## **Assumptions Used in Arriving at Fiscal Estimate**

This bill makes the following changes to Wisconsin Retirement System (WRS) return-to-work laws:

- Allows an annuitant who returns to work for a WRS employer and works more than two-thirds of full time to not suspend their annuity.
- Reduces the break-in-service requirement for annuitants returning to work under this bill from 75 days to 30 days.
- Repeals three obsolete provisions related to WRS return-to-work laws created during the public health emergency declared on March 12, 2020, by executive order 72, which ended on May 11, 2020.

Administrative costs for the Department of Employee Trust Funds will be incurred related to information technology system changes, staff training, employer training, transaction processing and the revision of multiple publications. The department should be able to absorb these costs.

The Department is not able to determine the fiscal impact of the bill on local governments.

The estimate does not include WRS program related costs. The Joint Survey Committee on Retirement Systems provides the estimate of WRS program related costs.
