuries. And that includes state resources to support 988, the new Suicide & Crisis Lifeline—which went live in 2022 thanks to the hard work of our senator, Senator Tammy Baldwin—as well as increased support for peer-run and community-based services across the state.

We cannot look back two years from now as we prepare the next budget and wonder whether we should've done more and sooner to take good care of our mental health. Let's take this seriously, and let's start today.

And mental health is just one issue facing our state that needs urgent attention and action. I've also spent four years trying to get some of the people in this room to believe PFAS are a pressing threat to our state's economy, our health and well-being, and our way of life. I created the state's PFAS Action Council to prepare the state's first-ever PFAS Action Plan. We set enforceable PFAS drinking and surface water standards for the first time ever. Attorney General Kaul and I have filed a lawsuit against more than a dozen defendants who we believe contributed to PFAS contamination and to make sure Wisconsinites won't have to foot the bill for cleaning it up. And I also directed \$10 million that will help get PFAS, nitrates, and other harmful contaminants out of about 1,000 private wells across Wisconsin.

While clean drinking water has been a priority for my administration from Day One, we've also proposed efforts, resources, and ideas to make headway on PFAS and other contaminants that have been obstructed, delayed, or outright rejected.

So, tonight, I implore you, again, to join me in this fight. The work we must do to address PFAS and other contaminants grows harder and more expensive with each day of delay. Partisan politics cannot keep getting in the way of this work while Wisconsinites worry about the water

coming from their tap. Clean water must be a top priority for us, from PFAS to lead to nitrates, folks—and it WILL be in my executive budget I'll announce next month.

I'm proposing to invest more than \$100 million to take a three-pronged approach to confront PFAS across our state. We're going to increase PFAS testing, sampling, and monitoring statewide so we can find these contaminants and get them out of our water. We're going to make more resources available to on-the-ground partners to respond to PFAS contamination when it happens. And we're going to work to increase awareness about the dangers of PFAS so folks can take steps to keep themselves and their loved ones safe.

Whether it's PFAS and clean water, supporting our farmers and our agricultural industry, finding more district attorneys and public defenders, or expanding access to affordable housing and child care, every level of government must be working together to address the challenges facing our state. And the state must do its part if we want our local partners to help with this important work.

But we all know that for the last decade, local communities have been asked to do more with less. State aid has gone down while costs have gone up. While help from the state was cut by more than nine percent, public safety costs have skyrocketed more than 16 percent. Communities across Wisconsin have been forced to make difficult decisions to cut critical services—including public safety.

Last fall, I announced a plan to invest over \$100 million to help local governments fund essential services in communities across our state. And that includes a new \$10 million program to help specifically fund public safety services like EMS, police, and fire.

The bottom line for me has always been making sure our communities have the resources they need to meet basic and unique needs alike. But there are a lot of different ways we can find compromise to achieve that goal, and together we will.

So, as we keep working together on a plan, let's find common ground. I'm announcing tonight that I want to work together on a budget provision that will send a total of up to 20 percent of the state's sales tax revenue back to our local communities for shared revenue. This commitment will ensure our communities will see growth in shared revenue in the future after years of state investment not keeping up with our communities' needs. And it means more than half a billion dollars more per year in new resources to invest in key priorities like EMS, fire, and law enforcement services, transportation, local health and human services, and other challenges facing our communities.

The state must fulfill its obligation to fund our communities, just like we must fully fund our public schools and invest in clean water—our state, our economy, and our workforce depend on these investments.

At the same time, just because we're in the greatest fiscal position in state history doesn't mean we can afford to be careless. Wisconsinites have worked too hard and have gone

through too much for us to return to austerity. Now is the time to stay prudent, to save smart, and to be bold with reasonable investments to keep building a lasting legacy of prosperity.

So, cutting taxes is part of our agenda, just as it has been for the past four years. We've kept more money in Wisconsin's pockets and delivered the largest tax cut in state history—and we can do more. But I also want to be clear tonight: splurging \$3.5 billion to hand out big breaks to the wealthiest 20 percent of earners isn't responsible, folks; it's reckless.

When we deliver tax relief—and we will deliver tax relief—we're going to do it responsibly by ensuring we can keep taxes low now and into the future, and we'll do it without driving our state into debt or causing devastating cuts to priorities like public schools and public safety.

Spending billions on a flat tax isn't a workforce plan or an economic development plan. We need to bolster the middle class; we need to maintain our economy's momentum; and we need to reduce barriers to work and recruit and retain talent to address our state's workforce challenges.

I have a plan to responsibly address all three priorities, and we'll begin here tonight.

A key priority in our strategy for investing federal pandemic aid was supporting Wisconsin's small businesses, our workforce, and long-term economic development. And we were successful. A new 2023 report shows that, as a share of aid we received under the American Rescue Plan Act, Wisconsin ranks number one in the country for both aid we directed to support businesses and aid we directed toward economic development.

We invested more than \$800 million to provide grants to tens of thousands of businesses to respond to and get through the pandemic—to make health and safety improvements, purchase inventory, afford payroll and rent, and keep the lights on.

Through our successful Main Street Bounceback grant program, I'm proud to announce tonight that we've helped more than 8,500 Wisconsin small businesses expand and move into vacant storefronts in communities across all 72 counties. If you travel around the state like I do, you can literally see the transformative impacts these investments have had in corridors and communities across Wisconsin.

Take Fond du Lac, for example, right by where Kathy and I grew up in Plymouth. Some things haven't changed much over the years—like Edith's right downtown, where Kathy bought her wedding dress 50 years ago. But other things have changed—even just in the last year alone.

Monica, who owns a jewelry store in Fond du Lac, was one of the 8,500 small businesses that received one of our Main Street Bounceback grants. Monica took a chance, opening her store on a street in Fondy that, at the time, was surrounded by empty storefronts. She thought maybe—maybe—in five to 10 years other shops might fill in around her.

Her shop opened its doors just about two years ago now. Today, Monica's small business is surrounded by new business storefronts, many of which received our Main Street Bounceback grants. In fact, Monica's shop is doing so well, she's moving her business into a bigger space just a few blocks away.

When I visited Monica's shop, she told me, "I never could've done this in Florida or California." And she's probably right. But even four years ago, this dream might not have been possible in Wisconsin, either.

When we began our work together, Wisconsin was among the worst states in the country for start-up creation. But, much like downtown Fondy, Wisconsin's changed a lot since then. Since 2019, we've seen significant increases in business start-ups. New business formations increased to more than 71,000—that's a 42-percent increase between 2019 and 2021.

And that was no accident, folks; our economic recovery plan worked by design. We knew that small businesses make up more than 99 percent of Wisconsin businesses. We knew that small businesses employ nearly half of Wisconsin workers. We knew that small businesses are more likely to hire locally, buy supplies locally, and reinvest locally back into our communities. We fueled our economic recovery by harnessing the ingenuity and homegrown talent we already have right here in Wisconsin. And it's why our focus must continue to be building our economy from the ground up—starting with our small businesses, our Main Streets, and the hearts of our communities.

Tonight, I'm excited to announce we're going to continue our Main Street Bounceback program in my biennial budget with a \$50 million investment to provide as many as 5,000 eligible businesses with grants up to \$10,000 to help afford building repairs and improvements, lease and mortgage payments, and defray other expenses that can be a barrier to someone's dream becoming a successful business.

We're also going to ensure our more than 8,500 small businesses who've already received Main Street Bounceback grants continue to thrive by investing up to \$5 million into providing technical assistance, mentorship, and educational training to these small business owners to ensure they have the support they need to continue their success.

Our homegrown innovators and entrepreneurs also need homegrown talent to support our local businesses and our local economies—and that's been a top priority for us these past four years.

We had record-high job numbers in 2022 in key sectors like construction, wholesale trade, professional, scientific, and technical services, and transportation and utilities. Our Registered Apprenticeship program last year had the highest number of participants ever in state history. And last year, we added 14 new career pathways to our Youth Apprenticeship program in construction, agriculture, health sciences, and science and engineering.

We made a groundbreaking investment into three programs designed to address our state's post-pandemic

workforce needs, including our Worker Advancement Initiative and our Worker Connection Program, which helped provide more skills training and career coaching, and connected unemployed workers with available jobs.

We also recognized that we cannot solve our workforce challenges with a one-size-fits-all approach—what Superior needs to support its local workforce and economy might be different from the needs in Platteville and Milwaukee or in La Crosse and Marinette. So, we created the Workforce Innovation Grant program and invested in 27 local projects across our state to help develop long-term, locally-based solutions that meet the unique needs of our local communities and regions. One of those projects at the Wisconsin Forestry Center at UW-Stevens Point is focused on developing the next generation of forestry professionals with skills curriculum in K-12 schools to get more young people into this critical profession. Another project with the Waupaca County Economic Development Corporation is expanding transportation services to make sure workers can get to work around the clock, even third shift.

Tonight, I'm announcing we're going to continue harnessing our local ingenuity through the Workforce Innovation Grant program with a \$100 million investment in my budget to keep developing new, innovative ideas and locally-based projects that will support our workforce and economic development based on what those communities and regions need.

We're also going to invest \$10 million in an initiative led by the Wisconsin Economic Development Corporation to collaborate with industries in every sector of our state's economy to develop and implement initiatives to retain and attract talented workers.

But we'll also need investments in targeted industries that we know have been hit hard by the pandemic, including in our healthcare industry. I'll propose a historic, \$50 million investment to bolster Wisconsin's healthcare workforce—to expand our long-term care providers, increase the number of mental health providers and psychiatrists, and expand the Wisconsin Nurse Educator program to provide high-quality education for our future nurses.

Finally, our state's Clean Energy Plan provides a blueprint for skills training, apprenticeships, and creating good-paying, family-supporting jobs by investing in new, innovative industries and technologies. So, we're also going to invest nearly \$10 million into expanding clean energy job training and reemployment and reducing barriers for folks joining our clean energy workforce.

But there's another critical factor that affects our state's workforce—and I hear about it everywhere I go, no matter which corner of the state I'm visiting. Fifty-four percent of Wisconsinites today live in a child care desert—where there are few to no high-quality options for child care in their

neighborhood or community. And even if there is a nearby child care provider, it still might not be affordable for a working family.

If we want to address our state's workforce challenges, we have to make sure child care is accessible and affordable. And together we will.

So, the first thing I'm going to do is deliver on my promise to expand the Child and Dependent Care Credit, which will provide nearly \$30 million in tax relief to more than 100,000 Wisconsinites.

Through our Partner Up! Program, more than 200 employers from Prescott to Two Rivers are helping make child care more affordable for their employees. We also helped stabilize the child care industry through our monthly Child Care Counts Program, providing the financial stability providers needed to stay open and recruit and retain quality staff to care for our kids. All told, we helped more than 3,300 providers across the state keep their doors open; we helped more than 22,000 child care professionals stay employed or become employed; and we helped ensure care continued for more than 113,000 kids across our state. That's a big deal, folks.

These two programs made a big difference in the lives of kids and working families across Wisconsin. But the reality is that the federal funds that support them won't last forever. So, we'll be continuing these programs to keep child care affordable and accessible in my budget. We're going to provide more than \$340 million for Child Care Counts so providers can have the financial stability they need to keep the lights on, pay their workers fair, competitive wages, and continue to provide high-quality care to kids across the state.

We'll also be investing more than \$22 million into the Partner Up! program to expand partnerships between employers and child care providers. Our employers are ready to play a role in ensuring workers have access to affordable child care, and we're ready to support them.

Wisconsin, we face much work ahead of us, but there is also much opportunity. We can do big things in our next four years together. And if we are inspired, not by power, but by partnership, if we are dedicated, not to selfish interests, but to self-sacrifice, if we can forge new paths, not through conflict, but through collaboration, then together we will.

So, let's get to work, folks.

Thank you so much. On, Wisconsin!"

---

**STATE OF THE BUDGET ADDRESS**

“Good evening, Wisconsin!

Honorable Supreme Court Justices, Tribal Nation leaders, constitutional officers, members of the Wisconsin National Guard, active and retired members of our armed forces, cabinet members, Senate President Kapenga, Majority Leader LeMahieu, Minority Leader Agard, Speaker Vos, and Minority Leader Neubauer, legislators, distinguished guests, and all the folks tuning in at home, thank you for being here tonight.

I’m Tony Evers, and I’m proud to deliver my third biennial budget message tonight as the 46th governor of the great state of Wisconsin.

After accidentally suggesting when I was here last time that she’s been married twice, I’m happy to report that Kathy and I are still married—and she’s up in the gallery tonight. Kathy, I’m glad it was just one wedding, and I’m still jazzed it was with me. I love you so much.

Wisconsin, as I share our agenda for our next two years together, we begin this biennium in the best fiscal position we’ve ever been in our 175-year statehood. This is a breakthrough budget, one that has rarely—if ever—come along in our state’s history. And with this opportunity comes responsibility—today, we carry the weight of posterity.

While we must find ways to save where we can, we have a duty to invest in needs that have long been neglected. While we cannot afford to be careless or reckless, we have a duty to protect the future we’ve worked hard to build together. While we must continue to stay well within our means, we have a duty to create prosperity that will define our state for generations.

Tonight, I’m proud to report that our 2023-25 biennial budget balances these important obligations.

My plan to cut your taxes is a good example. I promised cutting taxes would be part of our agenda to help working families afford rising costs—and it is. And I’m proposing we do it responsibly by targeting relief to working Wisconsinites who need help affording rising costs.

So, I’m delivering on my promise of a 10-percent, middle-class tax cut and providing \$1.2 billion in tax relief for working families. Under my plan, if you’re a single filer making less than \$100,000 or a married joint filer making less than \$150,000, the cornerstone of my tax plan will cut your taxes by 10 percent. That’s real, sustainable relief that will keep income taxes low now and into the future without causing devastating cuts to priorities like public schools and public safety.

And here’s who else we can help if we can get this done: seniors living on fixed incomes that haven’t kept up with rising costs; working families with kids to help afford child care and reduce child poverty; families providing care and assistance to an aging relative; and veterans and surviving spouses paying rent. My plan provides tax relief to help you, too.

Giving working families a little extra breathing room is just one key part of our plan to bolster the middle class, maintain our economy’s momentum, reduce barriers to work, and address our state’s workforce challenges. But we have a lot of work to do together to keep building our economy from the ground up.

Let’s start with making sure our infrastructure is prepared to support a workforce and economy of the 21<sup>st</sup> Century. No administration in state history has done more to expand access to high-speed internet than we have. We’ve allocated more than \$340 million to ensure more than 390,000 homes and businesses will have new or improved, reliable, high-speed internet. That’s a big deal, folks.

But in this century, nearly everything about our economy, our workforce, and our way of life depends on access to reliable high-speed internet. And the longer it takes to get everyone connected, the more costly it becomes for our state to catch up. We can’t afford not to keep our same pace. In fact, we need to double our efforts.

So, I’m again proposing to make the largest investment in high-speed internet in our state’s history. I’m asking the Legislature to join me in supporting a \$750 million investment into Broadband Expansion Grants, so the state is doing our part to meet our goal of getting every Wisconsinite, every home, and every business connected to reliable, affordable, high-speed internet by the end of 2025. We have to do it, folks. And together we will.

Part of ensuring our infrastructure is ready for a 21<sup>st</sup> Century workforce and economy is building upon our work over the last four years to improve over 5,800 miles of roads and nearly 1,600 bridges. I’m also proposing the highest level of funding ever into aid that goes directly toward helping

local counties and communities repair and maintain our roads to do just that.

We're also investing in key projects across the state, from the Ray Nitschke Memorial Bridge in Green Bay to the Blatnik Bridge in Superior. And we're expanding transportation alternatives in our small communities, building out our electric vehicle charging infrastructure, and re-engineering roads to improve safety and help prevent reckless driving.

These investments will be critical for bringing our infrastructure into this century. At the same time, we're still balancing these investments with prudent decisions to prepare for future economic uncertainty. So, we're going to use a portion of our state's surplus not to create more ongoing expenses but to reduce them. We're going to pay down \$380 million in state debt in transportation revenue bonds. That means we'll spend less of your hard-earned tax dollars in the future paying on debt and interest so we can stay focused on fixing the darn roads.

Investing in 21st Century transportation and infrastructure is essential to prepare our workforce and our economy for the future, and we have to start right away. But infrastructure is only one part of the work ahead of us to keep our talented workforce here and bring more talent to Wisconsin.

We have to continue harnessing local innovators and ingenuity to maintain our economic momentum and retain and recruit talented workers to build a workforce for the future. And building an economy from the ground up starts with investing in our Main Streets, our communities, and our local partners.

So, I announced last month we're continuing our successful Main Street Bounceback program—and that's great news. This program has already helped revitalize our Main Streets and move more than 8,500 businesses into vacant storefronts across our state.

But I also recognize that, when it comes to bolstering our workforce, no two communities' needs are alike. There's no one-size-fits-all solution to our state's workforce challenges. We trust our local innovators, communities, business, and economic development partners to know best what they need to support a strong, successful workforce and bring new workers to their area. They might need more high-quality child care providers, they might need more clinics and accessible healthcare, or to expand job training in high-demand industries—we must meet those unique needs, whatever they may be.

It's why one of the most significant investments we make in this budget is to invest nearly \$500 million into programs designed to support local and regionally-based projects in communities and regions to help expand the state's workforce, invest in healthcare infrastructure, and other capital projects in communities across our state.

These innovative investments will ensure communities have what they need for local workers to live here, work here, and raise a family here based on local needs—and that's critically important. It's also only one part of the equation:

we need to make sure Wisconsin workers and families—and the talent we hope to recruit—have housing in our communities, too.

Lack of access to affordable housing will hold our workforce and our economy back. So, we're going to take a multi-pronged approach to make sure we have safe, reliable, and affordable housing across our state. We're creating a new Affordable Workforce Housing program with a \$150 million investment into local communities to maintain and develop workforce housing across our state.

We also know we can expand housing options in our communities by renovating and restoring housing that's already available. So, we're investing \$200 million into renovating and restoring existing residential properties, including providing low-interest and forgivable loans to help working families update and remediate lead in their current homes.

Our local partners have always played a critical role in our work to build an economy and workforce for the future. But let's be frank: work at the local level over the last decade hasn't been helped by the fact our local partners have been asked to do more with less. Whether it's expanding affordable housing, repairing streets, ensuring clean parks and water, safety services like EMS, police, and fire, or supporting local libraries and public health, so much of the hard work in this state happens at the local level. And it's time for the state to do its part.

Last month, I pledged my support for a budget provision to send 20 percent of the state's sales tax revenue back to our local communities for shared revenue. And I'm excited to share that our budget includes that proposal, providing more than half a billion dollars more per year in new resources to invest in key priorities like public safety. We have to get this done, folks.

And we're not just going to fund our local governments—we're also going to invest in key programs at the state level to help local partners do important work in our communities.

One of the investments into local public health I'm excited to announce tonight is a new pilot program to help make sure our kids can safely participate in youth athletics. To explain why this initiative is so important, I have to start by telling you the story of Kai Lermer.

Kai was a junior at Waukesha North High School and a three-sport athlete—he played varsity football, basketball, and was a long jumper on the track team. On March 25, 2019, Kai was playing pick-up basketball with friends when he went into cardiac arrest. As his parents later learned, Kai had an undiagnosed heart condition called Wolff-Parkinson-White Syndrome—a condition no one knew he had. Youth physicals required to participate in high school athletics typically don't include an EKG—a test that might've diagnosed Kai sooner. Only days after going into sudden cardiac arrest, on April 3, 2019, Kai passed away. He was 16.

As Kai's family will tell you, "To know Kai was to love Kai." While I was never fortunate enough to meet Kai myself, I'm humbled tonight to be able to honor him. And it is my

privilege to welcome Kai's loved ones, including his mom, Patricia, and his godfather, Paul, who are up in the gallery with us tonight. Please join me in welcoming Team Lerner.

Last year, I joined Kai's family and friends when I signed the "Kai 11" bill at Waukesha North High School—a bipartisan bill that passed thanks to Kai's parents, godparents, loved ones, and friends and their relentless dedication and advocacy. The "Kai 11" bill was critical for raising awareness, and helping ensure coaches, student-athletes, and parents know the risks of sudden cardiac arrest.

Tonight, I'm announcing we're building upon "Kai 11" by investing more than \$4 million into a pilot program through local public health departments to implement an EKG screening program for kids participating in youth athletics.

This pilot will screen for conditions like Kai's to help prevent cardiac-related health incidents in youth athletes. It'll ensure kids and their parents can make the best decisions for participating in athletics safely and identify key strategies for potentially expanding the screening program statewide in the future. Folks, this investment into local public health will save kids' lives just like Kai's. Let's get this done.

I'm also excited about another investment tonight that will help ensure our local partners can do their important work. We're going to make an unprecedented investment into supporting every level of our state's justice workforce. Without providing new resources to recruit, retain, and compensate qualified and experienced professionals who are essential to ensuring our justice system functions well, our state—and our partners at the local level—will continue to face a constitutional crisis. We're going to tackle this issue head-on in this budget. We're investing nearly \$36 million into bolstering our justice workforce, including assistant district attorneys and public defenders, among other key positions.

Investments in our budget like these are critical. The state has to start being a partner in—not an obstacle to—our local communities' success. The way we've been funding our local governments isn't sustainable. We need to change that.

I'm also here to tell you that the way we're funding our schools isn't sustainable, either. We need to change that, too. Budgets reflect our priorities, which is why every budget I've ever built began with doing what's best for our kids. This one is no different.

Now, let's remember where we started. Four years ago, we hadn't seen the largest per pupil revenue limit adjustment or the largest nominal increase in general aid in a decade; in 10 years, not one additional cent had been invested in special education aid; and if I hadn't been here as governor to use my veto pen and take unilateral action, per pupil aid wouldn't have increased by more than \$300 per student.

So, we've accomplished a lot. And I'm proud of our work. But I've also spent four years asking some people in this building to do more. And I've heard those same people suggest time and again that because of our previous budgets

and federal pandemic aid, our kids and our schools have already received enough. I'd like to respond to that tonight.

On Monday this week, the CDC released its Youth Risk Behavior Survey report. Here's what the data show: in 2021, more than 40 percent of high school students felt so sad or hopeless nearly every day for at least two weeks in a row that they stopped doing their usual activities. One in 10 students attempted suicide. One in five students seriously considered attempting suicide.

And the statistics are especially bleak for teen girls and LGBTQ students. Nearly 60 percent of teen girls felt persistently sad or hopeless—double the rate for teen boys. Nearly a third of teen girls seriously considered attempting suicide—think about that, that's one in three teen girls. And about 70 percent of LGBTQ students experienced persistent feelings of sadness or hopelessness. More than 20 percent of LGBTQ students attempted suicide.

No one who has the privilege of working in this building can read these statistics and say with a straight face that we're already doing enough. Folks, 'enough' will be enough when these are not the statistics we're reading about our kids in the news. It's time to get serious.

As a governor who's also a grandfather, tonight I am calling on the Legislature to join me in doing what's best for our kids by approving the largest increase in K-12 schools and education in state history.

I've said before, and I'll say again tonight: our kids can only achieve their full and best potential when they can bring their full and best selves to the classroom. If we want to have a chance at improving our kids' outcomes, then we have to shorten the odds.

We can start by addressing the statistics I just read to you. Let's make sure every kid in Wisconsin has access to school-based mental health services through our "Get Kids Ahead" initiative. It's the Year of Mental Health, folks. I know we can get this done.

Here's another easy step we can take: let's make sure kids aren't hungry—yes, ever, but especially at school. My plan is simple: fully fund universal school breakfasts and lunches so that every kid can be focused on their schoolwork and not when or whether they'll eat next.

These are basic steps we can take to help improve outcomes for our kids so they can come to class coursework-ready. Coupled with our investments and initiatives to bolster our educator pipeline to keep class sizes small and improve financial literacy, math, and reading outcomes across our state, we're going to make sure our kids are ready for success.

And we're also going to make sure our kids have the skills and tools they need to join the 21st Century workforce we're working to build together. So, I'm going to deliver on my pledge to improve access to computer science education in Wisconsin with a \$10 million investment to bolster computer science education across our state, including requiring high schools to provide this critical instruction.

The best measure of the opportunity we have to offer is whether we're willing to invest in the future of our kids and our families. So, high-quality education has to start early. Our budget expands access to quality, affordable child care for Wisconsin's kids through our successful Child Care Counts initiative that helped stabilize our child care industry during the pandemic.

And we're going to invest more than \$22 million to keep working to support partnerships between businesses and child care providers who want to do their part to help make sure child care is more affordable and accessible for their workers.

But after I announced one of our budget's top priorities would be expanding access to affordable child care, Brittany, who's a nurse in Milwaukee, wrote to me saying that we should also work to make parental leave more affordable: "Let's start from the beginning," she said.

Folks, Brittany's right—parents are the first and best teachers our kids have. So, we have to start from the beginning. And tonight, I offer a plan to do just that.

We have a plan to bolster our state's workforce, maintain our momentum, and build an economy for our future from the ground up—that plan includes making sure parents can put their kids and families first. So, we're taking a comprehensive approach to paid family leave for workers and employers across our state. Because doing what's best for our kids is what's best for our state—and it's what's best for our families and our workforce, too.

The weeks after welcoming a new child are critical for families to have time together and for kids' future development. Tonight, I'm announcing that we're going to create a statewide program that will provide most private-sector workers in Wisconsin paid family and medical leave for 12 weeks, and we are going to invest more than \$240 million in state funds to get that program started.

And new parents aren't the only ones who can benefit from a paid family leave program that truly meets the needs of our workforce. Too often, folks are also unable to receive family or medical leave support based on their unique circumstances or situation. So, we're also going to expand eligibility so workers have the flexibility to respond to their personal, family members', or their kids' needs.

We're expanding eligible uses for family and medical leave to include caring for a new child, the unforeseen or unexpected closure of a child care facility, aftermath of domestic violence and sexual assault, having a serious health condition such as medical quarantine, caring for family members with serious health conditions, and military deployment for service members and their spouses, kids, and parents. My plan takes care of these folks, too.

Listen, I know the people in this building might not agree with me on the periphery of every policy all of the time—that's democracy. But I also believe we should be able to pass common-sense proposals that already have broad, bipartisan support—especially those we know will help us retain and recruit a talented workforce. And here's what else I know: we

cannot afford to stand still while other states are willing to take bold, urgent action to compete for new workers, and that includes competing for Wisconsin's own homegrown talent.

I wish we could all agree that expanding affordable healthcare will help our families, our farmers, our rural communities, our small businesses and Main Streets, and our state's biggest employers alike. So, yes, I'm again proposing to expand BadgerCare because access to quality, affordable healthcare is workforce and economic development. And, with the help of the lieutenant governor, we'll continue fighting to expand BadgerCare just as we have for four years.

And, yes, I wish we could agree that each day women in this state are treated like second-class citizens because of a law enacted before they had the right to vote—one that strips them of their reproductive rights—that is bad for freedom, it's bad for families, and it's bad for recruiting new workers, too. We cannot expect more people to move here if they have to give up basic freedoms when they do. Period.

I also think we should be able to agree that, in America's Dairyland, immigrants are an essential part of our communities, our churches, our schools, our workforce, and our economy. So let's finally answer the call of businesses, farmers and agricultural industries, and law enforcement, among others—let's make sure everyone can access driver's licenses, regardless of their citizenship status, so our workers can get from Point A to Point B, and we can keep our roads safer, too.

As we begin the budget discussion—and I have no doubt the conversation will be lively!—tonight, let's dispose of the notion that the priorities in this budget are somehow extreme or far-fetched.

I promise you this: in this budget, there's more that unites us than divides us. These aren't Republican or Democratic priorities—they're Wisconsin priorities, areas where we should be able to find common ground.

This is a budget about solutions, not wish lists. This is a budget about pragmatism, not politics. This is a budget about getting back to basics and doing the right thing.

Expanding high-speed internet. Improving healthcare access. Reducing child care costs. Keeping communities safe. Building more housing. Addressing PFAS and water contaminants. Funding our schools. Improving mental health. Fixing roads and bridges. Bolstering our current and future workforce. Maintaining our economy's momentum.

We're not flirting with fringe ideas here, folks—the priorities I just listed should be easy. These concepts aren't controversial, at least not to the folks who spend more of their time outside of the Capitol building than inside of it.

So, as we shoulder the weight of posterity, let's not allow our work together to be hindered by partisanship. As you consider this breakthrough budget, let's not just dismiss ideas because they're proposed by a person or a party you dislike. And as we balance this historic opportunity with our historic responsibility, let's give these priorities deliberation and

debate that's worthy of the traditions and the people of this state.

We have so much work to do and so much we can accomplish if we're willing to work together. Together we will.

Let's get to work, folks.

Thank you, and On, Wisconsin!"

Senator Wirch, with unanimous consent, asked that the Senate adjourn in honor of Mark Modory, who recently passed away in Kenosha. He was a community activist, worked at the Shalom Center helping the homeless, and he served in local government between the City Council and the County Board for fifteen years. He was a wonderful individual, and I'd like to adjourn in his honor.

Senator Agard, with unanimous consent, asked that the Senate adjourn in honor of Dr. James Skibo, a wonderful community member, a generous teacher, and a brilliant archaeologist. Dr. Skibo passed last Friday morning in what is a tragic loss for our community. Wisconsin was lucky to welcome Dr. Skibo back to our community in 2021 to serve as our state archeologist after a decorated 27 years teaching at Illinois State University. During his time as state archeologist, Dr. Skibo was part of the historic dive team which uncovered a 3,000-year-old canoe from Lake Mendota, now one of Wisconsin's great historical treasures. Dr. Skibo is remembered by the archaeology community for all that he brought to the table, from his gusto to his endless curiosity, brilliance, and humor. He is survived by his wife and high school sweetheart, Becky, and their children, Matthew and Sadie. Please join Senator Agard in honoring the great life and work of Dr. James Skibo.

Senator Quinn, with unanimous consent, asked that the Senate adjourn in honor of Chetek Police Officer Emily Breidenbach and Cameron Police Officer Hunter Scheel who were killed in the line of duty on April 8, 2023, in Barron County. We mourn their passing and honor their memory and service to the State of Wisconsin.

Senator Wanggaard, with unanimous consent, asked that the Senate adjourn in honor of Wisconsin's State Archaeologist, Dr. James Skibo, who passed away last week during a dive preparing for the upcoming maritime archaeology session. Jim joined the Wisconsin Historical Society in 2021, and oversaw Wisconsin's 36,000 archaeological sites. He was instrumental in the recovery of two historic canoes, 1,200 and 3,000 years old respectively. Jim's passion and enthusiasm reverberated throughout the state. An explorer at heart, Jim traveled Wisconsin on a mission to democratize archaeology, and he loved to tell the stories of the past through the lens of the archaeological record left behind. He truly was the "People's Archaeologist," as he often referred to himself. His passion for the field and for the importance of uncovering, preserving and sharing history was inspirational to us all and he will be deeply missed by so many. Please keep Jim's wife and his children Matt & Sadie and the Wisconsin Historical Society family in your thoughts during this difficult time.

Senator Wanggaard, with unanimous consent, asked that the Senate adjourn in honor of Officer Emily Breidenbach (32) of Chetek Police Department and Officer Hunter Scheel

(23) of the Cameron Police Department who were killed on April 8th while serving a warrant on a traffic stop.

Senator Smith, with unanimous consent, asked that the Senate adjourn in honor of Ellsworth Cooperative Creamery, the main sponsor of Ellsworth's annual Cheese Curd Festival. The Cheese Curd Festival was recently named one of the ten best specialty food festivals in the United States in USA Today's Readers' Choice contest. The festival attracts tens of thousands to the area, not only for cheese curds, but for a celebration of all dairy products. Senator Smith is proud to represent the Cheese Curd Capitol of Wisconsin in the State Senate and recognize the hard work and dedication that Ellsworth Cooperative Creamery puts into the festival every June.

Senator Jagler, with unanimous consent, asked that the Senate adjourn in honor of former City of Watertown Mayor John David, who passed away earlier this month

Senator Taylor, with unanimous consent, asked that the Senate adjourn in honor of the women of Alpha Kappa Alpha, who turned Milwaukee pink and green.

Senator Taylor, with unanimous consent, asked that the Senate adjourn in honor of Milwaukee's Rufus King High School Cheerleaders. Congratulations to the Rufus King International High School Varsity Cheer Team for winning State in Non-Tumble and 2nd place in Cheer Dance. The team brought home two trophies. Kudos to the awesome coaches, who have worked tirelessly to get the Cheer Team competition ready. This was a Cheer Team with brand new coaches and 99% rookies. And, yes, they made history.

Senator Taylor, with unanimous consent, asked that the Senate adjourn in honor of Robert Thomas. Entrepreneur and Milwaukee Community Journal co-founder and Associate Publisher Robert Joseph Thomas passed away Wednesday. He was 86. Previously named Milwaukee Businessman of the Year, Thomas created a number of businesses, employed hundreds of Milwaukeeans, and broke ground as a Black business owner, paving the way for so many others.

Senator Hutton, with unanimous consent, asked that the Senate adjourn in honor of Bob Dennik, a terrific community leader, who recently passed away unexpectedly.

Senator Hutton, with unanimous consent, asked that the Senate adjourn in honor of retiring Elm Grove Village President, Neil Palmer. Senator Hutton wishes him all the best in his retirement.

Senator Ballweg, with unanimous consent, asked that the Senate adjourn in honor of the 2023 State Champion Poynette High School Girls Curling Team.

**State of Wisconsin  
Claims Board**

April 28, 2023

Attached is the report of the State Claims Board covering the claims considered at the April 6, 2023 meeting of the Board.

This report is for the information of the Legislature, The Board would appreciate your acceptance and publication of it in the Journal to inform the members of the Legislature.

Sincerely,  
*ANNE L. HANSON*  
Secretary

**STATE OF WISCONSIN CLAIMS BOARD  
On April 6, 2023, the State of Wisconsin Claims Board met in the State Capitol Building and via Zoom videoconference to consider the following claims:**

**Hearings were conducted for the following claims:**

<u>Claimant</u>	<u>Agency</u>	<u>Amount</u>
1. Stephen Brasch	Natural Resources	\$1,510.56
2. Vonaire Washington	Innocent Convict Compensation	\$150,000,000.00

**The following claims were decided without hearings:**

<u>Claimant</u>	<u>Agency</u>	<u>Amount</u>
3. George Vukotich	University of Wisconsin	\$300,000.00
4. Rodac, LLC	University of Wisconsin	\$705,025.00
5. Jacquese Harrell, Sr.	Corrections	\$1,750.43
6. Phil Keller	Corrections	\$110.86

***With respect to the claims, the Board finds:***  
*(Decisions are unanimous unless otherwise noted.)*

**1. Stephen Brasch** of Dousman, Wisconsin claims \$1,510.56 for damage caused by a tree that fell from DNR property. During a snow event on March 23, 2022, a tree limb originating from the Wolf River State Fishery Area (Pearson, WI) fell onto an overhead power line, causing an electrical service pole on adjacent property owned by Brasch to fall and cut power. The electrical service poll was approximately 40 years old and owned by Brasch, who was unaware of any other damage or rot to the pole itself. Brasch contends he was without power until May 27, 2022, and incurred costs from WPS and an electrician to repair damage. After contacting several electricians, Brasch, was unable to locate a company to install a new private pole as that was no longer the norm. It was recommended he have a new underground service installed, which he did. Prior to the March 2022 incident, a “major catastrophic storm” passed through the Pearson area on July 19, 2019, resulting in widespread tree damage. After the July 2019 storm, DNR had its property logged and salvaged but left some trees along the property line, which Brasch believes exposed surviving pines (including the subject tree) to increased weather elements. Brasch holds that DNR was negligent in

how it left its property after the July 2019 logging operation, which contributed to the March 2022 damage. Brasch contends that he notified DNR of the subject tree when he signed a boundary cutting line agreement in 2019 and left a handwritten note stating, “please take tall aspens right up to the garage.”

DNR contends it is not liable for the damage and recommends the claim be denied. Liability for tree falls depends on whether a tree owner was negligent in causing the tree to fall onto a neighboring property, or whether the owner was aware of an unacceptable risk (i.e., nuisance) and failed to exercise due care. DNR uses best management practices to identify trees that constitute a nuisance. A tree is a nuisance when it becomes a “menace to the safety of others” through decay, structural changes, changes to surroundings, etc. Upon notification to the owner of a nuisance tree, the owner becomes responsible for resulting injuries. DNR holds that Brasch never provided notice that the subject tree was a nuisance. In July 2019, DNR hired a logging company to perform logging and salvaging activity, wherein it set out to remove trees known or suspected to be a nuisance – specifically, any pine that was down, root spring or leaning more than 30 degrees, or otherwise had 50% or more crown damage or split and broken crotches. The subject tree was within the salvage operation boundary and evaluated by the logging company. It was healthy; it had green needles and no obvious signs of decay and, therefore, was not removed. Brasch’s note in 2019 refers to aspens, however, the subject tree is a white pine. DNR further indicates that after being notified of the damage in March 2022, it responded to Brasch’s property and found the limb had already been removed by WPS. DNR staff was notified by WPS that the pole that supported the electrical line had evidence of rot. While it is unknown what role, if any, the condition of the pole played in this incident, it is possible that the limb fall would not have been sufficient on its own to cause the full extent of the damage. Again, because there was no notice, DNR had no duty of care. DNR holds that it was not negligent and is not liable under Wisconsin law.

The Board concludes there has been an insufficient showing of negligence on the part of the state, its officers, agents or employees and this claim is neither one for which the state is legally liable nor one which the state should assume and pay based on equitable principles. *[Members Finkelmeyer, Dallman, and Wimberger dissenting.]*

**2. Vonaire Washington.** *The Board’s conclusion for Mr. Washington’s claim for innocent convict compensation will be issued in a separate decision.*

**3. George Vukotich** of River Forest, Illinois claims \$300,000 for an alleged breach of contract by the University of Wisconsin-Parkside (UWP). In January 2021, UWP hired Vukotich to run the new Center for Research in Innovation and Smart Cities. Vukotich requested a 5-year position because he was concerned about leaving his more lucrative private sector job without assurances that UWP was committed to the hire. UWP could not offer a five-year position but proposed a three-year fixed position, which Vukotich accepted. Vukotich alleges that under the terms of

his employment contract and UWP’s policies and procedures, he could only be terminated under limited circumstances, including termination for cause. In the fall of 2021, UWP placed Vukotich on leave in response to complaints about his communication style. UWP later refused to renew his contract, effectively terminating him on February 15, 2022. Vukotich alleges that his termination was unlawful because his contract guaranteed employment for three years subject only to “for cause” termination. Vukotich disputes UWP’s assertion that his employment was subject to a renewal period after one year and requests payment for his remaining two years of salary.

UWP denies that it breached Vukotich’s employment contract. UWP alleges that the contract provided for a three-year appointment, but reserved UWP’s right to an annual review of the appointment. UWP notes that Vukotich’s appointment letter clearly stated that his appointment was renewable annually at UWP’s discretion and carried no expectation of re-employment. UWP began receiving complaints that Vukotich was unpleasant, demanding, and was bullying staff who did not work for him. Vukotich’s supervisor, Provost Ducoffe, determined that Vukotich was not meeting performance expectations and placed him on administrative leave while Ducoffe gathered additional facts. Several weeks later UWP asked Vukotich to resign rather than face termination, but he declined to do so. UWP asked UW-System Administration to bring a formal disciplinary investigation but after a review of the appointment terms confirmed UWP’s right of non-renewal, UWP canceled that request and asked UW-System to simply review the staff complaints. In November 2021, UW-System proved a report of that review, which UWP believed their concerns about Vukotich’s performance. In accordance with UWP policies, Provost Ducoffe provided Vukotich the required 3-month notice of non-renewal on November 11, 2021. After Vukotich requested reconsideration, Chancellor Ford conducted a review and upheld Ducoffe’s decision not to renew Vukotich’s appointment.

The Board concludes that the Board of Regents did not breach its contract with Vukotich, and therefore this claim is neither one for which the state is legally liable nor one which the state should assume and pay based on equitable principles.

**4. Rodac, LLC** of Green Bay, Wisconsin claims \$705,025.20 for allegedly excess construction costs in the amount of 640,932 plus a standard industry markup of 10%. RODAC was the general contractor for the UW-Whitewater Community Engagement Center project (CEC) which involved redevelopment of a property owned by the Warhawk Foundation and leased to the UW Board of Regents. RODAC alleges that the terms of the lease limited the lessor’s cost for the property improvements to \$500,000, and that additional costs were the responsibility of the lessee. Before the project began, the Warhawk Foundation sold the property to WWHP, which took over the lease with the Regents. WWHP later hired RODAC to construct the CEC. RODAC alleges that UWW staff demanded upgrades and additional features not included in the original project plans,

which expanded the scope and cost of the project. RODAC alleges that the UW possesses records proving that they requested the additional work but has refused to provide those records to RODAC. RODAC contends that the terms of the lease require that the Regents reimburse RODAC for the increased cost of the CEC project.

The UW points to the fact that contract exists between RODAC and either the Regents or the UW. The UW alleges that as the new property owner, WWHP was obligated under the lease to provide and pay for the property improvements. The UW believes that both WWHP and RODAC are sophisticated business entities who would have known how to make the Regents a party to the contract if they had wanted to do so. The UW notes that as a state entity, the Regents have no ability to enter into construction contracts without following applicable state law, including Wis. Stat. § 16.855. Although Whitewater staff attended some construction meetings and expressed desires for the project, the UW denies that staff made demands or construction requests that amounted to any sort of a contract with RODAC. The UW believes RODAC has failed to provide any evidence that a breach of contract occurred or that the Regents/UW are responsible for the claimed damages.

