Fiscal Estimate Narratives

DOR 5/12/2025

LRB Number	25-2886/1	Introduction Number	SB-0241	Estimate Type	Original
Description tax incremental financing districts containing qualified data centers					

Assumptions Used in Arriving at Fiscal Estimate

Under current law, the equalized value of the taxable property of a new or amended tax incremental district (TID) plus the value increment of all existing TIDs in a city or village may not exceed 12 percent of the total equalized value of taxable property in the city or village. Under this bill, the 12 percent rule does not apply to a TID that contains within its boundaries a qualified data center certified by WEDC if all of the project costs of the TID are related to the qualified data center.

The local fiscal effect is indeterminate as the department does not have any financial data on current and future data centers.

The bill will not affect the increments for existing tax increment districts.

The department cannot absorb one-time costs of \$43,600 for computer programming costs.

Long-Range Fiscal Implications
