Trans 102.02 Definitions. The words and phrases defined in ss. 340.01 and 343.01, Stats., have the same meaning in this chapter unless a different definition is specifically provided. In this chapter:

(1) "Administrator" means the administrator of the division of motor vehicles of the department.

(2) "AKA record" means an entry on a driver file which shows that the person currently uses or previously used an alias or a fictitious name. A person with a former name entry, resulting from a lawful change of name, does not have an AKA record.

(3) "Backup system" is the system used by the department to produce an acceptable operator’s license or identification card when the computerized processing system is inoperative.

(4) “Centrally issued,” when used with a reference to an operator’s license or identification card, means those finished licenses or identification cards that are mailed from the central office in Madison.

(4g) “Driver file” means a person’s driving record as kept by the department containing the driver record and maintained in accordance with s. 343.23, Stats., or the substantially identical record maintained for each person holding an identification card. An “existing driver file” is a driver file that has not been purged.

(4p) “Duplicate” means a license or identification card issued for a fee to replace one which has been lost, damaged or destroyed, or to replace one which is no longer accurate because of a change of the licensed person’s operating authority, name or address, or at the person’s request to have a photograph retaken.

Note: See ss. Trans 102.09 (3) and 102.03 (2), and s. 343.265 (2), Stats.

(5) “Issuance period” means the period of time for which an operator’s license or identification card is issued.

(5m) “Juvenile restricted license” means a license issued pursuant to s. 343.08, Stats.

(6) “License examiner” or “examiner” means an employee or agent of the department duly authorized by the administrator to process operator’s license applications and other duties, regardless of the agent or employee’s job title.

(6n) “Motor vehicle services center” means those locations within the state authorized by the department to provide driver licensing services, vehicle registration services, or both.

(a) In the case of an individual, the entire first and last name and middle initial, if any.

(b) In the case of any entity other than an individual, the entire name of the entity.

(7) “Original” when used to describe a license or identification card means the first Wisconsin license or identification card of that type issued to a person. The term also includes:

(a) A license or identification card issued to a person who previously held a license or identification card but who does not have an existing driver file; or

(b) A license or identification card issued to a person whose license or identification card has been canceled or revoked.

(7m) “Photograph” or “photo” means a printed image created by use of a photographic or digital camera process.

(8) “Reinstate” means the process of issuing a license to a person following a withdrawal of the person’s operating privilege or license by cancellation, suspension, revocation, or disqualification. The term also includes the process of issuing an identification card to a person who previously had an identification card canceled or revoked.

(9) “Reissue” means the process of issuing a license or identification card because of any of the following:

(a) A change in license restrictions.

(b) Department errors or defects in the license such as an unrecognizable photograph.

(c) A change of address processed under s. 343.22 (2m), Stats.

Note: Refer to s. 343.21 (1) (b), Stats., regarding fees for changes in commercial driver license restrictions.

**Trans 102.025** Document condition and authenticity. (1) **GENERAL DOCUMENT CONDITIONS.** All documents offered by persons applying for licenses or identification cards issued by the department shall be original documents, unless otherwise expressly allowed. Certified copies of government documents shall bear an original certification and the seal of the appropriate agency, or otherwise exhibit evidence to the satisfaction of the department that the document is an authentic, accurate and unaltered copy of the original government document. Mutated, altered or uncertified photocopies of documents are not acceptable.

(2) **SUSPECT DOCUMENT.** The department may decline to accept any document required to be presented as part of an application for an operator’s license or identification card if it has any reason to suspect the authenticity of the document, the identity of the person named in the document, the identity of the applicant, that the residency information provided by the applicant is inaccurate, or for any of the reasons specified in sub. (3). In such a case, the department may retain the document and investigate its authenticity, provide the document to local, state or federal authorities, require additional documentation from the individual to establish the fact that the document was offered to prove, or any combination of these actions. Documents determined to be genuine and to identify the person who presented them shall be returned to the person, except as provided in sub. (3). Documents containing photographs of the holder may be rejected if the person is not readily recognizable from the photograph. Documents bearing signatures or reproductions of signatures of the holder may be rejected if the signature or reproduced signature does not clearly match all other signatures provided by the presenter as part of the application or on file with the department. Documents containing other data will not be accepted if any facts lead the department to question the authenticity of the document or accuracy of the data.