The Board concludes that RODAC's contractual relationship and potential remedies exist with WWHP, not the Board of Regents, and therefore this claim is neither one for which the state is legally liable nor one which the state should assume and pay based on equitable principles.

**5. Jacquese Harrell, Sr.** of Boscobel, Wisconsin claims \$1,778.83 for money deducted from Harrell's inmate account and related court fees and costs. Harrell's 2008 Judgment of Conviction (JOC) indicated that restitution was to be paid from "25% of funds." DOC withheld 25% of Harrell's wages for restitution until 2016 when it began withholding 50% from all of his funds, including gifted money sent by his family. Harrell alleges that DOC wrongly applied 2015 Act 355 retroactively to his conviction. Harrell contact the court, which issued an amended JOC clarifying that restitution should be collected from 25% of his *prison earnings* (as indicated in the sentencing transcript). DOC reduced Harrell's wage deductions to 25% for continued to deduct 50% from gifted funds. After DOC denied his inmate complaint, Harrell petitioned the court, which agreed that DOC should not have withheld 50% of his gifted funds for restitution. DOC stopped those deductions but did not reimburse Harrell for the previous deductions. Harrell alleges that DOC's actions were arbitrary, illegal, and in violation of court orders. Harrell contends that DOC essentially forced his family members to pay the restitution, which they do now owe, therefore, his family are the victims in this situation. Harrell also alleges that he should be reimbursed for the cost of his court action, because would not have incurred those costs but for DOC's actions.

DOC recommends denial of this claim. DOC denies that the department retroactively applied 2015 Act 355. DOC contends that they deductions were based on Wis. Stat. § 973.20 (11)(c), which gave the department authority to set deduction rates for restitution. DOC notes that in recent

restitution related decisions, the courts have confirmed DOC's previous authority to set deduction rates for inmate restitution. To the extent that Harrell is correct that DOC should not have withheld 50% from his gifted funds, the department contends that it should not be required to reimburse him for several reasons. First, the money has already been disbursed to Harrell's victims who are entitled to restitution under Wisconsin law. Additionally, because DOC no longer has the money, awarding this claim would essentially result in taxpayer paying Harrell's restitution. Finally, DOC believes that Harrell is not entitled to reimbursement for filing fees and costs pursuant to Wis. Stat. § 814.25 (2)(b), which provides that prisoners are not entitles to costs when they prevail in certiorari actions involving prison or jail conditions.

The Board defers its decision on this claim at this time in order to obtain additional information from the parties.

**6. Phil Keller** of Winnebago, Wisconsin claims \$110.86 for damages related to property items allegedly lost or misplaced by DOC staff. Specifically, the unreimbursed value of property items about the depreciated amount paid by DOC (\$76.50), the full cost of envelopes and yarn not reimbursed by DOC (\$18.50) and copy and postage costs for filing this claim (\$15.86). Keller states that he was in solitary confinement from 9/28/21 until 12/2/21, at which time he was placed in quarantine. He alleges that a DOC officer intentionally misplaced some of his property when packing up Keller's cell and that housing staff gave another inmate unsupervised access to the cell, which gave that inmate an opportunity to steal Keller's property. Keller filed inmate complaints about his missing property, but DOC only reimbursed him for some of the items at a depreciated value. Keller believes that he should not have to bear the additional replacement cost for his property because it was under DOC's control at the time of these incidents.

DOC recommends denial of this claim. DOC has already reimbursed Keller \$226.84 for property items for which he was able to provide receipts. DOC determined the appropriate reimbursement amount by calculating the property's actual value at the time of loss in accordance with DOC Policy DAI 301.00.03 and Wis. Admin. Code DOC 309.20(5). Doc believes Keller should not be reimbursed for items for which he has no receipt. DOC notes that an investigation into Keller's complaint regarding the missing envelopes determined that the vendor was at fault and would reship the order. Finally, DOC believes that Keller's request for costs is outside the scope of this claim and should be denied.

The Board concludes there has been an insufficient showing of negligence on the part of the state, its officers, agents or employees and this claim is neither one for which the state is legally liable nor one which the state should assume and pay based on equitable principles.

***The Board concludes:***

## One-Hundred and Sixth Regular Session

12:31 P.M.

WEDNESDAY, June 7, 2023

The Senate met.

The Senate was called to order by Senate President Kapenga.

The Chief Clerk read the certification of election from the Wisconsin Elections Commission, certifying that Dan Knodl was elected to the office of State Senator from the Eight Senate District of the State of Wisconsin, for the remainder of the current term concluding on January 3, 2025, as shown on the official canvass of the votes cast at the Special Election held on April 4, 2023.

### Senator LeMahieu Introduced Senator Knodl

“Senator Knodl was born in Milwaukee and raised in Menomonee Falls. He attended the Menomonee Falls public schools, graduating from Menomonee Falls East in 1977. Dan's leadership days began in 4th grade as Class President and as Student Council President in 8th grade. He then became the first Junior in school history to become Student Council President at Falls East. He served as Council President his Senior year as well. Dan's business endeavors began with a paper route at age 12, caddying at 14, bussing tables at 16, and at age 17 he purchased a mobile vending business. He obtained a Wisconsin Tax ID and named his business Tummy Yummy Concessions, selling popcorn, cotton candy, ice cream and other treats throughout the neighborhoods of Menomonee Falls and Germantown. Dan, along with his older brother purchased rental real estate and also opened the Barrelhouse Bar and Broiler in Germantown in 1985. Dan then purchased Reef Point Resort on Pike Lake in Hartford, which he operated until last year. He and others created the Pike Lake Sportsmen's Club in 1992. Dan has served in elected offices on the Pike Lake Advancement Association, Pike Lake Protection District, and Washington County Board of Supervisors. He served as State Representative for the 24th Assembly District for 14 years. While in the Assembly, he held the leadership positions of Assistant Majority Leader and Majority Caucus Chair. Dan has four children (Taylir, Ryan, Ciara, and Spenser) and six grandchildren.”

### OATH OF OFFICE

Upon the calling of the newly elected Senator on Wednesday, June 7, 2023, Dan Knodl appeared before the Senate, took and subscribed a ceremonial oath of office which was administered by the Honorable Annette Kingsland Ziegler, Chief Justice of the Wisconsin Supreme Court.

## ANNOUNCEMENTS, ADJOURNMENT HONORS, AND REMARKS UNDER SPECIAL PRIVILEGE

Senator Wanggaard, with unanimous consent, asked that the Senate adjourn in honor of every single person who has supported his family consistently throughout the last eight months while his daughter Kathleen has been fighting colon cancer. While the fight continues, the positive encouragement to him and his entire family helps to confirm that God has got this. Through so many interactions with others, we have received encouragement to be faithful and not give up.

Senator Wanggaard, with unanimous consent, asked that the Senate adjourn in honor of Captain Robert Ira Bush of Racine on his birthday of June 8, 1938 and his date of death of June 9, 1966, as he was flying a mission in his Douglas Sky Raider Aircraft over North Vietnam. Captain Bush is my personal “MIA.” Senator Wanggaard chose to honor Captain Bush in remembering the sacrifice so many made for our freedom.

Senator Wanggaard, with unanimous consent, asked that the Senate adjourn in honor of those who sacrificed their lives on June 6, 1944, the beginning of the end of World War II at “D” Day.

Senator Pfaff, with unanimous consent, asked that the Senate adjourn in honor of Prairie du Chien’s 350<sup>th</sup> Expedition Anniversary happening June 16<sup>th</sup>-18<sup>th</sup>. The

festival will commemorate the 1673 expedition of Father Jacques Marquette and Louis Joliet that explored the Mississippi River and visited the area that is now Prairie du Chien. Native Americans had been traveling on and using the Mississippi River for thousands of years prior, but this expedition confirmed for the French that it was possible to travel by water from the Great Lakes to the Gulf of Mexico.

Senator Testin, with unanimous consent, asked that the Senate adjourn in honor of Lily Joyce, a Junior at Tomah High School. Lily was chosen to be a part of the Senate Scholar program earlier this year, and today she’s come back to help work the floor. She’s joined by five other Senate Scholars today, who Senator Testin would like to adjourn in honor of as well.

Senator Agard, with unanimous consent, asked that the Senate adjourn in honor of Juan José López, an esteemed member of our community here in Dane County. He lost a battle with long term health illnesses just this week. He was a native of Texas, came here for our esteemed University System, received his degree from the University of Wisconsin and decided to make Madison and Wisconsin home. Many of you may have crossed his path as he always did walks around the Capitol square and up and down State Street. He was an ambassador and enjoyed asking people their stories and sharing his stories with them on his walks. He was the first Latino to serve on the Madison school board. He served 12 years from 1994 to 2006. He was the cofounder of the Latino Professionals Association of Greater Madison. He served on the United Migrant Opportunity Service in Milwaukee. He served with Nuestro Mundo Opportunity Services, One City Schools, Rotary Foundation, and the Latino Chamber of Commerce. He did also work for Briarpatch Services for homeless and runaway youth in our communities as well as for the Boys and Girls Club. He was also a Section Chief here for the State of Wisconsin at the Department of Workforce Development in employee training. Juan retired from the state in 2019. He has a lot of people within our community that are adopted family for him. He has a legacy that if we all had, we’d be very proud of. Senator Agard hoped we can take a moment to honor the life that he lived and the gifts he gave to everyone here in Madison, Dane County and the State of Wisconsin.

Senator Spreitzer, with unanimous consent, asked that the Senate adjourn in honor of Officer Aaron Johnson of the Evansville Police Department, who was also honored today as a Hometown Hero by the Wisconsin State Assembly. Officer Johnson effectively administered a double dose of Narcan in November 2022, saving the life of a 30 year old mother. Officer Johnson’s reliable and attentive work led him to recently receive the Evansville Police Department’s “Life Saving Award.” We join the State Assembly in commending and congratulating Officer Aaron Johnson’s selfless service and dedication to the City of Evansville.

Senator Jagler, with unanimous consent, asked that the Senate adjourn in honor of former Oconomowoc Mayor Tom Foti, who passed away last week.

Senator Taylor, with unanimous consent, asked that the Senate adjourn in honor of her mother, Lena J. Taylor, who is celebrating her 68<sup>th</sup> birthday.

Senator Taylor, with unanimous consent, asked that the Senate adjourn in honor of her son, Isaiah Jacqui Taylor, for his tour of service in the Army and his safe return as a retiree.

Senator Taylor, with unanimous consent, asked that the Senate adjourn in honor of Imunek Williams, a bus driver who saved the lives of 37 children.

Senator Ballweg, with unanimous consent, asked that the Senate adjourn in honor of the Senate Scholars from her

district, Wyatt Adamovich and Jack Keding from New London.

**Minority Report**

On June 8, 2023, Senators Carpenter and Wirch offered the following minority report, pursuant to Senate Rule 28, to the Senate Committee on Licensing, Constitution and Federalism:

**Concerning committee action on 2023 Wisconsin Senate Bill 263**

We cannot support Senate Bill 263 as written because without additional changes, the legislation is likely to result in unintended consequences and unnecessary costs to

Wisconsin taxpayers. We appreciate the goals of the bill's authors and sincerely desire to continue working with them to achieve these changes to the SeniorCare program. We believe that if we work together to address that concerns of the Department of Health Services (DHS), we can bring legislation to the Senate floor that would receive a unanimous vote.

The committee received testimony from the DHS warning that the bill as written creates inequities between the SeniorCare program and the Medicaid program. The bill would require DHS to seek changes to the SeniorCare waiver from the Centers for Medicare and Medicaid Services (CMS). DHS is concerned that an inequity in the prescription drug benefits offered by SeniorCare and Medicaid is not waivable, risking denial of the request and requiring an inordinate amount of time to obtain a determination.

DHS explained that new system functionality, processes, and frameworks would be required to implement the SeniorCare program to include the changes made in this legislation, requiring significant time and effort, adding administrative costs that would be borne by the taxpayers of Wisconsin.

The Department has offered solutions such as including a 100-day extension for both the Medicaid and SeniorCare programs, eliminating the potential inequities between programs and removing the need to see approval from CMS for changes to the SeniorCare Waiver. This solution would reduce the administrative burdens for both programs resulting in an estimated total savings of \$34.4 million.

Unfortunately, a vote on this proposal was scheduled before the conclusion of negotiations. We believe that a more thorough committee process, relaxed timeline for conversation between stakeholders, and an in-person executive session could have provided the opportunity to reach a unanimous committee vote.

Sincerely,

*TIM CARPENTER*  
Senator, 3<sup>rd</sup> District

*BOB WIRCH*  
Senator, 22<sup>nd</sup> District

## ANNOUNCEMENTS, ADJOURNMENT HONORS, AND REMARKS UNDER SPECIAL PRIVILEGE

Senator Quinn, with unanimous consent, asked that the Senate adjourn in honor of his chief to staff, Michael Luckey, who is leaving next month. He has been a staple in the Assembly and the Senate, and Senator Quinn wishes him the best in his endeavors going forward.

Senator Wanggaard, with unanimous consent, asked that the Senate adjourn in honor of his summer intern, Reagan Kelly, who will turn Sweet 16 on July 6<sup>th</sup>. Miss Kelly has been a parade volunteer of his for years, and is the daughter of his chief of Staff, Scott, who also started his political career as an intern in the Capitol 30 years ago last month.

Senator Hutton, with unanimous consent, asked that the Senate adjourn in honor of his 20 year old daughter who got engaged on Sunday.

Senator LeMahieu, with unanimous consent, asked that the Senate adjourn in honor of the Senate pages who have recently graduated: Lucas Gordy, Dane Sutton, Emily Pinkert, Kahlil Kaldhusdal, Chloe Roberts, Zoe Wittenwyler, Trinity Giese, Alivia Lindorfer, Cooper Malcore and Paola Hernadez.

Senator Pfaff, with unanimous consent, asked that the Senate adjourn in honor of his friend, Cheryl Mader. Cheryl lost her life in a tragic drunk driving accident on Sunday. Cheryl was a leader in the Prairie du Chien community. She was a former Mayor, a proud Rotarian, an advocate for those less fortunate, but above all, she was a loving mother and grandmother. One of her proudest accomplishments was leading a fundraising campaign that raised over \$2 million to help thousands of women in Ghana further their education. The loss of Cheryl will be felt all through the Prairie du Chien

Community, and Senator Pfaff asks all of you to keep her husband, Dale, her children and her two granddaughters who were also in the crash in your thoughts. Cheryl, thank you for all of your years of service, and you will be greatly missed.

Senator L. Johnson, with unanimous consent, asked that the Senate adjourn in honor of the Gun Violence victims on display for June as Gun Violence Awareness Month. They are: Easton Thom- 11 y/o, Elijo Gonzalez- 5 y/o, Grace Rodriguez- 2 y/o, Javier Winston - 15 y/o, Zy’ Aire Nevels- 1 y/o, Carolanah Schenk- 11 y/o, Sebastian Florentino- 14 y/o, Skyé’ Bleu- 5 y/o, Tyler Brooks- 15 y/o, Jamarri McClellan- 13 y/o, Jeremiah Hutson- 16 y/o and Krause Funeral Home and Cremation for their partnership and commitment to Milwaukee families in assisting to bury some of these disadvantaged child homicide victims at no cost.

Senator Nass, with unanimous consent, asked that the Senate adjourn in honor of Sheila T. Reiff on the occasion of her retiring as Clerk of the Wisconsin Supreme Court and Court of Appeals and her 54 collective years of dedicated service to state, county and local government.

Senator Nass, with unanimous consent, asked that the Senate adjourn in honor of Moe Le Roux on the occasion of him taking the Oath of Allegiance on June 9, 2023, to become a United States citizen.

Senator Spreitzer, with unanimous consent, asked that the Senate adjourn in honor of Walter R. Knight, who passed away on June 20<sup>th</sup>. Walter Knight was a trailblazer for the African American community in Beloit. He was also a mentor and friend to many, and Senator Spreitzer was proud to be able to count himself among the people who were lucky enough to learn from Walter. Walter moved to Beloit in 1951 at the age of 17 and started working at Fairbanks Morse, where he worked his way up in the company over the course of a 25 year career. His work and his advocacy led to his appointment as a Union Steward at Fairbanks Morse and, eventually, his election as Vice President and President of Local 1533 of the United Steelworkers of America. In 1972, Walter made history, becoming the first African American elected to serve on the Beloit City Council, and went on to be the first African American elected by the Council to serve as Council President. He served thirteen consecutive years on the Council, including two terms as Vice President and two terms as President. Walter’s accomplishments were not limited to his political work. He assisted in the planning and formation of an organization called the Rock County Opportunities Industrialization Center, where he served as Executive Director and provided employment training and job placement services for approximately 6,000 adults and youth over 30 years. Walter has been recognized repeatedly for his service, including being inducted into the Beloit Historical Society Hall of Fame and having the former Portland Avenue Bridge over the Rock River in Beloit renamed the Walter R. Knight Bridge. Walter Knight will be remembered as an incredible husband to his wife Sadie, a caring and dedicated father and grandfather, and a beloved member of the Beloit community.

Senator Spreitzer, with unanimous consent, asked that the Senate adjourn in honor of David F. Luebke, who passed away on June 23. Many people knew Dave best as an educator. He served as a guidance counselor at Beloit Catholic High School and then in numerous roles in the School District of Beloit, including as a school psychologist, director of student services, assistant principal of Beloit Memorial High School, and as an interim principal. Senator Spreitzer got to know Dave best when they both ran for Beloit City Council at the same time in 2011, and then served 4 years together on the council. Dave supported the Senator when he became City Council President, and Dave went on to serve as City Council President after Senator Spreitzer left the council to join the State Assembly. Dave was a servant-leader and a consensus-builder, someone who always wanted to do what he felt was right for the community. Dave was someone that everyone knew, and everyone liked. When he ran for office, he barely campaigned. He just had to let everyone know he was on the ballot, and he was a shoo-in. Senator Spreitzer distinctly remembers a phone conversation with him in late 2010 when the Senator was preparing to run for the City Council. There were 3 at-large seats up for election the next spring, and one incumbent was retiring. The

Senator called Dave to ask him to be the Senator's campaign treasurer as he ran for the open seat. Dave told Senator Spreitzer he'd love to, but he couldn't because he was running himself. The Senator gulped, knowing that Dave would win easily, making his path much harder. The Senator ended up coming in second and winning a seat. Dave, of course, came in first. In addition to his role as an educator and a city councilor, Dave served on countless city and nonprofit boards and volunteered in the community. Dave was an amazing father to two sons and a daughter, and a friend to many. Senator Spreitzer will personally miss him, and the Beloit community will miss his service.

**State of Wisconsin  
Office of the Governor**

July 5, 2023

The Honorable, the Senate:

I have approved **Senate Bill 70** as 2023 Wisconsin Act 19 and deposited it in the Office of the Secretary of State.

During my first term as Governor, I proudly signed two biennial budgets that made generational investments in key areas that had long been neglected while using my broad, constitutional veto authority to improve the budgets sent to me by Republicans in the Legislature. We have accomplished a great deal over the last four-plus years, making down payments and providing historic increases in support for kids, families, and communities across our state. We have invested

in our shared priorities, including schools and education; delivering tax relief for working families; increasing access to affordable healthcare; fixing our roads and bridges; supporting our small businesses, veterans, farmers, and agricultural industries; expanding high-speed internet; addressing climate change and protecting our natural resources; and bolstering our workforce to maintain our economic momentum. As I take action on the first biennial budget of my second term, I am proud to build upon this important work today.

In Wisconsin's 175-year statehood, we have never begun a biennial budget process in a better fiscal position. Since I have been Governor, after 30 years of enduring Accepted Accounting Principles (GAAP) deficits, we have had three consecutive fiscal years with a positive GAAP balance and ended fiscal year 2021-22 with a record-setting \$4.64 billion balance. We attained—and have maintained—our state's first underlying AAA bond rating from a rating agency in decades. We have paid down existing debt; we have reduced our reliance on bonding by nearly \$400 million annually; we reduced our total long-term debt obligations by \$365 million in fiscal year 2021-22 alone compared to the prior year. Finally, we have aggressively refunded our existing debt to achieve overall present value savings of over \$465 million.

We have had the lowest unemployment rate in state history, and we have had the highest number of people employed ever in our state's history. Our Budget Stabilization ("rainy day") Fund is at the highest level ever—a record-setting \$1.8 billion, which is more than five times larger than it was when I took office. And, yes, we began this biennial budget process with the largest surplus in state history.

We have gotten to work these last four years making smart, strategic investments—and our economy shows it. So, we began this biennial budget process with an historic opportunity, and with it, historic responsibility—not to be careless or reckless, but to save where we can and stay well within our means while still investing in needs that have long been neglected to protect the future we are working hard to build together.

In many ways, Republicans in the Legislature have failed to meet this historic moment, sending my budget back to my desk absent critical investments in key areas that they know—and publicly acknowledge—are essential to the success of our state, all while providing no real justification,

substantive debate, or any meaningful alternative. That decision is, to put it simply, an abdication of duty.

State funding for high-speed broadband. Affordable and accessible child care. Substantial categorical aid increases for our schools. Fully funded universal school breakfasts and lunches. Investing in our University of Wisconsin and Wisconsin Technical College Systems. Targeted tax relief for caregivers, parents, seniors, and veterans and their spouses. BadgerCare expansion. Expanded paid family leave. Legalizing and taxing marijuana much like alcohol. Investments in community-driven solutions to our workforce challenges. These aren't controversial concepts; my budgets have always been about pragmatism and solutions, not wish lists or politics, from the beginning.

I understand that, in light of these short-sighted decisions, there are those who would have me veto this budget in its entirety—to send the Legislature back to the drawing board to start from scratch. Vetoing this budget in full would mean abandoning priorities and ideas that I have spent four years advocating for; it would mean leaving schools and communities in the lurch after rightfully securing historic increases for the first time in years; it would mean forgoing the first real and substantive Republican effort to address PFAS after years of inaction; it would mean forfeiting the one of the largest investments in workforce housing in state history; it would mean deserting our justice system and state workforces, our tourism industries, our farmers and producers, and our veterans, among others.

While Republicans in the Legislature might be perfectly comfortable abdicating the duty we share with the historic opportunity and responsibility before us in pursuit of political favor and partisan praise, I am not.

My allegiance has been and always will be to the people of this state—Wisconsinites to whom I have pledged to always try do the right thing and to make difficult decisions when it matters most. That pledge and my obligation as Governor are why I am enacting this budget with substantial improvements today.

In addition to the critical efforts to expand access to affordable housing statewide, address PFAS in our water, and make historic investments in communities across our state, I am also pleased this budget provides substantial and well-deserved increases in compensation for correctional officers, youth counselors, psychiatric care technicians, assistant district attorneys, and public defenders; uses our surplus funds to support our Capital Budget to reduce the need to authorize new bonding and future debt service costs; provides sizeable investments in tourism marketing and advertising initiatives; and includes the resources necessary to continue our work fixing our roads and making sure our infrastructure is built for a workforce and economy of the 21st century.

But even as I am glad the Legislature joined me in making critical investments in several key areas, the fact remains that this budget, while now improved through strategic vetoes, remains imperfect and incomplete.

Of urgent concern to me as Governor is that while this budget makes some critical investments to help support some portions of our state's workforce, Republicans returned this budget to me without critical components of my comprehensive plan to address the workforce challenges that have already plagued our state for generations and will continue to without further action.

The Legislature must make the substantial investments necessary to stabilize our state's child care industry and ensure child care is affordable and accessible so we can keep parents in our workforce. Failing to do so will cause calamitous consequences for employers, our workforce, and our state's economy. And, yes, that means the Legislature should also expand paid family leave; invest state resources in high-speed internet; provide targeted support for new, innovative, and high-need areas and industries across our workforce; and make substantial investments in education at every level, including our higher education institutions. These efforts, among other key provisions I included in my proposed biennial budget, are essential for maintaining our economic momentum and retaining and recruiting talented workers across our state.

So, today, I am giving the Legislature a second chance. I am using my broad, constitutional veto authority to ensure ample state resources are readily available for the Legislature to complete their work on this budget—to do the right thing, to rise to meet this moment of historic opportunity and responsibility, and to focus on passing real solutions for the urgent challenges facing our state.

The following is an abbreviated summary of items in this budget, which includes my vetoes ensuring state resources necessary remain readily available for the Legislature to finish its work on this biennial budget in the months ahead:

## **INVESTING IN WHAT'S BEST FOR KIDS**

### DEPARTMENT OF PUBLIC INSTRUCTION

Building on our historic progress in fully funding our public schools, this budget and 2023 Wisconsin Act 11 provide an overall increase of nearly \$1.2 billion in spendable authority for public school districts, including state categorical aids. This increase will be more than ten times larger than what the increase in spendable authority was for public school districts in the 2021-23 biennium.

While this is progress compared to the last biennium, this budget is well short of my proposed level of spending for our schools. We must continue to work to prioritize school funding during this biennium and into the future. This budget is an important step toward meeting our ultimate goals for our schools and our kids.

- The 2023-25 biennial budget increases the level of state support from 67.8 percent in fiscal year 2022-23 to an estimated 68.8 percent in fiscal year 2023-24 and 69.4 percent in fiscal year 2024-25. These will be the highest levels of state support for school districts since the calculation was initiated in fiscal year 1996-97 under the state's former "two-thirds" funding goal.

- This historic investment is generated by a \$325 per pupil increase on revenue limits in each fiscal year, in addition to an increase in the low revenue ceiling from \$10,000 to \$11,000 per pupil in the first year of the biennium. This is the largest increase in statewide revenue limit authority since revenue limits were first imposed on K-12 schools in 1993-94, and it is permanent and base-building.

- Through my veto, in future biennia and effectively in perpetuity, school districts will have continued, additive per pupil revenue adjustments of \$325 every year, sustaining school district spending for years to come. This veto provides school districts with a level of budgeting certainty that they have not experienced since the statutory indexing mechanism for the adjustments was deleted in 2009-10.

- These record-high per pupil revenue limit increases also have the potential to take the burden off community members when it comes to school funding, as it reduces the need for districts to seek operating referenda.

- Estimates show more than half of the state's 421 school districts would be able to use the low revenue ceiling increase in fiscal year 2024-25, meaning that countless students across the state will be able to attend schools that are better able to ensure that they have the staff, facilities, and resources they need to succeed.

- Every kid has the right to a quality education, regardless of their ability, yet Wisconsin, like many other states across the nation, has faced a special education staffing crisis. This budget:

- o Provides \$97 million GPR over the biennium to achieve a special education reimbursement rate of 33.3 percent each year, which is the highest reimbursement rate our state has seen in over 20 years; and

- o Invests \$4.6 million GPR over the biennium for high-cost special education aid, increasing the reimbursement rate of these programs from its current 39.5 percent to 45 percent in 2023-24 and 50 percent in 2024-25. This aid helps school districts pay a portion of their eligible special education costs for pupils with specific and elevated educational needs.

- Wisconsin's strength lies in its diversity, which is why this budget provides \$3 million GPR over the biennium for bilingual-bicultural aid. This will be the largest biennial increase in bilingual-bicultural aid in at least 30 years, ensuring that English language learners are properly supported and receive an education that addresses their specific language needs.

- Wisconsin's students can't succeed in the classroom if they can't get to school, which is why this budget provides \$5.9 million GPR over the biennium to increase the reimbursement rate for high-cost transportation aid to 75 percent in each year and increases the state reimbursement rate to districts transporting students 12 miles to and from school from \$375 to \$400, beginning in fiscal year 2023-24. These investments will provide better access to school transportation to students in rural and isolated areas.

- I have been working to address literacy issues since long before being elected Governor, and improving reading outcomes remains a top priority for me. This budget makes a significant investment in improving our kids' reading skills by providing \$50 million GPR to fund a new literacy initiative.

- Earlier this year, I declared 2023 the Year of Mental Health in Wisconsin because I know our kids can only achieve their full and best potential when they can bring their full and best selves to the classroom. To address the mental health crisis facing our kids, this budget provides \$30 million GPR over the biennium to continue funding for school-based mental health modeled on my "Get Kids Ahead" initiative, helping schools provide needed mental health services to their pupils through community partnerships.

- The budget increases state funding by \$1.2 million GPR over the biennium to fully fund the state's sparsity aid program for eligible districts in both fiscal year 2023-24 and fiscal year 2024-25.

- The budget increases state funding by \$14 million SEG over the biennium for school library aids.

#### DEPARTMENT OF CHILDREN AND FAMILIES

Doing what is best for our kids includes working to ensure kids and families have access to quality, affordable child care and every kid can grow up in a safe, nurturing home. The 2023-25 biennial budget makes critical investments to support the Department of Children and Families in achieving these goals.

- The Wisconsin Shares program has provided countless Wisconsin families access to quality child care, and this budget allocates over \$53 million in Temporary Assistance for Needy Families funds (TANF) in fiscal year 2023-24 and \$71.2 million TANF in fiscal year 2024-25. This funding will ensure the program meets the federal child care funding requirements, in addition to waiving copays for families under 100 percent of the federal poverty level.

- Wisconsin families deserve quality care for their kids, which is why this budget invests \$30 million TANF over the biennium into the state's YoungStar program so that child care providers have the resources to keep their doors open and keep improving their quality of care.

- As a result of a partial veto, this budget provides \$15 million in fiscal year 2023-24 at the Wisconsin Economic Development Corporation that can be used for grants to child care providers.

- The budget provides \$875,000 TANF over the biennium for Tribal child care contracts in order to support recruitment, retention, and expansion of child care providers in Tribal areas.

- The Wisconsin Early Education Shared Services Network (WEESN) has created cross-sector partnerships that strengthen early care and education programs throughout the state. This budget allocates \$2.5 million TANF in fiscal year 2024-25 to support the development and expansion of

WEESSN and the work it does to provide free administrative services to regulated child care programs across the state.

- Social emotional learning (SEL) plays a critical role in a child’s development, which is why this budget invests \$535,000 TANF annually for SEL training and technical assistance to child care providers with the goal of reducing instances of kids being removed from daycare for behavioral issues.

- This budget, as impacted by a partial veto, provides an additional \$5 million TANF in fiscal year 2024-25 for the TEACH and REWARD programs to ensure we can maximize funding for the approaches that will best develop and retain early childhood educators.

- This budget provides \$1.3 million TANF annually to increase funding for child care resource and referral services, which extend a vital lifeline to countless families across the state.

- This budget invests more than \$1.4 million TANF over the biennium to move the child care licensing application process online, making the licensing process more efficient and helping more providers open their doors.

- This budget provides an increase of \$5 million TANF in fiscal year 2023-24 to Boys and Girls Clubs so that they may continue to improve the social, academic, and employment skills of kids in our state.

- This budget provides additional funding to increase Caretaker Supplement benefit payments to \$275 for the first child and \$165 for each additional child. This adjustment will take effect July 1, 2023.

- This budget increases funding to child support agencies by \$5.9 million all funds in fiscal year 2023-24 and \$14.7 million all funds in fiscal year 2024-25 to allow the agencies to improve their systems of collecting delinquent child support.

- This budget provides more than \$22 million all funds in fiscal year 2024-25 to continue the Child Support Modernization IT project, which aims to implement a flexible, updated, and better supported child support system so that Wisconsin can continue meeting federal performance standards and more quickly and easily accommodate changes in the child support landscape.

- This budget increases foster care age-based rates by 5 percent.

- Kinship care is an integral part of the state’s child welfare system that helps maintain familial relationships when possible. To ensure this kind of care remains possible, this budget provides \$277,400 TANF in fiscal year 2023-24 and \$4.2 million TANF in fiscal year 2024-25 to re-estimate kinship care costs and increase payment rates from \$300 per month to \$375.

- o Further, this budget provides \$8,600 all funds in fiscal year 2023-24 and \$17,100 all funds in fiscal year 2024-25 to increase child-specific foster care payments from \$300 per month to \$375 per month.

- The Wisconsin Statewide Automated Child Welfare Information System (eWiSACWIS) is integral to the state’s child welfare system, which is why this budget allocates more than \$2.6 million all funds in each fiscal year to make necessary improvements to the system.

- This budget allocates nearly \$1.2 million FED in each year of the biennium to develop a youth justice data and reporting system.

- The Department of Children and Families received a one-time investment in the 2021-23 biennial budget to conduct trainings for congregate care providers. This budget continues to fund this training by providing the agency with \$200,000 all funds in each fiscal year.

- Ensuring the continued integrity and protection of child welfare and child care data is a priority for the state, which is why this budget allocates nearly \$1.2 million all funds in each fiscal year to support the Department of Children and Families’ critical cybersecurity efforts.

- This budget provides \$2 million FED in each year to the Department of Children and Families to distribute to Children’s Wisconsin for a statewide, online parenting support program, namely the Positive Parenting Program (Triple P).

- This budget also provides \$500,000 GPR in each fiscal year to increase grants made by the Child Abuse and Neglect Prevention Board to support child well- being, including through the Positive Parenting Program (Triple P).

- This budget provides \$500,000 GPR in each fiscal year to increase grants made by the Child Abuse and Neglect Prevention Board to support family resource centers that serve families across the state.

**STRENGTHENING OUR ECONOMY & FUTURE WORKFORCE**

TAXES AND ECONOMIC DEVELOPMENT

Over the course of my first term, I have been proud of our efforts to support our workforce and deliver tax relief to working families, including enacting one of the largest tax cuts in state history, to deliver \$1.4 billion annually to taxpayers. This budget builds on this important work.

- This budget provides additional tax relief to working families by reducing the individual income tax rates for the bottom two income tax brackets to provide \$175 million of individual income tax reductions over the 2023-25 biennium. By cutting the bottom two tax rates further, this budget continues responsible individual income tax reductions, which now total nearly \$1.5 billion annually since 2019.

- To spur additional investment in this state, the state is increasing the refundable share of the research credit from 15 percent under current law to 25 percent beginning in tax year 2024. This increase will provide an incentive for critical research and development spending by Wisconsin businesses that will improve their competitiveness and help develop new products.

- We must continue to attract big events to Wisconsin. Recent successes include hosting the 2020 Democratic National Convention, the 2021 Ryder Cup, the 2024 Republican National Convention, and the 2025 NFL Draft. To keep this momentum, Wisconsin is investing \$10 million for the creation of an event and opportunity promotion fund administered by the Wisconsin Economic Development Corporation to attract large scale events.

- This budget fosters entrepreneurship by investing \$25 million in the Badger Fund of Funds program overseen by the Department of Administration. This significant investment is aimed at continuing to further develop Wisconsin’s start-up business ecosystem. Improving Wisconsin’s entrepreneurial environment is vital to the state’s economic success, especially in high-growth industries in medical and informational technologies. As a result of my partial veto, the additional \$25 million provided by this budget will be evergreen, allowing these new funds to continue to be invested in our state’s entrepreneurs.

- Wisconsin is continuing to build on our successes in attracting and investing in our businesses through a provision in this budget incentivizing business investment by providing an income exclusion on commercial lending by excluding interest earned on commercial loans under \$5 million from state taxation.

- This budget provides \$590 million in property tax relief through increases in the existing School Levy Tax Credit over the upcoming biennium.

- This budget ensures that typical property tax bills in Wisconsin will be held below the rate of inflation over the coming biennium.

- In recent years, Wisconsin has been lagging behind midwestern states in the funds that we dedicate to tourism marketing. This budget provides \$34 million over the biennium to raise Wisconsin’s profile across the country as a premier business, cultural, and recreational destination. This is the largest increase in state history in marketing and advertising funds for the Department of Tourism, and with this investment the department will be able to will run a competitive marketing campaign and keep pace with our neighboring states.

- o Of these funds, \$3 million over the biennium will be used for grants to “Discover Green Bay” and “Visit Milwaukee” to help capture the attention of the thousands of folks that will attend the 2025 NFL Draft and 2024 Republican National Convention and to show all the wonderful entertainment opportunities Wisconsin has to offer.

- Tourism is an important part of our Wisconsin economy and art tourism is equally as important. That is why it is vital to fund the arts in this budget. Wisconsin will invest \$552,500 over the biennium in the Wisconsin Arts Board. This funding is crucial in order to maximize the federal match funding available through the National Endowment for the Arts grants. These funds will continue supporting the

tremendous work of individuals and organizations engaged in the arts.

SUPPORTING OUR WORKFORCE

- Investing in the next generation of Wisconsin workers is critical to the future success of our state. This budget invests \$7 million over the biennium for the youth apprenticeship program, which gives high school juniors and seniors an opportunity for career exploration and skills development.

- Modernization of technology is crucial for the Department of Safety and Professional Services (DSPS) to continue offering efficient and quality service for professional licensing. This budget upgrades and enhances department information technology systems, subscriptions, and equipment by providing \$6.7 million over the biennium. This will allow DSPS to continue effective operation of credentialing and building plan review and permitting software as well as call center functions, ultimately supporting job growth and economic development.

- The budget provides 7.0 FTE positions to allow DSPS to bolster the improvements the department already has made on license processing efficiency, which in turn helps our state’s workforce and our economy by getting people into jobs and providing critical public services faster. These additional positions make progress toward the resources the department needs.

- In order to meet substantially increased public demand for assistance with license and credential application processes, the budget provides 6.0 FTE customer service positions to ensure more customer calls are answered in a timely fashion.

- The budget will increase capacity for DSPS to conduct building plan reviews by providing the department with \$465,200 and 3.0 FTE positions. This will help the department review building plans and related inspections quickly and accurately, which will keep building project workers in jobs and decrease project costs.

- The budget will provide DSPS with increased spending authority of \$100,000 in fiscal year 2023-24 to develop an assured provider pilot program to modernize the continuing education certification process for realtors.

- To continue support for the successful youth firefighter training grant program and increase the number of volunteer firefighters in the state, the budget provides DSPS with \$75,000 in each year of the biennium.

HIGHER EDUCATION

- As part of the state’s building program, the following University of Wisconsin (UW) System projects are enumerated:

- o UW-Eau Claire Science/Health Science Building
- o UW-Madison Camp Randall Sports Center Replacement
- o UW-Stout Heritage Hall

- o UW-Oshkosh Donner-Webster Residence Halls
- o UW-La Crosse Center for the Arts Parking Ramp and University Police Building addition
- o UW-Stevens Point Champions Hall
- o UW-Oshkosh Gruenhagen Conference Center

- In addition, the budget provides project planning funds for UW-Milwaukee and UW-Whitewater to ensure important building projects on those campuses continue to progress.

- The budget also sets aside \$32 million for the UW System in the Joint Committee on Finance supplemental appropriation, allowing the UW System to request funding during this biennium. This funding is critical to maintaining affordable access to higher education for Wisconsinites, and I encourage the Legislature to promptly release these funds to the UW so that the system can continue its important mission of educating Wisconsinites and bolstering our workforce.

- As a result of my partial veto, the UW System retains 188 positions related to diversity, equity, and inclusion at campuses across the state.

- The Wisconsin Technical College System (WTCS) plays a critical role in bolstering our state’s workforce or our economy. Wisconsin is increasing general aid to the system by providing \$9.38 million over the biennium to train Wisconsin’s workforce of the future.

- The highest demanded industries require an additional investment in order to get Wisconsinites the skills and allow folks to fill good-paying, family-sustaining jobs. The budget bolsters the Workforce Advancement Training grants by providing an additional \$2 million over the biennium for skilled worker training. These grants are for high demand industries, and additional resources will help provide a relief valve for employers’ demand for skilled workers.

- Providing a quality and affordable education to Wisconsin residents is one of the highest priorities of the WTCS. Books and other educational resources are expensive and cost prohibitive to many families. Wisconsin will invest \$3 million over the biennium to provide grants to technical colleges to create open educational resources and course materials. This will allow students to access the material and will help to address the rising prices of textbooks and other resources for students.

- This budget strengthens the state’s health care workforce pipeline in the areas of dentistry and oral hygiene by providing \$20 million GPR in the Joint Committee on Finance supplemental appropriation for grants to technical colleges to expand and enhance related offerings.

AGRICULTURAL DEVELOPMENT

- Provides \$1 million GPR in each year to help build Wisconsin’s agricultural brand in international markets and increase agricultural exports through the Wisconsin Initiative for Agricultural Exports program (WIAE). This initiative

aims to boost the export of dairy, meat, crop, and other agricultural products by 25 percent by June 2026 and allows the Department of Agriculture, Trade and Consumer Protection (DATCP) to have flexibility to respond and react to changing market conditions.

- Invests an additional \$300,000 GPR in each year to increase the available funding for the Dairy Processor Grant program. Increasing our state’s dairy processing capacity is critical for farmers to ensure their high-quality milk can be processed into numerous products like cheese, yogurt, and other products. This program provides grants up to \$50,000 to help foster innovation, improve profitability, and sustain the long-term viability of Wisconsin’s dairy processing facilities. In May 2023, DATCP announced 21 dairy companies receiving a total of \$400,000 in Dairy Processor Grant awards.

- Bolsters the Meat Processor Grant program with an additional \$1.6 million in fiscal year 2023-24. This program strives to grow Wisconsin’s meat industry and improve the long-term viability of the livestock sector through services to meat processing facilities. Meat Processor Grants are available to new or existing processors to facilitate changes and expansion to grow harvest capacity and/or increase product throughput. These facilities are crucial in producing various award-winning Wisconsin meat products like sausage and jerky.

- Allocates \$538,800 GPR in fiscal year 2023-24 and \$541,400 GPR in fiscal year 2024-25 to meet federal expenditure requirements for the meat inspection program. These inspections help ensure the meat products consumed by Wisconsinites are produced safely and match nutrition claims found on food labels.

- Provide \$100,000 GPR in each year for mental health assistance to farmers and farm families. Farming brings unique challenges including unpredictable weather, uncertain and volatile markets, and labor shortages. While stress is a part of life, prolonged and increasing amounts can negatively impact overall wellness, even leading to depression or anxiety. This crucial funding enables farmers and farm family members to attend in-person counseling services from a participating mental health provider in their local area at no cost.

