Assumptions Used in Arriving at Fiscal Estimate

AB 21 allows a technical college to lease facilities to others for school purposes for the operation of a child care center.

There are 16 technical college districts with multiple campuses that could pursue a project to lease facilities for the operation of a child care center under the bill. It is unknown how many child care center projects may be pursued under this exception. In addition, because technical college projects are unique to the needs of the local community, the structure and the fiscal impacts will vary by project. Given the many unknown variables associated with the impacts of the exception created under the bill, the fiscal impact cannot be determined.