**Note:** This provision permits the Department to reject documentation or photos, but does not create a duty to inspect all DOT files when processing each application.

(3) **CONFISCATION OF DOCUMENT.** (a) Employees or agents of the department may take possession of any document submitted as proof of the person’s name and date of birth, identity, residency or any other fact sought to be proven to the department and may turn those documents over to local, state or federal authorities in any of the following circumstances:

1. The document is or appears to be counterfeit.
2. The applicant presents documents related to another individual under the guise that the applicant is the other individual.
3. The document appears not to be or is not a genuine document.
4. The document appears to have been altered.
5. Law enforcement has requested the department confiscate documents presented by a specific person.

(b) In the event the department confiscates a document and determines that it is genuine and relates to the person who presented it, the department shall return the document to the person, unless the department has provided it to other local, state or federal authorities.

**Note:** Section 343.14 (3), Stats., makes it a crime to present false information in connection with an application for a driver license or ID card.

**History:** CR 98−020, cr. remun. (1) from Trans 102.15 (7) and am. Register June 2005 No. 594, eff. 7−1−05.

**Trans 102.03** Photograph exemptions. (1) Except as provided in this section, no license or identification card, including duplicates, shall be issued unless the person appears in person at a motor vehicle service center and is photographed.

**Note:** See s. 343.14 (3), Stats.

(2) A license may be issued without a photograph or with a prior photograph on file with the department to any of the following:

(a) A Wisconsin resident who is out of state and is not able to return to Wisconsin for a renewal or duplicate license.

**Note:** See s. 343.14 (3), Stats., and sub. (3).

(b) A Wisconsin resident who has seriously held religious convictions that do not allow the resident to be photographed. To qualify for this exemption, the person shall complete, sign and date a statement, on a form provided by the department, certifying that the person objects to being photographed due to a seriously held religious conviction.

(c) A Wisconsin resident who requests a photograph exemption on the grounds that a photograph would not accurately reflect the person’s appearance because of the person’s temporary disfigurement, and the department finds that an exemption should be granted. In cases where an exemption is granted, the person shall apply for a duplicate operator’s license with a photograph when the reason for the exemption no longer exists.

**Note:** The fee for a duplicate license may be found in s. 343.21 (1) (d), Stats. Wisconsin law does not permit the department to issue an ID without a photograph.

(2m) The department may waive the requirement that a person appear at a motor vehicle service center if the department has entered into an agreement with the department of corrections under which that agency will accept application materials or take photographs for the department, the person is an inmate at a department of corrections facility, and the department receives all required photographs or application materials for the person from the department of corrections.

(3) A person who is issued a license without a photograph under sub. (2) (a) may be excused from the requirement of appearing in person at a motor vehicle service center at the time the duplicate or renewal license is issued. Within 30 days of return to Wisconsin, the person shall appear at a motor vehicle service center and obtain a license containing a photograph.

**Note:** See s. 343.21, Stats., for fees on duplicate licenses. Form MV3415 religious conviction exemption request is provided upon request at a department motor vehicle services center or from Wisconsin Department of Transportation, Bureau of Driver Services, License Issuance Unit, P.O. Box 7918, Madison, Wisconsin 53707.

(4) No photograph shall be required for temporary licenses or driving receipts.

**Note:** Authority for this provision may be found at ss. 343.14 (3), Stats. See s. 343.07, Stats., regarding instruction permits, and ss. 343.17 (5), 343.10, 343.11, 343.16 (6) (b), 343.305, Stats., and s. Trans. 102.17 regarding temporary licenses or driving receipts.

(5) A photograph may be required for instruction permits.

(6) The department may issue a license to a person without requiring that person’s appearance if the department is able to produce a photograph from its records.

**History:** Ct. Reg. September, 1982, No. 321, eff. 10−1−82; am. (1) (b), Regis. January, 1984, No. 337, eff. 2−1−84; remun. (1) and (2) to be (2) and (3) and am., cr. **Trans 102.04** Design of operator’s license and identification card. (1) Operator’s licenses and identification cards:

(b) Shall include the following descriptive legends:

1. Duplicates licenses and identification cards shall be marked “duplicate” or an abbreviation thereof.

2. Juvenile restricted licenses shall be marked “juvenile restricted” or an abbreviation thereof.
(c) Shall contain such further information as the department considers appropriate for security or identification purposes.