**SUPPORTING HEALTHIER WISCONSINITES**

I believe that every Wisconsinite should have access to quality, affordable healthcare, and that the health and well-being of our state and our economy depend on the health and well-being of our communities. Over the past four years, I have worked to expand access to healthcare, and the 2023-25 budget makes critical investments to continue safety net programs like FoodShare, increase Medicaid reimbursement rates for healthcare providers, improve access to mental and behavioral healthcare, and bolster the healthcare workforce.

HEALTH SERVICES AND LONG-TERM CARE

This budget:

- Increases Medicaid funding for hospitals by \$236 million all funds over the biennium through increased base Medicaid reimbursement, Disproportionate Share Hospital payments, rural critical care supplemental payments, Medicaid reimbursement for hospital behavioral health units, and funding for graduate medical education.

- Increases Medicaid reimbursement rates by \$149 million all funds over the biennium for primary care services, emergency physicians, and chiropractic services.

- Provides \$5 million GPR in the Joint Committee on Finance supplemental appropriation to establish a general dentistry residency program for the Marquette Dental School.

- Increases allied health professional training grants by \$5 million GPR on a one-time basis over the biennium and expands grant eligibility to include training for registered nurses.

- Provides \$300,000 GPR over the biennium to support the Surgical Collaborative of Wisconsin and its work promoting best practice, better data collection, and stronger relationships between communities and the healthcare industry.

- Allocates funding to administer a certified public expenditure program for public ambulance service providers.

- Fully funds vital safety net programs such as Medicaid, SeniorCare, the Wisconsin Funeral and Cemetery Aids Program, and the Wisconsin Chronic Disease Program, ensuring Wisconsinites with the greatest need have access to care.

- Provides \$10 million GPR over the biennium in the Joint Committee on Finance supplemental appropriation to establish up to two crisis urgent care and observation centers that will do the following:

- o Serve as regional crisis receiving and stabilization facilities,
- o Offer seamless transitions between levels of services offered at the centers,
- o Arrange for the transfer to more appropriate treatment options as needed,
- o Coordinate the connection to ongoing care, and
- o Promote the effective sharing of information between providers to improve service delivery and patient outcomes.

Beyond providing access to these additional services, the centers will help reduce the amount of time law enforcement and first responders currently must dedicate to emergency detention cases by offering a dedicated first responder drop-off location that accepts custody of emergency detention cases and does not require that medical clearances be completed before drop-off.

- Allocates \$750,000 GPR annually for free and charitable clinics, allowing these clinics to continue providing their vital services to Wisconsinites in need of care.

- Provides \$2 million GPR over the biennium in the Joint Committee on Finance supplemental appropriation to establish a telemedicine crisis response pilot program in order to provide faster and more efficient care.

- Provides \$60.5 million all funds in fiscal year 2023-24 and \$67.7 million all funds in fiscal year 2024-25 for the administration of the Medicaid and FoodShare programs.

- Fully funds the county income maintenance consortia, the FoodShare Employment and Training program, and the Supplemental Security Income program and Caretaker Supplement.

- Provides \$230 million all funds in each fiscal year to reinsure high-cost individuals across all health insurance exchanges, in addition to fully funding the Wisconsin healthcare market. This provision helps stabilize the individual healthcare market and lower premiums for all Wisconsinites.

- Provides \$76,300 PR in fiscal year 2023-24 and \$101,600 PR in fiscal year 2024-25 to the Office of the Commissioner of Insurance to support 1.0 FTE PR position in the Division of Market Regulation. This position will manage the increased regulatory responsibilities in areas such as licensure application reviews and renewals, rate and form filings and reviews, consumer complaints, and expanded consumer outreach.

- Provides \$214,800 PR in fiscal year 2023-24 and \$286,400 PR in fiscal year 2024-25 to the Office of Commissioner of Insurance to support 3.0 FTE PR positions in the Division of Financial Regulation. These positions will manage increased regulatory duties and complexity, implement legislation, and continue to meet state accreditation requirements to maintain Wisconsin's reputation as a trusted insurance regulator.

- Restores funding for the Office of the Commissioner of Insurance's general program operations.

- Fully funds the Board on Aging and Long-Term Care's Medigap Helpline, which provides seniors with information on the health insurance options available to them.

- Provides \$225.7 million all funds over the biennium to continue the 5 percent rate increase for home and community-based services that were implemented using the federal funds provided to the Department of Health Services through the American Rescue Plan Act. This continuation not only ensures that home and community-based care providers can stay in business, but Wisconsinites can continue to receive the vital care they need.

- Provides \$38.4 million all funds over the biennium to increase the direct care and services portion of the Family Care capitation rate, which will further support access to in-home care.

- Increases the amount of funding individuals living in skilled nursing facilities are able to retain for personal needs from \$45 to \$55 per month.

- Provides \$146.4 million all funds over the biennium and requires the Department of Health Services to implement a priced rate for nursing home support services based on the median facility cost plus 25 percent.

- Provides \$31.2 million all funds over the biennium to exclude provider incentive payments from the profit limitation in support services. Allowing these incentive payments to be excluded means that providers can focus on the quality of care they provide, rather than the quantity of patients.

- Provides \$10 million all funds over the biennium to increase the ventilator dependent resident reimbursement rate for nursing home care from \$726 to \$926 per day. This \$200 per day increase makes it easier for nursing homes to provide the highest quality of care to their most complex residents.

- Provides \$2.5 million GPR in fiscal year 2023-24 and more than \$5 million GPR in fiscal year 2024-25 to increase funding for Aging and Disability Resource Centers, which serve as a vital bridge between Wisconsin families and systems of care.

- Provides \$5 million GPR in fiscal year 2023-24 in the Joint Committee on Finance supplemental appropriation to create a complex patient pilot program to assist hospitals in finding long-term care placements for complex patients.

- Provides \$1 million GPR in each year to increase funding for adult protective services.

- Provides \$2 million GPR in fiscal year 2024-25 to fund the WisCaregiver Career Program to help address the state's shortage of certified nursing assistants.

- Provides \$225,000 GPR annually to increase funding for home delivered meals that provide countless Wisconsinites across the state with the vital nutrition they need to thrive.

- Provides \$2.5 million GPR in each year in the Joint Committee on Finance supplemental appropriation to support the state's veterans homes, as needed, so that these vital facilities can retain staff, address building and operational needs, and provide the quality of care that our state's veterans deserve.

- Requires the Department of Veterans Affairs to contract with a vendor to study the Wisconsin Veterans Homes during the upcoming biennium to ensure that our state's veterans are receiving quality care.

- Allocates \$330,200 SEG in each year to increase funding for grants to county and Tribal veterans service offices by 25 percent, ensuring that Wisconsin's more than 300,000 veterans have access to vital services regardless of their ZIP code.

- Provides \$3.5 million GPR in each year of the biennium to the Medical College of Wisconsin to support the recruitment and training of psychiatry and behavioral health residents throughout Wisconsin.

STATE BUILDING COMMISSION

Part of ensuring Wisconsinites have access to healthcare is ensuring we have the infrastructure needed to provide quality, affordable care. Using our state's historic GPR surplus, this budget:

- Provides \$17.7 million SEG to improve the patient admissions area at Winnebago Mental Health Institute. This project will create a new intake and assessment area and a new 12-patient bed wing, which will accommodate increasing admissions and provide space to more efficiently observe, diagnose, and determine placement of patients in the facility.

- Provides \$10.7 million SEG to assist with the cost of construction and equipment upgrades for the Marquette University School of Dentistry. The expansion will help increase the supply of dentists in the state, improving accessibility to dental care and improving dental health outcomes.

- Provides nearly \$4.8 million SEG from the state's historic surplus to assist with the expansion costs of the Children's Hospital Dental Center. This expansion will improve access to dental care for our kids, contributing to healthier kids with healthier smiles and reducing the burden on the state's urgent and emergency care departments, which will in turn lower overall dental care costs.

HOUSING

Access to safe, reliable, and affordable housing is a critical part of supporting Wisconsinites' life-long health and well-being—from providing shelter from extreme weather and cold winters to ensuring individuals working to overcome a substance use disorder have a safe place to focus on recovery. To increase the supply of safe, affordable housing and help address the workforce shortages impacting our state, this budget:

- Provides \$50 million in one-time funds to the Wisconsin Housing and Economic Development Authority (WHEDA) which, as a result of a partial veto, can be used to support a housing rehabilitation program to offer grants or forgivable loans to low- to moderate-income households to renovate or repair their current home and address hazards like lead and mold.

- Invests \$275 million in one-time funds for the newly created Residential Housing Infrastructure Revolving Loan Fund at WHEDA to provide low-interest loans that support the creation of new affordable and senior housing.

- Provides \$100 million in one-time dollars to fund the newly created Main Street Housing Rehabilitation Revolving Loan Fund at WHEDA to provide low-interest loans to improve rental workforce housing on the second or third floor of existing buildings.

- Allocates \$100 million in one-time funding for the newly created Commercial-to- Housing Conversion Revolving Loan Fund at WHEDA to provide low-interest loans for the conversion of vacant commercial buildings to new residential developments of workforce or senior housing.

- Increases the limit on notes and bonds that WHEDA can issue that are secured by a capital reserve fund from \$800 million to \$1 billion to continue to finance projects supported with an allocation of state and federal housing tax credits.

### **BUILDING STRONG, SAFE COMMUNITIES**

As Governor, I have made fixing our roads, improving our infrastructure, and investing in our local communities a top priority, and this commitment remains unchanged in my second term. This budget continues to invest in these priorities.

### LOCAL GOVERNMENT AND SHARED REVENUE

For too long, the state has asked local communities to do more with less, forcing local partners to make difficult decisions to cut critical services, including fire and EMS. While the revenue Wisconsin sends back to our communities had been held flat for years, costs to operate local governments have increased. Local partners should have the resources they need to meet basic and unique needs alike. This budget, in combination with 2023 Wisconsin Act 12, finally addresses the dire need for increased shared revenue and funding to local emergency services.

- 2023 Wisconsin Act 12 is a historic piece of legislation that reflects a bipartisan compromise to address the dire need for increased shared revenue and funding to local emergency services. This budget funds the funding structure that was created in Act 12 and provides a \$275 million boost to state aid to localities by funding the supplemental county and municipal aid program. This momentous investment in local communities across Wisconsin includes a \$68 million increase in aid for counties and a \$207 million increase in aid for municipalities in fiscal year 2024-25, representing a 36 percent increase over current county and municipal aid entitlements.

- The legislation provides additional aid to counties and municipalities in fiscal year 2025-26 and beyond by linking both current and supplemental county and municipal aid to the growth rate in the state sales tax.

- The legislation seeks to incentivize local governments to provide the most efficient and cost-effective ways to deliver county and municipal services by providing up to \$300 million in innovation grants.

- The budget provides \$173.8 million in aid payments to local governments to hold them harmless from Act 12's repeal of the burdensome personal property tax.

- The budget provides \$4 million to boost utility aid payments to counties and municipalities for the presence of production plants that generate power using alternative energy or are located on or adjacent to brownfields.

- The budget improves our emergency services network by increasing funding for the Department of Military Affairs' Public Service Answering Point (PSAP) grants by \$12 million in fiscal year 2024-25. This budget also increases funding for the Next Generation 911 GIS grants by \$4.5 million in fiscal year 2024-25.

- This budget increases funding for Department of Justice law enforcement training grants by \$2.3 million by providing \$8.8 million annually from the new Local Government Fund.

- When a crisis occurs, we need our ambulance service providers to respond quickly and have all the necessary equipment to provide lifesaving care. This budget increases the Department of Health Services' emergency medical services funding assistance grant program by \$22.8 million by providing \$25 million annually from the new Local Government Fund.

- o The budget also expands the eligibility for the Department of Health Services' emergency medical services grants to include emergency medical responder departments and allows the use of grants to include nondurable and disposable medical supplies, equipment, and medications.

- The budget provides \$3.6 million in the Joint Committee on Finance supplemental appropriation to compensate counties and, as a result of a partial veto, municipalities impacted by a 2022 federal court decision that exempted from property taxes property within certain reservations owned by a Tribe or Tribal member, regardless of any prior non-Tribal ownership.

### TRANSPORTATION AND INFRASTRUCTURE

The 2023-25 biennial budget makes key strategic investments in our state's critical infrastructure while wisely managing our state finances to save taxpayers money. From increased support for local roads to new investments in important roads used for agricultural transport to bolstering transit funding, the 2023-25 biennial budget will ensure Wisconsin's infrastructure is more resilient and reliable. Specifically, this budget:

- Invests \$555.5 million from the General Fund to the Transportation Fund to fund transportation projects underway or under development, reducing Transportation Fund debt service payments into the future and saving Wisconsin taxpayers money.

- Supports the Transportation Fund with transfers of \$39.3 million in fiscal year 2023-24 and \$55.1 million in fiscal year 2024-25 from the General Fund calculated by estimating the sales tax revenue generated by the sale of electric vehicles. Since electric vehicle drivers do not buy gasoline for their vehicles and thus do not pay the gas tax, this innovative solution will help to improve the sustainability of the state's Transportation Fund and enable future road improvement projects as electric vehicle adoption continues to increase.

- Provides a 2 percent increase in general transportation aids (GTAs) for municipalities and counties in both calendar year 2024 and calendar year 2025. GTAs help local governments pay for road construction, maintenance, traffic operations, and critical support for local Wisconsin communities, and the investments in the 2023-25 biennial budget result in the largest amount of funding for the program in the state's history.

- Provides a 2 percent increase in mass transit aids funding to assist local transit systems in operating costs, which lowers local tax burden. The budget also provides a 4 percent increase in paratransit aids funding and increases funding for specialized transit aids for seniors and persons with disabilities, ensuring these Wisconsinites have equitable access to public transportation needed to travel to work, receive healthcare, or get an education.

- Provides additional, one-time funding for local roads through two programs:

- o First, the budget provides a new round of supplemental funding for the Local Roads Improvement Program (LRIP) at \$100 million in fiscal year 2023-24. LRIP assists local communities by paying for up to 50 percent of local projects that improve deteriorating county highways, town roads, and city and village streets, and this \$100 million supplement to the program will enable more local communities to complete more critical projects.

- o In addition, the budget includes \$150 million to fund the new Agricultural Roads Improvement Program (ARIP) created via 2023 Wisconsin Act 13. ARIP will enable local communities to make targeted investments in eligible projects that support agriculture that would likely otherwise not receive funding from other state aid programs.

- Provides bonding authority and funding levels adequate to keep the following high priority projects on schedule:

- o The Blatnik Bridge replacement project in Superior in partnership with the Minnesota Department of Transportation;

- o The replacement of the I-94/90/39 bridges over the Wisconsin River;

- o The expansion of I-41 in the Fox River Valley;

- o The expansion of I-43 in southeast Wisconsin; and

- o The expansion of I-94 East-West in the city of Milwaukee.

- Allocates \$50 million for a third, southern bridge over the Fox River in Brown County, which will help ease traffic congestion and spur economic development for the region.

- Continues to invest in our Harbor Assistance Program to fund harbor improvements, such as dock reconstruction, mooring structure replacement, dredging, and construction of facilities to hold dredged material.

- Allocates funding to the Airport Improvement Program for aeronautics air traffic control system upgrades, as well as \$7 million to the Appleton International Airport to support a terminal expansion.

STATE BUILDING COMMISSION

- The 2023-25 capital budget includes \$2,384,186,200 in funding or bonding authority for a robust state building program.

- Historically, the state funds these projects with a mix of bonding authority, existing agency funds, and contributions from gifts and grants. With the state’s historic surplus due to sound financial management, over \$1.2 billion of the General Fund’s existing balance is used as an investment in the state’s capital needs. This investment avoids nearly \$500 million in future interest costs as borrowing won’t be necessary for projects funded with this money.

- This budget provides \$32.6 million from the state’s historic surplus and \$45.8 million of existing General Fund supported borrowing to build a Type 1 Juvenile Corrections Facility in Milwaukee County, which would allow justice-involved youth to be housed in a facility closer to family, setting them up for better outcomes when they return to our communities.

STABILIZING OUR JUSTICE SYSTEM

*Department of Corrections*

- In a historically tight labor market, the state has struggled to recruit and retain enough employees, especially at the Department of Corrections, which has grappled with low pay and high vacancies for many years. This budget:

- o Increases the starting wage for correctional security positions to \$33 per hour to reduce staffing vacancies,

- o Supports the continuation of the \$5 per hour add-on at high vacancy facilities,

- o Increases the maximum-security add-on to \$3 per hour, and

- o Creates a \$1 per hour medium-security add-on.

- Additionally, one specific way the Department of Corrections is working to combat opioid use is through medication-assisted treatment, which uses medications, in combination with counseling and behavioral therapies, to treat opioid use disorders. This budget provides \$4,683,300 over the biennium to expand a medication-assisted treatment program.

- The Opening Avenues to Reentry Success (OARS) is a voluntary program that supports the prison-to-community transition of persons in the care of the Department of Corrections living with a serious and persistent mental health illness who are medium to high risk of reoffending. The program has been a success to aid in reentry for people in the department’s care. This budget builds on the success of OARS and invests \$2,272,300 over the biennium in the program.

*District Attorneys, Public Defenders and Courts*

Our justice system relies on honest, hardworking staff in district attorney and public defenders’ offices across the state. Adequately staffing the different components of the justice system is vital to ensuring reasonable caseloads, reducing

burnout, and meeting constitutional protections for justice-involved individuals. This budget:

- Provides \$8,121,200 in each year for market-based salary adjustments for assistant and deputy district attorneys, providing a competitive starting rate of \$36 per hour.
- Provides \$2,104,500 to allow a one-step pay progression for assistant and deputy district attorneys to increase retention of experienced attorneys.
- Provides \$926,200 to increase compensation for elected district attorneys, beginning with their new term in 2025.
- Provides an additional 4.4 FTE assistant district attorney positions across the state over the biennium.
- Provides market-based salary adjustments for assistant state public defenders to increase retention of experienced attorneys. This would result in \$8,148,600 in fiscal year 2023-24 and \$10,260,200 in fiscal year 2024-25. The funding would be sufficient for a starting rate of \$36 per hour and a one-step pay progression in fiscal year 2024-25.
- Improves the State Public Defender’s ability to recruit and retain private attorneys by providing \$8,797,200 in each year to increase the private bar reimbursement rate. This funding would be sufficient for a private bar rate of \$100 per hour and a travel rate of \$50 per hour.
- Provides \$2,469,400 in all funds over the biennium and an additional 8.0 FTE positions to support the creation of four additional circuit court branches beginning in fiscal year 2023-24.
- Provides \$2,644,200 over the biennium to implement new and ongoing cybersecurity initiatives and related maintenance for the court system.

*Department of Justice*

We know we can keep our communities safe by holding offenders accountable, reform our justice system, and save money, all at the same time by using evidence-based practices to help us make better decisions throughout the justice system. This budget:

- Invests \$1 million to expand Wisconsin’s Treatment Alternatives and Diversion (TAD) program, which reduces recidivism and costs by working with individuals outside of the traditional criminal justice system to receive treatment and care in a supportive, encouraging environment designed to accommodate specific needs.
- Converts \$1 million of program funding in each year from justice information system surcharge funding to general purpose revenue to address a current deficit of surcharge funding to ensure a steady funding source for TAD programming.
- Increases the program expenditure authority for the TAD program by \$232,200 in fiscal year 2023-24.
- Provides \$135,000 in fiscal year 2024-25 to create a grant to promote the protection of elders and support the elder

abuse hotline to be administered by the Department of Justice.

- Provides \$136,400 over the biennium and 1.0 FTE position to continue providing training and resources for prosecutors on sexual assault cases.
- Provides \$155,800 in each year of the biennium and 2.0 FTE positions to serve as field prosecutors and assist with investigating and prosecuting drug-related offenses in the Division of Criminal Investigation’s Wausau and Appleton field offices.
- Provides the Department of Justice with \$501,100 and 1.5 FTE positions over the biennium to investigate internet crimes against children, as well as increases expenditure authority by \$250,000 over the biennium for local law enforcement supporting the Internet Crimes Against Children Task Force.
- Provides an additional \$3,404,800 over the biennium to reimburse counties for eligible costs associated with providing services to crime victims and witnesses.
- Provides \$123,600 in fiscal year 2024-25 and 3.0 FTE positions for additional staff at the State Crime Laboratories to support the staffing resources needed to process samples in a timely manner.
- Extends the child in need of protection and/or services pilot program through June 30, 2025.

ADDITIONAL INVESTMENTS IN THE SAFETY OF OUR COMMUNITIES

- Provides \$45 million GPR in fiscal year 2023-24 to fund the replacement costs of the WISCOM system.
- Provides \$2 million GPR in the Joint Committee on Finance supplemental appropriation in fiscal year 2023-24 to provide predisaster flood resilience grants.
- Provides \$1 million GPR in the Joint Committee on Finance supplemental appropriation in fiscal year 2023-24 for disaster assistance to the town of Silver Cliff.
- Provides \$2 million GPR in fiscal year 2024-25 for grants for public safety interoperable communication system upgrades.

**PROTECTING & CONSERVING OUR NATURAL RESOURCES**

Wisconsin has a proud and rich history of conservation and stewardship—from our expansive system of state parks and trails to our freshwater lakes and rivers. I continue to be committed to protecting our environment and improving water quality because these principles are vital to both promoting Wisconsinites’ health and well-being and maintaining our economy’s momentum.

STATE PARKS

Wisconsin’s system of state parks, forests, and trails is the gem of our state, boasting over 100 protected areas and serving over 20 million visitors annually. To ensure facilities in these recreational areas are well maintained, this budget:

- Provides \$29.0 million SEG in one-time funding for capital development projects in state parks and forests. This includes:

- o Nearly \$13.4 million SEG in fiscal year 2023-24 for state parks and forests maintenance and development projects, including \$4 million SEG to improve accessibility for visitors with special needs;

- o \$5.6 million SEG in fiscal year 2023-24 for state forest, parks, and riverway roads maintenance and development projects; and

- o \$10 million SEG in fiscal year 2023-24 for facilities repair and renovation projects at state parks, trails, and recreation areas.

- Provides \$1.5 million SEG in fiscal year 2024-25 as one-time funding to electrify campsites at state parks and eliminates the 35 percent cap on the number of campsites that can be electrified in the state park system. This will allow the Department of Natural Resources to better respond to campsite demand from visitors.

### FORESTRY

- Preserving our forestland and other outdoor spaces is not only important for Wisconsinites' health and well-being but also key to our state's economic success as Wisconsin's forestry industry is a critical facet of the state's economy. This budget increases funding for the Urban Forestry Grant program by \$175,000 SEG annually to combat emerging threats in urban forestry. Urban Forestry Grants can take the form of:

- o Regular grants to support new, innovative projects that will develop sustainable urban and community forestry programs;

- o Startup grants for communities that want to start or restart an urban forestry program; and

- o Catastrophic Storm grants that fund tree repair, removal, or replacement within urban areas following a catastrophic storm event for which the Governor has declared a state of emergency.

- Increases funding for the County Forest Administration Grant program by \$200,000 SEG in each year to support salaries for county forest administrators. Up to 50 percent of the annual salary and fringe benefits for county forest administrators and assistant county forest administrators may be covered by the grant program, supporting Wisconsin counties in their forestry activities and planning.

- Increases funding for the Sustainable Forestry Grant program by \$50,000 SEG in each year to support sustainable forest management projects on county forest land, such as storm-related projects or hiring temporary staff to address short-term workload projects.

- Provides \$807,600 SEG in fiscal year 2023-24 and \$150,000 SEG in fiscal year 2024-25 as one-time funding to acquire and upgrade fire suppression equipment at the

Department of Natural Resources to more effectively combat wildfires.

### CLEAN WATER

Over the last four years, my administration has worked to identify and remediate contamination in ground, surface, and drinking water and to improve water quality for all Wisconsinites. To continue building on this work, this budget:

- Provides \$7.5 million GPR in fiscal year 2023-24 for contaminated sediment removal from sites in the Great Lakes or its tributaries that are on Wisconsin's impaired waters list to continue protecting this resource.

- Provides \$4 million GPR for urban nonpoint source (UNPS) cost-sharing and the municipal flood control (MFC) program. The UNPS program offers competitive grants to local governments for the control of pollution from diffuse urban sources that is carried by storm water runoff, and the MFC program provides cost sharing to municipalities for activities such as property acquisition and removal of structures, floodproofing and flood elevation of structures, and flood mapping.

- Provides \$6.5 million GPR for grants to counties for capital projects that implement land and water resource management plans under the Targeted Runoff Management program, which can reimburse costs for agricultural or urban runoff management practices in targeted, critical geographic areas with surface water or groundwater quality concerns. The budget also provides an additional \$400,000 SEG in each year for noncapital projects under the Targeted Runoff Management program.

- Provides \$7 million GPR for grants to counties for implementation of land and water resource management plans, including cost-share grants to landowners that install conservation practices on their land, such as erosion prevention strategies, through the Soil and Water Resource Management program.

- Provides \$775,000 in fiscal year 2023-24 and \$121,000 in fiscal year 2024-25 to provide additional equipment in the Bureau of Laboratory Services at the Department of Agriculture, Trade and Consumer Protection.

- Provides \$4 million GPR for the repair, reconstruction, and removal of dams.

- Provides \$250,000 SEG in each year to support the Producer-Led Watershed Protection grant program. Funding from this program enables producers and producer-led groups to implement nonpoint source pollution abatement strategies to improve Wisconsin's soil and water quality.

- Provides \$1.8 million SEG in each year on a one-time basis to continue the commercial nitrogen optimization pilot program (NOPP) and cover crop insurance program. These programs were created by 2021 Wisconsin Act 223, which I signed into law in April 2022. NOPP grants aim to refine and enhance the understanding of new methods that optimize commercial nitrogen applied to agricultural fields, helping to protect soil and water resources, while the cover

crop insurance program assists farmers with rebates of \$5 per acre of a cover crop planted for crop insurance premiums paid on those acres.

- Provides \$1 million GPR in fiscal year 2023-24 for financial assistance under the state well compensation program. The well compensation program provides financial support to private well owners to support the replacement, reconstruction, treatment, or abandonment of contaminated private wells.

- o In addition to this investment, in August 2022, my administration created a new well compensation grant program with \$10 million of the state's allocation of federal relief funds. This new program included expanded eligibility criteria to further the reach of the program and better meet the needs of Wisconsin's well owners. Unfortunately, the Legislature rejected these same eligibility changes to the state-funded well compensation program included in my 2023-25 biennial budget proposal.

**ADDITIONAL KEY PRIORITIES**

TRIBAL NATIONS

I deeply value the government-to-government relationship between the 11 federally recognized Tribal Nations within Wisconsin's borders and the state of Wisconsin. With targeted allocations of Tribal gaming revenues to benefit our Tribal partners, the 2023- 25 state budget:

- Provides one-time funding of \$11 million PR-S Tribal gaming revenues to the Joint Committee on Finance supplemental appropriation to fund general assistance grants to the federally recognized Tribes of Wisconsin in fiscal year 2023-24, continuing the grant program created following my recommendation in the 2021-23 state budget.

- Provides one-time funding of \$1.5 million PR-S Tribal gaming revenues annually for grants to nonprofit food assistance organizations that purchase and distribute food to Tribal elders and to entities supporting the growth and operation of participating food producers, with a focus on Indigenous-based and local food producers.

- Provides \$395,800 all funds in fiscal year 2023-24 and \$436,000 all funds in fiscal year 2024-25 to expand the scope of 2021 Wisconsin Act 132 by reimbursing Tribal Nations for subsidized guardianship placements in the same manner as Wisconsin's counties. This funding ensures parity between state residents who are Tribal citizens and non-Tribal citizens.

- Provides \$507,000 PR-S each year in Tribal gaming revenues to support child welfare services of the Menominee Indian Tribe of Wisconsin.

- Provides specific grants using Tribal gaming revenues, including:

- o An annual grant of \$110,100 to the Oneida Nation to support National Estuarine Research Reserve (NERR) system programming. The proposed Green Bay NERR

would be the third NERR within the Great Lakes and will foster important educational opportunities for all Wisconsinites as well as partnership opportunities with Great Lakes Tribal Nations.

- o An annual grant of \$175,000 to the Oneida Nation to support Audubon Great Lakes (AGL) projects. This funding will enable the Nation and AGL to continue their successful bird monitoring and restoration efforts.

- o An annual grant of \$259,100 for the Oneida Nation's Healing to Wellness Court program, which is a voluntary program that provides culturally responsive and community-based support to break the cycle of substance abuse and its negative effects on the community.

- Provides one-time funding of \$109,300 PR-S annually in Tribal gaming revenues to continue funding programming at the University of Wisconsin (UW)- Green Bay that is developed with the Oneida Nation. This increase to base funding was included in the 2021-23 biennial budget but was also made one- time. This partnership supports STEM-related (science, technology, engineering, and mathematics) camps for hundreds of students and provides access to UW-Green Bay's college credit program for high school students.

STATE EMPLOYEES

State employees are one of Wisconsin's greatest assets, providing critical and necessary services to the people of Wisconsin each and every day. The state must be able to offer competitive pay in order to fill vacancies, retain our workforce, and provide the quality service the people of Wisconsin expect and deserve. In recognition of this and the good work state employees do, the budget provides a robust compensation package. This budget:

- Provides \$221.2 million GPR over the biennium for a general wage adjustment for most state employees at state agencies and the University of Wisconsin System of 4 percent in July of 2023, and an additional 2 percent in July of 2024.

- Provides \$4 million GPR over the biennium for targeted market and parity wage adjustments for employees within certain classifications in state agencies to better align their wages to those paid by private and other public sector employees. This adjustment will help the state remain competitive for skilled workers. This budget also provides \$1.2 million GPR in fiscal year 2024-25 to support market wage adjustments for employees within certain information technology-related classifications.

- Provides \$88.4 million GPR in fiscal year 2023-24 to adjust agency compensation budgets to reflect an additional biweekly payroll.

- Provides \$34.7 million in all funds, including \$7 million GPR, over the biennium to support the continuation of existing hourly add-ons to address critical recruitment and retention needs within specific classifications at several state agencies.

- Provides \$291.6 million GPR over the biennium to enhance the pay structure for correctional officers, sergeants,

psychiatric care technicians, and youth counselors at the Department of Corrections and the Department of Health Services to address critical recruitment and retention needs. This funding will support:

- o Increasing the minimum starting hourly wage from \$20.29 to \$33, increasing to \$39 per hour for correctional officers with 25 or more years of experience.
- o Enhancing the existing pay progression for these classifications, plus supervisor parity.
- o Converting the existing \$4 per hour add-on to the base hourly wage.
- Provides other pay initiatives aimed at addressing the workforce shortages at the Department of Corrections, including \$52.4 million over the biennium to support several additional pay initiatives for correctional officers and sergeants, including:
  - o Increasing the existing add-on for employees working within maximum security institutions from \$2 to \$3 per hour;
  - o Implementing a \$1 per hour add-on for employees working within medium security institutions; and
  - o Continuing the \$5 per hour add-on for correctional officers, sergeants, and agents working as officers within institutions with vacancy rates greater than 40 percent among security classifications.
- Extends the long-term service award program for protective positions within the Department of Corrections and the Department of Health Services and provides \$545,200 in fiscal year 2023-24.
- Provides \$6 million GPR over the biennium to institute a pay progression for probation and parole officers at the Department of Corrections and to modify the existing pay progressions for wardens at the Department of Natural Resources and the Wisconsin State Capitol Police.

GENERAL GOVERNMENT

- This budget, as partially vetoed, provides \$10 million in one-time funding to the Joint Committee on Finance supplemental appropriation to fund the creation of an endowment at WisconsinEye. The funding would support a dollar-for-dollar match to ensure continued funding of WisconsinEye and eliminate the need for paid subscriptions to access content of public meetings, increasing transparency and access to government proceedings for Wisconsinites.
- This budget provides \$711,000 over the biennium to the Ethics Commission to fund the replacement of the existing website, which is out-of-date and has shown reliability issues.
- This budget provides \$400 million in fiscal year 2023-24 to pay debt service on appropriation obligation bonds issued to repurchase the rights to the state’s tobacco settlement revenues.
- This budget provides ongoing funding to the Department of Employee Trust Funds to support ongoing

operational expenses associated with the modernization of the department’s insurance administration system. Additionally, it provides 7.0 FTE positions to support the long-term information technology modernization project, which includes the modernization of the insurance administration system and the pension administration system.

While this budget notably includes many items that address immediate needs and priorities, in addition to imminent needs and necessary investments I raised above, I would be remiss if I did not note where it falls incomplete:

The Legislature’s budget left much to be desired when it comes to doing what is best for our kids by fully funding our public schools. Although I reached a compromise with legislative leaders to provide additional revenue limit authority and continuation of the state’s two-thirds funding commitment in this biennium, I would have liked to see the Legislature do better for our kids and our schools by providing more significant increases in many categorical aids to our schools. This missed opportunity is especially disappointing in light of the significant resources that the Legislature dedicated to the School Levy Tax Credit—funding that could have instead been directed to our schools to be spent in classrooms, delivering for our kids while also helping to keep the pressures of school funding off the property tax. Further, the Legislature did not invest in any of the proposed initiatives to help Wisconsin schools recruit and retain our best and brightest teachers and staff—a huge mistake in the midst of a school staffing shortage. Additionally, we have work to do to ensure state investments we make in our kids and our schools can keep up with inflation.

I am glad this budget will ensure our school districts have predictable, long-term revenue limit authority increases, in part, to help meet rising costs in the future. I hope that as we continue to work together going forward, the Legislature will listen more closely to our school leaders, who have been clear about the need for increases in order for Wisconsin schools to have the resources to deliver a high-quality education for each and every one of our kids.

We know the importance of doing what we can as elected officials to make smart, prudent investments, and in some cases, that includes building or expanding the facilities necessary to benefit our economy and further bolster our workforce. I, along with many others across our state, remain chagrined regarding the Legislature’s decision to reject important projects such as the University of Wisconsin-Madison’s new engineering building and the completion of the University of Wisconsin-La Crosse’s Prairie Springs Science Center, refusing to enumerate these projects in this biennial budget. This decision is, at best, short-sighted, at worst, purely political and petty. Any legislative discussions about “talent attraction” or being economically competitive ring hollow as long as the Legislature refuses to meaningfully invest in our Wisconsin Technical College and University of Wisconsin Systems, including our world-class research institution at UW-Madison, which are essential economic engines for our state.

The Legislature also rejected my budget recommendations to extend postpartum coverage for Medicaid-eligible mothers from 60 days to one year, which over 40 states have already implemented or are planning to implement in the near future. This extended timeline would have ensured that mothers and their newborns would retain health insurance during this critical time period. Additionally, I am also consistently befuddled and dismayed by the Legislature’s continued refusal to adopt Medicaid expansion even as Republican legislators across the country are supporting efforts to do so. In Wisconsin, this would have resulted in more than \$1.6 billion in state savings due to additional federal funding that we could use to further invest in healthcare, education, our environment, or anywhere else. This is foolish.

As long as I am Governor, I will seek to expand BadgerCare because making sure every Wisconsinite has access to high-quality, affordable healthcare is the right thing to do.

Finally, I am disappointed with the Legislature’s chosen course of action related to taxes. I am proud that 86 percent of Wisconsin taxpayers have seen an income tax cut of 15 percent or more, with 2.4 million taxpayers getting relief, under tax cuts I have signed into law. I also promised cutting taxes would be part of our agenda in this budget to help working families afford rising costs, but that it had to be real, responsible, and targeted to working Wisconsinites who need the extra breathing room. The Republican plan sent to my desk is neither real, nor responsible, nor meaningfully targeted to the middle class.

First, the income tax proposal forwarded to me could result in the state having to repay billions of dollars it received under the American Rescue Plan Act (ARPA) of 2021—a risk I am unwilling to take. Second, instead of supporting my 10 percent middle-class tax cut to provide over \$1.2 billion in targeted income tax relief over the biennium for working families, caregivers, parents, veterans with disabilities, and seniors, roughly half of this proposed tax plan would go to filers with incomes above \$200,000. Under this proposal, 11 taxpayers who make over \$75 million per year would receive an average cut of \$1.8 million per year. Third, this approach is frankly fiscally irresponsible going forward and would put us in a position where we would almost certainly have to reduce funding and ongoing commitments to our schools, healthcare providers, local municipalities, and many other priorities in the next budget.

In recent months, we have worked together to address critical needs, reach bipartisan consensus and compromise, and accomplish important work for the people of our state. I am optimistic that our work together can continue—and it must. I urge members of the Legislature to continue the work on this budget throughout the remainder of this legislative session so that we can bolster our state’s workforce, maintain our economic momentum, and, most importantly, do the right thing for Wisconsin.

Respectfully Submitted,  
*TONY EVERS*

**A. INVESTING IN WHAT’S BEST FOR KIDS**

**1. Per Pupil Revenue Limit Adjustment**

*Sections 402, 403, 404, and 408*

These sections provide the formula resulting in per pupil revenue limit adjustments of \$325 in fiscal year 2023-24 and fiscal year 2024-25 for public school districts.

I am partially vetoing sections 402, 403, 404, and 408 to provide a \$325 per pupil revenue limit adjustment in each year from 2023 through 2425. I object to the failure of the Legislature to address the long-term financial needs of school districts. This veto makes no changes to the per pupil revenue limit adjustment provided in the 2023-24 and 2024-25 school years and provides school districts with predictable long-term spending authority increases.

I have repeatedly recommended restoring the inflationary indexing of the per pupil revenue limit adjustment, which was in place prior to fiscal year 2009-10. Providing increased and continuing resources to school districts through the per pupil revenue limit adjustment, as recommended by the Legislature's 2019 Blue Ribbon Commission on School Funding, should be something all Wisconsinites can support.

I have often said that what is best for our kids is what is best for our state. As a result of this veto, I am requesting the Department of Public Instruction provide and account for this per pupil revenue limit adjustment authority of \$179 plus \$146 for a total of \$325 in each year from 2023-24 until 2425.

**2. High Poverty Aid**

*Sections 67, 394, 395, 396, 400, 401g, and 9334*

These sections repeal and remove funding from the existing aid for the high poverty school districts appropriation under s. 20.255 (2) (bb). School districts are eligible for this aid if at least half of their enrollment meets the income criteria for a free and reduced-price lunch in the federal school lunch program.

I am vetoing these sections to retain the appropriation that exists under current law in s. 20.255 (2) (bb) with zero dollars, and to retain the statutory references to high poverty

aid. I object to eliminating this aid program without also providing sufficient increases in general equalization aid. The Legislature has chosen to provide greater investment in the school levy tax credit than general equalization aid in this budget. This is a less equitable funding model for school district costs and is in direct conflict with recommendations by the Legislature's 2019 Blue Ribbon Commission on School Funding. Through this veto, I am retaining the appropriation so that the state has a clear pathway to support high poverty school districts.

**3. Lakeland STAR Academy**

*Sections 51 [as it relates to s. 20.255 (2) (ag)], 65, 66, 9134, and 9434*

These sections provide \$250,000 GPR in fiscal year 2023-24 and \$500,000 GPR in fiscal year 2024-25 in a newly created annual appropriation for grants to the Lakeland STAR Academy. Specifically, they require the Department of Public Instruction to provide a grant to the Lakeland UHS School District for the Lakeland STAR Academy. No payments could be made from this appropriation after June 30, 2025.

I am partially vetoing section 51 [as it relates to s. 20.255 (2) (ag)] and vetoing the remaining sections in their entirety to eliminate the grant program for Lakeland STAR Academy. I object to providing state grants to a specific school when the Legislature has failed to provide the needed level of state dollars in a number of critical programs that serve schools statewide, such as special education, school nutrition, or mental health categorical aid programs. There are hundreds of charter schools authorized by public school districts, and it is unfair and inequitable to single out one school for a state grant. As I have said before, every kid in Wisconsin should be able to get a great education in a public school regardless of what district they live in, and state funding decisions should not pick winners and losers among our kids.

**4. Online Early Learning Pilot Sunset Date**

*Sections 51 [as it relates to s. 20.255 (3) (df)], 473, 474, 475, and 476*

These sections modify the repeal of the online early learning program; grant appropriation under s. 20.255 (3) (df) from July 1, 2023, to July 1, 2027, and make modifications for the service provider contract to continue until the new sunset date.

I am partially vetoing section 51 [as it relates to s. 20.255 (3) (df)] and vetoing the remaining sections in their entirety because I object to extending the existing sunset date on this program before the compiled annual reports regarding the program are submitted to the Legislature and made public. The program, which aims to provide prekindergarten online instruction in six school districts, has seen lower than expected participation and had less than 20 percent of children complete the final assessment in the only year in which that data is available. If the participating school districts find sufficient value from services provided by the contracted program administrator, they may utilize their

significantly increased revenue limit authority to support such services in the future.

**5. Child Care Fund**

*Sections 51 [as it relates to s. 20.192 (1) (bn)] and 61*

These sections create a continuing appropriation for the Wisconsin Economic Development Corporation to create a revolving loan fund for child care providers. Separately, \$15,000,000 GPR was placed in the Joint Committee on Finance's supplemental appropriation for this purpose.

I am partially vetoing these sections to remove references to revolving loans because I object to limiting the Wisconsin Economic Development Corporation's flexibility in disbursing these funds to child care providers given the Legislature's refusal to make substantial investments to bolster our state's child care industry and help keep child care providers open to support our state's workforce. By partially vetoing these sections to remove references to revolving loans, any funding made available under this appropriation could be distributed as grants to child care providers instead of loans.

