Description prohibiting funding for health services for unlawfully present individuals					

Assumptions Used in Arriving at Fiscal Estimate

This bill prohibits any funds of this state, any county, village, town, long-term care district, any subdivision of this state, or any subdivision or agency of any county, city, village, or town and any federal funds passing through the state treasury from being authorized for or paid to any person to subsidize, reimburse, or otherwise provide compensation for any health care services for an individual who is not lawfully present in the United States. The prohibitions described under the bill do not apply to the extent that a payment of funds described under the bill is required under federal law or to the extent that the application of the prohibitions described under the bill would result in the loss of any federal funds

Long-Range Fiscal Implications

The fiscal impact is indeterminate until guidelines are established for the provisions in the bill.