(2) Any identification card issued based upon extraordinary proof of name, date of birth or U.S. citizenship under s. Trans 102.15 (5m) shall, in addition to any other legend or label, be marked in a manner consistent with requirements under applicable federal law and regulations to indicate that the identification card is issued in accordance with PL. 109–13, section 202 (d) (1), and is intended to be accepted by any federal agency for federal identification or any other official purpose.

Trans 102.07 National driver registry and commercial driver license registration system. Information system record inquiries for issuance of commercial driver licenses required by s. 343.03 (5), Stats., shall be made as follows:

1. The department shall make inquiries of the commercial driver license information system and the national driver registry to determine licensing eligibility before issuing a license.

2. When the information systems described in sub. (1) are inoperative, the person’s class D or M license may be processed based on the information certified by the person on the license application and any Wisconsin driver record available except that licenses may not be issued prior to a record check for the following persons:

   a. A person who is obtaining his or her first regular driver license.

   b. A person who is licensed in another state and is seeking to obtain a regular Wisconsin license.

Note: The department’s intent was to substitute jurisdiction for state in par. (b).

3. Subsequent to the issuance of a license under sub. (2), when the information system is again operative, the driver record inquiry will be made. If the inquiry shows that the person’s record is unacceptable, the department may cancel, revoke or suspend the license issued under sub. (2).

Trans 102.09 Photograph specifications. (1) As determined by the department, a license or identification card photograph shall be retaken if the photograph of the person is indistinguishable, unclear, incomplete, or becomes lost or damaged.

2. Persons who fall into the retake specifications described under sub. (1) shall be required to have the license photograph taken by the department before an operator’s license or identification card will be issued.

3. Any person not satisfied with the photograph after receipt of a license or identification card may request to have the photograph retaken. If the photograph is indistinguishable, unclear or incomplete to the extent that the department demands another photograph of the person be taken under sub. (1), the person shall apply for a duplicate license or identification card, surrender the existing license or identification card and pay the fee required in s. 343.21 (1) (L), Stats.

4. When an application for an operator’s license or an identification card is made, the date the photograph is taken shall be at the discretion of the department.

5. Persons shall be notified by the department when a photograph needs to be retaken or when a subsequent change of license restrictions or endorsements requires license reissuance or a duplicate license. Failure to comply within 30 days of notification shall result in the cancellation of the operator’s license.

6. Persons requiring a duplicate operator’s license or identification card shall return to the department for duplicate application and new photograph, unless the person’s appearance at the department is not required under s. Trans 102.03 (2) (a) or (6).

History: Cr. Register, September, 1982, No. 321, eff. 10–1–82; (4) to (6) rem. from Trans 102.13 (1) to (4) and am. 1. Except as provided in sub. (2), hats, caps, or other head coverings may not be worn by the applicant when the photograph is taken.

2. If a turban or similar head covering is worn by the applicant due to religious belief, the covering shall be pushed from the forehead until a full facial image is shown.

3. A photograph shall be taken with or without glasses, at the applicant’s preference. Sunglasses shall be removed. Light sensitive glasses that do not adjust sufficiently to clearly show the eyes shall also be removed.

4. Hair shall be brushed away from the eye area for the photograph.

5. Any clothing or device obscuring all or part of a person’s face shall be removed when being photographed to show a full facial image, except that any appliances or prosthesis normally used by a person with a permanent facial or dental disfigurement need not be removed.

History: Cr. Register, September, 1982, No. 321, eff. 10–1–82; cr. (5), Register, December, 1990, No. 420, eff. 1–1–91.

Trans 102.11 Prorated fees. To maintain the existing license renewal cycle when upgrading a valid license, the department shall prorate the statutory fees under s. 343.21 (1) (a), (b) and (d), Stats., required to be paid to the department to upgrade a license.