Wisconsin already has historically low unemployment and historically high workforce participation. Child care is an essential part of keeping workers in our state's workforce, which is critical to maintaining our state's economic momentum. As a result of the Legislature's inaction, more working families will struggle to find and afford quality child care, workers who cannot find or afford child care will be forced to leave our workforce, and employers will continue to struggle to retain and recruit workers across our state, especially in our rural communities.

I recommended providing more than \$303 million GPR over the biennium to address the longstanding, structural challenges of the child care industry in Wisconsin by continuing the successful Child Care Counts program. Investing in child care is what is best for our kids, it is what is best for our families, and it is also what is best for our state's workforce. The Legislature's decision to include less than a fraction of what I proposed to stabilize our child care industry for a revolving loan fund suggests a fundamental lack of appreciation for and understanding of the magnitude of the child care crisis facing our state and its implications for our state's workforce and our economy. By some estimates, failing to provide the necessary state funds to continue Child Care Counts will affect tens of thousands of Wisconsin's kids, could cause thousands of child care programs to close, and could result in hundreds of millions of dollars in losses to our workforce and economy. Given this, the Wisconsin Economic Development Corporation should have flexibility to utilize these funds in the way that will be most helpful to addressing our child care crisis.

While my actions today improve the Legislature's minimal effort, I also want to be clear: this is not a long-term solution to our state's longstanding child care crisis. The Legislature's work during this biennium to meaningfully support our state's child care industry remains incomplete.

**6. REWARD Bonuses**

*Section 282c*

This section specifies that the additional \$5,000,000 allocated for child care quality initiatives be spent on bonuses to child care workers under the REWARD program. Under current law, the Department of Children and Families has the flexibility to distribute funding between the child care scholarship program (TEACH) and the child care bonus program (REWARD) as needed.

I am vetoing this section because I object to placing additional constraints on the department in administering the TEACH and REWARD programs. Given the Legislature's failure to meaningfully address Wisconsin's child care needs, it is essential that the department have as much flexibility as possible with the funding available for child care related purposes. By vetoing this section, the department will have the necessary flexibility to use the new funding and base funding for both the TEACH and REWARD programs as needed to best retain early childhood educators.

**B. STRENGTHENING OUR ECONOMY & FUTURE WORKFORCE**

**7. Individual Income Tax Rate Reduction**

*Sections 328, 329, 332, 333, 336, and 337*

These sections reduce the individual income tax rates in the third and fourth income tax brackets from 5.30 percent to 4.40 percent and 7.65 percent to 6.50 percent, respectively, effective with tax year 2023.

I am vetoing these sections because I object to the Legislature's chosen course of action on individual income taxes on multiple grounds. First, states receiving federal funding under the State and Local Fiscal Recovery Fund (SLFRF) of the American Rescue Plan Act of 2021 are prohibited from utilizing these funds to either directly or indirectly offset tax reductions. The income tax proposal forwarded to me could result in the state having to repay billions of dollars it received under from the SLFRF, which is a risk to the state that I am unwilling to take.

Second, their plan is focused heavily on cuts benefiting the wealthiest individuals in our state as roughly one-half of their proposed tax cut would go to filers with incomes above \$200,000. The Legislature did this while ignoring my recommendations to provide over \$1.2 billion over the biennium of targeted income tax relief to the true middle-class as well as to family caregivers, veterans with disabilities, seniors who can no longer claim the Homestead Credit, and hard-working but low-wage earners who can no longer claim the Earned Income Tax Credit.

Third, this approach is fiscally irresponsible going forward and would put Wisconsin in a position where we would almost certainly have to reduce current funding and ongoing commitments to our schools, healthcare providers, local municipalities, and many other priorities in the next budget.

While my vetoes eliminate the Legislature’s tax cuts for the top two individual income tax brackets, my action preserves the tax cuts in the bottom two brackets, with the rate on the lowest bracket dropping from 3.54 percent to 3.50 percent and the second bracket dropping from 4.65 percent to 4.40 percent. By enacting the tax cuts for the bottom two tax brackets into law, the cumulative annual amount of responsible individual income tax reductions that I have enacted since being sworn in as Governor has increased to \$1.5 billion annually.

The fiscal effect of this veto is an increase in general fund tax revenue of \$1,402,500,000 in fiscal year 2023-24 and \$1,333,600,000 in fiscal year 2024-25.

**8. Withholding Table Update**

*Section 9137*

This section requires the Department of Revenue to update individual income tax withholding tables to reflect the tax rates, income brackets, and sliding scale standard deduction that are in effect for taxable year 2024. The adjustments made under this section would take effect on January 1, 2024. The withholding table update would therefore reflect the rate reductions included in the 2023-25 biennial budget and indexing adjustments to both income tax brackets and the sliding scale standard deduction.

I am vetoing this section in its entirety because I object to legislatively directing the Department of Revenue to make these withholding table adjustments, as adjusting the withholding tables is already within its authority. This veto does not change anyone's tax liability. The secretary of the Department of Revenue has the ability under current law to make these adjustments as appropriate and will assess whether and when these updates should be made within the full context of revenue collection trends and other state priorities, as was done with the reduction in taxes in the 2021-23 biennium. The estimated fiscal effect of this veto is an increase in general fund tax revenues of \$603,400,000 in fiscal year 2023- 24.

**9. Fund of Funds Program**

*Sections 31, 32, 33, and 35*

These sections require the fund of funds program to repay the additional \$25 million provided to the fund of funds program under the bill and, thereafter, to pay 90 percent of gross investment returns for deposit in the general fund. Additionally, these sections require the Department of Administration to submit a report by March 1, 2024, assessing program performance and recommendations for improvement.

I am vetoing these sections because I object to payments that reduce the balance of assets available to the fund of funds for investment. These payments may undermine efforts to attract additional co-investors in the fund of funds program if such investors do not have confidence that the program will be able to continue into the future. Allowing the program to retain and reinvest the funds will improve the state’s venture capital ecosystem and support increases in start-up funding

across Wisconsin. Further, I object to the additional reporting requirement, since comprehensive reports under the current program were submitted in 2015 and 2018, and the program provides quarterly reports under current law.

**10. Diversity, Equity, and Inclusion Positions**

*Section 9147 (1)*

This section requires that 188.80 FTE GPR positions performing functions related to diversity, equity, and inclusion be deauthorized for the Board of Regents of the University of Wisconsin System.

I am vetoing this section because I object to this infringement on the Board of Regents' authority to manage the University of Wisconsin System and believe it is in the state's best interests to allow the system to preserve and continue its dedication to diversity, equity, and inclusion as it sees fit.

The Board of Regents is not an extension of any branch of government or political party; the Regents have long been entrusted with the independence and autonomy to not only make the decisions that are best for our students and our campuses but to protect the institutions that have defined our state for generations.

These positions function to improve the University of Wisconsin experience for all and work to help students, staff, and faculty from all backgrounds and experiences reach their full potential. Importantly, the University of Wisconsin System and the Board of Regents are also not alone in this important work—their commitments and efforts relating to diversity, equity, and inclusion mirror those that have been heralded by the private sector and corporate industry for years, including by business leaders and chambers of commerce in Wisconsin.

At a time when our University of Wisconsin System’s enrollment is already declining as our state faces historically low unemployment and historically high workforce participation, the Legislature should be focused on efforts and investments that will support retaining and recruiting talented workers. This is a step in the opposite direction.

As a result of this veto, the Board of Regents retains position authority for these 188.80 FTE GPR positions performing functions related to diversity, equity, and inclusion at campuses across the University of Wisconsin System.

**11. Washington County Branch Campus Transition**

*Sections 51 [as it relates to s. 20.865 (4) (a)] and 9147 (2)*

These sections provide \$3,350,000 GPR in fiscal year 2023-24 in the Joint Committee on Finance’s supplemental appropriation for release to the University of Wisconsin System after it develops and submits a plan to the Joint Committee on Finance to restructure the University of Wisconsin-Milwaukee at Washington County branch campus. Specifically, the plan would transition the Washington County branch campus to a joint operation of

Washington County and the Moraine Park Technical College district board, rather than a University of Wisconsin System campus.

I am partially vetoing section 51 [as it relates to s. 20.865 (4) (a)] by lining out the amount under s. 20.865 (4) (a) and writing in a smaller amount that reduces the appropriation by \$3,350,000 in fiscal year 2023-24, and vetoing section 9147 (2) to remove the plan requirement. I object to the Legislature singling out only one of our state's branch campuses when many campuses are facing challenges, in part due to the Legislature's repeated failure to provide an adequate level of funding for the University of Wisconsin System. I further object to the Legislature determining a matter that is within the purview of the discretion and responsibility of the University of Wisconsin Board of Regents and the University of Wisconsin-Milwaukee, as well as the Wisconsin Technical College System Board and Moraine Park Technical College. As a result of this veto, these entities may collaborate if they so choose, but they will not be treated differently than other counties or campuses. I further request that the Department of Administration secretary not allot these funds.

**12. Visit Milwaukee Earmark**

*Section 9143 (3)*

This provision requires the Department of Tourism to award a grant of \$10 million GPR in fiscal year 2023-24 to the Greater Milwaukee Convention & Visitors Bureau, Inc., also known as "Visit Milwaukee." Funding for the grant is provided in the department's appropriation under s. 20.380 (1) (b).

I am partially vetoing this provision because I object to the Legislature providing this level of funding to Visit Milwaukee when they have failed to adequately fund so many important priorities for our state, from child care to higher education. As vetoed, this provision requires a grant of \$1,000,000 to Visit Milwaukee, instead of \$10,000,000; retains the remaining \$9,000,000 for general marketing purposes; and removes the requirement of awarding the grant in fiscal year 2023-24. This will provide greater flexibility to the department to use its expertise to maximize available funding to increase tourism. By engaging individuals with Wisconsin's many entertainment and recreational options throughout the state, we will raise Wisconsin's profile across the country as a premier business, cultural, and recreational destination.

**13. Talent Attraction and Retention Initiatives**

*Section 9149*

This section creates a requirement specifying that the Wisconsin Economic Development Corporation (WEDC) must expend at least \$4,000,000 during the 2023-25 biennium from its existing appropriations on initiatives for talent attraction and retention, of which \$2,000,000 must be expended in consultation with the Department of Veterans Affairs for the attraction and retention of veterans in Wisconsin's workforce. Additionally, this section requires WEDC to evaluate and report program outcomes related to these talent attraction and retention initiatives to the

Assembly Committee on Jobs, Economy and Small Business Development and the Senate Committee on Economic Development and Technical Colleges on or before September 1, 2024, relating to fiscal year 2023-24, and on or before September 1, 2025, relating to fiscal year 2024-25.

I am vetoing this section because I object to the Legislature restricting WEDC in program areas where it already makes such investments and has full authority to collaborate with state agencies, including the Department of Veterans Affairs.

Addressing our state's longstanding workforce challenges is a top priority for my administration, as was reflected in my recommendations and investments in this biennial budget, many of which the Legislature removed. Thankfully, WEDC, the Department of Workforce Development, and the Department of Veterans Affairs have not sat around idly, awaiting the Legislature's directive to conduct talent and attraction efforts or implement efforts to support veterans in our workforce—this is work we have been doing for some time without prompting by the Legislature. If the Legislature were serious about supporting my administration's ongoing efforts to meaningfully address our state's workforce challenges and retain and recruit talented workers, they would provide new funding to expand and bolster these very efforts.

Talent attraction and retention will continue to remain a top priority for my entire administration, and this veto will allow WEDC to continue its efforts with more flexibility and collaboration in its approach than it would have had under the requirements proposed by the Legislature. I further object to these requirements because they ignore the important assistance to veterans provided by the Department of Workforce Development. With its existing funding and authority, I expect WEDC to continue to work on vital talent attraction and retention initiatives, including those aimed at attracting and retaining veterans. Additionally, I object to the creation of an unnecessary reporting requirement by the Legislature.

**14. Vibrant Spaces Grant Program**

*Section 436*

This section prohibits the Wisconsin Economic Development Corporation (WEDC) from expending its funds on the Vibrant Spaces Grant program, as constituted under WEDC's policies and procedures on May 1, 2023, or any similar program.

I am vetoing this section because I object to the Legislature's micromanaging of WEDC activities. Programs developed and administered by WEDC are approved by its board of directors, which includes members of the Legislature. If the board wishes to approve or deny any specific program proposed by WEDC, the board has the ability to do so.

**C. SUPPORTING HEALTHIER WISCONSINITES**

**15. Medicaid Coverage of Gender-Affirming Care**

*Sections 308, 309, 310, and 311*

These sections prohibit, to the extent permitted by federal law, Medicaid payment for puberty-blocking medicine used for the purposes of gender dysphoria or gender transition and gender-affirming surgery.

I am vetoing these sections because I object to perpetuating hateful, discriminatory, and anti-LGBTQ policies and rhetoric, including those targeted at the transgender and gender nonconforming community. Gender-affirming care for transgender and gender nonconforming people with gender dysphoria is recognized as the standard treatment by most major medical associations. Reducing access to gender-affirming care would only magnify the inequities in health outcomes already faced by the LGBTQ community. I support LGBTQ Wisconsinites and will continue to do everything in my power to protect their rights and keep them safe.

**16. Housing Rehabilitation**

*Sections 51 [as it relates to s. 20.490 (6) (d)] and 134*

These sections create GPR continuing appropriations for the Wisconsin Housing and Economic Development Authority (WHEDA) to create revolving loan funds, including one for housing rehabilitation projects.

I am partially vetoing these sections because I object to the Legislature providing funding for housing rehabilitation only through a revolving loan program rather than as a grant or a forgivable loan program. Unlike the other housing-related revolving loan programs that the Legislature funded in this bill, this program is targeted to homeowners and not developers. These homeowners already struggle to afford rehabilitation or renovation projects in their homes to deal with lead, mold, and other safety or structural issues. By partially vetoing these sections, the funds in the appropriation could be distributed as grants or forgivable loans to homeowners that WHEDA determines most need the assistance.

**17. Family Care Managed Care Organizations Report**

*Section 244*

This section requires the Department of Health Services to collect and make publicly available the financial summaries of the managed care organizations for the Family Care program, the Family Care Partnership program, and the Program for the All-Inclusive Care for the Elderly. Specifically, the department is required to report the executive leadership salaries for the organizations, as well as the amounts retrieved by the state under the contractual risk corridors.

The section further requires the managed care organizations for these programs to track and report to the department the total authorized and total provided care plan hours by service category. Finally, the section requires the department to report this information to the Joint Committee on Finance by April 1 of each year.

I am vetoing this section because I object to the Legislature dictating this level of specificity in statute, and because I object to imposing these administratively

burdensome requirements on the department. Finally, I object to the Legislature not providing any resources for the department to perform this work.

**18. Newborn Screening Program Card Fee**

*Section 438m*

This section specifies that the newborn screening card fee imposed by the Department of Health Services cannot be less than \$159.25. This section also requires that at least \$110.75 from each newborn screening card sold be credited to the Wisconsin State Laboratory of Hygiene.

I object to this section because the fee increase does not meet the funding needs of the newborn screening program and does not distribute the revenues collected equitably between the two agencies. I am, therefore, partially vetoing this section to increase the minimum newborn screening card fee to \$195 and to specify that at least \$75 from each newborn screening card sold be credited to the Wisconsin State Laboratory of Hygiene. Newborn screening is an important tool in caring for our youngest Wisconsinites, and it is important that the program have an adequate level of funding. As a result of this veto, the amount of the fee will be closer to reflecting the needs of the program. I am also directing the Department of Health Services to work with the Wisconsin State Laboratory of Hygiene to determine an appropriate total fee to meet the needs of both agencies, as well as determining the share of the fee to be credited to the Wisconsin State Laboratory of Hygiene.

**19. Study for a Master Plan for the Veterans Homes**

*Section 9148 (1)*

This section requires the Department of Veterans Affairs to contract with an entity during the 2023-25 biennium to complete a study of the Wisconsin Veterans Home campus at King. The study is intended to provide a framework to guide decision making at King and must be completed by January 1, 2025.

I am partially vetoing this section to remove the specific reference to the campus at King because I object to the limited nature of the study. In my budget, I proposed a comprehensive analysis of the long-term care needs of all Wisconsin veterans, not just those who may choose to live at King. My partial veto will allow the department to complete a more thorough review of the needs of our veterans homes, which will include but is not limited to a plan for the King campus.

**20. Medical College of Wisconsin Psychiatry and Behavioral Health Residency Program Reporting Requirements**

*Section 1*

This section requires the Medical College of Wisconsin to include in its biennial report to the Governor and Legislature program data for its newly created Psychiatry and Behavioral Health Residency Program.

I am vetoing this section because I object to adding requirements to a report that is already administratively burdensome.

**D. UILDING STRONG, SAFE COMMUNITIES**

**21. Grants for Local Projects**

*Section 8*

This section establishes criteria for the disbursement of \$50,000,000 pertaining to grants for local projects under a grant program established and operated by the State Building Commission.

I am partially vetoing this section because I object to imposing unnecessary administrative burdens, limitations, and steps on the program. I am partially vetoing this section to remove the requirement for approval by the Joint Committee on Finance because it adds an additional and administratively burdensome step to the existing and long relied upon process of evaluation of the State Building Program, including release of non-state grants, through the State Building Commission. I am also partially vetoing this section to remove the requirement that a grant administered under this program should not exceed \$4,000,000 because it will severely inhibit the scope and economic opportunities of projects under this program and is not in line with the past practice of the state with regard to the amounts awarded to past non-state grant recipients. Finally, I am partially vetoing this section to remove the requirement that grants be submitted to the State Building Commission on behalf of a nonstate entity applicant by the municipality in which the construction project is or will be located because it will insert an unnecessary step in the grant awarding process and this requirement is inconsistent with State Building Commission past practice.

**22. Type 1 Juvenile Correctional Facility and the National Guard Challenge Academy**

*Sections 9104 (8) and 9104 (9)*

These provisions allocate funding for a new Type 1 Juvenile Correctional Facility and the Wisconsin National Guard Challenge Academy.

I am partially vetoing these provisions to remove the gross square footage specifications because I object to preemptively requiring a metric, such as a specific gross square footage, in the early stages of construction design. Including this metric in the bill is not consistent with prior budget acts.

**23. State Capitol Fiber and Cable Upgrades**

*Section 9104 (11)*

This provision allocates funding to develop plans and specifications for fiber and cable upgrades at the State Capitol.

I am partially vetoing this provision because the Department of Administration is already working with the chief clerk of each house of the Legislature and the Legislative Technology Services Bureau in developing plans

and specifications for the project. I object to specifying this requirement in the bill because it is not necessary.

**24. Lac Courte Oreilles Decision – Aid Payments**

*Sections 152, 163, 164, and 9451*

These sections create two annual PR appropriations to make payments to counties impacted by the 2022 federal court decision that exempted from property taxes property covered under the 1854 Treaty of La Pointe that is owned by a Tribe or Tribal member within certain reservations in Wisconsin, regardless of any prior non-Tribal ownership. Included in these sections is a provision that sunsets the two PR appropriations created for the purpose of disbursing these payments on July 1, 2025. A separate provision in the budget bill places \$3,613,000 in the Joint Committee on Finance PR supplemental appropriation from which funds may be allocated for making these payments.

I am partially vetoing section 163 to remove the provision that restricts the payments to only counties because I object to excluding municipalities impacted by the federal court decision from the opportunity to receive aid payments. I have heard from local elected officials who are impacted by this court decision, and I believe it is important to maintain flexibility as we continue conversations with local stakeholders on the best way to address both local needs and the impact on property taxpayers. I am also vetoing sections 152, 164, and 9451 that sunset the two appropriations on July 1, 2025, because I object to unnecessarily limiting the availability of the funds to the 2023-25 biennium. With my vetoes, the state will have flexibility to potentially provide assistance to both counties and municipalities, and the appropriation framework will remain in place to potentially allow these payments to continue beyond the 2023-25 biennium.

**25. Town of Sanborn Levy Limits**

*Sections 315, 320, and 9144 (12)*

These sections include provisions that prohibit the town of Sanborn from imposing a property tax levy above five mills, prohibit the town from requesting a chargeback of property tax refunds issued by the town, and remove the town’s ability to use the levy limit debt service exclusion for debt service on general obligation bonds issued after July 1, 2005.

I am vetoing these sections because I object to such distinct and constraining limits on local control for one specific municipality in perpetuity. While I share the concern regarding impacts to local property taxpayers, this approach of restricting local control may unnecessarily hinder the town of Sanborn’s flexibility to address its own unique fiscal circumstances as well as unanticipated future expenses needed to maintain quality of service for the local community. These decisions are best left to local residents and town officials who know best how to balance the needs of their own community.

**26. Annual Transfer of Local Government Fund Balance**

*Section 39 [as it relates to the creation of s. 16.5186 (3)]*

This section requires the Department of Administration to transfer from the general fund to the newly created local government fund the funding amount for the innovation planning grants account and innovation account and an amount equal to 20 percent of sales and use taxes, which will fund new and existing shared revenue programs beginning in fiscal year 2024-25, as outlined under 2023 Wisconsin Act 12. The budget bill also specifies that, in fiscal year 2025-26 and thereafter, the amount transferred from the general fund to the local government fund for these programs will be equal to the amount transferred the year before, plus an amount necessary to allow both existing and supplemental county and municipal aid funding levels to increase by the percentage change in estimated sales tax collections.

This section also requires the Department of Administration to transfer back to the general fund the unencumbered balance of the local government fund at the end of each fiscal year (other than amounts credited to the innovation grants account, the innovation planning grants account, and a required reserve amount). I am partially vetoing this section to remove the provision requiring the local government fund to transfer the unencumbered balance back to the general fund at the end of each fiscal year because I object to diverting any funds transferred to the local government fund away from our local governments. While the combination of 2023 Wisconsin Act 12 and this budget have resulted in historic investments in county and municipal aids, we should honor our commitment to send 20 percent of the state's sales tax revenue back to local communities to support public safety, law enforcement, and other county and municipal needs. We should work together to invest these funds back into communities large and small across Wisconsin.

The fiscal effect of this veto is a reduction in GPR-earned of \$17,173,200 in fiscal year 2024-25 and an increase in the local government fund's ending balance of this same dollar amount.

**27. Innovation Grants and Innovation Planning Grants Appropriations**

*Sections 167 and 168*

These sections create two continuing SEG appropriations for the distribution of innovation grants and innovation planning grants, created under 2023 Wisconsin Act 12 and funded from the newly created local government fund, to be awarded to counties and municipalities. Separate provisions of the budget bill transfer a total of \$303 million from the general fund to the local government fund to provide funding for these two appropriations. Included in these sections are provisions that require any unencumbered balances in these appropriations to lapse back to the general fund at the end of the fourth fiscal year after the date that the Department of Revenue has promulgated rules pertaining to these programs.

I am partially vetoing these sections to remove the provisions that lapse the unencumbered balances of both the

innovation grants appropriation and the innovation planning grants appropriation back to the general fund because I object to depriving the local government fund of revenues that could be used to either extend these programs in the future or to increase other state aids to counties and municipalities. While the combination of 2023 Wisconsin Act 12 and this budget have made the first progress in increasing county and municipal aids in over 20 years, the needs of our local governments have not been fully addressed. Consequently, the unencumbered balances of the innovation grant and innovation planning grant appropriations should remain in the local government fund to provide the state with the necessary budget flexibility to address unmet county and municipal needs.

**28. Municipal Sales Tax Appropriation**

*Section 156*

This section creates a continuing PR appropriation under the Department of Revenue for the administration of municipal sales taxes. Under 2023 Wisconsin Act 12, the city of Milwaukee is allowed to adopt a 2.0 percent local sales tax if approved by two-thirds of the common council. This appropriation would receive 1.75 percent of the local sales tax collections in the city to support department costs associated with administering the local sales tax. Included in this section is a provision that requires any unencumbered balance in this appropriation to lapse to the general fund at the end of each fiscal year.

I am partially vetoing this section to remove the provision that lapses the unencumbered balance of the municipal sales tax administrative appropriation to the general fund. I am vetoing this lapse provision because I object to transferring local sales tax collections in excess of the department's administrative costs within a state fiscal year to the general fund for an unspecified purpose. The city of Milwaukee sales tax has been authorized by the state for a specific purpose, namely to address Milwaukee's significant and unique financial challenges. While it is reasonable for the state to receive funds necessary to accomplish its work administering this local sales tax, the state should not financially benefit from the city's sales tax beyond the amount required for this work. These local sales tax dollars, paid locally in the community, should be returned to the city of Milwaukee for local purposes if they exceed the state's administrative needs. As a result of my veto, unencumbered department administrative fee collections over the department's costs will remain in this appropriation and thus could be later distributed to the city of Milwaukee for the purposes provided for this local tax under 2023 Wisconsin Act 12. The distribution of excess department administrative fee collections back to the local entity imposing the tax from which the fee is derived is consistent with the treatment of the Milwaukee exposition taxes, premier resort area taxes, and the previous football and baseball stadium taxes.

**29. Increases in Mileage Aid Payments**

*Section 377m [as it relates to s. 86.30 (2) (a) 3.]*

This section increases the mileage aid payments in the general transportation aids program to \$2,789 in calendar year 2024 and \$2,845 in calendar year 2025 – thereby providing 2 percent increases to the mileage reimbursement rate in both of these calendar years. This section also includes 2 percent increases in calendar year 2024 and calendar year 2025 for the general transportation aids program for both counties and municipalities.

I am partially vetoing the section to delete the mileage aid payment increases because I object to providing further increases to mileage aid when the disparate impact of 2011 Wisconsin Act 32 on the mileage aid versus share of cost aid components of the general transportation aids formula remains unaddressed. The nearly 6.0 percent reduction signed into law by 2011 Wisconsin Act 32 fell entirely on share of cost awardees in the formula. As a result of my veto, this disparate treatment based on the formula component that a locality relies upon is reduced. My veto also retains the 2 percent increases in funding for both calendar year 2024 and calendar year 2025 for the general transportation aids program as provided by this section.

**30. Dignitary Protection Unit**

*Section 387*

This section requires the Department of Transportation to maintain a dignitary protection unit. The section further identifies Justices of the Supreme Court of Wisconsin as state officers eligible for protection by the dignitary protection unit.

Ensuring the safety of all public officials and institutions, including our judges and our courts, must be a top priority. Under current law, the department may already assign state traffic officers to protect state officers, including Justices of the Supreme Court. I support ensuring that state traffic officers may be assigned to protect Justices of the Supreme Court, and I believe more can be done to bolster this important work, including providing the necessary resources to meet the Legislature’s intent. I am vetoing this section as I object to creating redundant directives for the Division of State Patrol that would ultimately limit its flexibility to respond to the dynamic public safety needs of Wisconsin. Further, I object to the fact that this section does not provide additional resources for the State Patrol if the intent is that it provide additional officer assignments.

I welcome the Legislature to continue to work on this critically important issue in partnership with my administration and our courts during this biennium to ensure appropriate security can be provided and properly funded to protect the Justices of the Supreme Court.

**31. Freight Rail Preservation Program**

*Section 9144 (1)*

This provision requires the Department of Transportation to conduct a cost-benefit analysis of the freight rail preservation program and further requires the department to submit a report of this analysis to the Joint Committee on Finance no later than June 30, 2025.

I am vetoing this provision because I object to the Legislature mandating analyses when the department is already able to undertake such actions at its own discretion. I also object to this additional reporting requirement. In lieu of the actions that would have been required under this provision, I am directing the department to update the department’s Intermodal Facility Study.

**32. Mississippi River Parkway Commission Administrative Support**

*Section 9144 (11)*

This provision requires the Department of Transportation to assign the equivalent of a 0.1 FTE position from the duties of the bicycle and pedestrian coordinator position to the Mississippi River Parkway Commission for the purpose of providing administrative support to the commission.

I am vetoing this provision because I object to this level of micromanaging of the department. In addition, I am vetoing this section because I object to a legislative mandate of such a limited scale.

**33. Fee for Identification Stickers for Electric Vehicles**

*Section 460*

This section creates a \$1 fee to pay for the costs of manufacture and distribution of stickers or decals to identify both hybrid electric vehicles and nonhybrid electric vehicles. These stickers or decals are intended to alert emergency personnel of the unique safety concerns of these vehicles.

I am vetoing this section to eliminate the \$1 fee that this section would charge the owners of these vehicles because I object to this unnecessary fee. Because of existing registration fees for these vehicles, including an increase to the registration fee for nonhybrid electric vehicles in this budget bill, there is no need to set this fee to cover Department of Transportation costs for these stickers. In addition, a fee of this magnitude would simply be an irritant to state residents owning these vehicles.

**34. Opening Avenues to Reentry Success Program**

*Section 9108 (2)*

This provision directs that \$2,272,300 GPR from the appropriation under s. 20.410 (1) (ds) in the 2023- 25 biennium be utilized to expand the original Opening Avenues to Reentry Success (OARS) program.

I am vetoing this provision because I object to preventing the Department of Corrections from funding the continuation of the Opening Avenues to Reentry Success 2 (OARS2) pilot program. With this veto, the Department of Corrections will be able to both expand the OARS program and continue the OARS2 pilot program. I continue to be supportive of both the OARS and OARS2 programs and request that the Department of Corrections utilize these additional funds for those programs.

**35. Community Reentry Centers**

*Section 100*

This section would create a new appropriation under s. 20.410 (1) (df) for the Department of Corrections to establish and operate community reentry centers.

I am partially vetoing this section because I object to including an unworkable appropriation in the budget. My partial veto will remove the reference to s. 301.098 because there is no s. 301.098 under current law nor does this bill create it. While pending legislation on this topic was prepared for the Legislative Council Study Committee on Increasing Offender Employment Opportunities and introduced in the Legislature, there is no language in this bill to identify it.

**36. Law Enforcement Overtime Grants**

*Sections 123 and 423*

These sections would eliminate the law enforcement overtime grants program and repeal the corresponding law enforcement overtime grants appropriation under s. 20.455 (2) (jc).

I am vetoing these sections because I object to eliminating a program that supports efforts to help keep our kids, our communities, and our state safe by helping our police departments with overtime costs. My budget recommended providing expenditure authority for the Department of Justice to issue law enforcement overtime grants and retaining the appropriation will allow the program to potentially be funded in the future.

**37. Consolidated Court Automation Programs**

*Section 51 [as it relates to s. 20.680 (2) (j)]*

This section provides \$12,349,500 PR in fiscal year 2023-24 and \$12,248,500 PR in fiscal year 2024-25 in the appropriation under s. 20.680 (2) (j) for the consolidated court automation program. Although there is no language in the budget bill to identify it, the dollar amounts reflect a Joint Committee on Finance motion increasing this appropriation by \$2,188,000 PR in each fiscal year to reestimate expenditure authority.

I am partially vetoing section 51 [as it relates to s. 20.680 (2) (j)] by lining out the amounts under s. 20.680 (2) (j) and writing in a smaller amount to reduce the appropriation by \$2,188,000 PR in each fiscal year because I object to a funding reestimate of this size. I am also requesting the Department of Administration secretary not allot these funds. It is important that reestimates accurately reflect anticipated revenues in order to avoid a deficit in the appropriation. The effect of this veto is to delete the funding increase added by the Legislature and instead implement my recommendation regarding expenditure authority estimates for the consolidated court automation program. As a continuing program revenue appropriation, the expenditure authority for the court information systems appropriation under s. 20.680 (2) (j) may continue to be adjusted under current law procedures.

**E. PROTECTING & CONSERVING OUR NATURAL RESOURCES**

**38. Unobligated Stewardship Authority**

*Section 194*

This section sets aside \$2,500,000 in unobligated bonding authority from fiscal years 2021-22 and 2022-23 from the Warren Knowles-Gaylord Nelson Stewardship 2000 program for drilling new wells, facility maintenance, upgrades and renovations, and construction of new buildings at the Les Voigt State Fish Hatchery and the Brule State Fish Hatchery.

I am partially vetoing this section to remove the specific fiscal years and the specific projects because I object to having unobligated Stewardship bonding authority available only for earmarks at the discretion of the Legislature. Due to the Legislature’s obstruction through the Joint Committee on Finance anonymous objection process, many valuable Stewardship projects have been delayed or denied leaving unused and unobligated bonding authority at the end of each year. It is my sincere desire that we work together to fix this broken system for approval of beneficial conservation projects. This veto will allow the Department of Natural Resources to access all unobligated Stewardship bonding authority to invest in critical projects that will protect, preserve, and provide access to Wisconsin’s natural resources.

**39. Echo Lake Dam**

*Sections 51 [as it relates to s. 20.370 (4) (jc)] and 75*

These sections create a new continuing appropriation and provide \$1,000,000 GPR in the 2023-25 biennium for providing a grant to the city of Burlington for the restoration of a dam on Echo Lake.

I am partially vetoing section 51 [as it relates to s. 20.370 (4) (jc)] and vetoing section 75 in its entirety because I object to providing additional state funding for a project that already received a \$1,000,000 grant under the Municipal Dam Grant Program during the 2021-23 grant period.

**40. Department of Natural Resources Position Reallocations**

*Section 9132 (1)*

This provision directs the Department of Natural Resources to reallocate 1.0 FTE existing position as a conservation warden supervisor and 2.0 FTE existing positions as conservation wardens, for the purpose of all-terrain vehicle and utility terrain vehicle law enforcement.

I am partially vetoing this provision to remove the specific number of FTE and job classifications because I object to the Legislature requiring the Department of Natural Resources to reassign a set number of existing positions to specific job classifications. This veto will allow the department to determine how to best allocate positions for conservation purposes. The department will report any reallocations to the Department of Administration and the Legislative Fiscal Bureau for inclusion in the final Chapter 20 schedule.

**41. Pattison and Amnion Falls State Parks Earmarks**

*Section 9132 (3)*

This provision earmarks \$2,161,300 SEG for development and maintenance projects at Amnicon Falls and Pattison State Parks. The provision specifies projects that the Department of Natural Resources must complete at both properties.

I am vetoing this provision because I object to limiting the department's flexibility to prioritize projects based on areas of highest need. This veto will provide the department the ability to utilize the funding for development and maintenance projects throughout the state park system.

**42. Tribal Gaming Transfer**

*Section 144*

This section increases the annual transfer of Tribal gaming revenue to the conservation fund from \$3,000,000 to \$4,000,000.

I am vetoing this section because I object to this additional transfer of Tribal gaming revenue to the conservation fund. I believe Tribal gaming revenue should be retained for investments in Tribal communities and that those communities should be partners in any discussion that increases the transfer to the conservation fund.

**43. Steve Creek Dam**

*Section 76*

This section creates a new continuing appropriation in the 2023-25 biennium for providing a grant to Pierce County for repairs of a dam on Steve Creek. It should be noted that there is no body of water known as Steve Creek in Pierce County; however, there is a dam on Steve Creek in Price County. It appears from the motion that was adopted by the Joint Committee on Finance that the intent of this provision was to provide Price County with a grant.

I am partially vetoing this section to eliminate the reference to Pierce County because I object to providing funding to a county for a project that is located in a different county. With this veto, I am directing the Department of Natural Resources to work with Price County to issue this grant.

**44. Lake Mallalieu Dredging Grant**

*Sections 51 [as it relates to s. 20.370 (4) (jf)] and 78*

These sections create a new continuing appropriation and provide \$2,000,000 GPR in the 2023-25 biennium for providing a grant to the Lake Mallalieu Association for dredging Lake Mallalieu.

I am partially vetoing section 51 [as it relates to s. 20.370 (4) (jf)] and partially vetoing section 78 to remove the word dredging because I object to limiting the grant recipient to spending these funds only on the physical dredging of the lake. The association will likely incur ancillary costs related to the project, such as costs related to studies and permitting, and it is my intent to allow the grant to be utilized for these costs in addition to the physical dredging of the lake.

**45. Division Administrator Positions at the Department of Natural Resources**

*Section 430*

This section reduces the number of division administrator positions in the Department of Natural Resources from ten to nine.

I am vetoing this section because I object to reducing the number of division administrators at the Department of Natural Resources. As a result of this veto, the Department of Natural Resources retains the position authority for this 1.0 FTE PR unclassified position for appointment as a division administrator that would otherwise have been eliminated as a result of the Legislature's action.

**46. Board of Commissioners of Public Lands Deputy Director Position**

*Section 196*

This section eliminates the ability of the executive secretary of the Board of Commissioners of Public Lands to appoint a deputy director.

I am vetoing this section because I believe that the executive secretary should have the ability to appoint a deputy director if they so choose, and object to the Legislature eliminating that option. As a result of this veto, the Board of Commissioners of Public Lands retains the position authority for this 1.0 FTE GPR position for appointment as a deputy director that would otherwise have been eliminated as a result of the Legislature's action.

**F. ADDITIONAL KEY PRIORITIES**

**47. Tribal Grants Sunset**

*Sections 142, 149, 9101 (2), and 9401 (1)*

These provisions create an appropriation at the Department of Administration and require the department to use it to distribute grants to federally recognized American Indian Tribes or bands in this state. The Joint Committee on Finance has reserved \$11,000,000 of Tribal gaming revenues to supplement this appropriation in fiscal year 2023-24. In addition, the appropriation is repealed on July 1, 2025.

I am vetoing sections 142, 149, and 9401 (1) and partially vetoing section 9101 (2) to retain the creation of the appropriation but remove the sunset for the appropriation, because I object to ending this program. A similar grant program in the 2021-23 biennium was also funded with Tribal gaming revenues and has proven valuable to the Tribal Nations, allowing each Tribe and band to use the funding in the way it deems best to meet the needs of its members. The language of this appropriation is general and would allow grants that offer similar flexibility to be made to each Tribe and band. While this veto does not establish ongoing funding for these grants in subsequent biennia, it at least preserves the framework of this program that both the Legislature and I agree upon.

**48. Legislative Human Resources Office**

*Section 19*

This section creates the Legislative Human Resources Office and establishes duties of the office and the director.

Under the language of this section, the office would “have all of the rights and privileges pertaining to human resources records as are enjoyed by executive branch agencies, including those under s. 230.13 and subchapter II of ch. 19,” which address public records.

I am partially vetoing this section because I object to including unnecessary language in the statutes. If the intent of the Legislature was to treat the records of the office the same as human resources offices of executive branch agencies, this language is unnecessary and may create inconsistency in how human resources records are treated by the office. By partially vetoing this section to remove reference to the treatment of records, it will be clear that the office is simply subject to the state’s Public Records Law in the same manner as all authorities as defined under the Public Records Law, including executive branch agencies.

**49. WisconsinEye**

*Section 20*

This section creates an endowment fund for the WisconsinEye Public Affairs Network, Inc. The Joint Committee on Finance has reserved \$10,000,000 in its GPR supplemental appropriation to supplement a new biennial appropriation if a request for funding is made jointly by the Department of Administration and WisconsinEye. As a condition of receiving the payment, WisconsinEye must raise a match of at least an equal amount of nonstate funding sources for the endowment fund. If WisconsinEye ever ceases operation, it shall pay back the state’s investment. Finally, it is also prohibited from charging any fee for access to recorded content of public meetings.

I am partially vetoing this section to expand the prohibition on charging fees for WisconsinEye content because I object to any fees being charged, given the significant contribution of state resources. It is important that the public have free access to all WisconsinEye content in order to ensure full transparency of legislative and other public proceedings.

**50. Promotion of the U.S.S. Wisconsin Columbia-Class Submarine**

*Section 9148 (2)*

This provision allows the Department of Veterans Affairs to issue a one-time grant of \$16,540 from Veterans Museum base resources to a private nonprofit organization to promote and support recognition of the Columbia-class submarine to be known as the U.S.S. Wisconsin.

I am vetoing this provision because I object to the Legislature asking the Veterans Museum to prioritize this grant above other funding needs like museum operations or planning for the museum’s future. If the Legislature believes this grant is a priority, it should have provided separate funding to accomplish it.

**51. Restore an Appropriation for Agency Operations**

*Section 54*

This section repeals a PR-S appropriation from the Supervision of the Insurance Industry program within the Office of the Commissioner of Insurance, which receives money from other state agencies and money received by the office from the office for general program operations.

I am vetoing this section because I object to removing the agency’s ability to receive funds from other agencies and itself, which would result in limiting the office’s ability to carry out its administrative duties.

The Honorable, the Senate:

The following bill(s), originating in the Senate, have been approved, signed and deposited in the office of the Secretary of State:

<u>Bill Number</u>	<u>Act Number</u>	<u>Date Approved</u>
Senate Bill 7 .....	27 .....	August 4, 2023
Senate Bill 66 .....	28 .....	August 4, 2023
Senate Bill 101 .....	29 .....	August 4, 2023
Senate Bill 157 .....	30 .....	August 4, 2023

Respectfully submitted,  
*TONY EVERS*  
Governor

Pursuant to s. 35.095 (1)(b), Wisconsin Statutes, the following 2023 Act(s) have been published:

<u>Act Number</u>	<u>Bill Number</u>	<u>Publication Date</u>
Wisconsin Act 27 .....	7 .....	August 5, 2023
Wisconsin Act 28 .....	66 .....	August 5, 2023
Wisconsin Act 29 .....	101 .....	August 5, 2023
Wisconsin Act 30 .....	157 .....	August 5, 2023

---

**State of Wisconsin  
Office of the Governor**

August 4, 2023

The Honorable, the Senate:

I am vetoing **Senate Bill 49** in its entirety.

This bill would prohibit state agencies and local units of government from restricting the connection or reconnection

of a utility service based on the type or source of energy to be provided. The bill also prohibits state agencies and local units of government from discriminating against a public utility, an electric cooperative or a liquefied petroleum gas retailer based on the nature or source of the service to be provided to a consumer.

