Fiscal Estimate Narratives

DPI 7/3/2025

LRB Number	25-3581/1	Introduction Number	SB-0349	Estimate Type	Original
Description payment for school medical services					

Assumptions Used in Arriving at Fiscal Estimate

This bill increases the amount that DHS is required to reimburse a school district, cooperative educational service agency, and DPI, on behalf of the Wisconsin Center for the Blind and Visually Impaired or the Wisconsin Educational Services Program for the Deaf and Hard of Hearing, for provided school medical services to 100 percent of the federal share of allowable charges for the school medical services and to 100 percent of the federal share of allowable school medical services administrative costs.

State: There will be no fiscal impact on DPI operations. Reimbursements made for school medical services are administered by the Department of Health Services rather than the DPI.

Long-Range Fiscal Implications