1. UPGRADED LICENSE. If a license is upgraded by adding class A, B, C, D or M privileges to an existing operator’s license, the following apply to determine the applicable fee under s. 343.21 (1) (a), (b) or (d), Stats.:

   a. When 365 days or more remain on the existing license, the license holder shall pay the prorated fee for the upgraded license determined by the department as follows:

      1. Multiply the number of days remaining on the existing license from the date of application by the statutory fee and divide by 2920. The number of days include the day of expiration, but not the day of application.

      2. Round the resulting quotient to the nearest whole dollar amount. The license upgraded for this fee shall expire on the expiration date of the existing license or on the date that the person’s legal presence in the United States is no longer authorized, whichever occurs sooner.

   b. When more than 90 but less than 365 days remain on the existing license, the license holder may do either of the following:

      1. Pay the prorated fee as determined under par. (a). The license upgraded for this fee shall expire on the expiration date of the existing license or on the date that the person’s legal presence in the United States is no longer authorized, whichever occurs sooner.

      2. Pay the prorated fee as determined under par. (a) and the statutory fee. The license upgraded for this fee shall expire 8 years from the expiration date of the existing license or on the date that the person’s legal presence in the United States is no longer authorized, whichever occurs sooner.

   c. When 90 days or less remain on the existing license, the license holder shall pay the prorated fee as determined under par. (a) and the statutory fee. The license upgraded for this fee shall expire 8 years from the expiration date of the existing license or on the date that the person’s legal presence in the United States is no longer authorized, whichever occurs sooner.
(2) MANUAL CALCULATION. Notwithstanding sub. (1) (a), if the automated processing system is not available, the prorated fee shall be determined by the department by multiplying the number of months remaining on the existing license from the date of application by the statutory fee and dividing by 96. The number of months include the month of expiration, but not the month of application. The resulting quotient is rounded to the nearest whole dollar amount.

Note: See s. 343.20 (1) (a), Stats., regarding the department’s authority to prorate fees.

(f) If the department does not issue a license to the person immediately for one of the reasons set forth in sub. (1) (b) to (d).

(2) A Wisconsin resident may be issued an operator’s license or an identification card if the person surrenders all operator licenses and identification cards issued to the person by other jurisdictions, and the person is otherwise eligible to be issued an operator’s license or identification card under Wisconsin law.

(4) Persons who establish Wisconsin residency and who are not exempt from Wisconsin licensing requirements under s. 343.05 (4), Stats., shall apply for a Wisconsin operator’s license as follows:

(a) Within 30 days of establishing Wisconsin residency if the person holds a commercial driver license from another jurisdiction or Mexico and seeks a Wisconsin commercial driver license.

Note: Commercial drivers are required to transfer their CDL within 30 days of moving between states by federal law. 49 CFR 383.71 (b).

(b) Within 60 days of establishing Wisconsin residency in situations not described in par. (a).

Note: See s. 343.01 (2) (g), Stats., regarding establishing residency for driver license purposes.

(5) No license will be issued to a person under the age of 18 unless the person provides satisfactory proof that the person has successfully completed a driver education or training course which meets the requirements of s. 343.06 (1) (c), Stats., an approved driver education course of another jurisdiction, or the person is exempt from those requirements under s. 343.08 or 343.135, Stats.

(b) and (c) and a person requesting an identification card without charge for purposes of voting may be issued an identification card receipt under s. 343.50 (1) (c), Stats., without a social security number as provided in pars. (b) or (bm).

(b) The department may verify the number with the federal social security administration prior to acceptance for issuance of an operator’s license or identification card, may delay issuance of a license if verification cannot be completed at the time of application, or may cancel a license if verification is requested after license issuance and the person does not provide verification.

The original social security card or other documentation satisfactory to the department to prove the person’s social security number shall be presented to the examiner for verification of the number, when any of the following apply:

1. A duplicate social security number is found on the department’s driver files and assigned to another person;

3. The social security number being submitted does not match the format of social security numbers issued by the federal social security administration.

4. The department is advised by the federal social security administration, internal revenue service, department of revenue, department of workforce development, or other state, federal or local government agency that the social security number provided by the person is suspected to not belong to the applicant, to have been used by multiple persons, or to have been assigned to a person other than the applicant.