I am vetoing this bill in its entirety because I object to the Legislature's continued efforts to preempt local control and undermine trust in local governments across our state. Additionally, this bill could jeopardize our communities' and our state's future ability to transition away from fossil fuels or to collectively combat climate change. The state should be a partner-not an obstacle to- addressing the unique challenges facing our local communities.

Respectfully submitted,  
*TONY EVERS*  
Governor

### REPORT OF COMMITTEES

#### Minority Report

On September 13, 2023, Senator Spreitzer offered the following minority report, pursuant to Senate Rule 28, to the Senate Committee on Shared Revenue, Elections and Consumer Protection.

Minority Report of Senator Spreitzer Regarding the September 11, 2023 Vote on Wisconsin Elections Commission Administrator Meagan Wolfe

Senator Mark Spreitzer, the Democratic ranking member of the Senate Committee on Shared Revenue, Elections, and Consumer Protection, submits the following minority report on the topic of the committee's September 11, 2023 vote by paper ballot on Wisconsin Elections Commission Administrator Meagan Wolfe, her service to the state of Wisconsin, and the legal status of the Administrator's position.

I object to this so-called "confirmation vote" because it is not properly before the State Senate. I raised this critical issue in the August 29 public hearing, and would have raised it again if the opportunity to do so had been afforded via an in-person executive session. I am deeply disappointed that the committee did not meet to discuss the legal issues that are explored further below, and instead held a "vote" on an issue not properly before the Senate.

This report briefly reviews statutory issues with the nominations being considered by the State Senate and review Administrator Wolfe's exemplary work on behalf of Wisconsin voters.

A Nomination is Not Before the Wisconsin State Senate or This Committee

First, it is critical to address a fundamental objection to the process being undertaken by the Wisconsin State Senate and the so-called "confirmation vote" taken by this committee: the Wisconsin Elections Commission has not sent a nomination to the Wisconsin State Senate for confirmation.

The process for appointing the Administrator of the Wisconsin Elections Commission is laid out in Wisconsin State Statute 15.61 (1)(b)1. Statute makes clear that the Administrator "shall be appointed by a majority of the members of the commission." The Wisconsin Elections Commission has six commissioners, meaning that a majority of the members requires four affirmative votes to appoint an administrator. This process has been independently reviewed by attorneys at the nonpartisan Wisconsin Legislative Council and at the Wisconsin Department of Justice, and they all agree that four votes are required for an appointment (see Appendix 1-Wisconsin Legislative Council memo to Senator Spreitzer and Appendix 2-Wisconsin Attorney General Josh Kaul letter to Legislative Council Director Anne Sappenfield).

The four-vote threshold required by statute for the appointment of a Wisconsin Elections Commission Administrator has not been met. The only time that the Wisconsin Elections Commission met this year to consider a nomination for the position of Wisconsin Elections Commission Administrator was on June 27, 2023 in a special meeting called by the Chair of the Commission, Don Millis. During that meeting, a vote was held on a motion to confirm Meagan Wolfe as the Administrator for the next four years. As reflected in the meeting minutes (see Appendix 3-Approved WEC June 27 Open Session Minutes), this motion failed with only three votes in support. Due to his failed motion, a nomination cannot be before the Wisconsin State Senate, and any so-called "confirmation vote" is inappropriate and has no legal effect.

Not only is there no nomination to confirm, there is no vacancy in the position of Wisconsin Elections Commission Administrator. Instead, as detailed in the Attorney General's letter to Legislative Council Director Sappenfield, Administrator Wolfe is a lawful holdover in her position, consistent with precedent set in 2022 by the Wisconsin Supreme Court in *Kaul v. Prehn* (holding that the expiration of a term for an appointed official does not create a vacancy as defined in Chapter 17 of Wisconsin State Statutes).

While I strongly disagree with the outcome in *Kaul v. Prehn* and would support changing state statute across the

board to clarify how the expirations of terms of appointed officials are handled, the *Prehn* precedent is recent, clear, applicable to this case, and has not been overturned by either the Legislature and the Governor through a new law, or by a new ruling on the same issue by the Wisconsin Supreme Court.

For these reasons, there is no vacancy in the position of Administrator of the Wisconsin Elections Commission, and there is no nomination before the Wisconsin State Senate for the position of Administrator of the Wisconsin Elections Commission. No further action can be taken by the Senate as a whole, and any vote by the Senate on this non-existent “nomination” will have no legal effect on Meagan Wolfe’s continued service as Administrator of the Wisconsin Elections Commission.

#### Administrator Wolfe Deserves the Support of the Wisconsin State Senate

While this committee’s vote on Meagan Wolfe has – and any future vote by the State Senate is – merely symbolic, I vote “Aye” to indicate my strong support for Meagan Wolfe’s continued service as Administrator. Since assuming the role of Wisconsin Elections Commission Administrator with the unanimous support of the Commissioners in 2018 and being confirmed with the unanimous support of the State Senate in 2019, Meagan Wolfe has served our state diligently and with the utmost professionalism.

In the year since her unanimous confirmation, Administrator Wolfe has gone above and beyond to serve the voters of Wisconsin and the election administrators in local jurisdictions across our state. As we all heard in the August 29 public hearing held by the committee, clerks from communities across Wisconsin have found the Wisconsin Elections Commission staff, as led by Administrator Wolfe, to be a reliable and trusted resource for them as they administer elections. Groups who routinely work with the Wisconsin Elections Commission on behalf of voters, such as Disability Rights Wisconsin, praised the work of Administrator Wolfe as her staff for dedicated and effective work to protect the rights of voters.

Recognition of Administrator Wolfe’s qualifications and skill is not limited to those who work with her within the State of Wisconsin. Administrator Wolfe has provided detailed information to groups such as the National Conference of State Legislators (NCSL) and the Council of State Governments (CSG) in presentations about her work for the Wisconsin Elections Commission. In recognition of her immense experience and high-quality work, Administrator Wolfe was elected by the chief election officials of other states to be the President of the National Association of State Election Directors in 2022.

The criticisms brought forward in the August 29 hearing ranged from political disagreements with decisions made by the bipartisan Wisconsin Elections Commission (not its Administrator) to full-blown conspiracy theories that have repeatedly been given a platform in the legislature since the 2020 elections. Complaints about the decisions of the Wisconsin Elections Commission should be focused on the

six commissioners who made them – not the staff who are directed by statute and by the Commission to carry them out.

For the last 3 years, Wisconsin and the country as a whole have dealt with lies promoted by former President Donald Trump as he attempted to unduly retain power and disrupt the peaceful transfer of power that has been a hallmark of American governance since its founding. There is no question that the former President lost the state of Wisconsin in 2020. Random machine audits, reviews by nonpartisan agencies, court cases, and recounts all have confirmed this fact.

However, this has not stopped those on the far-right from questioning the results of the 2020 election, attacking election officials, and attempting to undermine our democracy. In the 2021-2022 legislative session, these voices of discord were elevated through a failed “investigation” that wasted millions of taxpayer dollars and made our state the target of national ridicule. As the 2023-2024 legislative session began and following the successful administration of the 2022 elections, it was my hope that these wild conspiracy theories would be put to rest. The former President’s election tampering is the subject of multiple criminal cases that lay out in great detail the false claims asserted by former President Trump, his campaign, and those who used his lies to enrich themselves. Hundreds of followers whom the former President goaded into attacking the U.S. Capitol itself have been sentenced for their violent attempt to disrupt our democracy.

Throughout these attacks on our electoral systems, Wisconsin Elections Commission Administrator Meagan Wolfe has been unduly targeted by conspiracy theorists for her public role in election administration, some of whom even called for her arrest at the August 29 hearing. The Administrator is required by statute to carry out the will of the bipartisan Commission, yet Republican legislators have blamed Administrator Wolfe for decisions that she did not make and election deniers have blamed her for things that did not happen. In the face of this pressure, Administrator Wolfe has continued to lead the Commission staff with professionalism and a strict adherence to the nonpartisan requirements of her position. It is deeply disappointing that she has been put in a position where the demands of conspiracy theorists are now spurring this body to attempt to end her diligent work on behalf of the people of Wisconsin.

#### Conclusion

Administrator Wolfe has served with distinction, and will continue to do so. Attempting to remove her, or casting doubt on her continued service, would only serve to waste taxpayer money on unnecessary lawsuits and undermine election administration ahead of the four elections in our state in 2024. While this vote was not properly before the Senate Committee on Shared Revenue, Elections and Consumer Protection, the committee could have sent a strong message that we support Meagan Wolfe’s continued service and expect this improper “confirmation” process to end. Unfortunately, the committee failed to do so.

This minority report is submitted to preserve for the official Senate record my objection to this illegitimate process, and my disappointment in the failure of the committee to

stand up to those who are actively undermining democracy in our state.

Respectfully submitted,  
*MARK SPREITZER*  
Senator, 15<sup>th</sup> District

State of Wisconsin  
Office of the Governor

#### EXECUTIVE ORDER #208

#### *Relating to a Special Session of the Legislature to Address Wisconsin's Workforce Challenges*

**WHEREAS**, Wisconsin began this biennium in the best fiscal position in its 175-year statehood, with a record-high approximately \$7 billion surplus, the lowest unemployment rate in state history, historically high labor force participation, and the highest number of people employed ever;

**WHEREAS**, according to data released in June 2023 by the U.S. Bureau of Labor Statistics, Wisconsin's unemployment rate and labor force participation rate continued to outpace the national average;

**WHEREAS**, with already historically low unemployment and high workforce participation, coupled with a shrinking labor pool caused by several long-term factors, Wisconsin's small businesses, farmers and producers, hospitals and healthcare sectors, schools, and other critical employers and industries continue to face significant, generational challenges filling available jobs;

**WHEREAS**, the state must invest in meaningful, comprehensive, and long-term solutions to address Wisconsin's longstanding workforce challenges, reduce barriers to employment, and prevent these existing challenges from being exacerbated into an unmitigated crisis that would have calamitous consequences for Wisconsin's already-strapped workforce and future economic success;

**WHEREAS**, critical to addressing these longstanding challenges are efforts to ensure workers who are already participating in Wisconsin's workforce can remain in the workforce, making targeted investments to bolster key industries and sectors facing significant challenges, and

efforts to ensure Wisconsin can be competitive in retaining and recruiting talented workers;

**WHEREAS**, unfortunately, despite such efforts having been a central focus of my 2023-25 proposed biennial budget and despite the benefit of the largest surplus in state history, the Wisconsin State Legislature rejected several initiatives designed to address our state's workforce challenges, support working families, and maintain our state's economic momentum, including expanding paid family leave, stabilizing our state's child care industry to keep child care affordable and accessible for working families and parents, targeting support for high-need sectors and industries, and making substantial investments in Wisconsin's higher education institutions to help train, educate, and retain talented workers at the University of Wisconsin and Wisconsin Technical College Systems;

**WHEREAS**, the Wisconsin State Legislature's failure to meaningfully and comprehensively address our state's workforce challenges with the urgency necessary will have grave, imminent, and statewide impacts on Wisconsin's workers, employers, and economy;

**WHEREAS**, as just one example of the consequences of legislative inaction, without investments to address the child care industry's looming fiscal cliff, The Century Foundation estimates 2,110 child care programs could close, resulting in a loss of 4,885 child care jobs, leaving 87,425 kids without child care, and resulting in approximately half a billion dollars in economic impacts between parents leaving the workforce and reduced employer productivity—a catastrophic scenario with broad, cascading effects across Wisconsin's economy;

**WHEREAS**, given the state's longstanding workforce challenges and already historically low unemployment and high workforce participation, Wisconsin simply cannot afford to have any workers leave our workforce, to create new or additional barriers preventing workers from joining our workforce, or to lose competitive edge in educating, training, retaining, and recruiting talented workers;

**WHEREAS**, through my strategic, line-item vetoes of the 2023-25 biennial budget, I have ensured there are ample state resources readily available for legislators to uphold their obligation and responsibility to address the most pressing issues facing our state and our economy to make the necessary, substantial investments to finally address our state's chronic workforce challenges;

**NOW, THEREFORE, I, TONY EVERS**, Governor of the State of Wisconsin, by the authority vested in me by the Constitution and Laws of the State, and specifically the Article IV, Section 11 and Article V, Section 4 of the Wisconsin Constitution, hereby require the convening of a special session of the Legislature at the Capitol in the City of Madison, to commence at 12:00 p.m. on Wednesday, September 20, 2023, solely for consideration and act upon LRB-4085/LRB-4086, relating to: fall workforce package, granting rule-making authority, making an appropriation, and providing a penalty.

**IN TESTIMONY WHEREOF**, I have hereunto set my hand and caused the Great seal of the State of Wisconsin to be affixed. Done in the City of Milwaukee this eighth day of August, in the year two thousand twenty-three.

11. Anthony Holschbach	Health Services	\$1,694.70

***With respect to the claims, the Board finds:***  
*(Decisions are unanimous unless otherwise noted.)*

**1. Budget Dumpster, LLC** of Westlake, OH claims \$88,518.58 for refund of sales/use taxes levied by DOR. Claimant contracts with third parties to provide waste removal services for customers in Wisconsin. Claimant alleges that it registered for a Wisconsin seller's permit in 2011, but later determined a permit was not necessary because taxable services were not being provided. Claimant did not cancel the permit and did not file sales/use tax returns in Wisconsin. DOR eventually sent estimated assessments in 2018, 2019, and 2020. In June 2021, DOR began levying funds to cover the assessments. Claimant started working with MCE Salt Solutions LLP (a sales and use tax consulting firm) in March 2022. MCE confirmed with DOR that Claimant's services were not taxable. Claimant indicates that the permit was cancelled at that time, and in-process assessments were closed. Claimant sought to recover the funds that had been levied but was advised by DOR those

refunds would not be released until income/franchise returns were filed. Claimant filed and paid the tax returns in July and August 2022, totaling \$23,293.00. At that time, Claimant was not aware that the funds would not be fully refunded. Claimant received refunds in 2022 for the periods of 12/31/19 to 12/31/21, totaling approximately \$12,000, but was notified by DOR that per Wis. Stat. § 77.59(4)(b), the statute of limitations (SOL) had closed for the tax periods ending 3/31/2011 to 9/30/2019. Claimant disagrees and believes the SOL for applying for a refund does not close until June 2023, because the funds were levied (*i.e.*, paid) in June 2021. Claimant holds it had no reason to apply for a refund by September 2020 (the SOL calculated by DOR), because levies did not begin until June 2021. Claimant further believes that the remaining levied AMEX funds should be refunded based on "compromise" authority available to DOR.

DOR recommends this claim be denied. DOR has no record of Claimant applying for or receiving a seller's permit. DOR contends it issued estimated assessments based on survey responses received by Claimant, which led DOR to believe that taxable services were being provided. DOR alleges it sent Claimant approximately 58 letters between June 2018 and March 2022 to obtain additional information but was not contacted by Claimant (through MCE) until March 2022. (Of note, Claimant alleges not to have received any of the 58 letters sent by DOR, and that it may be attributed to mailing issues and/or staff working remotely during that time period.) DOR holds that the two-year SOL runs from the date of assessment, rather than the payment (levy) date. The remaining estimated assessments were issued in 2018 and 2019. Claimant had two years from issuance to apply for a refund. Therefore, Claimant had until September 2020 to apply for a refund on most of the assessments. Lastly, DOR notes that the Tax Appeals Commission has held that the phrase "and paid" is included in the statute (Wis. Stat. § 77.59(4)(b)) to clarify that an assessment must be paid before a refund claim can be filed. DOR holds it has done all in its power and does not have the authority to use fair and equitable relief powers to circumvent the SOL.

The Board defers its decision on this claim at this time in order to obtain additional information from the parties.

**2. Sandra Beulen** of Oakfield, WI claims \$2,414.14 for vehicle damage incurred due to an accident with a snowplow at Oshkosh Correctional Institution on December 15, 2022. Beulen arrived for work around 7:15 AM while the parking lot was being plowed and pulled into a cleared parking space. Beulen wanted to straighten her vehicle in the stall, so she checked behind her and saw the snowplow two aisles away. She slowly backed up about three feet and when she stopped and put her car into drive to pull forward, the snowplow turned into her aisle and struck her vehicle. In support of her claim, Beulen provides an affidavit from another DOC employee, who states that he saw the plow truck pull wide around the corner and strike Beulen's stopped vehicle. The plow driver called in the accident but then ignored instructions to wait at the scene until someone arrived to take

photos. Beulen swiftly submitted repair estimates as instructed and repeatedly tried to reach Sentry Insurance, the State's insurance adjuster, but they were not responsive. Sentry eventually took Beulen's statement on January 30, 2023, at which time she informed them that her vehicle repair was scheduled for March 6. Sentry told her that the repair cost would be paid and that she would be contacted by an adjuster, which never happened. DOC staff attempted to reach Sentry on Beulen's behalf but were unsuccessful. Towards the end of February, Beulen was informed that the plow driver was refusing to return Sentry's phone calls but that his supervisor was going to intervene to ensure he cooperated with the investigation. Beulen's vehicle was repaired as scheduled on March 6, 2023. Two days later, Sentry notified Beulen that she was 45% responsible for the accident because both vehicles had been moving at the time of the collision. Sentry offered to pay \$560.62 for the repairs, which was half of the "estimate of record" by Sentry's appraisers. Beulen denies that her vehicle was moving at the time of the accident. She believes the plow driver provided a false account of the accident because, having been restricted from driving state vehicles in the past, he might face discipline for another infraction.

DOC believes Beulen has failed to show negligence on the part of the state and recommends denial of this claim. The account of the accident given by both drivers is consistent in most respects. The snowplow driver stated that he tried to stop when he saw Beulen's vehicle back out of the stall, but he was unable to avoid hitting her. DOC notes that the snowplow driver could not have been two lanes over when Beulen backed out of the stall as she alleges. DOC believes Beulen was negligent in failing to look before backing up. The investigation of the accident found that the snowplow driver was not impaired, driving too fast, or distracted, he was simply unable to react quickly enough to avoid an accident when Beulen backed out in front of him.

The Board concludes the claim should be paid in the amount of \$2,414.14 based on equitable principles. The Board further concludes, under authority of Wis. Stat. § 16.007(6m), payment should be made from the Department of Corrections appropriation Wis. Stat. § 20.410 (1)(a).

**3. Brendan Ingenthron** of Tomah, WI claims \$274.99 for the unreimbursed value of damaged personal property. Ingenthron is an employee at New Lisbon Correctional Institution. On May 30, 2023, an inmate threw a full coffee mug mixture of feces and urine at Ingenthron, which ruined his clothes and caused his glucose monitor to stop working. Ingenthron submitted a Nonrepresented Employee Claim for Reimbursement for Damaged Personal Articles to DOC; however, the department was limited by the State of Wisconsin Compensation plan, which caps reimbursement for personal articles at \$100. Ingenthron requests reimbursement for the remaining value of his clothing and glucose monitor.

DOC supports payment of this claim based on equitable principles. The damage to Ingenthron's personal clothing and glucose monitor was not due to his or another employee's

carelessness. Nor was the damage a result of normal wear and tear while acting within the scope of employment.

The Board concludes the claim should be paid in the amount of \$274.99 based on equitable principles. The Board further concludes, under authority of Wis. Stat. § 16.007(6m), payment should be made from the Department of Corrections appropriation Wis. Stat. § 20.410 (1)(a).

**4. Martha Vazquez** of Argo, IL claims \$17,064.89 for vehicle damage and injuries sustained in an accident on Interstate 39/90 on August 28, 2022. Vazquez states that she was driving carefully at a reduced speed due to the weather conditions. She alleges that defective highway design created an excessive accumulation of water on the roadway, which caused her vehicle to hydroplane and crash into the concrete barrier. Vazquez contends that the police report blames the accident on accumulation of water on the highway. In addition to vehicle damage, Vazquez suffered permanent injuries to her face, arms, legs, and back, resulting in medical bills and several weeks of lost work.

DOT recommends denial of this claim. The highway was designed and constructed within current standards and did not create unsafe conditions. Between September 2021 and January 2023 there were four crashes within 500 feet of the location of Vazquez's accident. There were no accidents other than Vazquez's on August 28, 2022. DOT disputes Vazquez's characterization of the police report. The report does not say there was accumulation of water on the highway, it states, "the vehicle hydroplaned due to weather conditions losing control of the vehicle." The report notes that the roadway was wet, which is unsurprising given the weather conditions of "rain" and "severe wind." DOT believes Vazquez was either driving too fast for conditions or that some type of mechanical failure caused her to lose control of her vehicle.

The Board concludes there has been an insufficient showing of negligence on the part of the state, its officers, agents or employees and this claim is neither one for which the state is legally liable nor one which the state should assume and pay based on equitable principles.

**5. Jacquese Harrell, Sr.** of Boscobel, Wisconsin claims \$1,778.83 for money deducted from Harrell's inmate account and related court fees and costs. Harrell's 2008 Judgment of Conviction (JOC) indicated that restitution was to be paid from "25% of funds." DOC withheld 25% of Harrell's wages for restitution until 2016 when it began withholding 50% from all of his funds, including gifted money sent by his family. Harrell alleges that DOC wrongly applied 2015 Act 355 retroactively to his conviction. Harrell contacted the court, which issued an amended JOC clarifying that restitution should be collected from 25% of his *prison earnings* (as indicated in the sentencing transcript). DOC reduced Harrell's wage deductions to 25% but continued to deduct 50% from gifted funds. After DOC denied his inmate complaint, Harrell petitioned the court, which agreed that DOC should not have withheld 50% of his gifted funds for restitution. DOC stopped those deductions but did not reimburse Harrell for the previous deductions. Harrell alleges

that DOC's actions were arbitrary, illegal, and in violation of court orders. Harrell contends that DOC essentially forced his family members to pay the restitution, which they do not owe, therefore, his family are the victims in this situation. Harrell also alleges that he should be reimbursed for the cost of his court action, because would not have incurred those costs but for DOC's actions.

DOC recommends denial of this claim. DOC denies that the department retroactively applied 2015 Act 355. DOC contends that the deductions were based on Wis. Stat. § 973.20(11)(c), which gave the department authority to set deduction rates for restitution. DOC notes that in recent restitution related decisions, the courts have confirmed DOC's previous authority to set deduction rates for inmate restitution. To the extent that Harrell is correct that DOC should not have withheld 50% from his gifted funds, the department contends that it should not be required to reimburse him for several reasons. First, the money has already been disbursed to Harrell's victims who are entitled to restitution under Wisconsin law. Additionally, because DOC no longer has the money, awarding this claim would essentially result in taxpayers paying Harrell's restitution. DOC stopped making any deductions from Harrell's gifted funds prior to the Court of Appeals decision, which clarified that DOC could deduct 25% from both his wages and gifted funds. DOC notes that the amount DOC could have, but did not deduct from Harrell's gifted funds exceeds the amount allegedly "over-deducted" by DOC. Finally, DOC believes that Harrell is not entitled to reimbursement for filing fees and costs pursuant to Wis. Stat. § 814.25(2)(b), which provides that prisoners are not entitled to costs when they prevail in certiorari actions involving prison or jail conditions.

The Board concludes there has been an insufficient showing of negligence on the part of the state, its officers, agents or employees and this claim is neither one for which the state is legally liable nor one which the state should assume and pay based on equitable principles.

**6. Eugene Cherry** of Oshkosh, WI claims \$162.39 for property allegedly mishandled by DOC staff. Cherry was moved from Green Bay Correctional Institution to Oshkosh Correctional Institution on August 10, 2022. Cherry placed his personal property in a basket which GBCI staff picked up the day before his transfer. Cherry alleges that other inmates had no access to his property because he resided in a single cell and inmates had been on Covid-related lockdown with limited movement for the prior two years. When Cherry received his property at OSCI his watch was broken, and many property items were allegedly missing. Cherry believes that GBCI staff improperly discarded his property before his transfer, therefore, the OSCI disallowed property mentioned by DOC is not relevant. Cherry has receipts for the missing property items. Cherry contends that the fact that DOC admits they broke his watch and have paid thousands of dollars for other property claims is proof that DOC mishandled his property.

DOC recommends denial of this claim. The Institution Complaint Examiner determined that there was no evidence

of staff negligence, and it was not even proven that the property was in Cherry's possession immediately prior to his transfer. Although the exact counting of property items sometimes varies between institutions (i.e.: magazines counted as books or magazines, shampoo counted as shampoo or hair product) a review of Cherry's property inventories from before and after the transfer show that he arrived at OSCI with approximately the correct number of items. DOC believes Cherry is attempting to be reimbursed for property that he no longer possessed at the time of his transfer. DOC notes that many of the allegedly missing property items were consumable hygiene products purchased months earlier. Even if Cherry still had those items, many of them would have been destroyed under OSCI property rules regarding open containers and time limits for keeping items after purchase. DOC takes inmate property claims seriously, as evidenced by the fact that it replaced Cherry's watch, which was broken while under staff control. However, the fact that DOC pays some inmate property claims does not mean it should pay claims where there is no proof of DOC responsibility. If the Board finds that some monetary relief is appropriate, DOC notes that used toiletry items and magazines have negligible value and a used book would be worth half of its original value.

The Board concludes there has been an insufficient showing of negligence on the part of the state, its officers, agents or employees and this claim is neither one for which the state is legally liable nor one which the state should assume and pay based on equitable principles.

**7. Patrick Fowler** of Boscobel, WI claims \$242.02 for property items allegedly lost by DOC staff at Green Bay Correctional Institution. Fowler was moved to the Restrictive Housing Unit (RHU) on November 3, 2022. He received his property inventory on November 8, 2022, and realized that several property items were missing. He filed an inmate complaint regarding the missing property. After he returned from RHU, Fowler received his property and noticed that some of the property belonged to another inmate, so he filed another inmate complaint. DOC denied both of his complaints. Fowler alleges that DOC mishandled his property and failed to properly investigate his complaints. He notes that an unknown officer took the property from his cell on November 3, but the property was not inventoried until four days later by Officer Cortes. Fowler believes DOC should have reviewed the November 3 video footage from outside of his cell and interviewed the officer who removed his property. Fowler requests reimbursement for the full value of his property.

DOC recommends denial of this claim. The Institution Complaint Examiner determined that Fowler's property was properly handled and that there was no evidence of negligence by DOC staff. DOC staff removed all the property from Fowler's single cell and took it to the property area where it was securely stored until it was inventoried. Fowler's property was placed in a basket before removal from his cell, so individual property items would not have been visible on the video footage from outside the cell. DOC staff inventory inmate property one basketed at a time to

prevents comingling the property of different inmates. Any property Fowler alleges was not his would have been present in his cell when he was moved to RHU, and any property not inventoried by DOC would not have been present.

The Board concludes there has been an insufficient showing of negligence on the part of the state, its officers, agents or employees and this claim is neither one for which the state is legally liable nor one which the state should assume and pay based on equitable principles.

**8. De'Angelo Carter** of Waupun, WI claims \$467.60 for several property items allegedly lost by DOC staff at Waupun Correctional Institution between February 25 and March 25, 2022. Carter was moved to the Restrictive Housing Unit (RHU) on February 24, 2022, resulting in limited possession of his personal property items. Disallowed personal property items are packed, inventoried, and stored until the inmate returns to general population. While in RHU, Carter was provided an inventory log detailing his remaining, stored property items. Carter discovered that "a lot" of his items were not accounted for on the log. He filed a complaint via the Inmate Complaint Review System (ICRS) on March 8, 2022, which was investigated and ultimately denied. Upon return to general population, Carter realized that the items were in fact missing from his property. He alleges that he either came to WCI with the items or purchased them while at WCI.

DOC recommends denial of this claim. The Institution Complaint Examiner stated that there was "no evidence that the items he claims are missing were in the cell at the time of the pack up or that these items were ever under staff control. He could have sold, traded, or disposed of the items when they were in his possession." Further, "the process of packing the property and sending it to the Property Department was documented and proper. Recommendation is made for dismissal of the complaint, as there is no indication any staff or staff action caused any perceived loss." If the Board finds that some monetary relief is appropriate, DOC notes that Carter only exhausted his administrative remedies regarding some of the property items and should not be reimbursed where he did not exhaust – *i.e.*, eyeglasses, mesh laundry bag, gym shorts, basketball shoes, African Gold, Coast bar soap, Crest toothpaste, Zest bar soap, thermal bottoms, paper, Ultra Brite. Further, any reimbursement should match the value of items at the time of loss, not the original purchase price or replacement cost.

The Board concludes there has been an insufficient showing of negligence on the part of the state, its officers, agents or employees and this claim is neither one for which the state is legally liable nor one which the state should assume and pay based on equitable principles.

**9. Jennifer Arndt** of Lake Geneva, WI claims \$567.59 for damage to vehicle tires allegedly caused by a crosswalk sign in the roadway on South Lake Shore Drive in Lake Geneva, within the boundary of Big Foot Beach State Park ("the Park"), on August 5/6, 2022. Claimant's son, Andrew Arndt, was travelling northbound on South Lake Shore Drive in a vehicle owned by Claimant's fiancé, James Militello. After

hitting a "little bump," tire pressure decreased, and Arndt pulled over. He discovered he hit a rubber mat (with no sign attached) that lay in the middle of the northbound lane with four screws sticking out. The two driver-side tires were damaged. Claimant notes that she and Militello were out of town at the time of the incident, but that she provided Arndt with the cash to repair the damage, which he did at Walmart on August 6. Claimant asserts that while only two tires were damaged, all four were replaced per Walmart's policy. Claimant holds that DNR was negligent in that it failed to maintain a hazard-free roadway.

DNR recommends the claim be denied. DNR maintains crosswalk signs at the two crosswalks across South Lake Shore Drive. Each of the two crosswalks has one sign positioned on the centerline of the roadway. Each day, staff visually confirm the location and correct positioning of the signs. The Park has experienced issues with theft and vandalism of crosswalk signs; as a theft deterrent, DNR uses lag screws to secure the crosswalk signs and mats into the asphalt. DNR is confident the subject crosswalk sign was correctly positioned on the centerline at the end of the day on August 5. On the morning of August 6 or 7, staff observed the sign was missing. The mat was located on the shoulder of the road, with no sign attached. The sign was never located. It is DNR's belief that sometime during the night of August 5, the sign was tampered with and stolen, leaving just the mat, possibly with screws sticking out. This condition was not the result of DNR action or inaction. DNR notes that due to the proximity in time to Labor Day (*i.e.*, when the signs are usually removed), the subject sign was never replaced/reinstalled after this incident. DNR further believes the photographs provided by Claimant (with the sign improperly installed with screws sticking up) are from the other crosswalk in the Park. DNR holds that it exercised appropriate vigilance in its maintenance of the crosswalk sign. If the Board finds that monetary relief is appropriate, DNR recommends no more than \$262.70 – the cost of *two* tires, less the cost of the elective road hazard replacement coverage.

The Board concludes the claim should be paid in the amount of \$262.70 based on equitable principles. The Board further concludes, under authority of Wis. Stat. § 16.007(6m), payment should be made from the Department of Natural Resources appropriation Wis. Stat. § 20.370(1)(ma).

**10. Corey Benson** of Waupun, WI claims \$18.65 for earbuds allegedly lost by DOC staff. Benson was moved to the Restrictive Housing Unit (RHU) at Waupun Correctional Institution on September 23, 2022, resulting in limited possession of his personal property items. Disallowed personal property items are packed, inventoried, and stored until the inmate returns to general population. On October 12, 2022, Benson was provided his allowable personal property items in RHU, and given an inventory log detailing the remaining, stored property items. Benson discovered his recently purchased earbuds were missing from the inventory log, in addition to other items not subject to this claim. Benson raised the issue with CO Avila, who suggested

Benson complete an Interview/Request Form to have the discrepancy reviewed. Benson indicates that CO Avila confirmed on October 14, 2022, that the earbuds were not located with Benson’s stored property items. Benson returned to general population on December 12, 2022, and received the remainder of his property items, absent the earbuds. Benson alleges he contacted the property department and filed an inmate complaint, exhausting his administrative remedies.

DOC recommends denial of this claim. Benson filed a complaint through the Inmate Complaint Review System (ICRS) on December 21, 2022, which was rejected as untimely. (A complaint must be filed within 14 days after the occurrence giving rise to the complaint.) Benson appealed the rejection to the Warden, who affirmed the rejection. Because the complaint was rejected, the merits were never considered or investigated. Benson claims to have known of his missing earbuds on October 12, but did not file the ICRS complaint until 70 days later; he was 56 days late. DOC notes that Benson’s status in RHU would not prevent him from filing an ICRS complaint. DOC contends that Benson did not properly exhaust his administrative remedies, and that review of the rejected ICRS Complaint is not within the jurisdiction of the Claims Board.

The Board concludes there has been an insufficient showing of negligence on the part of the state, its officers, agents or employees and this claim is neither one for which the state is legally liable nor one which the state should assume and pay based on equitable principles. *Member Barnes dissenting.*

**11. Anthony C. Holschbach** of Waupun, WI claims \$1,694.70 for vehicle damage caused by a resident of a Department of Health Services (DHS) facility – Central Wisconsin Center (CWC). Claimant (the presumed owner of the subject vehicle driven by CWC employee Ana Sucely Holschbach) provides a DHS Security Incident Report which indicates that on October 3, 2021, a CWC resident became agitated while on an on-grounds walk and started striking vehicles with his fist. Claimant’s vehicle sustained a dent in the back left quarter panel. Claimant incurred costs from an autobody shop to repair the damage. (Note that the autobody shop estimate lists Claimant as the vehicle owner.)

DHS recommends full payment of this claim. Ms. Holschbach submitted an expense report to be reimbursed for the damage, which was denied due to DHS’s limited ability to reimburse employees for damaged personal articles. DHS

points to the State of Wisconsin Compensation Plan, Section G 2.02, authorized by Wis. Stat. §§ 20.918 and 230.12(1)(dm), which states a reimbursement may not exceed \$100 for any one incident. DHS has no other mechanism to reimburse Claimant or Ms. Holschbach.

The Board concludes the claim should be paid in the amount of \$1,694.70 based on equitable principles. The Board further concludes, under authority of Wis. Stat. § 16.007(6m), payment should be made from the Department of Health Services appropriation Wis. Stat. § 20.435(2)(gk).

***The Board concludes:***

**That payment of the amounts below to the identified claimant from the following statutory appropriations is justified under § 16.007(6)(b).**

Sandra Beulen	\$75.00	Wis. Stat. § 20.410(1)(a)
Brendan Ingenthron	\$75.00	Wis. Stat. § 20.410(1)(a)
Jennifer Arndt	\$75.00	Wis. Stat. § 20.370 (1)(ma)
Anthony C. Holschbach	\$75.00	Wis. Stat. § 20.435 (2)(gk)

**ANNOUNCEMENTS, ADJOURNMENT  
HONORS, AND REMARKS UNDER  
SPECIAL PRIVILEGE**

Senator Wanggaard, with unanimous consent, asked that the Senate adjourn in honor of Conrad Stewart Schutt Barbour. Congratulations to his awesome staff member Eric Barbour and his amazing wife Ellen Schutt on their new baby boy.

Senator Wanggaard, with unanimous consent, asked that the Senate adjourn in honor of Officer Jeffrey Comp and his partner, K9 Jaxx. They have proudly served the community of Twin Lakes Wisconsin, and have repeatedly worked to

protect the community at the risk of their own lives and safety several times in the past year. On June 11, 2023, Officer Comp and K9 Jaxx assisted in a traffic stop in Twin Lakes during which K9 Jaxx alerted the officers to drugs present in a suspect's vehicle, and assisted in the arrest of two subjects who were found guilty of multiple felony charges, including possession with intent to distribute harmful drugs into the community; the teamwork of Officer Comp and K9 Jaxx was invaluable in putting these dangerous suspects out of business, getting them off the street, and ultimately in cutting off a supply of narcotics to the Twin Lakes community. They are being honored in the Assembly as part of the First Responders Day.

Senator Wanggaard, with unanimous consent, asked that the Senate adjourn in honor of Chief Ron Molnar. Chief Molnar serves the Kansasville Fire and Rescue Department as Fire Chief. He is an asset to Racine County and the Kansasville Fire and Rescue Department, serving as both a Firefighter and an EMT. Chief Molnar has also served his community and fellow first responders by working as the President of the Kansasville Fire and Rescue Association and the Commissioner for the Mount Pleasant Police and Fire Commission. Chief Molnar is also being honored in the Assembly as part of the First Responders Day.

Senator Wanggaard, with unanimous consent, asked that the Senate adjourn in honor of his granddaughters Daphne Jaye Wanggaard who celebrated her 6<sup>th</sup> birthday and Eloise Mae Wanggaard on her 9<sup>th</sup> birthday in the past two weeks with their family serving others in Beirut, Lebanon.

Senator Wanggaard, with unanimous consent, asked that the Senate adjourn in honor of his daughter Kathleen Jensen as she approaches one year being diagnosed with stage 4 cancer. She is a person of strength for others with faith that God has this illness and will continue to strengthen her positive attitude to persevere.

Senator Wirch, with unanimous consent, asked that the Senate adjourn in honor of his staff person, Steve. Steve and his husband went all the way to Georgia to adopt a newborn

child. So, not only did Senator Wirch vote for adoption as a Democrat, but in his office, they are adopting a little boy, and they are celebrating that.

Senator Jagler, with unanimous consent, asked that the Senate adjourn in honor of his wife, whose birthday is tomorrow.

Senator Roys, with unanimous consent, asked that the Senate adjourn in honor of her father, Arthur Thexton, and her daughter Avalon, who celebrate their birthdays today.

Senator Cabral-Guevara, with unanimous consent, asked that the Senate adjourn in honor of Emilio Guevara, who is receiving a Scout award in Green Bay this evening.

Senator Cabral-Guevara, with unanimous consent, asked that the Senate adjourn in honor of all working parents.

Senator Marklein, with unanimous consent, asked that the Senate adjourn in memory of former State Representative John Klenke, who passed away recently.

Senator Hesselbein, with unanimous consent, asked that the Senate adjourn in honor of Vidhi Patel. She is a senior at Middleton High School and is interested in exploring a career in law and government and is very interested in the field of public service. She is job shadowing Senator Hesselbein today.

SPECIAL PRIVILEGE**

Senator Agard, with unanimous consent, asked that the Senate adjourn in honor of the life of Cottage Grove Volunteer Firefighter, Gavin Thomas Wendricks, who died tragically in a motorcycle accident on October 28<sup>th</sup>. Gavin

lived for only 20 years, but it is clear he had a monumental impact on the lives of his friends, family, and community, and he will be missed dearly. Gavin fulfilled his life-long dream of joining his local fire department in April of 2022 where his father, Paul, has served as a firefighter for over 20 years. From a young age, Gavin grew up watching his father's public service with pride and vowed to follow in his footsteps as soon as he was old enough. Gavin was also passionate about the skilled trades, having graduated from Monona Grove High School in 2021 as a welder with the Dane County Youth Apprenticeship program. After high school, Gavin worked as a welder and heavy equipment operator, and recently obtained his commercial drivers license to become a grain hauler for ALCIVIA. He loved playing baseball. Senator Agard is so grateful for his service to their community.

Senator Wanggaard, with unanimous consent, asked that the Senate adjourn in honor of Officer Anthony Schiro. Officer Schiro was in the US Navy, worked with the Wisconsin State Patrol and worked with the Racine Police Department for more than 25 years. Back in the day, Officer Schiro and his K9 officer Jolan were a prominent crime fighting duo in the community. Officer Schiro passed away earlier this week. He will be missed.

Senator Wanggaard, with unanimous consent, asked that the Senate adjourn in honor of the Union Grove boys soccer team. This was their first time at the state tournament and on November 4th, they won their first WIAA Division II state title. Go Broncos!

Senator Wanggaard, with unanimous consent, asked that the Senate adjourn in honor of the Shoreland Lutheran Pacers of Somers who clinched the Division 4 boys soccer state title for the second time. Job well done.

November 14, 2023

The Honorable, the Senate:

The Brewers stadium funding deal was negotiated behind closed doors, including only a small group of people. Senators were given mere minutes to evaluate the proposed substitute amendment and have our ideas drafted as amendments to it.

By moving the bill beyond the amendable stage, the Majority Leader purposefully acted to prohibit us and other

Senators from introducing additional amendments to Assembly Bill 438. Senators from both sides of the aisle came prepared with ideas to make this deal more fair to the people, but had that opportunity taken from them through procedural tricks which prevented the Senate from doing its job: debating legislation and taking input from across the state into consideration before voting on a deal that will cost state and local taxpayers over half a billion dollars.

Assembly Bill 438 required significant changes to meet the needs of the people of the state of Wisconsin, and particularly the residents of the City of Milwaukee and Milwaukee County. The proposal that was ultimately approved by the Senate only minimally reduces the burden on taxpayers, and doesn't require an audit and program evaluation before hundreds of millions of taxpayer dollars are spent. This was not enough to earn our votes. At the very least, the Senate should have considered the ideas of its members to make improvements to the deal.

After seeking the input of the people of the 3rd and 7th Senate Districts, we prepared the following amendments to Assembly Bill 438 to right-size this deal and make it fair to the taxpayers of Wisconsin. Because our opportunity to bring these ideas forward for consideration was cut short, we provide them here in an effort to illustrate a few of the ways that this deal could have been improved.

To reduce the public contributions and ensure adequate oversight of the lease negotiations, we brought the following amendments:

LRBa0745 would require that the Legislative Audit Bureau perform a program evaluation and financial audit of the Stadium District and a financial audit of the Brewers organization prior to the ratification of a new lease.

LRBa0737 would require the lease negotiated between the public stadium district authority and the team to come back to the legislature for ratification, ensuring public oversight of successive negotiations.

