Fiscal Estimate Narratives DCF 2/27/2025

LRB Number 25-1552/1	Introduction Number	SB-0027	Estimate Type	Original		
Description						
requiring state employees to perform their work at the offices of their employer						

Assumptions Used in Arriving at Fiscal Estimate

This bill would require employees to perform their work in person at state agency offices during the employee's regularly scheduled work hours, beginning July 1, 2025. The Department of Children and Families (DCF) fundamentally altered its workplaces and resources within the last five years to adapt to a Hybrid Workplace (HW) model.

DCF reduced its space footprint by nearly half; notably Madison space was reduced by 55% and Milwaukee space reduced by 48%. Since SFY2020, DCF has cut reduced its annual rent costs from \$5.8 million to \$3 million. Furthermore, DCF is implementing a plan to vacate an additional 10,000 square feet and save up to \$250,000 annually.

Due to the hybrid workplace model in place, roughly 200 state staff and 250 contractor staff now use non-DCF IT equipment to access DCF's secure Virtual Desktop Infrastructure (VDI), which allowed DCF to significantly reduce its state-owned equipment inventory, Additionally, DCF identified ongoing cost savings in copier rental, printing, office supplies, and fleet charges. DCF consistently spends \$400,000 less on these costs annually than pre-Hybrid Work.

DCF's current buildings have 442 cubicles and 90 offices available, enough to accommodate 542 staff at one time, however the agency currently has 825 FTE, 32 LTE, 10 DPM FTE, and 253 contractors. This fiscal estimate assumes that enough space would be readily available for use. If that is the case, increasing space to accommodate 100% of current staff would increase DCF's rent costs by roughly \$3,016,000 annually. Presuming a return to pre-Hybrid levels, printing, copier equipment, and office supplies would increase by \$400,000 annually. We also estimate that the one-time costs to supply all staff with state-owned IT Equipment would be approximately \$855,000.

Long-Range Fiscal Implications