(bm) The department shall issue a special number, in lieu of the social security number, to identify an applicant if the person’s sincerely held religious convictions do not allow them to provide a social security number to the department. A person who objects to providing a social security number due to a religious conviction, shall complete, sign, and date a statement detailing and explaining the religious objection on forms provided by the department. The department may conduct a review in Madison to determine whether the conviction detailed in the application is a sincerely held religious belief of the applicant. The applicant may be required to appear at the review or to interview with a department investigator.

Note: See s. 343.14 (2) (bm) and (br), Stats. Form MV5415 Religious conviction exemption request.

Note: See s. 343.14 (2) (bm) and (br), Stats. Form MV5415 Religious conviction exemption request.

Note: See s. 343.14 (2) (br), Stats.

(c) The department may issue a special number, in lieu of the social security number, to identify the person when the person has not been issued a social security number or the person's social security number is not available, and the person is being issued an original instruction permit and does not have an existing driver file in Wisconsin. The person is required to provide his or her social security number on any subsequent application following the original issuance of the instruction permit.
(d) Any person issued an identification card without charge for purposes of voting without a social security number as provided in par. (a) is required to provide his or her social security number on any subsequent application for an instruction permit or operator’s license, unless another exception applies to that application.

(5m) **EXTRAORDINARY PROOF OF NAME, DATE OF BIRTH, OR U.S. CITIZENSHIP** (a) Except as provided in par. (b), if a person is unable to provide documentation under sub. (3) (a), and the documents are unavailable to the person, the person may make a written petition to the administrator for an exception to the requirements of sub. (3) (a). The application shall include proof of identity required by sub. (4) and:

1. A certification of the person’s name, date of birth and current residence street address on the department’s form;
2. An explanation of the circumstances by which the person is unable to provide any of the documents described in sub. (3) (a); and
3. Whatever documentation is available which states the person’s name and date of birth.

(b) 1. If a person applies for and requests an identification card without charge for the purposes of voting and the person’s proof of name and date of birth under sub. (3) or proof of U.S. citizenship under sub. (3m) is unavailable, the person may make a written petition to the administrator for an exception to the requirements of sub. (3) (a). The department shall provide appropriate translation for any person who is unable to read or understand the petition process instructions and related communications under this subsection or sub. (6m). The petition shall include the person’s statement under oath or affirmation of all of the following: that the person is unable to provide documentation under sub. (3) or proof of U.S. citizenship under sub. (3m); that the documents are unavailable to the person; and of his or her name, date of birth, place of birth, and such other birth record information requested by the department, or the person’s alien or U.S. citizenship and immigration service number or U.S. citizenship certificate number.

2. Upon receiving a petition that meets the requirements under subd. 1., the department of transportation shall forward the petition to the central office of its division of motor vehicles for processing. The administrator shall provide the person’s birth record information to the department of health services, for the sole purpose of verification by the department of health services of the person’s birth certificate information or the equivalent document from another jurisdiction, other than a province of the Dominion of Canada, or to a federal agency for the sole purpose of verifying the person’s certificate of birth abroad issued by the U.S. department of state, or of verifying the person’s alien or U.S. citizenship and immigration service number or U.S. citizenship certificate number. The administrator shall open a file containing the petition and shall create therein a report with a dated record of all correspondence to or with the applicant. The department of transportation may not complete processing of the application prior to receiving verification under this subdivision, except as provided in subd. 3.