LRBa0739 would have instituted a 10% ticket surcharge on admission to all events at the stadium, including Brewers games and other Brewers events. This would have brought in an estimated \$10.84 million in annual revenue, reducing the overall deal by nearly \$300 million over the 27 year timeframe, while only adding \$3.28 to the average ticket price, and adding only \$0.60 to the most affordable tickets.

LRBa0744 would retain revenue from non-Brewers events at the stadium such as conventions, concerts, corporate outings, motorcycle classes that take place in the parking lots, to name a few. These revenues would be used to offset the taxpayer contribution.

LRBa0770 would require that revenue generated from advertising on infrastructure financed with public money would be split equally between the Brewers and the state.

LRBa0736 would require the Brewers organization to cover any difference between income tax collections and state payments for maintenance of the stadium. Currently, the state's portion of the public contribution is set to match

estimated income taxes from player salaries. If the state income tax is adjusted to reduce the higher brackets, the Brewers would be responsible to make up the difference.

LRBa0767 would require that funds generated by the sale of naming rights of the stadium be used to reduce the taxpayer contribution.

LRBa0738 would require a 5% sales tax on all non-ticket purchases made within the stadium and associated property, funds would be used to offset the taxpayer contribution.

LRBa0747 would protect against relocation of the team by requiring the return of all public funds paid for stadium maintenance as of the date of relocation.

LRBa0771 would require a study of potential voluntary contribution opportunities such as the sale of commemorative installations or artifacts like used equipment to offset the public contribution.

LRBa0773 would require a study of the cost to winterize the facility and estimated revenue generated by winterization. No money could be spent on winterization before completion of the study.

To ensure that a deal to publicly fund the baseball park is at least as beneficial as the deal to fund the construction of the professional basketball arena, we brought the following amendments:

LRBa0741 and LRBa0752 would require that public funds for maintenance of the stadium be matched dollar-for-dollar by the Brewers organization.

LRBa0746 would require a \$20 wage floor for all team and contract workers, with annual cost of living raises, a labor neutrality agreement from the team, and a commitment to a Community Benefits Agreement. These provisions are similar to the arrangement negotiated between the Milwaukee Area Service and Hospitality Workers and the Milwaukee Bucks.

LRBa0742 would add 4 seats to the stadium district board, one would be chosen by the Mayor of Milwaukee, one by the Milwaukee Common Council President, one by the Milwaukee County Executive, and one by the Milwaukee County Board Chair.

LRBa0748 would require the team to return at least 20% of the parking lot acreage to the City of Milwaukee for a taxable use request for proposal process. This would create the opportunity for a district similar to the Deer District with Fiserv Forum or Titledown near Lambeau Field

In order to give back to the fans who make the team so successful, we offered the following amendments:

LRBa0753 would require the Brewers to fund the operation of public transit routes terminating at the stadium to provide greater access to the facility.

LRBa0768 would ensure that attendees continue to be able to carry in food and non-alcoholic beverages for personal consumption.

LRBa0772 would require the Brewers to ensure statewide broadcast television access to games.

Alternatively, to relinquish state obligations to maintenance of the stadium, we offered the following amendments:

LRBs0178 would transfer ownership of the stadium and district to the Brewers, and repeal the property tax exemption granted to that land. There would be no public responsibility for maintenance of the infrastructure.

LRBs0177 would transfer ownership of the stadium and district to the Brewers, and require the team to cover the cost of demolition and relinquish rights to the property if the team should relocate.

These amendments were developed through countless conversations with the residents of the 3rd and 7th Senate Districts, as well as colleagues in the legislature, who brought their ideas and expectations for any deal to provide public funds for maintenance of the baseball park to our attention. The Senate relies on the consideration and debate of ideas from all across Wisconsin to achieve public policy providing the greatest benefit to the people of our state. Motions to limit senators' ability to propose and debate amendments today prevented the Senate from achieving the best possible deal for Wisconsin.

Respectfully,

*TIM CARPENTER*  
Senator – 3<sup>rd</sup> District

*CHRIS LARSON*  
Senator – 7<sup>th</sup> District

**ANNOUNCEMENTS, ADJOURNMENT  
HONORS, AND REMARKS UNDER  
SPECIAL PRIVILEGE**

Senator Carpenter, with unanimous consent, asked that the Senate adjourn in honor of Acting Chief Clerk, Rick Champagne, on the wonderful job he has done.

Senator Knodl, with unanimous consent, asked that the Senate adjourn in honor of his daughter Taylir, who had a baby, Harper Ann Gottschlich, this morning during the floor session at 11:42am.

Senator Taylor, with unanimous consent, asked that the Senate adjourn in honor of a state and national faith leader, Bishop Sedgwick Daniels of Holy Redeemer institutional church of god in Christ. Bishop Daniels, with comprised the best of the secular and non-secular worlds, merged his faith and love of God with his drive to see the people of their community succeed and was a General Board Member and Prelate, Wisconsin First Jurisdiction. Bishop Daniels was a visionary who sought to create a space of opportunity and empowerment for marginalized communities and residents. Members of all political parties recognized the value of working with Bishop Daniels as he created senior housing, spearheaded the opening of a boys and girls club, established both a middle and high school, opened a medical clinic inside Holy Redeemer Church, and founded the first institute for the preservation of African-American art and music. Most importantly, he was a man who led by example, embraced all, offered counsel, support, and served as a moral compass on issues simple and complex.

Senator Johnson, with unanimous consent, asked that the Senate adjourn in honor of Prince Rashon McCree and Krause Funeral Home and Cremation Services in Milwaukee.

Senator Marklein, with unanimous consent, asked that the Senate adjourn in honor of the Wonewoc-Center Girls Volleyball Team on winning the Division 4 State Championship. In both the semifinals and championship games Wonewoc-Center was down 2 sets, but rallied to win the final 3 sets. Never give up!

Senator Marklein, with unanimous consent, asked that the Senate adjourn in honor of the Lancaster Girls Cross Country Team on winning the Division 3 State Championship. This is Lancaster's third state championship!

Senator Pfaff, with unanimous consent, asked that the Senate adjourn in honor of the student athletes from the University of Wisconsin – La Crosse. The University of Wisconsin – La Crosse men's football team had an undefeated conference season. They are 9-1 overall. They

won their 35<sup>th</sup> conference title in the Wisconsin Intercollegiate Athletic Conference. They host their first home NCAA football playoff game this Saturday. The first home game since 2006.

Senator Pfaff, with unanimous consent, asked that the Senate adjourn in honor of University of Wisconsin – La Crosse women's soccer team. They have advanced to the sweet sixteen.

Senator Pfaff, with unanimous consent, asked that the Senate adjourn in honor of the La Crosse Aquinas Blugolds who are playing in the state football championship this Thursday. They are trying to win their third straight Division 5 football championship.

Senator Hutton, with unanimous consent, asked that the Senate adjourn in honor of Brookfield East High School Principal Andrew Farley, who was just named the 2024 National Principal of the Year for the entire country.

Senator Hesselbein, with unanimous consent, asked that the Senate adjourn in honor of Senator Larson, who celebrated a birthday last week, and Senator Wirch, who is celebrating a birthday this week.

Senator Bradley, with unanimous consent, asked that the Senate adjourn in honor of Afa, the wild Samoan, who turns 80 next week.

Senator Ballweg, with unanimous consent, asked that the Senate adjourn in honor of the Lodi High School Football Team who will be playing in the Division 4 State Championship on Thursday, November 16, 2023. She wishes them luck at their game and congratulates the team on their very successful 2023 season.

STATE OF WISCONSIN  
**Senate Journal**  
September 2023 Special Session

---

MONDAY, November 20, 2023

---

The Chief Clerk made the following entries under the above date.

---

**State of Wisconsin  
Office of the Governor**

November 20, 2023

The Honorable, the Senate:

I am vetoing **Senate Bill 1** of the September 2023 Special Session in its entirety.

In addition to other changes, this bill specifically: (a) decreases the individual income tax rate in the third tax bracket from 5.3 percent to 4.4 percent, collapsing the current-law second and third brackets into one; (b) increases the child and dependent care tax credit; (c) increases the private school tuition deduction; (d) expands availability of reciprocal professional credentials; (e) requires the Department of Safety and Professional Services (DSPS) to review other state health care credentialing requirements to determine equivalence, comparability, or similarity to Wisconsin's requirements; (f) modifies DSPS requirements related to investigation of credential applicant backgrounds, including permitting a determination by an applicant's employer as an alternative to a DSPS investigation; (g) prohibits DSPS or applicable boards from requiring passage of a statutes and rules examination for certain regulated professions; (h) modifies professional credential renewal periods; (i) modifies the preliminary credential process for applicants from another state; (j) ratifies Wisconsin's participation in several interstate professional licensure compacts, including compacts relating to audiology and speech-language pathology, physician assistants, social workers, and counselors; (k) establishes a decennial review and reporting requirement relating to the state's occupational licensure requirements; (l) requires the Department of Administration (DOA) to submit a report on any bill introduced by the Legislature that pertains to obtaining a professional credential or business license; (m) creates apprenticeship grant programs at the Wisconsin Technical College System (WTCS) and Higher Educational Aids Board (HEAB); (n) creates commercial driver training grants to be administered by the Department of Workforce Development (DWD); (o) modifies work search requirements applicable to unemployment insurance benefit claimants; and (p) requires DWD to immediately promulgate rules to establish a drug testing program for unemployment insurance recipients.

I am vetoing this bill in its entirety because I object to Republicans in the Wisconsin State Legislature gutting my comprehensive workforce plan to instead pass a completely unserious proposal that fails to meaningfully and sensibly address the workforce challenges that have plagued Wisconsin for a decade. It is clear today Republicans remain disinterested in passing real solutions to the most pressing challenges facing our state.

I object to this proposal because, unlike the comprehensive workforce plan I announced now more than 100 days ago, this bill does not make direct investments to help parents afford child care and keep child care provider doors open today or prevent our child care industry's collapse in the long term; this bill does not expand paid family and medical leave for working families to help ensure Wisconsin can compete against neighboring states; this bill does not help substantively bolster high-need sectors of our state's workforce, including the state's education and healthcare workforces; this bill does not provide substantial support or investments for the state's higher education institutions, including the University of Wisconsin-Madison's engineering building project, aimed at preventing further campus closures and layoffs and helping recruit, train, and retain workers.

I support providing real, responsible tax relief for Wisconsin's working families, as I have clearly demonstrated, having enacted income tax reductions during my time in office that now total \$1.5 billion annually. My commitment to supporting working families, especially those that have experienced rising costs in recent years, is why I delivered on my promise of proposing a 10-percent, middle-class tax cut in my biennial budget that would have provided \$1.2 billion in targeted tax relief to working families, parents, veterans, caregivers, seniors, and student loan borrowers, among others. Republicans rejected that proposal and provided little, if any, justification for doing so.

When we deliver tax relief, we should do so responsibly by ensuring we can keep taxes low now and into the future—much like the tax cuts I have been proud to sign into law—and without driving our state into debt that will cause devastating cuts to priorities like public schools and public safety down the road. Republicans once again fail to balance these important priorities.

This amended bill is a fiscally irresponsible measure that would leave the state of Wisconsin unable to meet its basic duties to provide adequate funding in child care, education,

healthcare, public safety, and aid to local governments in the 2025-27 biennium and beyond. The income tax change now included in this amended bill are so steep that they would require the state, even with ordinary revenue growth, to partially or fully drain the Budget Stabilization Fund-which currently sits at the highest balance in state history-just to provide bare minimum inflationary adjustments to key programs in the future, even after the Legislature already failed to provide adequate funding in the most recent budget. Even under the best economic circumstances and outlook, this bill would represent a complete reversal of the progress we have made during my time in office to improve our state's fiscal conditions. Responsible tax relief must be provided in the context of other key responsibilities, and the Legislature has failed to make any real effort to do so. Again.

Further, I object to the multitude of provisions that would significantly increase the workload of DSPS without providing the agency with expenditure or position authority to manage the increase. The Wisconsin State Legislature is acutely aware of urgent resource needs at the department but repeatedly refuses to provide the agency with a level of additional staffing and funding that is commensurate with the need. By heaping new responsibilities on the agency without increased support, the Legislature has set the agency and its customers on a path to increased processing times, which in turn negatively impacts our workforce. Moreover, the bill would allow individuals to receive or renew professional licenses without proper due diligence. By allowing an employer to attest to a license applicant's arrest and conviction records in order to obtain or renew a license, the state is abdicating its responsibility to ensure that laws and regulations are followed and that issuance of a license is not a danger to public safety. Employer attestation fails to ensure careful review of an applicant's background and is inadequate to keep the people of Wisconsin safe.

Additionally, I object to the inclusion of changes to unemployment insurance work search and drug testing requirements as they create additional barriers for individuals applying for and receiving benefits from a program that is designed to support individuals and families experiencing economic hardship. As I have indicated to this Legislature on multiple occasions, I also object to these provisions because modifications to the state's unemployment insurance law should be considered as part of the long-established process of review and recommendation by the Unemployment Insurance Advisory Council, or in consultation with the council and Department of Workforce Development. The process is intended to ensure that any proposed modifications reflect the expertise and agreement of employers, workers, and the department.

Finally, I object to foisting new financial aid programs upon WTCS and HEAB without providing state funding. Requiring the agencies to absorb new program costs will decrease the availability of dollars for existing programs. While programs that seek to assist individuals in completing apprenticeships are laudable, the Legislature should employ

the state's ample surplus funds to ensure that other students in higher education are not negatively impacted.

It is unconscionable that, even as the state enjoys its highest budget surplus in state history and maintains a record-high balance in its 'rainy day fund,' the Legislature failed to take the opportunity I offered through this Special Session to meaningfully and seriously address some of our state's most pressing issues. While I was glad to direct a \$170 million investment to help stave off an urgent collapse of our state's child care industry, this stopgap measure is not a permanent solution. As many members of this Legislature have both publicly and privately acknowledged, our state has long experienced a shrinking labor pool due to several long-term factors that, coupled with our state's low unemployment and high workforce participation, are causing Wisconsin's small businesses, farmers and producers, hospitals and healthcare sectors, and schools, among other critical employers and industries, to face significant challenges filling available jobs-challenges that we know will only be exacerbated by the looming child care crisis facing our state. To be sure, this is not the end of the conversation on child care-that is a promise.

In addition, it is also clear to me-and clearly many of our state's largest employers agree-that if we want to educate, retain, and recruit talented workers, we have to make sure our UW System and higher education institutions statewide have the means to deliver world-class curriculum, programming, and support for students. Those efforts must include investing in a new, state-of-the-art engineering building at our state's flagship campus that, without the state's prompt support, could see an increased cost of approximately \$400 million in the next biennium. Similarly, those efforts must include releasing already-approved wage increases for about 35,000 UW System faculty and staff that continue to be unconstitutionally obstructed by Republicans for no real reason whatsoever.

Truly addressing the longstanding workforce challenges facing our state must likewise include efforts to ensure workers who are already participating in Wisconsin's workforce can remain in the workforce, efforts to recruit, train, and retain workers in key industries and sectors facing significant challenges, as well as initiatives to ensure Wisconsin can be competitive in retaining and recruiting talented workers, such as paid family and medical leave.

Absent real, meaningful efforts by this Legislature to get serious about our shrinking workforce, Wisconsin's ability to maintain our economic momentum will suffer mightily. I urge the Legislature to revisit their work, do the right thing, and send me a bill that contains the serious solutions we know Wisconsinites support to address the serious challenges that have plagued our state for generations.

Respectfully submitted,  
*TONY EVERS*  
 Governor

#### Offices of the Senate President and Assembly Speaker

November 28, 2023

Dear Governor Evers:

The Marquette Law School Poll shows Wisconsinites hold an overall negative view of our economy, with 62

percent of respondents saying they are just getting by or struggling to get by. Since Joe Biden has taken office, federal spending programs have had a huge negative impact on family budgets, as inflation rose 8% last year and rates this year are still higher than we've seen in any other time in the last decade. Many of your decisions to allocate ARPA funds have grown government, exacerbating the problem. When the federal funds run out, many of these new programs will likely seek continuance via state funding, potentially stressing the taxpayer even further.

During this session we have made important investments in housing, share revenue, and improvements to our education system. Unfortunately, your veto of substantial tax cuts has disappointed many Wisconsinites. As you anticipate delivering your State of the State Address in January, we hope you will consider ways that we can continue to work together to improve our economy that do not require massive government spending and also seek to return the bulk of our surplus back to the people who overpaid it.

To that end, it is our honor to invite you to deliver the State of the State address to a joint session of the Wisconsin State Legislature in the Assembly chambers. We invite you to join us on either January 16 or January 23, 2024. Please let us know what date works best for you.

We look forward to hearing the address and to working together to shape an even better future for our state and its citizens.

Sincerely,

*CHRIS KAPENGA*

Senate President

*ROBIN VOS*

**State of Wisconsin  
 Office of the Governor**

December 7, 2023

The Honorable, the Senate:

I am vetoing **Senate Bill 98** in its entirety.

This bill would require the Department of Transportation to mark identification cards of individuals who are not U.S. citizens with the phrase "not valid for voting purposes" or another recognizable identification and transmit certain personally identifiable information to the Elections

Commission in order to verify the citizenship status of individuals on the official voter registration list.

I am vetoing this bill in its entirety because I object to this bill requiring state-issued identification cards to have a 'recognizable indication' that could result in certain individuals being treated differently or unfairly in every day, non-electoral situations this legislation fails to consider or contemplate. An individual must already attest that they are a U.S. citizen in order to register to vote, and any individual who attempts to fraudulently or improperly vote is already subject to punishment under current law. This bill does not alter or affect these facts in any way; vetoing this bill does not alter or affect those facts in any way, either.

This bill does, however, fail to acknowledge and meaningfully consider the many different ways in which state-issued identifications are used in everyday settings wholly unrelated to voting. Despite few, if any, verified cases of voter registration by a noncitizen, this bill would effectively mark all of the identification documents of an entire group of Wisconsin residents as noncitizens. While I do not object to the data-sharing of citizenship information between the Department of Transportation and the Elections Commission, this cooperation could be accomplished without potentially causing certain individuals to be treated unfairly or perpetuating false narratives about our elections.

Respectfully submitted,  
 TONY EVERS  
 Governor

**ANNOUNCEMENTS, ADJOURNMENT  
HONORS, AND REMARKS UNDER  
SPECIAL PRIVILEGE**

Senator Agard, with unanimous consent, asked that the Senate adjourn in honor of Antwon and Legend Sims, who tragically lost their lives last week.

Senator Wanggaard, with unanimous consent, asked that the Senate adjourn in honor of Rory James Rudolf, who was born on December 27, 2023 at 11:15pm to his parents Jamey Engels and Ryan Rudolf. Importantly, Rory is already a Packer fan in spite of his father's allegiance to the Bears. More importantly, he is the first grandson of Tom and Judi Engels. Tom Engels our own Senate Sargent at Arms. Welcome to being grandparents.

Senator Wanggaard, with unanimous consent, asked that the Senate adjourn in honor of Senate Sargent at Arms, Tom Engel, who turns 60 this Friday, January 19<sup>th</sup>. Happy Birth-week!

Senator Pfaff, with unanimous consent, asked that the Senate adjourn in honor of former U.S. Senator Herb Kohl. Like many in Wisconsin, Senator Pfaff was saddened to hear of his recent passing. Senator Pfaff loved the man. He learned so much from Senator Kohl over the years. He is humbled to have known him and had the opportunity to serve on his staff. He left a lasting impact on all of us. Senator Pfaff was proud to travel the state with him, and he will never forget his visit to his family's farm in northern La Crosse County. He was a mentor, a friend, and a proud representative of the people of Wisconsin. He truly believed in the people of this state. He was nobody's Senator but ours. His leadership always put the people of Wisconsin first, and he will be missed.

Senator Wirch, with unanimous consent, asked that the Senate adjourn in honor of former U.S. Senator Herb Kohl, who passed away on December 27, 2023.

Senator Spreitzer, with unanimous consent, asked that the Senate adjourn in honor of Darrah Chavey of Beloit, who recently passed away. Darrah was a professor at Beloit College, teaching mathematics and computer science. In addition to his work in math and computer science, Darrah and his wife Peggy were known for teaching ballroom dance at Beloit College, UW-Madison, and in the Beloit community. Darrah was known as an advocate for students. Darrah served as the long-time faculty advisor to the Beloit Science Fiction and Fantasy Association, Ballroom Club, and other student groups. Darrah was also an advocate for LGBTQ+ students and other marginalized groups, and never hesitated to use his role as a tenured professor to speak out on behalf of someone who needed that voice. Darrah Chavey will be deeply missed on campus and throughout the Beloit community. Senator Spreitzer is also thinking of Darrah's children, grandchildren, and Peggy as they mourn his loss.

Senator Roys, with unanimous consent, asked that the Senate adjourn in honor of what should have been the 51<sup>st</sup> anniversary of Roe v. Wade.

---

**STATE OF THE STATE ADDRESS**

"Good evening, Wisconsinites!

Honorable Supreme Court Justices, Tribal Nation leaders, constitutional officers, members of the Wisconsin National Guard and active and retired members of our armed forces, cabinet members, Senate President Kapenga, Majority Leader LeMahieu, Minority Leader Hesselbein, Speaker Vos, and Minority Leader Neubauer, legislators, distinguished guests, and Wisconsinites joining us here and from afar, thank you for being with us here tonight.

I'm Tony Evers, and I'm proud to be here tonight as the 46th governor of the great state of Wisconsin to deliver my 2024 State of the State address.

My daughter, Katie, and my grandson, Keyton, are here with us. And if you'll bear with me for a minute, I'd like to give a special shoutout to my better half, Kathy, who's here as well. Kathy was named a 2023 Caregiver Hero by Lutheran Social Services, which is awarded in honor of our good friend, former Governor Marty Schreiber. Kathy was recognized for her advocacy around Alzheimer's and other dementias, including making the Executive Residence a dementia-friendly location. Kathleen Frances, I am so proud

of you, and I love you so much—please join me in recognizing Kathy up in the gallery.

Wisconsin, it's been one heck of a year. And I have much to report.

When I delivered my 2023 State of the State address a year ago, we were kicking off Wisconsin's 175th birthday and celebrating the fact that, in 175 years of statehood, Wisconsin had never been in a better fiscal position.

Wisconsin, I begin tonight with even better news. As we enter 2024, our state has never been in a better fiscal position than we are today—better than last year, better than when I took office, and better than any year in Wisconsin's 176 years of statehood.

We began this biennium in the best fiscal position in our state's history. We set out to prepare a breakthrough budget—a rare opportunity to define our posterity. And together we did. We needed to take responsibility for some of our state's most important obligations. But we still couldn't afford to be careless or reckless. We needed to make investments in priorities long neglected. But we still had to save where we could. We needed to stay prudent and well within our means while still marching forward toward the future we're working hard to build together.

Our bipartisan efforts on housing are a good example. I completed my fourth 72-county tour of Wisconsin this past December. I've been to every county at least four times, some many more. And no matter who I'm talking to or where I go—our largest communities or our smallest towns and villages—Wisconsinites tell me, “We need more affordable housing.” And I agree.

Building affordable housing in every corner of our state is critical to making sure that Wisconsin is prepared to meet the needs of a 21st-century workforce in a 21st-century economy. Since I took office, we've invested in building nearly 15,000 affordable housing units—nearly 2,500 last year alone—and more than 24,000 housing units total. And we're not stopping there. This past year, we worked together to invest more than \$500 million in workforce housing—one of the largest investments in our state's history.

We're working every day to make sure our workforce, economy, and infrastructure are ready to meet the needs of the 21st century. Part of that is making sure kids, families, workers, farmers, and manufacturers have the infrastructure they need to get from Point A to Point B safely.

When I took office, years of disinvestment had caused our roads and bridges to crumble into disrepair. So, you're darn right we've been fixing the darn roads. Since 2019, we've improved over 7,424 miles of road and 1,780 bridges, including over 900 miles of road and over 200 bridges last year alone.

We've also worked with our Minnesota and federal partners to secure over \$1 billion in federal funding to support our effort to replace the Blatnik Bridge in Superior. It's a critical economic driver for our state and supports the largest port on the Great Lakes. And I'll tell you this: we got this

done because there is no one—no one—who's been fighting harder in Washington to bring this investment back home than Wisconsin's senator, Tammy Baldwin.

When I was here four years ago, I announced a three-pronged plan to address our state's dairy crisis. I later proudly signed a bipartisan bill creating the Wisconsin Initiative for Agricultural Exports. We're working to meet our ambitious goal of increasing the value of Wisconsin's agricultural exports by at least 25 percent by mid-2026. So, we worked together last year to invest \$2 million to help promote Wisconsin milk and dairy, meat, crop, and other products around the world.

I'm also proud that our administration worked with the Great Lakes Indian Fish and Wildlife Commission and the Menominee and the Lac Courte Oreilles Tribal Nations last year on a new effort to preserve and restore wild rice in Wisconsin. Wild rice has been harvested here for thousands of years, but it's threatened by the effects of changing climate and water quality. We secured nearly \$2 million to support researching and developing strategies to help conserve this important cultural resource for future generations.

Conserving and protecting our natural resources and land continues to be a top priority for my administration. I'm also excited to announce tonight I'm approving the largest forest conservation effort in state history. In partnership with the Biden Administration and the Conservation Fund, we've approved the conservation easement for the Pelican River Forest's remaining acres to protect the forest for generations of future Wisconsinites to use and enjoy. This is a big deal, folks.

Wisconsinites, this is the future we're building. And no matter where you live, you can see the results of our efforts.

In Wisconsin today, a kid got ready for school and put on their favorite Milwaukee Brewers shirt. Because we worked together last year to keep Major League Baseball in Wisconsin through 2050, that kid can grow up, graduate, and start a family in Wisconsin, and they will be able to take their kids out to the ball game where the Milwaukee Brewers will still be the home team.

Today, a Wisconsinite tuning in from their TV at home is using electricity that is 100 percent solar-powered and carbon-free because we've approved enough solar projects across our state—4,000 megawatts' worth—to power more than 750,000 Wisconsin homes with average electricity usage for 365 days straight.

In Wisconsin today, volunteer EMS and fire providers in Delavan are receiving increased stipends; Barron County has hired two new public safety officers; Peshtigo is purchasing new EMS equipment; and residents on the south side of Milwaukee will have quicker emergency response times.

This progress is possible because we worked together to provide an historic increase in shared revenue, state support that goes directly back to our local communities. Our bipartisan effort included a 20-percent increase in support to most municipalities statewide. After a generation of our state asking local partners to do more with less, today, we are

working to deliver on our promise of making sure our communities can meet basic and unique needs alike.

Today in Wisconsin, a veteran—one of our nation’s heroes—has joined our workforce after transitioning from service back to civilian life. They went to work today in a good-paying, family-supporting job right here at home in Wisconsin, where I’m proud to announce we now rank 4th in the country for successfully helping veterans find employment.

Wisconsinites, this is the state of our state. This is the future we’ve spent years working hard to build together.

But let me be clear: these results and our accomplishments don’t mean our work is finished. If anything, our progress demands our efforts continue. There is, as always, more we can do. And that work begins in earnest here tonight.

Let’s start with PFAS. PFAS are a real threat to our kids, families, and communities. These human-made chemicals can be toxic to humans and wildlife—and they’ve been used in everyday products for more than half a century.

In Wisconsin, where we hunt, fish, and want to trust the water coming from our tap, and where our economies rely upon water resources for livestock, crops, and outdoor recreation, PFAS are a threat to our way of life and our economy. It’s why I directed \$10 million into a new statewide program to help get contaminants like PFAS out of our water supplies. And I’m proud to report this program has helped replace or abandon nearly 500 contaminated water wells across Wisconsin.

And after five years of calling for legislative action, we saw the first real and meaningful state investment to specifically address PFAS in our state’s history last year. The Legislature and I both approved a \$125 million investment to start tackling PFAs across our state.

Yes, that is great news. But here’s the rub. I signed the budget last July. Today is January 23rd. It’s been over 200 days, and Republicans have not released one cent of that investment. A \$125 million investment to fight PFAS statewide is sitting in Madison because Republicans refuse to release it. That’s breathtaking.

Republicans, please release this funding so we can get it out to the families, child care facilities, schools, businesses, and communities across our state who need it.

Another area where we must work together to do more and quickly: let’s talk mental health.

I said here last year that I feared the state of mental health in Wisconsin was a quiet, burgeoning crisis—one I still believe will have cascading effects for generations if it goes unaddressed. So, I declared 2023 the Year of Mental Health in Wisconsin. And, yes, we accomplished some important work together.

I fought hard to secure another \$30 million in this biennial budget to build upon our successful “Get Kids Ahead”

initiative to provide school-based mental health services statewide in every school district in Wisconsin.

But I don’t need to remind this Legislature that I requested more than \$500 million last year to help expand access to mental and behavioral health services statewide, only a fraction of which was approved. One year after declaring the Year of Mental Health, I’ll tell you tonight, as governor and as a grandfather, my concerns have not changed, and my fears have not waned. Much work remains.

The data have not improved. According to the latest report from the Office of Children’s Mental Health, kids continue to report highly concerning levels of anxiety, depression, self-harm, and suicidal thoughts. That’s still especially true for teen girls, students of color, and LGBTQ kids. One-third of high school kids still experience feelings of sadness and hopelessness nearly every day. About one in ten teens has attempted suicide, and nearly half of LGBTQ youth seriously considered suicide. Today, one in six kids experienced a serious episode of depression in 2023—it used to be one in seven.

My administration and I are not going to let up on our work on this issue in 2024. We’re going to double our efforts and take a whole-of-government approach.

Tonight, I’m announcing I’m creating an Interagency Council on Mental Health and directing Wisconsin state agencies to work together to reduce barriers and address gaps in mental health services. We’re going to develop a statewide Mental Health Action Plan to address the root causes of our mental health crisis, increase awareness and reduce stigma, and build capacity for us to expand access to mental health services statewide.

Our state’s mental health challenges are significant. Let’s do more—and urgently—to make a difference on this issue in 2024. We have to. And I’m optimistic we will because our kids are leading the way.

Students in Merrill are doing amazing work through a student-led program called “Raise Your Voice.” It’s part of an effort led by NAMI Wisconsin to educate, support, and empower youth to talk openly about mental health.

The program at Merrill High School began with just eight students. And then it grew. And these students have helped expand the program to other middle schools and high schools across the region with more than 200 members. Merrill High’s Raise Your Voice advisors and founding students are here in the gallery tonight. Please join me in recognizing them, and let’s resolve tonight to do the work to support our kids.

Now, as we continue looking toward the important work we have before us in 2024, there are also good things on the horizon. We have important elections coming up this year, including one in November. I’ve been clear that I believe we should be making it easier, not harder, for every eligible Wisconsinite to cast their ballot. And, yes, I’ll continue to veto any effort by politicians to abuse their power to interfere with our elections, just as I always have.

In the coming weeks, I'll also be announcing new steps I'm directing my administration to take to help ensure every eligible Wisconsinite has the opportunity to participate in the most precious and fundamental function of our democracy—the right to vote.

And there's more good news. I have promised from the beginning I would never stop fighting for fair maps. And as I stand here tonight, I have never been more hopeful that when Wisconsinites head to the ballot box later this year, they will be voting under legislative maps that are fair, responsive, and finally reflect the will of the people of this state.

And I want folks at home to understand why fair maps are important: because when elected officials gerrymander themselves into safe seats, they can comfortably ignore the overwhelming majority of Wisconsinites who support commonsense policies like BadgerCare expansion, red-flag laws, and expanding paid family leave. And that's wrong.

What has happened on the issue of reproductive freedom in Wisconsin over the last two years is another good example of why we need fair maps.

For a decade now, 60 percent of Wisconsinites, on average, have consistently said they support abortion being legal in all or most cases. And yet, each time I've asked Republicans to restore Wisconsinites' reproductive freedom to what it was the day before the U.S. Supreme Court overturned Roe, they said, "No." And because of that, Wisconsin women spent over a year experiencing firsthand what it's like to live in a state that bans nearly all abortions, even in cases of rape or incest.

Today, thanks to the lawsuit Democrats filed days after the Supreme Court's decision, Wisconsinites now have the same reproductive freedom in Wisconsin that they did on June 23, 2022, before Roe was overturned.

But make no mistake: the freedoms Wisconsinites just got back are already under attack. Republicans are advancing a bill that would ask Wisconsinites to strip themselves of some of the basic reproductive freedoms that were just recently restored to them. It provides no exceptions in cases of rape or incest.

Folks, Wisconsinites have been abundantly clear. As another example, Republicans' last candidate for governor wanted to take those same freedoms—and more—away. You'll notice he's not here delivering the State of the State address tonight.

So, I want to speak directly to women in Wisconsin tonight: I will veto any bill that takes away your reproductive freedom or makes reproductive healthcare any less accessible in Wisconsin than it is today. Period.

Every Wisconsinite should be able to access the healthcare they need when they need it. And, yes, that includes contraception.

Last summer, the Food and Drug Administration approved the first daily oral contraceptive pill for use without a prescription, which is expected to be available in stores and online later this year. And that's great news. BadgerCare Plus

currently covers over-the-counter emergency contraception and daily contraception with a prescription from a provider. Tonight, I'm announcing I'm directing the Department of Health Services to issue a standing order for BadgerCare Plus to serve as that prescription to cover over-the-counter contraception, including emergency contraception.

Here's how it'll work. Once this contraception is out on the shelves, an individual on BadgerCare Plus will be able to go to any pharmacy and pick up the contraception they need. The pharmacy will use DHS' standing order to process their insurance coverage. That individual will be able to leave the pharmacy with the medication they need at no out-of-pocket cost.

There's also work we can do together to support healthy moms, babies, and families across Wisconsin, especially as we celebrate Maternal Health Awareness Day. Pregnant women in Wisconsin up to certain income levels are eligible for BadgerCare Plus for the term of their pregnancy and up to 60 days after they give birth. But, as most people know, recovery time from a pregnancy often lasts longer than 60 days.

Today, a bipartisan bill, Senate Bill 110, introduced by Senators Ballweg and Felzkowski, would enable Wisconsin to join 43 other states that already extend coverage to pregnant women for up to 365 days after they give birth. Tonight, I'm urging Republicans and Democrats to work together to get this bill across the finish line this session and to send it to my desk. We have to get this done.

This past year has shown there's much we can accomplish when we work together. Today, there are pressing issues that demand our work bridging partisan divides continues.

I, again, am calling on this Legislature to address what I believe are the two greatest challenges facing our state: the first, our decade-long struggle to retain, attract, and train talented workers to address our state's workforce shortages; and the second, the Republican majority's disinterest in working toward a meaningful, bipartisan plan to do something about it.

Folks, "no" isn't a workforce plan. Asking more kids to work isn't a workforce plan. Giving more big breaks to millionaires and billionaires isn't a workforce plan. These are not serious proposals to address generational, statewide issues.

In April last year, our state unemployment rate hit a record-low of 2.4 percent. Last year, Wisconsin had the all-time lowest number of unemployed workers ever in modern history. And our state's labor force participation rate also consistently remained above the national average throughout the year.

So, it's also time to retire the well-worn political talking point that Wisconsinites aren't working or working hard—Wisconsinites work hard, and they are working.

From my vantage point, three things are key to addressing our state's workforce challenges: first, we must find a long-term solution to our state's looming child care crisis; second,

we must expand paid family leave; and third, we must invest in public education at every level, from early childhood to our technical colleges and universities.

Wisconsin faces a looming child care crisis—costs to working families are skyrocketing, we don't have enough child care providers, and the providers we have are struggling to keep the lights on. And the effects are intuitive—if a kid no longer has child care or a parent can't afford it, someone's going to have to stay home with them. Folks, lack of accessible, affordable child care is a statewide workforce issue.

Without continued investments in Child Care Counts, our workforce will suffer mightily: 2,110 child care programs are projected to close. 87,000 kids could be without child care. We could lose over 4,880 child care jobs. That's about a half a billion dollar economic impact on our state.

I introduced a comprehensive workforce plan to stabilize our child care industry and prevent its collapse. Republicans rejected it. So, last fall, I directed \$170 million in emergency funding to keep our child care industry afloat.

I want to be clear: I directed the funding that I could, but it wasn't enough. Wisconsin child care providers will soon receive their final payment from the federally-funded portion of Child Care Counts. So, the emergency \$170 million I directed last fall as a stopgap measure now kicks in. Republicans are officially on the clock to make the meaningful investments necessary to prevent the collapse of an industry that's essential for maintaining our current levels of workforce participation.

Wisconsin, we also need to expand paid family leave.

I've proposed investing \$240 million to jumpstart a program that would provide most private-sector workers 12 weeks of paid leave. Republicans rejected my proposal. Twice. Paid leave is the right thing to do for kids and families, and it's also what we need to do to compete for and keep talented workers.

And, yes, doing what's best for our kids is what's best for our state—and it's what's best for our families and our workforce, too. So, yes, we must invest in public education at every level, from early childhood to our technical colleges and universities.

I will never expect Republicans and Democrats in this building to agree with each other—or me, for that matter—on the merits of every policy 100 percent of the time. That's democracy. But there is no excuse for not being willing to work together on what everyone agrees is the most pressing issue facing our state.

I've introduced a comprehensive workforce plan. Twice. If anyone on either side of this aisle has a better plan than mine that not only prevents the collapse of our state's child care industry but also helps us compete against our neighboring states for talent and invests in public education at every level to prepare our kids for the future, let's hear it. I will work with any legislator, any partner, any stakeholder

who's willing to engage in meaningful conversations on these issues to do the right thing for Wisconsin.

In the meantime, my administration will continue to pursue every pathway and seek every avenue to address our workforce challenges without legislative action, just as we have for five years. And we continue that work here tonight.

Making sure our workforce is prepared to meet the needs of a 21st-century economy is a top priority for me. And my administration is going to lead by example. It's why, tonight, I'm declaring 2024 the Year of the Worker in Wisconsin.

We are working in earnest to reduce barriers to employment so we can try to make sure every available worker can join our workforce. I directed over \$150 million to find innovative, long-term solutions to our workforce challenges, subsidize employment and skills training with local employers, and support

Wisconsinites working to re-engage in our workforce. Because of that investment, we've been able to deliver workforce training and support services to more than 33,000 Wisconsinites across our state.

I joined the Wisconsin Laborers about a year ago to announce Wisconsin had the highest participation in our Registered Apprenticeship program in two decades. In November, I celebrated National Apprenticeship Week and announced Wisconsin reached the all-time record-high number of participants in the Registered Apprenticeship program's 112-year history.

There are also high-need areas of our workforce we need to bolster and support. According to the Department of Workforce Development, Wisconsin faces a potential deficit of 20,000 nurses by 2040. Between 2020 and 2030, Wisconsin's healthcare industry will see nearly 32,000 annual openings across occupations. So, last year, my administration launched one of the country's first-ever Registered Nurse apprenticeship pathways to help address the demand for nurses. And we launched a new initiative to train over 10,000 certified direct care professionals to address our state's shortage of caregivers.

But there's more we have to do to address our healthcare industry's chronic challenges. Next week, I'll sign an executive order creating a new Healthcare Workforce Task Force focused on finding long-term solutions to our state's healthcare industry challenges and make recommendations for me to consider in my next biennial budget.

We also know we must work to retain and recruit talented educators who work every day to do what's best for our kids. Recent estimates show only 67 percent of new educators in Wisconsin make it past five years. So, through the Department of Workforce Development, our administration is launching a new teacher apprenticeship pilot program with the Department of Public Instruction to provide more mentorship and support for new educators.

Finally, as one of the largest employers in the state, my administration is also going to make sure the State of Wisconsin is leading the way and by example with new

efforts to recruit and retain talented workers for our state workforce. I'm also announcing tonight I'm creating a new Office of State Employee Engagement and Retention to improve retention, mentorship, and engagement of our state workers across all of our state agencies.

Wisconsin, we've proven this past year that we can do big things when we're willing to do them together. I know we can build upon these efforts in 2024, and together we will.

Let's get back at it, and let's get to work.

Thank you, and On, Wisconsin!

UW Marching Band, take it away!"

**ANNOUNCEMENTS, ADJOURNMENT  
HONORS, AND REMARKS UNDER  
SPECIAL PRIVILEGE**

Senator Wirch, with unanimous consent, asked that the Senate adjourn in honor of Tom Van Dahm, who will be celebrating his 100<sup>th</sup> birthday. Tom is a WWII veteran and a retired professor from Carthage college.

Senator Larson, with unanimous consent, asked that the Senate adjourn in honor of Charles Johnson - better known to all of you as “Chuck the mail guy.” Chuck began his career with the legislature in the fall of 2001. Even before that he used to deliver dry cleaning to the building. Chuck was the grease that kept the wheel of communication going throughout the years. It’s thanks to his work that we have been able to get our message out to our neighbors, and receive the hundreds of letters our constituents send to us each session. Cutting across party lines and titles, Chuck was always quick with a joke or the latest news, and he treated you with kindness and respect whether your name was on the door or you were an intern just getting your feet wet in state government. For the fiscal hawks among us, Chuck saved taxpayers thousands upon thousands of dollars with his

wisdom and attention to detail. He remains a dedicated and proud father to his 3 children. We congratulate Chuck on his retirement and thank him for his more than two decades of service to the people of Wisconsin. Everyone knows that in his free time Chuck is an accomplished fisherman. Unfortunately for the Senate, but perhaps fittingly Chuck himself is now the one that got away.

Senator Wimberger, with unanimous consent, asked that the Senate adjourn in honor of his mother, who is celebrating a birthday tomorrow, on Valentine's Day.

**Minority Report**

On February 15, 2024, Senator Carpenter offered the following minority report, pursuant to Senate Rule 28, to the Senate Committee on Health:

**Concerning committee action on 2023 Wisconsin Senate Bills 1014 and 1015**

Senate Bills 1014 and 1015 were introduced without circulation seeking cosponsorship, and brought up for a hearing and executive action within less than a week.

