<b>Description</b> jurisdiction over juveniles on federal enclaves		

**Assumptions Used in Arriving at Fiscal Estimate**

This bill requires the state to retain jurisdiction over juveniles on federal enclaves. It is anticipated that the number of cases involving juveniles on land ceded by Wisconsin to the U.S government is small. As juvenile justice is managed by counties, any costs would be borne by nearby counties, resulting in an indeterminate fiscal effect. It is anticipated that there is no state fiscal impact.