3. If the department of transportation does not receive verification under subd. 2., within 30 days or receives notice under subd. 2., that the birth information provided in the application does not match that of the birth record custodian, the department of transportation shall promptly notify the person in writing of that failure to verify and request the person contact the department of transportation within 10 days. If the person does not respond within 10 days, the department of transportation shall send the person a second letter with substantially similar contents. If the person does not respond to the second letter within 10 days and the department of transportation knows the person’s telephone number, the department of transportation shall call the person on the telephone and notify the person that the birth information was not verified and request the person provide additional information within 10 days. If 30 days have elapsed since the date of the first letter sent under this subdivision without contact from the person, the department of transportation shall suspend the investigation and send written notice that the person has not responded, that the department of transportation has no further leads for it to locate or obtain secondary documentation or verification of birth information, that the department of transportation has suspended its investigation or research until such time as the person contacts the department of transportation, and that if within 180 days after the date of the written notice the person fails to contact the department of transportation the petition will be denied and no further identification card receipts will be issued under sub. (6m). If the person fails to contact the department of transportation within 180 days after the department of transportation suspends the investigation, the administrator shall deny the petition in writing and shall inform the person that the department of transportation will resume the investigation if the person contacts the department of transportation to discuss the petition. Whenever the applicant contacts the department of transportation to discuss the petition, the investigation under this subdivision shall begin anew, notwithstanding any prior denial due to the person’s failure to timely respond. The applicant shall act in good faith and use reasonable efforts to provide additional information that could reasonably lead the department of transportation to discover correct birth information or secondary documentation as described in subd. (3m) to assist the department of transportation in processing the application. The administrator shall investigate the petition and any additional information provided under this subdivision with prompt and due diligence and shall use reasonable efforts to locate and obtain the secondary documentation by pursuing leads provided by the person. Investigations may only be completed within the division of motor vehicles’ central office by employees whose regular job duties include investigation and fraud detection and prevention. If the investigation discovers new or corrected birth information, the department of transportation shall resubmit the new or corrected birth information to the department of health services for verification under subd. 2. The department of transportation shall pay any actual, necessary fees required by the record custodian to obtain the secondary documentation.

3g. If the department of health services does not verify the birth record information within 30 days, the department of transportation may issue an identification card to the person only if the department of transportation receives verification under subd. 2., if the person provides proof required under sub. (3) or (3m), or if the department of transportation receives other secondary documentation acceptable to the administrator and deemed sufficient under subd. 3., which may include the following:

a. Baptismal certificate.
b. Hospital birth certificate.
c. Delayed birth certificate.
d. Census record.
e. Early school record.
f. Family Bible record.
g. Doctor’s record of postnatal care.
h. Other documentation deemed acceptable to the administrator, within his or her reasonable discretion.

4. Notwithstanding Trans 102.15 (1), in this paragraph “unavailable” means that the applicant does not have the document and would be required to pay a government agency to obtain it.

(c) The administrator may delegate to the deputy administrator or to a bureau director, as described in s. 15.02 (3) (c) 2., Stats., whose regular responsibilities include driver licensing and identification card issuance, the authority to accept or reject such extraordinary proof of name, date of birth, or U.S. citizenship under this subsection.

**Note:** Form MV3002 certification of name and date of birth.
(e) The denial of a petition under par. (b) is subject to judicial review in the manner provided in ch. 227 for the review of administrative decisions.

(f) If the administrator, or delegate described in par. (c), determines that an applicant has knowingly made a false statement or knowingly concealed a material fact or otherwise committed a fraud in an application, petition or additional information, the department of transportation shall immediately suspend the investigation and the person in writing of the suspension and the reason for the suspension, and refer any suspected fraud to law enforcement.

(g) A person whose petition is suspended or denied due to a failure to respond timely may revive the petition at any time by contacting the department to discuss the petition application. If a person revives a petition the department shall immediately issue, and shall continue to issue, an identification card receipt to the person as provided in sub. (6m), except that the department shall first require the person to take a photograph if required under sub. (6m).

(7) Additional documentation. The department may require additional documentation or proof of identity beyond the minimum requirements of this section from an applicant if the department has been notified that the person is or may be a victim of identity theft.

Note: Because the Department must issue an identification card receipt for voting purposes to any person who makes a qualified application under s. Trans 102.15 (5m), the Department may not deny issuance of an identification card receipt due to a name or date of birth mismatch, spelling error or other typographical error on a supporting document, nor due to the inability to confirm or correct information with another federal, state or local governmental agency.

(b) Contents. An identification card receipt issued under this subsection shall constitute a temporary identification card while the application is being processed under s. Trans 102.15 (5m) and shall be valid for a period not to exceed the period specified in s. 343.50 (1) (c), and shall be maintained by the department for a period of no more than 60 days. This subsection does not prohibit the department from issuing a receipt as non-deliverable, or whenever the department receives information that prohibits issuance of an identification card under s. 343.50 (1) (c), Stats.

(c) Replacement. The department shall issue a replacement identification card receipt under par. (a) upon request of the person to whom it is issued if the receipt is lost or destroyed.