The situation that these bills attempt to address is of grave concern to residents of the Chippewa Valley region, and to residents all across the state. That is why I believe it is important to bring all parties together in order to seek solutions that will support hospitals in this region and throughout Wisconsin.

Discussions to address this issue through legislation should include Senator Smith who represents the impacted area. Senator Smith has proposed amendments to these bills that he believes will make these bills stronger and better able to address the situation at hand by incorporating the Department of Health Services' recommendations.

I am disappointed that the committee was not able to accommodate his request to have those amendments considered in committee today. If the Senate Committee on Health and the legislation's authors are interested in removing politics from this unfortunate situation in order to create effective solutions, they will make sure to engage Senator Smith and seek his input regarding this legislation.

Sincerely,

**TIM CARPENTER**

Senator – 3<sup>rd</sup> District

**State of Wisconsin  
 Office of the Governor**

**Signing Statement – Senate Bill 488**

It is a new day in Wisconsin, and today is a beautiful day for democracy.

Today I am signing into law fair legislative maps for our state. Fair maps that are long overdue, and fair maps the people of Wisconsin have long been clear they want.

When I ran for this office in 2018, I promised I’d never stop working to secure fair maps for Wisconsin. After a bipartisan vote in both chambers those maps—maps I drew and submitted to our State Supreme Court—are on my desk.

In December, the Wisconsin Supreme Court struck down Republicans’ most recent gerrymandered maps, ruling that they were unconstitutional and that no further elections could be conducted under those maps. Absent my action today, Wisconsin currently has no legislative maps in place for elections this year. The Court said it would accept maps for them to consider and that they’d hire nonpartisan, independent experts to review the maps that were submitted.

Those experts reviewed the maps submitted in litigation, including my maps that sit before me now as Senate Bill 488. Those Court-appointed experts concluded maps submitted by Republicans in the Legislature and their allies were both “partisan gerrymanders.” In other words, more of the same. On the other hand, the experts concluded the other submissions scored well, including on partisan fairness metrics. My maps, they said, “reflect the political competitiveness of the state.” They said, “The four other

submitted plans are similar on most criteria” and are “nearly indistinguishable.”

I now have the opportunity to sign the fair maps I submitted to the Court into law. My maps that I’m signing today are fair, responsive, and reflect the will of the people.

I believe, as I’ve often said, that the people should get to choose their elected officials, not the other way around. And under the maps I’m signing today, I am making good on that promise.

This is a great day for Wisconsin, and there is much to celebrate. And there is also much more work to do. I will continue to fight for a fair, independent, and nonpartisan redistricting process for Wisconsin, because while this bill gives us fair maps for our legislative districts now, the people deserve the guarantee that fair maps will always be the outcome when our state redistricts after each federal census.

Today is a victory, not for me or any political party, but for our state and for the people of Wisconsin, who’ve spent a decade demanding more and demanding better of us as elected officials. I am proud to deliver fair legislative maps by signing this bill into law.

Sincerely,  
**TONY EVERS**  
 Governor

## ANNOUNCEMENTS, ADJOURNMENT HONORS, AND REMARKS UNDER SPECIAL PRIVILEGE

Senator Agard, with unanimous consent, asked that the Senate adjourn in honor of February as Teen Dating Violence Awareness Month.

Senator Larson, with unanimous consent, asked that the Senate adjourn in honor of Russian resistance leader Alexei Navalny. Navalny was just 47 years old when he died in prison on Friday, February 16th. Navalny dedicated his life to fighting corruption and providing Russian citizens with an alternative to the despotic reign of Vladimir Putin. This peaked with his campaign to unseat Putin in the 2011 elections - an election which saw the largest mass protests in Russia since the fall of the Soviet Union. For his troubles, Navalny was arrested on numerous occasions by Putin's corrupt regime, served several prison terms, and was famously the victim of a near-fatal poisoning in 2020. He was a hero to millions and his decision to return to Russia from Germany in 2021, knowing he'd likely be arrested immediately, showed a kind of bravery that is all too rare in public figures. The circumstances surrounding Alexei Navalny's death are murky, and we may never know truly what happened, but all signs point to this being yet another example of Putin's strategy of revenge and retribution to any who would question his authority. For all the talk of attacks on free speech that have graced the airwaves of conservative talk radio in recent times, the United States still allows criticism and dissent of its leaders. Depending on what happens in this year's Presidential election, the United States may have its own Alexei Navalny before we know it. Rest in peace Mr. Navalny, and may your example be an inspiration

for pro-democracy forces all across the world who push back against corrupt, repressive regimes - wherever they may be.

Senator Smith, with unanimous consent, asked that the Senate adjourn in honor of Agnes (Borton) Smith, the matriarch of the Smith Funeral Home in Eau Claire, Wisconsin. She is a first generation American and Senator Smith had the pleasure of growing up two doors down from her. On Tuesday, February 20th, 2024, Agnes turned 104 years old.

Senator Hesselbein, with unanimous consent, asked that the Senate adjourn in honor of her mother, who died last week. Carol Sauk was born in 1938, she was one of eight kids. You can imagine both her mom and her dad each had families of eight kids, they all married, that means 16 marriages, 16 aunts and uncles, some of them got divorced, lots of cousins and everybody. But the Senator's mom was one of the first people in her family to graduate from UW-Madison and she got a business degree. She is so proud of that. At the time, very few women were going to the UW and very few were getting a business degree. She put herself through school and she was taking shorthand. And she remembers a professor telling her: "Oh Carol, you're going to make a great secretary for one of your colleagues." Well, that never happened and now you know why Senator Hesselbein is the way that she is. She worked for the state for a few years. She met her husband after they had both graduated, at a bar in Madison - how apropos. And, funny story as they started talking and her husband looked at her and he said: "You know what? I think I was your paperboy." And indeed he was, and her mom later that year married her paperboy. They had a great marriage. The Senator's dad died in 2011, they had three kids. A huge thank you to the nurses at St. Mary's, who are angels, for helping take care of her mom. To all her colleagues, thank you so much for your cards and your prayers, it has meant so much to her. Senator Hesselbein is very fortunate to have a great brother and sister. They were there the entire time, for an entire week, at their mom's bedside, so she never spent one minute alone. What a blessing that was. Thank you to everybody for understanding that's where Senator Hesselbein needed to be. In her memory and in her honor, if you are fortunate enough to have a parent that is living - the Senator encourages you to give them a call. She encourages you to try to spend time with them. Because they're not here forever. Senator Hesselbein will miss her phone calls, she will miss her sense of humor, and she will miss every single time when she voted. Senator Hesselbein knows she is bummed she didn't get to vote for Joe Biden coming up. And so, talk to your parents and thank you very much.

**State of Wisconsin  
Claims Board**

February 16, 2024

Attached is the report of the State Claims Board covering the claims considered at the January 30, 2024, meeting of the Board.

This report is for the information of the Legislature, The Board would appreciate your acceptance and publication of it in the Journal to inform the members of the Legislature.

Sincerely,  
*ANNE HANSON*  
Secretary

**STATE OF WISCONSIN CLAIMS BOARD**

**On January 30, 2024, the State of Wisconsin Claims Board met in person and via Teams videoconference to consider the following claims:**

**Hearings were conducted for the following claims:**

<u>Claimant</u>	<u>Agency</u>	<u>Amount</u>
1. Michael Mudler	Natural Resources	\$3,026.45
2. C&C Services, LLC	Administration	\$58,000.00

**The following claims were decided without hearings:**

<u>Claimant</u>	<u>Agency</u>	<u>Amount</u>
3. Budget Dumpster, LLC	Revenue	\$88,518.58
4. Remington Oil Co., Inc.	Agriculture, Trade & Consumer Protection	\$785.21
5. Jerome Walker	Corrections	\$364.95

***With respect to the claims, the Board finds:***  
*(Decisions are unanimous unless otherwise noted.)*

**1. Michael Mudler** of Sherwood, Wisconsin claims \$3,026.45 for vehicle damage caused by a boulder in the middle of a road within Interstate State Park. On August 21, 2023, Mr. Mudler was camping at the park and used his phone GPS for directions to a destination outside the park, where he planned to meet friends. Mr. Mudler left his campsite (#16) in his vehicle using the GPS directions and proceeded towards a park exit when his vehicle was abruptly stopped by a boulder in the middle of the road. Mr. Mudler reports that the boulder was surrounded by weeds, and that there was no signage warning the road was closed. Mr. Mudler inspected his car, determined it was drivable, and exited the park from a different direction to meet his friends. He reported the incident to park staff the same day. Mr. Mudler alleges he was later told by a park ranger that there used to be signage warning of the boulder, but it was no longer there. Mr. Mudler received a preliminary estimate for vehicle repairs, totaling \$3,026.45. At the hearing, Mr. Mudler indicated that he had contacted his insurance company and was told to go through the Claims Board process first, before filing an insurance claim.

DNR initially recommended this claim be paid, pending proof of *actual* damages. DNR indicates there is an unmaintained path that connects N. Campground Road to the St. Croix State Fish Hatchery Property, which has been closed to vehicle traffic for over a decade. DNR placed a large boulder in the road as a physical barrier to prevent vehicles from traveling that area. There was previously signage restricting the area to pedestrian traffic, but it was vandalized and DNR had not yet replaced it. There was no signage in place at the time of this incident, but DNR believes the boulder would have been visible given the incident

occurred during daylight hours. DNR concedes it bears some responsibility for the damage but initially contested basing an award on the preliminary estimate provided by Mr. Mudler. At the hearing, DNR indicated it no longer questioned the preliminary estimate and recommends payment in full.

The Board concludes the claim should be paid in the amount of the claimant's insurance deductible, \$1,000, with the expectation that Mr. Mudler will pursue the remainder of his damages through his insurer. The Board further concludes, under authority of Wis. Stat. § 16.007 (6m), payment should be made from the Department of Natural Resources appropriation Wis. Stat. § 20.370(1)(ma).

**2. C&C Services, LLC** of Schofield, Wisconsin claims \$58,000 for damages related to a 2021 roof replacement project for a DOT building in Wausau. C&C's bid for the project was significantly less than any other bidder. C&C won the contract and began work in April 2021. In May 2021, DOT notified C&C that it intended to terminate the contract due to allegedly poor workmanship. C&C acknowledges that there were several issues that needed to be addressed (nails driven too far into the roof by a subcontractor and one instance of water leaking into the building) but claims that it made all necessary repairs and/or remediations. C&C disputes DOA's claim that C&C inadequately supervised the project. C&C hired an experienced subcontractor, whose work was appropriately overseen by C&C. C&C notes that an inspector hired by C&C's bonding company determined that the roof was adequately installed. C&C alleges that it had substantially completed the project by June 21, 2021, however, DOA terminated the contract on June 29, 2021 and refused to pay C&C for its work. C&C believes it provided a fully functional roof as evidenced by the fact that DOA has not replaced or repaired the roof since it was installed. C&C believes the state has been unjustly enriched and requests reimbursement in the full amount of the contract.

DOA recommends denial of this claim. C&C's contract was terminated because its work did not conform to the requirements of the contract. DOA states that C&C hired an unapproved subcontractor in violation of the contract and failed to adequately supervise that subcontractor's work. Although C&C alleges it corrected all issues, the state determined that was not accurate and multiple deficiencies remained during a post-punch list inspection. DOA has very specific, stringent specifications for state building projects to ensure that facilities funded by taxpayer dollars are constructed to meet or exceed a project's full life expectancy. C&C's roof does not meet the contract specifications and therefore has a significantly decreased life expectancy. DOA intends to replace the roof in the future and the fact that it has not yet done so does not somehow entitle C&C to payment for deficient work under the contract, which clearly states that "Payments will not be made for incomplete or deficient Work." DOA contends that C&C failed to meet its obligations under the contract and therefore has no right to payment pursuant to that contract.

The Board concludes that this claim raises questions of fact regarding C&C's performance under the terms of the contract and to what extent, if any, DOA has been unjustly

enriched. These issues are better evaluated by a court of law, and therefore, the Board denies payment of this claim. *[Member Hanson not participating.]*

**3. Budget Dumpster, LLC** of Westlake, Ohio claims \$88,518.58 for refund of sales/use taxes levied by DOR. Claimant (located in Ohio) contracts with third parties to provide waste removal services for customers in Wisconsin. Claimant alleges that it registered for a Wisconsin seller's permit in 2011, but later determined a permit was not necessary because taxable services were not being provided. Claimant did not cancel the permit and did not file sales/use tax returns in Wisconsin. DOR eventually sent estimated assessments in 2018, 2019, and 2020. In June 2021, DOR began levying funds to cover the assessments. Claimant started working with MCE Salt Solutions LLP (a sales and use tax consulting firm) in March 2022. MCE confirmed with DOR that Claimant's services were not taxable. Claimant indicates that the permit was cancelled at that time, and in-process assessments were closed. Claimant sought to recover the funds that had been levied but was advised by DOR those refunds would not be released until income/franchise returns were filed. Claimant filed and paid the tax returns in July and August 2022, totaling \$23,293.00. At that time, Claimant was not aware that the funds would not be fully refunded. Claimant received refunds in 2022 for the periods of 12/31/19 to 12/31/21, totaling approximately \$12,000, but was notified by DOR that per Wis. Stat. § 77.59(4)(b), the statute of limitations (SOL) had closed for the tax periods ending 3/31/2011 to 9/30/2019. Claimant disagrees and believes the SOL for applying for a refund does not close until June 2023, because the funds were levied (*i.e.*, paid) in June 2021. Claimant holds it had no reason to apply for a refund by September 2020 (the SOL calculated by DOR), because levies did not begin until June 2021. Claimant further believes that the remaining levied AMEX funds should be refunded based on "compromise" authority available to DOR.

DOR recommends this claim be denied. DOR has no record of Claimant applying for or receiving a seller's permit. DOR contends it issued estimated assessments based on survey responses received by Claimant, which led DOR to believe that taxable services were being provided. DOR alleges it sent Claimant approximately 58 letters between June 2018 and March 2022 to obtain additional information. DOR holds that the two-year SOL runs from the date of assessment, rather than the payment (levy) date. The remaining estimated assessments were issued in 2018 and 2019. Claimant had two years from issuance to apply for a refund. Therefore, Claimant had until September 2020 to apply for a refund on most of the assessments. Lastly, DOR notes that the Tax Appeals Commission has held that the phrase "and paid" is included in the statute (Wis. Stat. § 77.59(4)(b)) to clarify that an assessment must be paid before a refund claim can be filed. DOR holds it has done all in its power and does not have the authority to use fair and equitable relief powers to circumvent the SOL.

The Board recommends to the legislature payment of this claim in the reduced amount of \$79,666.72, which represents

a 10% reduction to account for Budget Dumpster’s failure to timely raise and resolve the issue and provide DOR with sufficient information, including the costs borne by the State.

*Note that this case summary was updated from what was published out of the September 7, 2023 meeting of the Claims Board to reflect additional information provided by the Department of Revenue.*

**4. Remington Oil Co., Inc.** of Antigo, Wisconsin claims \$785.21 for reimbursement of costs incurred due to an error made by a DATCP Bureau of Weights and Measures Inspector. After completing inspection of the premium gasoline dispensers at Summit Lake BP on March 21, 2023, the inspector had 45 gallons of premium gasoline to return to its tank. The inspector mistook the diesel fuel tank for the premium gasoline tank and pumped the premium gas into the diesel fuel tank. Immediately upon noticing the error, the inspector notified Summit Lake BP, which contacted their service company, Remington Oil, to rectify the situation.

DATCP recommends payment of this claim. Diesel fuel mixed with premium gasoline could lower the flashpoint of the diesel fuel, potentially harming diesel engines or posing a safety risk to people using the contaminated fuel. The work done by Remington was appropriate to correct the mistake made by the DATCP inspector.

The Board concludes the claim should be paid in the amount of \$785.21 based on equitable principles. The Board further concludes, under authority of Wis. Stat. § 16.007 (6m), payment should be made from the Department of Agriculture, Trade & Consumer Protection appropriation Wis. Stat. § 20.115(1)(t).

**5. Jerome Walker** of Green Bay, Wisconsin claims \$364.95 for value of eyeglasses destroyed as contraband by DOC. On June 27, 2021, DOC staff confiscated several property items during a search of Walker’s cell, including a pair of Versace eyeglasses, which Walker claims were worth \$1300. DOC issued Walker a conduct report for possession of contraband in violation of Wis. Admin. Code DOC 303.47. A disciplinary hearing was held, Walker was found guilty, and DOC destroyed the eyeglasses. Walker alleges that DOC’s destruction of the eyeglasses violated Wis. Admin. Code 303.09(2), which gave him the right to mail the eyeglasses to his family. Walker disputes DOC’s assertion that he obtained the eyeglasses through improper means. He claims he has owned the glasses since 2015 and that DOC staff even repaired them at one point, which proves that his eyeglasses were allowed. Walker also believes that DOC lacked sufficient evidence to determine that his eyeglasses exceeded the allowed value limit of \$75, but that they simply speculated that they were so based on the brand. Walker alleges that the Administrative Code supersedes DAI policy, and that the Code allowed him to mail out the glasses so they would not be destroyed.

DOC recommends denial of this claim. Walker received a conduct report for possession of contraband in violation of DOC 303.47. Walker was unable to produce a receipt for the glasses, which DOC determined were over the allowed value limit and could not have been purchased through property at

the institution. DOC notes that Walker first claimed his glasses were worth \$1300 but then submitted a receipt to the Claims Board for \$364.95. At the time of this incident, the maximum value limit for a pair of eyeglasses was \$75. No institution would have permitted an inmate to possess glasses valued at \$364.95, let alone \$1300. DOC states that the hearing officer properly disposed of the eyeglasses as a result of the disciplinary process, pursuant to DAI Policy. DOC also notes that there is no conflict between the Administrative Code and DAI Policy, in fact, the Code incorporates the Policy by reference and specifically provides that disposition of contraband property may be made pursuant to DOC policy. DOC believes that Walker is attempting to use the Claims Board process to challenge the outcome of his disciplinary matter, which is not appropriate. DOC argues that it was not negligent and that there is no equitable reason to pay this claim because Walker has not proven that he obtained the glasses through proper channels or that they are of the value that he alleges.

The Board concludes there has been an insufficient showing of negligence on the part of the state, its officers, agents or employees and this claim is neither one for which the state is legally liable nor one which the state should assume and pay based on equitable principles.

***The Board concludes:***

**That payment of the amounts below to the identified claimant from the following statutory appropriations is justified under § 16.007(6)(b).**

Michael Mudler	\$1,000.00	Wis. Stat. § 20.370(1)(ma)
Remington Oil Co., Inc.	\$785.21	Wis. Stat. § 20.115(1)(t)

**That the following identified claimants are denied:**

C&C Services, Inc.  
Jerome T. Walker

***The Board recommends to the legislature:***

Payment of the claim of Budget Dumpster, LLC in the amount of \$79,666.72.

Pursuant to s. 35.095 (1)(b), Wisconsin Statutes, the following 2023 Act(s) have been published:

<u>Act Number</u>	<u>Bill Number</u>	<u>Publication Date</u>
<b>Wisconsin Act 97</b> .....	1015 .....	February 29, 2024

---

**State of Wisconsin  
Office of the Governor**

February 28, 2024

The Honorable, the Senate:

I have approved **Senate Bill 1015** as 2023 Wisconsin Act 97 and have deposited it in the Office of the Secretary of State. I have exercised the partial veto in sections 1 [as it relates to s. 20.435 (1) (bd)], 2, and 4.

This bill would transfer \$15,000,000 SEG from the state building trust fund to the general fund for fiscal year 2023-24. In addition, the bill would eliminate a \$15,000,000 SEG appropriation for a Building Commission grant made during the 2021-22 fiscal year. Further, the bill would increase the supplemental appropriation to the Joint Committee on Finance by \$15,000,000 GPR for fiscal year 2023-24 to fund grants to support hospital emergency department services. Finally, the bill would create a Department of Health Services appropriation for hospital emergency department services grants.

I am partially vetoing sections 1 [as it relates to s. 20.435 (1) (bd)], 2, and 4 to remove the specific references to emergency department services within the broader category of hospital services. I object to unnecessarily restricting crisis funding intended to address urgent healthcare access needs in Western Wisconsin that exist well beyond hospital emergency departments.

The Hospital Sisters Health System's (HSHS) closure will result in, for example, a disruption of care for patients with ongoing needs, pregnant women, and those with mental health, behavioral health, and substance use disorders, among others. The state's response to this crisis must consider and be responsive to meeting the entire continuum of healthcare services that will be impacted in communities across the region, not just hospital emergency departments. Through my broad, constitutional veto authority, I am ensuring these resources have the flexibility necessary to be used to meet healthcare access needs for Western Wisconsin. These partial vetoes will broaden the scope of the grants, allowing the Department of Health Services to submit a plan for funding any hospital services meeting the area's pressing healthcare access needs. These crisis resources, due to my partial vetoes, will now also be available to support urgent care services, OB-GYN services, in-patient psychiatric services, and mental health and substance abuse services in the Chippewa Valley.

Under **Senate Bill 1015**, which I am approving with partial vetoes today, \$15,000,000 in emergency resources are readily available and now have the flexibility necessary to meet the broader healthcare access needs of the Chippewa Valley region. The Department of Health Services has submitted an official request to the Joint Committee on Finance, asking the Committee to release these funds without delay. I urge the Joint Committee on Finance to work expeditiously to do so.

Respectfully submitted,  
*TONY EVERS*  
Governor

**State of Wisconsin  
Office of the Governor**

February 28, 2024

The Honorable, the Senate:

I am vetoing Senate Bill 1014 in its entirety.

This bill would specify that the Department of Health Services must award grants to fund one or more health systems that specifically commit to providing hospital emergency department services in Chippewa County or Eau Claire County and agree to use any grant funds specifically for capital expenditures to aid in providing hospital emergency department services in Chippewa County or Eau Claire County. In addition, the bill would specify that the Department of Health Services must prioritize grant awards to support hospital emergency department services in Chippewa County. Finally, the bill would require: (1) health systems receiving grants to report to the Department of Health Services the amount of funding received, a detailed description of all capital expenditures for which the funding was used, and the impact of the funding on the hospital emergency department services; and (2) the Department of Health Services to report to the Legislature a summary of this information.

I am concurrently approving with improvements **Senate Bill 1015**, ensuring \$15,000,000 will be available to meet healthcare access needs for Western Wisconsin with the flexibility necessary to address urgent healthcare access needs that well exceed hospital emergency departments. These partial vetoes will broaden the scope of the grants, allowing the Department of Health Services to submit a plan for funding any hospital services meeting the area's pressing healthcare access needs. These crisis resources, due to my partial vetoes, will now also be available to support urgent care services, OB-GYN services, inpatient psychiatric services, and mental health and substance abuse services in the Chippewa Valley.

I am vetoing this bill in its entirety because I object to unnecessarily restricting crisis funding intended to address urgent healthcare access needs in Western Wisconsin. The Hospital Sisters Health System's (HSHS) recent closure announcement will result in a disruption of care for patients with ongoing needs, pregnant women, and those with mental health, behavioral health, and substance use disorders, among others. The state's response to this crisis must consider and be responsive to meeting the entire continuum of healthcare services that will be impacted in communities across the region, not just hospital emergency departments.

Under **Senate Bill 1015**, which I approved with partial vetoes today, \$15,000,000 in emergency resources are readily available and now have the flexibility necessary to meet the broader healthcare access needs of the Chippewa

Valley region. The Department of Health Services has submitted an official request to the Joint Committee on Finance, asking the Committee to release these funds without delay. I urge the Joint Committee on Finance to work expeditiously to do so.

Respectfully submitted,

<u>Act Number</u>	<u>Bill Number</u>	<u>Publication Date</u>
<b>Wisconsin Act 100</b> .....	971 .....	March 1, 2024

---

**State of Wisconsin  
Office of the Governor**

February 29, 2024

The Honorable, the Senate:

I have approved **Senate Bill 971** as 2023 Wisconsin Act 100 and have deposited it in the Office of the Secretary of State. I have exercised the partial veto with respect to sections 1 [as it relates to s. 20.255 (1) (fc) and s. 20.255 (2) (fc)], 2, 3, 4, and 5.

This bill would create two appropriations to fund the requirements imposed by 2023 Wisconsin Act 20, which created an Office of Literacy in the Department of Public Instruction that administers a literacy coaching program and early literacy grants. The bill also specifies that the director of the Office of Literacy is assigned to executive salary group three and would set a repeal date of July 1, 2028, with respect to the literacy coaching program appropriation.

I have exercised the partial veto with respect to sections 1 [as it relates to s. 20.255 (1) (fc)] and 2 to remove reference to "coaching" and the related literacy coaching statutory reference, in order to consolidate support for the office and

all literacy program initiatives in one appropriation under s. 20.255 (1) (fc). I have exercised the partial veto with respect to section 1 [as it relates to s. 20.255 (2) (fc)] and section 4 to eliminate the creation of s. 20.255 (2) (fc). I have further exercised the partial veto with respect to sections 3 and 5 to remove the July 1, 2028, repeal of s. 20.255 (1) (fc).

Ensuring our kids have the reading and literacy tools and skills to be successful both in and out of the classroom is critically important, as is improving reading and literacy outcomes for kids across our state. I am partially vetoing this bill because I object to overly complicating the allocation of funding related to literacy programs in Wisconsin by creating multiple appropriations for what could be accomplished with one. By consolidating funding into one appropriation, the department will have the flexibility necessary to utilize the appropriate amount of funding for various literacy needs based on the needs of Wisconsin schools. The department would not be able to do so with funding divided between multiple appropriations. Promoting early literacy and learning is critical for future academic achievement, and flexibility is crucial to meet investment needs for coaches, grants, and professional development alike. Consolidating funding into a single continuing appropriation will support his important goal and simplify the administration of funding for the department.

Further, the proposed appropriation structure under the bill does not align with the expected implementation timeline for early literacy interventions under Act 20. Furthermore, removing the July 1, 2028, repeal of the appropriation will create flexibility to invest in literacy programs for as long as the state has funding available and as long as decision makers invest in improving reading instruction in Wisconsin. I and I object to potentially prematurely ending this investment.

Further, I object to signing a bill with an apparent error that benefits only private choice schools and independent charter schools. Private choice schools and independent charter schools are eligible for grants to purchase approved early literacy curriculum, and independent charter schools are eligible for funding to support the mandatory early reading instruction professional development. As drafted either intentionally or inadvertently, these entities could also receive an increase in per pupil funding because the bill does not contain standard provisions to exclude the newly created categorical appropriation from the indexing formula used to increase per pupil payments for private choice, independent charter, Special Needs Scholarship, and open enrollment students. Consequently, a private choice or independent

charter school could receive both a grant for curriculum and an ongoing increase in per pupil funding. Contrastingly, no such funding increase would be provided to public school districts under the bill.

The single appropriation created through my partial veto will allow the department to administer the literacy coaching program, curriculum grants, and financial assistance for early literacy professional development effectively and efficiently. I am hopeful that the department and the Joint Committee on Finance will work quickly to release funding from the committee's supplemental appropriation to support the important work of improving reading and literacy outcomes for our kids.

Respectfully submitted,  
 TONY EVERS  
 Governor

**ANNOUNCEMENTS, ADJOURNMENT  
HONORS, AND REMARKS UNDER  
SPECIAL PRIVILEGE**

Senator Agard, with unanimous consent, asked that the Senate adjourn in honor of her constituents, Jill Runde. Jill is retiring at the end of this school year after 22 amazing years with the McFarland School District. She started her work career in marketing with Helene Curtis in Chicago, and moved back to Madison, with her husband and son to take a marketing position with Oscar Mayer. When expecting her third child, she decided on a career change aimed at helping others. At 33, she re-enrolled in college and received a Master's Degree in Guidance Counseling from UW-Platteville. She has helped countless middle school-aged children and their families, been a valuable resource for the community, and will be missed by the McFarland School District. Thank you, Jill, for your two decades of service, and Senator Agard wishes you the best in retirement!

Senator Marklein, with unanimous consent, asked that the Senate adjourn in honor of his wife's birthday on March 15. Happy birthday Peggy!

Senator Ballweg, with unanimous consent, asked that the Senate adjourn in honor of the Boys & Girls Clubs across Wisconsin, who serve over 117,000 youth every year. With over 200 sites across 77 of our communities, these clubs serve more kids per population than any other state in the country, and more youth than any other organization outside of our public school system. They employ over 2200 staff across 23

of our senate districts, and 67 assembly districts. Their mission is to enable all young people, especially those who need opportunity the most, to reach their full potential as productive, responsible adults. The goals of this private organization are much like our own: To make sure youth excel in school, stay off drugs, have great health, and are prepared for their first job out of school. Clubs are building and preparing the workforce of tomorrow. We especially want to honor their fifteen regional champions who competed yesterday for Youth of the Year, the highest honor given to a club member. Their interviews and speeches were scored on leadership, public service, academic excellence and contributions to their family. Last year, the Winner was Titus, from my home club in Berlin. The 2024 Youth of the Year is Loren M. from Milwaukee. Each and every one of them are leaders in their own community, and Bally Sports -- in conjunction with the Packers, Brewers and Bucks -- are awarding \$25,000 in scholarships across all of the winners. Congratulations to these tremendous young adults, and we wish them much future success as we adjourn in their honor.

Senator Ballweg, with unanimous consent, asked that the Senate adjourn in honor of Stephen Pedretti who has been a great intern for the 14<sup>th</sup> Senate District. Senator Ballweg would also like to congratulate Stephen on his upcoming graduation from the University of Wisconsin.

Senator Nass, with unanimous consent, asked that the Senate adjourn in memory of Laken Riley, a 22 year old nursing student in Georgia, who was abducted and by blunt force trauma, killed by an illegal immigrant on February 22, 2024.

Wisconsin Act 169	810	March 22, 2024

State of Wisconsin  
Office of the Governor

March 21, 2024

The Honorable, the Senate:

I am vetoing **Senate Bill 549** in its entirety.

Beginning in the 2024-25 school year, this bill requires the principal of a public school or independent charter school to schedule at least one date and time (which may be noninstructional time) at the start of the school year upon request of a federally chartered youth membership

organization to allow the organization to visit the school and encourage students to join the organization.

I am vetoing this bill in its entirety because I object to undermining local decision-making regarding whether organizations may visit school buildings to recruit students for membership. I have long supported the important work of youth organizations designed to promote civic participation, good citizenry, and lifelong skills of respect, leadership, and service. However, I cannot support legislation that strips locally elected school board officials, administrators, and school principals of existing decision-making authority to determine permissible entry to school grounds during the instructional day or after.

Additionally, this bill may conflict with existing federal law. The 1984 Equal Access Act requires a federally funded public secondary school that permits at least one noncurriculum-related student group to meet on school premises during noninstructional time to provide equal access to all student organizations, regardless of viewpoint, philosophy, or speech. A state mandate requiring access to schools for a small, specific list of organizations may run afoul of the right of other groups to such a limited open forum, leaving school district board members, administrators, and principals vulnerable to potential litigation.

Respectfully submitted,  
 TONY EVERS  
 Governor

**State of Wisconsin  
 Office of the Governor**

March 21, 2024

The Honorable, the Senate:

I am vetoing **Senate Bill 736** in its entirety.

This bill would require the Legislative Audit Bureau to conduct a performance audit of election processes following a general election. The bill would also require the Elections Commission to assist counties and municipalities with the audit. The commission would randomly select four counties and one city and one village from each of those counties for the bureau to audit. One of the selected counties must be one of the ten most populous counties in the state. The bill would grant the bureau the authority to physically handle and examine all original election materials, such as ballots and absentee ballot certificates, although municipal clerks would maintain custody and management authority over the retention and security of the election records. The public would be allowed to observe the audit in observation areas consistent with current law. Under the bill, any person may commence an action in circuit court to compel compliance with the audit procedures, and if a court finds that an election official or the commission is noncompliant, the official or

commission could be subject to a forfeiture of \$500 for each day of noncompliance. In addition, the bureau would be required to report any noncompliance to the Legislature. Finally, the bill would require the bureau to submit a report of its findings and recommendations to the Legislature no later than June 30 of the odd-numbered year following the election.

I am vetoing this bill in its entirety because I object to the Wisconsin State Legislature's ongoing efforts to interfere with and usurp control over election administration and undermine Wisconsin's election administration system the Legislature itself installed mere years ago. Wisconsin state law already provides robust protections to ensure our elections are safe, fair, and secure, including requiring post-election audits overseen by the bipartisan Wisconsin Elections Commission that are more comprehensive and expansive than the process created and overseen by the Legislature under this bill.

The Elections Commission already audits the performance of voting systems to determine the error rate of the system in counting ballots after every general election. If the error rate exceeds the rate permitted under federal standards, the commission must take remedial action or order remedial action to be taken to ensure compliance with the standards.

Further, where this bill would require an audit of a few municipalities in four counties, the current audit process reaches all 72 counties. As of 2022, the Wisconsin Elections Commission audits 10 percent (approximately 368) of all reporting units following a general election. After every election, the commission randomly selects units from within the municipalities to audit. For each approved voting system in the state, at least five reporting units of that voting system must be audited. If not, additional reporting units are randomly selected from underrepresented voting equipment groups until at least five of each type are represented. Additionally, at least one reporting unit in every county must be randomly selected.

Existing post-election audits required and conducted under current state law ensure Wisconsin's elections are safe, fair, and secure; no need exists for the Legislature to create and oversee a separate, duplicative, and less effective process.

Respectfully submitted,  
 TONY EVERS  
 Governor

The Honorable, the Senate:

I am vetoing **Senate Bill 21** in its entirety.

This bill would establish statutory limits for the value of personal property that may be possessed by persons in the care of the Department of Corrections.

I am vetoing this bill because I object to the Wisconsin State Legislature establishing limits on the value of personal property in state statute. Currently, these personal property value limits are set by the Department of Corrections through the administrative rules process. Codifying specific value limits for personal property in statute would make it more difficult to make adjustments in the future.

While I support increasing the personal property value limits, the administrative rules process provides more flexibility for the department to address any necessary changes in personal property limits when they arise. The Department of Corrections has begun the rulemaking process to update this rule and I look forward to working with the Legislature as this rule advances through the administrative rule process.

The Honorable, the Senate:

I am vetoing **Senate Bill 52** in its entirety.

This bill requires the Department of Agriculture, Trade and Consumer Protection to create a voluntary registration program for commercial deicer applicators, defined as individuals who apply deicer for hire, but excluding municipal, state, or other government employees. The bill also requires the department to establish criteria for training commercial applicators in methods for snow and ice removal and deicer application that protect water quality. The bill

further requires the department to certify third-party providers of training that meets the criteria established by the department, maintain a list of registered training providers, and register a commercial applicator, for a period of five years, if the applicator successfully completes a training program approved by the department and passes an examination approved by the department. The department may revoke the registration of an applicator who fails to comply with the requirements of the program.

Additionally, the bill provides that a registered commercial applicator or an owner is not liable for damages arising from a hazard resulting from the accumulation of snow and ice on any private real estate maintained by the applicator when the hazard is caused by snow or ice and the applicator used methods that are taught in a training program approved by the department. Finally, the bill provides that, with respect to a commercial applicator that is not registered with the department, any evidence related to the program or the fact that the commercial applicator is not registered is inadmissible for any purpose in any judicial, legislative, or administrative action, proceeding or hearing.

I am vetoing this bill, which received bipartisan opposition in both chambers of the Wisconsin State legislature, in its entirety because I object to creating such a broad immunity from liability. As I have said before, I believe the presumption should be an open courthouse door to anyone seeking justice and an honest debate of the law of the land, and any immunity or deviation from that presumption should be tailored and finite. In particular, this bill rewrites the rules of evidence in such a way as to disallow evidence related to whether or not a commercial applicator is registered with the department. Generally, with limited exceptions, Wisconsin law provides that relevant evidence is admissible and irrelevant evidence is inadmissible. Under this bill, an unregistered commercial applicator could falsely claim the immunity provision in this bill, and that claim could not be rebutted, due to the fact that the relevant evidence is suppressed.

I am also vetoing this bill because I object to creating an unfunded mandate for the Department of Agriculture, Trade and Consumer Protection. This bill requires the department to create a new registration program for commercial deicer applicators. Under this new program, the department is required to establish criteria for training applicators, certifying third-party training providers, and maintaining a public list of registered training providers. The bill further provides the department the power to revoke registration. The bill does not provide any funding for the department to carry out these provisions, even as the original fiscal estimate provided by the Department of Natural Resources outlined ongoing costs.

The Honorable, the Senate:

I am vetoing **Senate Bill 139** in its entirety.

This bill would require the Department of Natural Resources to establish a statewide wolf population goal as a part of the Wisconsin wolf management plan.

I am vetoing this bill in its entirety for multiple reasons. First, I object to requiring the department to establish a numeric population goal for wolves, as this does not consider the social, scientific, biological and legal complexities of a recovered wolf population.

I also object to limiting the department's flexibility to address regional or local issues through adaptive management strategies to achieve a healthy wolf population. Adaptive wolf management strategies have been successfully implemented in our neighboring states of Minnesota and Michigan and are successfully used in the Wisconsin deer and black bear management plans. This bill ignores the best available wildlife and social science in favor of a rigid, unscientific approach to wolf management.

Finally, modifications proposed to the state's wolf management plan should be considered as part of the established process of review and recommendation by the Department of Natural Resources and the Natural Resources Board. This process is intended to ensure that modifications reflect the expertise and agreement of scientists, the Tribal Nations of Wisconsin, hunters, farmers, environmental organizations and the general public. This bill disregards years of extensive input and discourse that went into developing the recently revised wolf management plan.

March 29, 2024

The Honorable, the Senate:

I am vetoing **Senate Bill 158** in its entirety.

This bill would allow an individual without a permanent or training credential to apply for and receive from the Department of Safety and Professional Services a preliminary credential that permits the person to provide healthcare services through a healthcare employer. The preliminary credential may be granted to individuals who attest that they: (a) have not held a license, certificate, permit, or authorization to perform the services in Wisconsin or another jurisdiction; (b) have completed all required education, training, supervised experience, and other requirements for the permanent or training credential within the two-year period prior to applying for a preliminary credential; (c) have passed all examinations required to obtain a permanent or training healthcare credential from the

department (other than interviews or oral examinations); (d) have submitted an application for the related permanent or training healthcare credential to the department; (e) have not had a disqualifying arrest or conviction, including an attestation that they have not been convicted of any felony or of a misdemeanor involving bodily harm to, or sexual contact with, another individual; and (f) to the best of their knowledge, they have not had an arrest or conviction that would cause the depart or credentialing board to deny their application.

The bill further requires applicants for preliminary credentials to be employed to provide services within the scope of the credential by a healthcare employer. An applicant's healthcare employer must provide the department with its national provider identifier and must attest that: (a) it has engaged the individual to provide services related to the credential for which the individual has applied; (b) the individual has, to the best of the employer's knowledge and with a reasonable degree of certainty, completed the education, training, experience, and examination requirements noted above; and (c) the individual has passed a background check performed by the healthcare employer that did not reveal any disqualifying convictions.

I am vetoing this bill because I object to potentially reducing patient protections from individuals who have a disqualifying criminal background by allowing unlicensed individuals to receive preliminary healthcare credentials based solely upon their own attestations and employer-conducted background checks. The department would have no way to discern the veracity of an employer-conducted background check and no ability to hold employers accountable for false or neglectful attestations. Under the bill, a preliminary credential must be granted prior to a thorough review of a credential applicant's background (and any attendant legal issues) by the department. I appreciate the need for Wisconsin to retain, train, and recruit more qualified healthcare workers across our state; however, I cannot support legislation that seeks to achieve this goal by reducing healthcare patient protections and putting Wisconsinites at serious risk across our state.

The bill, as amended by Assembly Amendment 1, also would ratify and enter Wisconsin into the multistate Social Work Licensure Compact, allowing social workers from compact member states to practice in other member states. It is unfortunate that the Wisconsin State Legislature chose to include in this bill, at a very late date and with no obvious substantive connection to the bill as introduced, an actual worthy proposal to enter the state into the Social Work Licensure Compact. That proposal, originally introduced as a stand-alone bill, would have responsibly eliminated barriers preventing social workers from practicing in compact states, in an effort to increase the number of social work service providers in Wisconsin. However, the potential harm to the state's residents from the preliminary credential proposal is too great. I therefore must veto this bill.

The Honorable, the Senate:

I am vetoing **Senate Bill 186** in its entirety.

This bill modifies the timeline for examination of commercial building plans by requiring the Department of Safety and Professional Services to allow building owners to schedule the next available plan examination appointment, by submitting complete plans to the department and paying all fees, or to schedule an appointment date in the future (a "schedule-in-advance" examination), by paying all fees and submitting the plans at least three business days before the appointment date. This bill also requires the department to allow building owners to identify any previously approved plans that are similar to the new plans submitted for examination and provides for potential refunds or partial refunds in the event of appointment cancellation. Finally, this bill creates exceptions for certain plumbing plan examinations based on the number of plumbing fixtures to be included in the building if plans are prepared by individuals holding certain credentials, including an architect or professional engineer, designer of plumbing systems, master plumber, restricted master plumber, and utility contractor.

I object to this bill because it may increase review times for commercial building plans by requiring two separate pathways for plan review with differing timelines while providing no additional resources or staffing to address the doubling of plan review processes. Under the bill, plan reviewers for schedule-in-advance examinations could receive plans only three business days prior to an examination appointment, which would require staff to be diverted from reviewing other plans to focus on performing evaluations of these plans. These plans may require additional information before being determined to be complete, and incomplete plan submissions may result in appointments being cancelled on short notice or appointments that result in a required second appointment once plans are complete. The current process includes a triage of submitted plans to determine completeness before scheduling appointments to ensure examination appointments are substantively useful.

