Assumptions Used in Arriving at Fiscal Estimate

Senate Bill 101 (SB 101) ratifies the contract negotiated between the State of Wisconsin and the Wisconsin State Building Trades Negotiating Committee. The statewide fiscal impact pertains to the wage increases in the fiscal year (FY) 2024-25 agreement for employees in the building trades crafts collective bargaining unit. The total count of state employees in the building trades crafts collective bargaining unit for the FY 2024-25 agreement is 135.5 FTE. The statewide base payroll is \$12,812,367, which is consistent with the s. 111.91 (3) (b), Wis. Stats., based on the bargaining unit snapshot of January 1, 2024, for the pay period ending 180 days prior to the end of the previous contract period.

Each occupational pay rate included under the building trades crafts bargaining unit is increased by a General Wage Adjustment (GWA) of 4.12%, with backpay to June 30, 2024, and the pay rate for individual trades employees are increased to the new schedule rate. The pay rates for non-represented trades supervisors and project employees are increased in accordance with the State Compensation Plan in connection with contractual pay increases, with backpay to June 30, 2024.

The increased total cost resulting from the pertaining GWAs and Compensation Plan contractual adjustments is equal to \$622,269 (consisting of \$232,473 GPR and \$389,796 for all other fund sources), including salary and fringe benefits at the variable fringe rate.

Long-Range Fiscal Implications

All costs contained herein are through the end of FY 2024-25, and do not include the cost to continue in FY 2025-26, equal to \$622,269.
