Note: The Wisconsin Model Early Learning Standards are voluntary standards that were designed to help centers develop programs and curriculum to help ensure that children are exposed to activities and opportunities that will prepare them for success in school and into the future. The Standards are primarily intended as guidance on developmentally appropriate expectations and are not intended to be used as a checklist to gauge a child's progress. The Standards are based on scientific research. Copies of the Wisconsin Model Early Learning Standards are available on the Wisconsin Early Childhood Collaborating Partners website at <http://www.collaborating-partners.com/> or through the Child Care Information Center at 1-800-362-7353.

Wisconsin has an information and referral service for persons with questions or concerns about a child's development called First Step that is available to the public 24 hours a day, 7 days a week. When a call is placed to First Step at 1-800-642-7837, the caller will learn about early intervention services as well as other related services in the area. When a provider or a parent has concerns about a child's growth or development a referral to a Birth-to-Three agency or the local public school should be considered to determine if the child is eligible for special services. With parental consent and consultation, it is recommended that centers who care for children who have an Individualized Family Service Plan (IFSP) or an Individualized Education Program (IEP) coordinate programming activities with the local school district or Birth to Three agency.

(b) A provider shall plan daily activities according to the age and developmental level of each child in care and shall include a flexible balance of all of the following:

1. Daily indoor and outdoor activities when a child is in care for more than 3 hours except that outdoor activities are not required during inclement weather or when not advisable for health reasons.
2. Active and quiet play.

- c. The time-out period does not exceed 3 minutes.

(d) A child may not be punished for lapses in toilet training.

Note: See s. DCF 250.04 (8) for information on reporting suspected child abuse and s. DCF 250.04 (3) (i) for rules requiring that prohibited actions to a child be reported to the department within 24 hours after the occurrence.

(8) LICENSE DENIAL OR REVOCATION. (a) The department may deny, revoke or suspend a license, initiate other enforcement actions specified in this chapter or in ch. 48, Stats., or place conditions on the license if the applicant or licensee, a proposed or current employee, a volunteer, a household member or any other person having regular contact with the children is, has or has been any of the following:

(b) An order summarily suspending a license and closing a family child care center may be a verbal order by a licensing representative of the department. Within 72 hours after the order takes effect, the department shall either permit the reopening of the center or proceed under subs. (8) or (9) to revoke the license. A preliminary hearing shall be conducted by the department of administration's division of hearings and appeals, within 10 working days after the date of the initial order to close, on the issue of whether the license shall remain suspended during revocation proceedings.