Moreover, the department has demonstrated success in improving plan review timelines and efficiency using its current system. The Wisconsin State Legislature should allow the department to use its established expertise and experience in plan review to determine the scheduling system that maximizes the limited resources available to prevent project delays, especially insofar as the bill may increase such delays due to appointment cancellations or incomplete plan submissions. Further, if the Wisconsin State Legislature is serious about improving review times, I invite the Legislature to invest in the necessary staffing support to review plans.

March 29, 2024

The Honorable, the Senate:

I am vetoing **Senate Bill 187** in its entirety.

This bill would expand the scope of examinations of essential drawings, calculations, and specifications that must be accepted by the Department of Safety and Professional Services with respect to public buildings, public structures, and places of employment when such examinations are performed by local units of government that are not appointed agents of the department. This bill would also expand the scope of reviews and determinations for variances that must be accepted by the department with respect to such buildings when performed by non-agent local units of government. This bill further repeals the requirement that local units of government that are appointed agents of the department and second-class cities that are certified by the department forward a portion of plan review examination fees to the department. Finally, this bill requires the department to submit a plan to the Legislature, by January 1, 2025, that addresses how the department will encourage cities, villages, towns, and counties to conduct commercial plan examinations and inspections, and how the department will increase the support for such functions.

I am vetoing this bill in its entirety because I object to the expansion of the approval authority granted to non-agent municipalities, which could put local plan reviewers and inspectors into situations where they feel pressured to choose between public safety or issuing a commercial building examination approval. I also cannot support increasing the burden on the department's already limited resources and staffing with unfunded mandates. The department has significantly improved plan review processes and timelines, and the Wisconsin State Legislature need not interfere with the department's successful efforts to efficiently and effectively improve its own operations.

Respectfully submitted,

**State of Wisconsin  
Office of the Governor**

March 29, 2024

The Honorable, the Senate:

I am vetoing **Senate Bill 188** in its entirety.

This bill would codify in statute the current administrative rule that authorizes the Department of Safety and Professional Services to grant a building owner's request to start construction for footings and foundations prior to plan approval, and the bill adds underground and exterior plumbing as activities that may be included within such

permission. This bill also states that permission to start does not provide assurance that approval for the building will be granted or relieve a licensed architect or professional engineer of responsibility for the prepared plans under review.

I am vetoing this bill in its entirety because I object to the bill's failure to provide the department with the resources it needs to investigate and resolve the likely increase errors in building construction due to the expansion of permissible early-start building activities, which may negatively affect public safety as well as the financial status of the building owner. This bill may require diverting resources away from other vital areas of operation. Further, the department has demonstrated success in improving plan review timelines and efficiency. The Wisconsin State Legislature should allow the department to use its established expertise and experience in plan review to determine which activities are appropriate for early permission to begin construction.

The Honorable, the Senate:

I am vetoing **Senate Bill 216** in its entirety.

This bill would allow all-terrain and utility terrain vehicles to be equipped with whip lights that emit any color in a fixed display.

I am vetoing this bill in its entirety because I object to allowing all-terrain vehicles and utility terrain vehicles to utilize lights and light patterns that could be ambiguous. First, whip lights could be confused for lights emitted by law enforcement or emergency vehicles. Law enforcement vehicles frequently use non-flashing red and blue lights, and this bill would allow all-terrain vehicle and utility terrain vehicle operators to do the same. Second, because whip lights are visible from any direction, the bill would allow for nonstandard lighting configurations such as red lights from the front of a vehicle or white lights from the rear of a vehicle. Such nonstandard lighting configurations could make it difficult to ascertain the direction of travel of an all-terrain vehicle or utility terrain vehicle, increasing the risk of collisions.

I am vetoing **Senate Bill 217** in its entirety.

This bill would allow one passenger to ride on an all-terrain or utility terrain vehicle that is not designed or intended for use by passengers if the passenger is in a second seated position.

I am vetoing this bill in its entirety because I object to compromising the safety of riders and operators of all-terrain and utility terrain vehicles. As I stated in my partial veto of 2019 Wisconsin Act 183, if an all-terrain or utility terrain vehicle is not designed for passengers, then it should not be operated with passengers. I agree with law enforcement and the medical community that the safe transportation of passengers is essential to the prevention of injuries and fatalities associated with all-terrain and utility terrain vehicle usage.

March 29, 2024

The Honorable, the Senate:

I am vetoing **Senate Bill 316** in its entirety.

This bill would make changes to the Department of Natural Resources' aquatic plant management program. The bill would create a specific definition of a private pond and then provide exemptions from the permitting process for the application of a chemical treatment to certain private ponds if specific requirements are met, and for the application of certain biological agents and dyes to private ponds. Additionally, this bill would make aquatic plant management permits valid for not less than five years for private ponds that are larger than five acres in size.

I am vetoing this bill in its entirety because I object to providing an exemption from the permitting process as outlined in this bill for certain private ponds. As I stated in my veto of 2021 Senate Bill 494, these exemptions could have a major impact on Wisconsin's waters. Prior to issuing a permit for chemical treatment, the Department of Natural Resources reviews the body of water to determine if there are any known endangered, threatened or special concern species located at the site. The department can then tailor the management plan to minimize the impact on these species. By removing the permit requirement, this valuable check would be lost, and important species may be inadvertently harmed. I also object to allowing the owner of one single parcel of land which a private pond abuts to conduct chemical treatment of a private pond without the consent of all owners of the parcels of which the private pond abuts when the private pond abuts multiple parcels.

The oversight provided through the permitting process is important, and I object to putting Wisconsin waters at risk by eliminating this protection.

The Honorable, the Senate:

I am vetoing **Senate Bill 335** in its entirety.

This bill allows any school district to employ a school district administrator who does not hold any type of license from the Department of Public Instruction.

This concept is a non-starter.

Under current law, with very limited exception, every school district administrator in Wisconsin must hold an administrator license issued by the Department of Public Instruction, a license requiring the holder to maintain other licensure, have six semesters of teaching or pupil services experience-including over 540 hours of classroom teaching-and complete an educator preparatory program specialist degree or doctoral degree. We maintain these high standards for good reason: Wisconsinites entrust school district administrators with the important responsibilities of leading our local school districts and educating our kids. This bill would effectively eliminate all such requirements.

I am vetoing this Republican-backed bill in its entirety because I object to allowing any individual who has no license, no education, no training, no experience, no specific skillsets, and virtually no qualifications whatsoever to not only become a school district administrator but to come into everyday contact with kids in our schools.

As a governor who is a father and grandfather and former educator, principal, superintendent, and state superintendent, I cannot sign a bill that could have us entrust one of our most precious responsibilities to any given individual whose only qualification is a mere passing interest in education.

What's best for our kids is what's best for our state. We have a constitutional obligation to provide public education, and Wisconsinites expect our kids to be educated and taught by the best, brightest, and most qualified people. Our kids deserve nothing less.

The Honorable, the Senate:

I am vetoing **Senate Bill 466** in its entirety.

This bill would prohibit a payment card network or its agent from requiring the use of a firearms code approved by the International Organization for Standardization as a merchant category code in a way that distinguishes a firearms retailer from general merchandise or sporting goods retailers.

The bill would require the Attorney General to investigate alleged violations of this prohibition and to pursue an injunction in the event of a continuing violation. It would also, subject to certain exceptions, prohibit a payment card issuer or payment card network or its agents from declining or refusing to process a lawful payment card transaction at a firearms retailer based solely on whether a firearms code is assigned. The bill would also prohibit state agencies or local governments from maintaining a list of people who own firearms, except for purposes of criminal investigations, prosecutions, or determining compliance with court orders or injunctions. Under the bill, the Department of Justice must ensure that records from background checks resulting from firearm purchases are not stored, maintained or formatted into a list that identifies firearm owners prior to the destruction of these records.

I am vetoing this bill for several reasons. First, I am vetoing this bill because I object to the Legislature inserting itself into the decision-making process of the private sector. Businesses use merchant category codes for various reasons, including (among other things) fraud protection, risk management, rewards, determining interchange rates and tax reporting. As they do for virtually every other business and industry, payment card issuers and networks are in the best position to determine which merchant category codes they use to conduct business. No other merchant category code is prohibited by state law. I am also concerned that carving out and prohibiting the use of merchant category codes for one industry, for political purposes, would set a precedent for other industries and undermine the business judgment of the private sector.

I am also vetoing this bill because I object to legislation that is confusing, contradictory and administratively burdensome for the private sector to comply with. Although the bill would not prohibit declining or refusing to process a lawful payment card transaction for reasons other than solely the assignment or nonassignment of a firearms code, the bill includes additional specifically identified exceptions, casting doubt on the intended scope of the prohibition. I am concerned that these exceptions are contradictory and not clear enough for businesses to comply with the bill and conduct their business.

I am further vetoing this bill because I object to the chilling effect that it could have on criminal investigations, prosecutions, and determining compliance with court orders. Despite the bill including these purposes as exceptions to the general prohibition on maintaining gun ownership lists, I am concerned that they are not strong enough to overcome the additional administrative burdens, which could cause second-guessing and paralysis that would jeopardize public and community safety.

Finally, I am vetoing this bill because I object to its encroachment on executive authority. The bill requires the Attorney General to take certain, specific enforcement actions, including pursuing an injunction against a person found to be violating the prohibitions against using firearms codes. By curbing the Attorney General's authority and discretion to pursue appropriate legal remedies, the bill could run afoul of the separation of powers under the Wisconsin Constitution.

I once again invite the Legislature to have a meaningful, thoughtful dialogue about common-sense solutions to address gun violence that will both respect and uphold Wisconsin's rights while keeping our communities safe.

Respectfully submitted,

The Honorable, the Senate:

I am vetoing **Senate Bill 517** in its entirety.

The bill would prohibit the issuance of judicial complaints and John Doe proceedings if the district attorney refused to issue charges because the person to be charged has a privilege of self-defense or defense of others and there is no new evidence that the person was not acting in self-defense or defense of others.

I am vetoing this bill in its entirety, which received bipartisan opposition, because I object to broadly restricting a courts' ability to issue criminal complaints in a process designed to hold individuals accountable when there is probable cause to believe a crime has occurred.

I have previously objected to proposals that would restrict the discretion of prosecutors and judges to meaningfully consider and address the circumstances before them. Further, I am concerned this bill would create an imbalance in the justice system and could infringe upon the rights of crime victims and their families under article I, section 9m of the Wisconsin Constitution by incentivizing accused perpetrators to claim self-defense to avoid accountability, thereby preventing crime victims from receiving justice they are duly entitled.

The Honorable, the Senate:

I have approved **Senate Bill 518** as 2023 Wisconsin Act 250 and have deposited it in the Office of the Secretary of State. I have exercised the partial veto with respect to section 3 as it relates to s. 238.145 (2)(a), (2)(c)2., (2)(e) and (2)(f).

This bill would create a program administered by the Wisconsin Economic Development Corporation to award up to \$2 million to a political subdivision (defined as a city, village, town, or county) to assist in the costs of redevelopment of University of Wisconsin branch campus buildings and facilities that will no longer be used for an academic purpose. The bill appropriates \$20 million GPR to the Joint Committee on Finance supplemental appropriation for the program. Under the bill, grants must contribute to the overall economic improvement and enhancement of the community. The bill requires the political subdivision to: i) submit community letters of support for the grant, ii) match 20 percent of the grant amount from local sources, and iii) submit a report to the Wisconsin Economic Development Corporation and the Legislature detailing how grant amounts were spent. The bill also requires that the first award of up to \$2 million be made to Richland County, followed by awards of up to \$2 million to each of Fond du Lac, Washington and Marinette counties, before awards may be made to other political subdivisions. Further, the bill requires the Wisconsin Economic Development Corporation to request that the Joint Committee on Finance supplement the appropriation created by the bill upon receiving a grant application by a political subdivision if the corporation determines that the grant requirements are met. The corporation must submit separate requests for each grant to be awarded.

I have exercised the partial veto with respect to section 3 as it relates to s. 238.145 (2)(a), (2)(c)2., (2)(e) and (2)(f) to remove restrictive requirements that would: i) prohibit the use of grants for the redevelopment of facilities that are or will be used for academic purposes, ii) create the 20 percent matching requirement, iii) require that grants be made to select counties before grants may be made to other political subdivisions and iv) require the Wisconsin Economic Development Corporation submit separate requests to the Joint Committee on Finance for each grant to be awarded because I object to these unnecessary and restrictive provisions.

I trust local partners to know what is best needed to support economic development in their own communities and they should have as much flexibility as possible to make the decisions necessary. For example, some communities may consider using these facilities for academic purposes in partnership with local school districts or technical colleges, and the state grant program should be open to these partnerships.

I also am not interested in reinforcing the Wisconsin State Legislature's ongoing unconstitutional obstruction of basic government functions through delays at the Joint Committee on Finance. Similarly, I object to the requirements that a certain subset of counties must first receive their awards under the program before any others may receive funding, which could cause delays in certain counties receiving critical funds if the counties required to receive funding first do not

submit grant applications in a timely manner. Under the bill, the maximum amount that could be awarded to Richland, Fond du Lac, Washington and Marinette Counties is \$8 million, but the remaining \$12 million could not benefit any other counties in the meantime. As modified by my partial veto, the Wisconsin Economic Development Corporation would still be required to award grants to these counties, but other counties could still submit applications to receive critical resources without experiencing unnecessary delays.

Additionally, I object to the requirement that the Wisconsin Economic Development Corporation must submit separate requests for each individual grant to be awarded, again creating unnecessarily cumbersome process that could delay efforts at redeveloping these facilities.

I support the efforts by the Legislature and stakeholders to provide these critical investments to local communities being adversely affected by branch campus closures.

The Honorable, the Senate:

I am vetoing **Senate Bill 608** in its entirety.

This bill creates a provisional teacher licensing pathway for individuals who: (a) have worked as school district paraprofessionals in a classroom for at least three days a week for three consecutive school years; (b) have earned at least 60 credits or an associate degree from an accredited institution of higher education or technical college; (c) are enrolled in a teacher preparatory program; and (d) are recommended for a provisional license by the employing school's principal and the school district's administration. The bill prohibits the department from issuing a license under this pathway in certain subject areas. An individual granted this provisional license may only teach in the school district that recommended them and must be mentored by an experienced teacher in their first school year. The provisional license expires after five years, or earlier if the school district notifies the department or the department confirms that the employee left the school district or unenrolled from their teacher preparatory program.

I am vetoing this bill in its entirety because I object to this bill potentially interfering with our administration's existing teacher apprenticeship pilot program. This collaborative effort between the Department of Workforce Development and the Department of Public Instruction is a more robust and supportive mechanism to accomplish the important goal of providing a way for paraprofessionals to enter the teaching profession. Paraprofessionals play a vital role in schools across Wisconsin, and their expertise and experience can play a critical role in our efforts to retain, recruit, and train talented individuals to work in our schools. Importantly, our effort to

increase the number of highly qualified teachers in classrooms and schools across Wisconsin would be greatly aided by the Wisconsin State Legislature approving my requests to provide meaningful, sustainable state funding increases for K-12 education in Wisconsin. I remain hopeful the Legislature will join me in the important work of doing what is best for our kids.

The Honorable, the Senate:

I am vetoing **Senate Bill 613** in its entirety.

This bill would create a \$1,000,000 cap on the total noneconomic damages a person may recover from a commercial motor vehicle carrier in a tort action for loss, including injury or death, arising from an act or omission of one of its employees acting within the scope of their employment.

I am vetoing this bill for several reasons. First, I am vetoing this bill because I object to arbitrarily capping the noneconomic damages that a person may recover in tort actions involving a motor vehicle carrier. A fundamental principle of our legal system is that everyone is entitled to remedies in the law for all injuries, and when it comes to remedy, the law should redress a party's injury, not repress an injured party.

I am also vetoing this bill because I object to legislation that violates constitutional principles. A fundamental principle, outlined in article I, section 9 of the Wisconsin Constitution, is that everyone is entitled to remedies in the law for all injuries. I am concerned this bill fundamentally violates this principle as well as equal protection guarantees and due process rights under the United States and Wisconsin Constitutions.

Finally, I am vetoing this bill because I object to legislation that is inconsistent with current law. Even if the bill withstood constitutional scrutiny, its incongruity with current law will create implementation issues and make it subject to litigation. For instance, unlike current statutory caps, the bill does not define "noneconomic damages," it does not address or contemplate multiple parties or occurrences and it does not cross reference wrongful death actions. Courts would almost certainly face challenges implementing the bill's provisions as this incongruity welcomes continuous litigation.

The Honorable, the Senate:

I am vetoing **Senate Bill 617** in its entirety.

This bill creates a requirement for the Wisconsin Department of Transportation to issue unique license plates to identify hybrid and nonhybrid electric vehicles powered by greater than 50 volts as electric vehicles.

I am vetoing this bill in its entirety because I object to creating requirements that are duplicative, unworkable, and may run counter to industry best practices. The Wisconsin Department of Transportation has already begun issuing stickers identifying hybrid and nonhybrid electric vehicles regardless of voltage power under criteria that are workable for the department. This identifier, which accurately identifies hybrid and nonhybrid electric vehicles by affixing the sticker to the vehicle's existing license plate, allows first responders to properly assess the risks these vehicles pose during an emergency.

Additionally, the department does not have a reliable way to identify the vehicles that would be issued the type of license plates required under the bill. Further, because license plates are manufactured and stocked in advance of being assigned to a vehicle so applicants can receive license plates in a timely manner, the requirements in this bill would require a significant increase in the number of license plates the department procures from the Department of Corrections' Bureau of Correctional Enterprises, increasing costs and complexity to address a problem the Legislature and I have already worked to address in my most recent state budget.

Finally, adding a second set of stacked lettering on a vehicle license plate violates standards issued by the American Association of Motor Vehicle Administrators, designed to ensure readability and safety for those who need to be able to quickly and easily read or scan license plates, such as first responders and law enforcement.

The Honorable, the Senate:

I am vetoing **Senate Bill 641** in its entirety.

This bill would repeal the current prohibition against selling, transporting, manufacturing, possessing or going armed with electric weapons, and in its place would prohibit their possession by those who generally may not possess a firearm.

I am vetoing this bill in its entirety because I object to further enabling dangerous weapons to be possessed and used in Wisconsin. Current law already provides numerous exceptions to the prohibition against electric weapons: if a person wants to secure an electric weapon for self-defense in their home, there is an exception; if a person wants to carry one for self-defense and obtains a license to carry a concealed weapon, there is an exception. I cannot support legislation that will further enable dangerous weapons to be carried and used-and perhaps concealed and possessed in public-by individuals who may have little to no training, potentially endangering Wisconsin's kids, families, and communities and making them less safe.

The Honorable, the Senate:

I am vetoing **Senate Bill 667** in its entirety.

This bill would generally create domestic asset preservation trusts as a new type of trust. The bill requires - such trusts to contain a spendthrift provision, but the bill modifies current trust law with respect to these provisions to permit the settlor placing assets in the trust to also be the beneficiary of the trust. The bill also modifies current trust law by generally prohibiting creditor claims: (1) against a person transferring assets into a domestic asset preservation trust; (2) against the trustee of such a trust; (3) or against any assets held by such a trust, except in limited circumstances. These limited circumstances include actions taken against asset transfers that were made with the intent to hinder, delay, or defraud a creditor, and actions brought by creditors within a specified period of time from the date of the asset transfer.

I am vetoing this bill in its entirety because I object to allowing domestic asset preservation trusts to be created under Wisconsin law. I am concerned these trusts are likely to be a tool largely used by wealthy individuals to shield their assets from creditors while perpetuating dynastic, intergenerational transfers of wealth. The general, underlying principle of current trust law that prevents a settlor-someone who creates a trust-from being a beneficiary of said trust to receive asset protection from creditors is sound and informed by experience. Further, the bill provisions purportedly aimed at tempering some of the risks associated with these trusts are insufficient.

The Honorable, the Senate:

I am vetoing **Senate Bill 688** in its entirety.

This bill applies competitive bidding requirements to school district contracts with an estimated cost greater than \$150,000 for supplies, materials, construction, repair, remodeling, or improvement of a public school building or facility. The bill requires a school district to advertise and notice contracts up for bid and accept the lowest responsible bidding without preference for geographic location or other criteria. The bill also provides an exception to competitive bidding requirements for a school board that passes a resolution declaring that the public health or welfare of the school district is endangered by damage or threatened damage to a building or facilities.

Further, this bill increases the estimated cost threshold for county and municipal public work projects for which competitive bidding is required. The bill also adds competitive bidding requirements for certain county and municipal public highway projects. Additionally, this bill clarifies and expands exceptions to procurement requirements for projects that involve donated materials or construction or volunteer labor.

I am vetoing this bill in its entirety because I object to undermining the local decision of a school board to choose voluntary collaboration with local contractors to build the best value projects to support students. School boards under current law may use competitive bidding if they deem it appropriate. School districts currently choose different methods to provide the best projects for their students and communities, and the state should not interfere in this local decision making.

The Honorable, the Senate:

I am vetoing **Senate Bill 836** in its entirety.

This bill would allow a juvenile court to impose restrictions on a juvenile's conduct during the time between a plea hearing and the conclusion of any fact-finding or disposition hearing for youth not being held in custody.

I am vetoing this bill in its entirety because I object to codifying criminal procedural concepts into the Juvenile Justice Code. The Juvenile Justice Code reflects its origin in the Children's Code and recognizes that children are not adults. Currently, under both the Children's Code and the Juvenile Justice Code, if a youth is in custody and the court finds that they should continue to be in custody, it may place them with a parent or other responsible person and may

impose reasonable restrictions on the youth's travel, association with others or places of abode during the period of placement. For pretrial releases under the Criminal Procedure Code, courts may impose conditions reasonably necessary to secure appearance in court, protect members of the community from serious harm or prevent witness intimidation. However, unlike these current predisposition and pretrial situations, the bill would give judges the discretion to impose any reasonable restriction after a plea and through the conclusion of any fact-finding or disposition hearing. I am concerned this bill provides no criteria for a court to consider when imposing restrictions, does not require that the restriction be related to the alleged offense, lacks clarity regarding how any restrictions would be enforced, and is broad and unmoored from any justice or public safety purpose.

Our youth and criminal justice systems must be reformed using data-driven and evidence-based approaches that help keep our communities safe while improving outcomes with better cost efficiency. I share the research-based concerns expressed by the Department of Children and Families that the broad, untargeted court conditions this bill would allow at the predisposition stage may increase involvement in the youth justice system and increase the risk of reoffending.

I continue to welcome meaningful conversations with the Wisconsin State Legislature about reforming our youth and adult justice systems through evidence-based, data-driven solutions that reduce recidivism and improve public safety, bolster our justice system workforce, and ensure our communities have the resources they need to invest in public safety across our state.

The Honorable, the Senate:

I am vetoing **Senate Bill 916** in its entirety.

This bill would establish a process that must be followed when the federal government or certain private nonprofit voluntary agencies contact or are contacted by a local government employee or officer regarding potential refugee resettlements in a local governmental unit.

Following prescribed timelines, the bill would require the chief elected official in a local governmental unit to be notified of any such contact, and this chief elected official would then be required to notify every chief elected official and clerk in any local governmental unit within 100 miles of the office of the clerk for the local governmental unit providing such notice. The governing body of each of those local governmental units must then designate a representative to participate in consultations with the federal government or private nonprofit voluntary agencies and to participate in

county refugee resettlement committees. The bill further establishes a timeline and notification requirements for public hearings and committee meetings that must be held on a local and county level toward the goal of making a recommendation as to whether the local unit of government should pass a resolution regarding its position on the proposed refugee placement. The county refugee resettlement committee shall then provide each designee with guidance on the potential impacts on the local agencies and on the potential timelines for the resettlement, and each designee shall submit a written report to its local governmental unit.

I am vetoing this bill in its entirety because I object to creating a consultation process that duplicates and unnecessarily complicates the existing federally mandated consultation process that is already in place.

The Honorable, the Senate:

I am vetoing **Senate Bill 917** in its entirety.

This bill permits teacher preparatory programs to require between one and four semesters of student teaching (instead of only one under current law), provided the institution of higher education that offers the program awards general education credit for the second, third, and fourth full semesters. Additionally, the bill requires the Department of Public Instruction to separately report teacher preparatory program results for: (1) all students and graduates of the program; (2) students and graduates of the program who completed one semester of student teaching; and (3) students and graduates of the program who completed more than one semester of student teaching. The bill also requires the department to create a teacher apprenticeship program for students participating in a teacher preparatory program that must include between two and four semesters of in-classroom student teaching.

I object to this bill because it is unnecessary. Our administration has already created existing teacher apprenticeship pilot program, a collaborative effort between the Department of Workforce Development and the Department of Public Instruction, and this bill will interfere with that pilot. The bill creates uncertainty with Department of Public Instruction student teaching requirements and undercuts the Department of Workforce Development's authority to approve and oversee apprenticeship programs, something they historically have managed with great success. It also may cause confusion regarding when and how the State Superintendent can recognize longer periods of student teaching in non-apprenticeship teacher preparatory programs.

March 29, 2024

The Honorable, the Senate:

I am vetoing **Senate Bill 932** in its entirety.

This bill modifies the state's building program processes in several ways. This bill significantly limits the Building Commission's authority to authorize limited program or project changes if the commission determines that unanticipated project or bidding conditions require the change to effectively and economically construct the project. Under the bill, the Building Commission would need to seek approval by the Wisconsin State Legislature's Joint Finance Committee if the project cost increases exceed a certain threshold, unless the budget increase is funded solely from program revenue, gifts, grants, federal funds, or other sources. The bill also requires the Department of Administration to submit to the Joint Committee on Finance quarterly reports that identify Building Commission projects for which the Building Commission approved a budget increase or which department estimates will need a budget increase, and agencies submitting project reports to the Building Commission would also be required to submit these reports to the Joint Committee on Finance.

In addition, when an architect or engineer selection committee is created for a building project, the committee would only be required to use a request for proposal process to select an architect or engineer for projects with estimated costs of \$15 million or more (up from the current threshold of \$7.4 million), and, if the construction project has an estimated cost of less than \$2 million, the committee would not be able to refuse to select an architect or engineer because the architect or engineer is the sole responsible architect or engineer at their firm. The bill allows the Department of Administration to increase this threshold up to \$15 million.

The bill creates a new exception to single prime contracting for high-dollar building projects. The bill also provides that a bidder or potential bidder may submit questions to the Department of Administration concerning a project up until two days prior to the end of the bidding period, and the department may issue addenda at any time during the bidding period to modify or clarify the project specifications or extend the bidding period.

The bill also requires the Department of Administration and the Board of Regents to collaborate with energy service companies to identify and execute pilot projects using financing provided by the companies to upgrade facilities, reduce deferred maintenance, and increase sustainability.

Under the bill, each state contract for construction work would be required to state which party is responsible for paying project utility service connection charges and which

party is responsible for paying for the costs related to the consumption of utility services at the project site.

The bill also creates a timeline for the Claims Board to hear and make a final determination for claims referred to the board related to infrastructure contracts with the Department of Transportation or construction contracts with the Department of Administration or the Board of Regents.

Finally, the bill transfers \$32 million from the general fund to the state building trust fund in fiscal year 2023-24.

I am vetoing this bill in its entirety because I object to the Legislature removing the Building Commission's authority to adapt and respond to the unanticipated needs of building projects that help ensure efficient completion. I further object to the Legislature's ongoing efforts to unconstitutionally obstruct basic government functions through the use of legislative vetoes, as this bill would surely further enable.

The process created in this bill would result in a minimum delay of 14 working days while the Joint Committee on Finance considers a budget increase through a passive review approval process. If a single committee member objects to the budget increase for any reason, then the delay is likely to be far more significant given the committee's infrequent scheduling in recent years. The additional review and approval process created under this bill is likely to create significant delays in the building program and, ironically, result in increased project costs instead. For example, as of this writing, Wisconsinites have waited over 250 days for the Joint Finance Committee to release \$125 million to address PFAS contamination across Wisconsin, which was already approved through the biennial budget process last July. I cannot support legislation that would enable the Joint Finance Committee to substantially delay and disrupt state's critical building program, potentially causing increased costs to taxpayers.

In addition, as I have done previously, I object to the risk posed to the state by allowing multi-million dollar building projects to be awarded to firms with only one responsible architect or engineer.

This bill would modify current law prohibiting transplant hospitals from taking certain actions affecting the organ transplantation and donation process solely based on an individual's disability to add an individual's vaccination status as a prohibited basis for such actions. The bill also adds vaccination status as a prohibited basis for the refusal of

insurance coverage for any procedure associated with transplantation or evaluation for transplantation, and the bill prohibits discrimination against an individual in any matter relating to organ transplantation or donation on the basis of vaccination status.

I am vetoing this bill in its entirety because I object to the Wisconsin State Legislature restricting how transplant hospitals and their medical professionals determine how to best serve their uniquely vulnerable patients. Transplant hospital policies and procedures are carefully crafted to give patients the best chance at avoiding unnecessary illness or death during the transplantation and organ donation process. This bill would increase the vulnerability of patients whose immune systems are suppressed via anti-rejection medication

by allowing avoidable risks into the transplantation process, and the bill would impede the ability of trained and trusted medical professionals to determine how to best serve their patients.

Medical professionals have an ethical obligation to care for the wellbeing of their patients. The COVID-19 vaccine has proven itself to save lives, especially among the most vulnerable in our state, and has been widely mandated to protect those going through the difficult organ transplantation process.

State of Wisconsin  
Office of the Governor

April 4, 2024

The Honorable, the Senate:

I am vetoing **Senate Bill 145** in its entirety.

This bill creates a new license for advanced practice registered nurses (APRNs), administered by the Board of Nursing attached to the Department of Safety and Professional Services. This bill specifies certain requirements for APRN licensure, defines specialty designations associated with the APRN license, and sets forth certain requirements and restrictions related to APRN practice.

I am vetoing this bill, which received bipartisan opposition in both chambers of the Wisconsin State Legislature, in its entirety because I object to new licensure and practice standards for APRNs, especially those APRNs practicing independently, that do not provide adequate experience requirements, titling protections, and safeguards for patients who may be treated for chronic pain management. Certainly, nurses are critical to the healthcare system in Wisconsin and help fill gaps in access to healthcare services resulting from a lack of healthcare providers generally. Ensuring we have qualified professionals who have the appropriate education, training, experience, and supervision to provide care to Wisconsinites is critically important.

According to the state Department of Health Services, in 2022, 1,464 Wisconsinites died by an opioid overdose. Tragically, more people die of opioid overdoses than car crashes in Wisconsin. Effective interventions for pain management and high-quality healthcare treatments are critical for patients' quality of life and well-being, especially during difficult phases of life", as is balancing these obligations with the safety and long-term health of those same patients.

I support creating an APRN license and allowing for independent practice of APRNs, and have previously pursued measures to do so that were rejected by the Legislature's Joint Committee on Finance. Nevertheless, several concerns I consistently raised throughout this and previous legislative sessions, which could well have been addressed during the legislative process, remain unresolved in the bill before me today.

I welcome the opportunity to sign a version of this proposal that addresses these outstanding issues, and I look forward to working with nurses, doctors, and legislators

toward a bipartisan proposal I am hopeful to enact during the next legislative session.

Respectfully submitted,

MONDAY, April 8, 2024

The Chief Clerk made the following entries under the above date.

### PETITIONS AND COMMUNICATIONS

State of Wisconsin  
Office of the Governor

April 8, 2024

The Honorable, the Senate:

I am vetoing **Senate Bill 436** in its entirety.

This bill eliminates the requirement for employers to obtain work permits to employ minors who are 14 or 15 years old, for employers to obtain street trade permits to employ minors, and for minors to obtain identification cards to work in street trades. The bill also eliminates provisions relating to the issuance of certificates of age, eliminates provisions authorizing the collection of fees for the issuance of work and street trade permits and certificates of age, and modifies certain penalty provisions relating to injuries sustained by minors who are illegally employed to reflect the elimination of permit requirements.

Wisconsin faces generational challenges recruiting, training, and retaining talented workers. A year ago, our state unemployment rate hit a record-low of 2.4 percent. Last year, Wisconsin had the all-time lowest number of unemployed workers ever in modern history. And our state's labor force participation rate also consistently remained above the national average throughout the year. Wisconsinites work hard, and they are working. Wisconsin needs real, meaningful, and long-term solutions to address our state's pressing workforce challenges, improve our ability to retain and recruit talented workers, and ensure our workforce and our economy are prepared to meet the demands of the 21st Century.

Asking more kids to work is not a serious plan or solution to address our statewide workforce issues.

I am vetoing this bill in its entirety because I object to eliminating a process that ensures our kids are protected from

employers that may exploit youth and inexperience or subject children to hazardous or illegal working conditions.

The stated justification of this bill is to ensure parents are involved in the decision-making process regarding a job for their child; however, currently, the law requires parents to have such involvement because the minor's parent or guardian must consent to the employment. This bill eliminates a process that ensures parents and guardians have knowledge of employment so they can, in their judgment, determine whether a job may be detrimental to their young worker's health, safety, social development, or academic success.

Street trade jobs pose heightened dangers to child workers. Youth who are hired to sell or solicit door-to-door often are unsupervised while interacting with strangers. Therefore, currently, minors working in street trades must obtain an identification card from the department or a designee, which in turn provides the department with enhanced ability to ensure minors are not working outside of prohibited hours or if their welfare, school attendance, or academic performance is negatively affected by the job. This bill repeals the requirement that minors obtain an identification card to engage in street trades, and I object to eliminating the department's ability to track and monitor these kids and their employment. Although it was 25 years ago, the tragedy of the 1999 van accident that killed six young people and rendered a 15-year-old girl a quadriplegic continues to be a reminder that we must fiercely protect child workers because not all employers have kids' best interests in mind.

The bill further weakens child labor protections by eliminating child labor permit fees. These fees currently support a position at the Department of Workforce Development that helps monitor compliance with child labor laws. I object to defunding this position. For all of these reasons, I am vetoing this bill to retain current law protections for child workers.

Respectfully submitted,

<u>Act Number</u>	<u>Bill Number</u>	<u>Publication Date</u>
<b>Wisconsin Act 272</b> .....	981 .....	April 10, 2024

**State of Wisconsin  
Office of the Governor**

April 9, 2024

The Honorable, the Senate:

I am vetoing **Senate Bill 312** in its entirety.

This bill creates or modifies grant programs in the Department of Natural Resources to address perfluoroalkyl and polyfluoroalkyl substances (PFAS) contamination, including a PFAS municipal grant program, an innocent landowner grant program, the clean water fund program, the safe drinking water loan program, and the well compensation grant program. The bill also permits municipal utilities and sewerage districts to use revenues for up to half of the cost of PFAS reduction measures and places new limitations on the Department of Natural Resources and the Public Service Commission related to the regulation of and reporting on PFAS. The bill further places a number of requirements on the Department of Natural Resources, including directives related to PFAS studies and laboratory

activities in conjunction with the Board of Regents, PFAS-containing firefighting foam, portable wastewater treatment systems, testing for PFAS and reporting on PFAS contamination.

For nearly 280 days as of this writing, a \$125 million state investment to combat PFAS statewide, made available through the 2023-25 biennial budget passed by the Wisconsin State Legislature that I enacted last July, has languished in Madison unspent. At any point during the interceding nearly 280 days since I enacted the biennial budget, the Republican-controlled Joint Committee on Finance could have released the \$125 million investment to combat PFAS statewide. Republican committee members have, unfortunately, consistently refused despite ample opportunity and numerous requests by me and others to do so.

Importantly, Senate Bill 312 has virtually nothing to do with releasing the \$125 million investment secured through the 2023-25 biennial budget process to combat PFAS statewide: Senate Bill 312 appropriates no new funding; does not impact in any way the existing \$125 million biennial budget investment to fight PFAS; and would not in and of itself release the \$125 million biennial budget investment to fight PFAS. Republican members of the Joint Committee on Finance may release the already-approved \$125 million investment to combat PFAS contamination across our state at any time, notwithstanding my action on Senate Bill 312 today. I once again urge the Joint Committee on Finance to immediately release our already-approved \$125 million investment immediately and without any further delay so my administration can work in earnest to support communities impacted by PFAS contamination across our state.

I will not sign legislation that has any chance of letting those who cause PFAS contamination off the hook for remediating their contamination, and I cannot accept the Legislature's attempts to shift both the responsibility and cost of cleaning up PFAS contamination to Wisconsin taxpayers rather than polluters.

I am vetoing this bill in its entirety because I object to limiting the department's ability to address PFAS contamination. The provisions of this bill would require certain test results for PFAS to exceed a promulgated standard before the department may take certain enforcement actions. This prohibition would limit the department's ability to require action to protect public health or the environment under the state's spills law, especially as Republicans in the Wisconsin State Legislature refuse to act to allow the

department to continue the rulemaking process to set standards for PFAS in groundwater. The authors demanded this provision stay in the bill, claiming it was needed to ensure farmers who unknowingly spread biosolids containing PFAS would not be subject to remediation requirements or have their land values impacted, but a recent study by Midwest Environmental Advocates shows that the department has never brought enforcement action against a farmer who unknowingly spread biosolids containing PFAS. And importantly, the provision included in this bill goes far beyond this one example, and could even result in a polluter who knowingly released PFAS into the environment being shielded from accountability for the cleanup. I am disappointed the bill authors used our farmers as scapegoats to try to eliminate an important tool for the department to hold those who contaminate our state's waters accountable, despite opposition to the bill from farming organizations like the Wisconsin Farmers Union. This provision would risk the health and safety of the residents of the state by enacting more hurdles to obstruct the department's response to dangerous contamination throughout the state.

I am also vetoing this bill in its entirety because I object to limiting the Department of Natural Resources' ability to publicly disclose the results of PFAS testing conducted under a municipal grant program or through voluntary sample collection. The provisions of this bill would prohibit the department from disclosing these testing results to the public unless the department notifies grantees or landowners at least 72 hours prior, conflicting with the department's current practice of disclosing testing results within 24 hours. This provision would limit the department's ability to communicate with the public regarding PFAS contamination.

Further, I am vetoing this bill because I object to limiting the department's ability to collect PFAS samples throughout the state. The provisions of this bill would require the department to receive written consent from a landowner to collect samples through voluntary testing, even when there is an imminent risk to public safety or the environment. This prohibition would limit the department's ability to respond to the most severe contamination cases and potentially risk the health and safety of the residents of the state.

Finally, I am vetoing this bill because the provisions included in this bill are largely unnecessary for combating PFAS contamination in this state. Under the provisions of Senate Bill 312, the department would still need to request the release of funds under s. 13.10, as the legislation does not

allocate any of the funding available in the PFAS Trust Fund. Under 2023 Wisconsin Act 19, which is current law, the Department of Natural Resources already can request funding from the PFAS Trust Fund under s. 13.10, and the department can administer these funds once provided to the department using existing department authority. On December 19, 2023, the department submitted a request under s. 13.10 to the Legislature's Joint Committee on Finance for the release of the full \$125 million from the PFAS Trust Fund to address PFAS contamination. The committee has yet to act on the request from December. On February 27, 2024, in the spirit of compromise, the department submitted an updated request for the release of funds under s. 13.10. The department's revised request outlines in detail how it would utilize \$125 million in funding over the 2023-25 biennium and mirrors the municipal grant and innocent landowner grant provisions included in this bill. It is my hope that by including these grant provisions, where we have common ground, the Joint Committee on Finance will act with due haste to approve the department's request.

Addressing PFAS contamination has been and continues to be a top priority for me and my administration. Starting with my 2019-21 executive budget and continuing with my 2021-23 and 2023-25 executive budgets, I have consistently offered comprehensive efforts to combat PFAS contamination statewide. While I appreciate the Legislature has finally decided to join this important work, the bill before me today is not good enough. This bill does not do nearly enough to combat the PFAS contamination challenges we face as a state, it does not do enough to protect Wisconsin taxpayers from being forced to clean up the messes polluters make, and it does not do enough to help ensure the Department of Natural Resources can continue to protect and clean up our water.

I look forward to continuing to work with local leaders and communities, stakeholders, and the Legislature to find workable, meaningful, and bipartisan solutions to remediate PFAS contamination across Wisconsin, clean up our water and natural resources, and protect Wisconsin taxpayers from being forced to pay the price of cleaning up others' pollution.

Respectfully submitted,

State of Wisconsin  
Office of the Governor

December 3, 2024

Dear President-elect Felzkowski and Speaker Vos:

Congratulations, again, on your election to serve as leaders in your respective chambers. I look forward to working with both of you in the next legislative session on many important issues facing our state, including expanding BadgerCare, making child care more affordable for working families, and investing in public education at every level.

I intend to deliver my 2025 State of the State address at 7:00 p.m. on either Wednesday, January 22, 2025 or Tuesday, January 28, 2025. Pursuant to Wis. Stat. § 16.45, I respectfully request to deliver the budget message at 7:00 p.m. on Tuesday, February 25, 2025, or Tuesday, March 4, 2025. A later date this year will allow both the State Budget office and the Legislative Fiscal Bureau additional time to review year-end economic activity in 2024 and update 2025 economic forecasts. I also opted for these dates as I have a scheduling obligation in mid-February and am slated to attend a bipartisan convening of the nation’s governors and I would prefer to avoid any potential conflicts.

Thank you in advance for your consideration. Please do not hesitate to reach out to my chief of staff, Maggie Gau, with any questions in the interim. I hope you and your families

have a happy and safe holiday season, and I look forward to working together and having a productive and collaborative legislative session in the New Year.

Yours in service,  
TONY EVERS  
Governor
