Note: Send the request for an exemption and the off-premises outdoor play space plan to the appropriate regional office in Appendix A.

3. The off-premises outdoor play space shall be free of hazards such as bodies of water, railroad tracks, unfenced in-ground swimming pools, heavily wooded areas and nearby highways and main thoroughfares.

4. There shall be at least 75 square feet of outdoor play space for each child 2 years of age or older using the space at a given time, and at least 35 square feet of outdoor play space for each child under 2 years of age using the space at a given time.

5. No climbing equipment, swing or slide in the play space may have concrete or asphalt under it.

6. When the off-premises outdoor play space is reached by walking, the center shall transport children under 3 years of age in wheeled vehicles, such as strollers or wagons, with a seating capacity equal to the number of children under 3 years of age to be transported.

7. A center's plan for use of an off-premises outdoor play space is subject to approval by the department. Within 30 days after receipt of a plan and request for an exemption from the requirements of par. (b), the department shall either approve the plan and grant the exemption or not approve the plan and therefore deny the request for exemption. The department shall notify the center in writing of its decision and, if it does not grant an exemption, shall state its reasons for not granting the exemption.

8. If any circumstance described in an approved plan for use of off-premises outdoor play space changes or if any condition for plan approval is not met or is no longer met, the department may withdraw its approval of the plan and cancel the exemption. A center with an approved plan shall immediately report to the department's licensing representative any significant change in any circumstance described in the plan.

(12) SWIMMING AREAS. (a) 1. Aboveground and in-ground swimming pools on the premises may not be used by children in care.

5. Locks shall be located so that the locks cannot be opened by children.

6. The free-standing wall of an aboveground pool may not serve as an enclosure unless it is at least 4 feet in height and not climbable. If a ladder is present, the ladder shall be removed or raised up so that it is inaccessible to children.

7. The area around the pool enclosure shall be free of toys or equipment that would allow a child to climb or otherwise gain access to the pool.

(am) A beach on the premises may not be used by children in care. Access to a beach shall be controlled so that children may not enter the area.

(b) A wading pool on the premises may be used if the water is changed and the pool is disinfected daily. Supervision and staff-to-child ratio requirements under s. DCF 251.055 (1) and (2) shall be met.

(c) A wading pool, pool, water attraction or beach that is not located on the center premises may be used by children, if all the following conditions are met:

b. For children 3 years of age: 1:4.

c. For children 4 and 5 years of age: 1:6.

d. For children 6 years of age and older: 1:12.

4. When a mixed age group of children are swimming, the staff-to-child ratio shall be adjusted based on the number of children in the water and each child's age.

Note: A worksheet to help calculate the staff to child ratio for mixed aged groupings during swimming is available from the department. Requests may be made to the licensing representative or regional licensing office listed in Appendix A.

5. A child shall be restricted to the area of the pool or beach that is within the child's swimming ability.

6. If some of the children are in the water and others are not, there shall be at least 2 child care workers supervising the children. One child care worker shall supervise the children who are in the water, and the other child care worker shall supervise children who are not in the water.

DCF 251.07 Program. (1) PROGRAM PLANNING AND SCHEDULING. (a) Each group child care center shall have a written program of daily activities posted that are suitable for the developmental level of each child and each group of children. The program shall provide each child with experiences that will promote all of the following:

Note: The Wisconsin Model Early Learning Standards are voluntary standards that were designed to help centers develop programs and curriculum to help ensure that children are exposed to activities and opportunities that will prepare them for success in school and into the future. The Standards are primarily intended as guidance on developmentally appropriate expectations and are not intended to be used as a checklist to gauge a child's progress. The Standards are based on scientific research. Copies of the Wisconsin Model Early Learning Standards are available on the Wisconsin Early Childhood Collaborating Partners website at <http://www.col-laboratingpartners.com/> or through the Child Care Information Center at 1-800-362-7353.

Note: The standards of quality for school-age programs are addressed in the School-Age Curricular Framework course. More information on this course is available at <https://www.wiafterschoolnetwork.org/register-approved-courses>.

1. Self-esteem and positive self-image.
2. Social interaction.
3. Self-expression and communication skills.
4. Creative expression.
5. Large and small muscle development.
6. Intellectual growth.
7. Literacy.

Note: With parental consent and consultation, it is recommended that centers who care for children who have an Individualized Family Service Plan (IFSP) or an Individualized Education Program (IEP) coordinate programming activities with the local school district or Birth to Three agency.

(b) The program schedule shall be planned to provide a flexible balance each day of:

1. Active and quiet activities.
2. Individual and group activities.
3. Indoor and if the center is in operation more than 3 hours per day, outdoor activities.

(c) Television may be used only to supplement the daily plan for children. No child may be required to watch television. Other activities shall be available.

(d) Routines such as toileting and eating and intervals between activities shall be planned to avoid keeping children waiting in lines or assembled in large groups.

(e) The program shall provide all of the following:

1. Reasonable regularity in eating, napping and other routines.
2. Daily periods when a variety of experiences are concurrently available for the children to select their own activities.
3. Protection from excess fatigue and over stimulation.
4. If a center is in operation for more than 3 hours per day, daily outdoor activities except during inclement weather or when not advisable for health reasons.

(f) Child care workers shall give children individual attention.

1. The licensee owns or leases the vehicle used.
2. The licensee contracts with another individual or organization that owns or leases the vehicle used.
3. Employees, parents, or volunteers are transporting children at the direction, at the request, or on behalf of the licensee.

1. The requirement that a licensee obtain a copy of the driver's driving record and review it under sub. (4) (c).
2. The requirement to provide evidence that the vehicle is in safe operating condition at 12-month intervals under sub. (5) (b).
3. The requirements related to child care vehicle safety alarms under sub. (8).

(c) The licensee shall document in its policies that transportation provided through a written or verbal contract with another individual or organization meets the requirements of this section.

(2) PERMISSION AND EMERGENCY INFORMATION. Before transporting a child, a licensee shall obtain signed permission from the parent for transportation and emergency information for each child. The form shall include all of the following information:

- (a) The purpose of the transportation and the parent or guardian's permission to transport the child for that purpose.

- (c) The name, address, and telephone number of the child's health care provider.

(d) Written consent from the child's parent or guardian for emergency medical treatment.

Note: The licensee may use the department's form, *Child Care Enrollment*, to obtain consent of the child's parent for emergency medical treatment. Information on how to obtain forms is available on the department's website, <https://dcf.wisconsin.gov/cclicensing/ccformspubs>.

(3) REQUIRED INFORMATION FOR EACH TRIP. The licensee shall ensure that written documentation of all of the following is maintained at the center and in any vehicle transporting children while the children are being transported:

- (a) A list of the children being transported.
- (b) A copy of the completed permission and emergency information form under sub. (2) for each child being transported.