(d) Cancellation or refusal. Notwithstanding par. (a), the department shall cancel or refuse to issue an identification card receipt under this subsection upon the circumstances specified in s. 343.50 (10), Stats., upon the issuance of an operator’s license or identification card to the person, upon the person’s request, upon the denial of the application, upon return to the department of a receipt as non-deliverable, or whenever the department receives information that prohibits issuance of an identification card under s. 343.50 (1) (c), Stats.

(e) Address changes. Whenever any person, after receiving an identification card receipt under this subsection, moves from the address named in the application or in the receipt issued to him or her, is notified by the local authorities or by the postal authorities that the address so named has been changed, the person shall, within 30 days, notify the department of his or her change of address. Upon receiving a notice of change of address, the department shall promptly issue a new receipt under par. (a) showing the correct address and having the expiration date of the prior receipt.
Operator's license and license endorsement issuance periods. (1) ORIGINAL, REINSTATED AND PROBATIONARY LICENSES. Reinstated licenses, probationary licenses, and original licenses other than instruction permits and license endorsements shall expire 2 years from the licensed person's next birthday, or on the date that the person's legal presence in the United States is no longer authorized, whichever occurs sooner. If the expiration date of a person's probationary license is the date the person's legal presence in the United States is no longer authorized, and the person's legal presence is extended, the department may reissue the probationary license with an expiration date of the latest date determined under this section at the time of initial issuance or the date that the person's legal presence in the United States is no longer authorized, whichever occurs sooner. The date on which a person may not, as a consequence of expiration dates based on the person's legal presence in the United States, require any person to possess a probationary license beyond the latest date determined under this section at the time of initial issuance.

Note: See s. 343.20 (1) (a), Stats.

(2) EYESIGHT TESTS. The eyesight test shall be given to each person who applies for renewal of a 2, 4 or 8 year license at the time application is made.

Note: See s. 343.16 (3) (a), Stats.

(3) RENEWED REGULAR, COMMERCIAL DRIVER AND MOTORCYCLE ONLY LICENSES. Regular, commercial and motorcycle only licenses shall expire 8 years from the expiration date of the license being renewed if the license is renewed prior to its expiration, or 7 years from the person's next birthday in all other circumstances, except as otherwise provided in this section.

(3m) LICENSE EXTENSIONS. A regular license issued by the department may be extended by the department for 4 years from the expiration date of the license if the department has selected the license for 4 year extension rather than renewal in order to balance the number of licenses that will expire in future years. The department may not extend an expiration date under this subsection beyond the date that the person's presence in the United States is legally authorized. The department may consider a person's driving history in deciding whether to extend the person's license. Vision examinations may not be required for extensions.

Note: Section 343.20 (1) (f), Stats., provides that this extension program sunsets on December 31, 2001.

(4) LICENSE RENEWAL. No person may renew:

(a) An operator's license more than one year prior to the expiration date of the license.

(b) A probationary license or special restricted license more than 90 days prior to the expiration date of the license.

(5) NEW STATE RESIDENTS. Original operator's licenses issued under s. 343.20 (1) (e), Stats., shall expire 3 years after the licensed person's next birthday or on the date that the person's legal presence in the United States is no longer authorized or on the following date, whichever occurs sooner.

Note: Section 343.20 (20), Stats., provides for licensing of qualified drivers previously licensed in other jurisdictions.

(6) SPECIAL RESTRICTED LICENSES. Special restricted license renewals expire on the date that the person's legal presence in the United States is no longer authorized or on the following date, whichever occurs sooner:

(7) ENDORSEMENTS EXPIRE WITH LICENSES. All endorsements on an operator's license shall expire on the same date the operator's license expires or is withdrawn.

(8) EXPIRATION DATE DOES NOT CHANGE WITH CHANGES IN AUTHORITY. The expiration date of a valid license document shall remain the same when subsequent upgrades to classifications or endorsements are applied to the license, except that if the date that the person's legal presence in the United States is no longer authorized occurs sooner, the expiration date shall become the date that the person's legal presence in the United States is no longer authorized.

Note: Expiration of restricted licenses is provided for in s. 343.08 (2) (a), Stats.

Trans 102.205 Copying of driver licenses. Any person, including the state or federal government, or an agency or political subdivision thereof, may make a copy of a driver license provided the copy is intended to be used for the identification of the person to whom the license has been issued and the person does not sell or transfer the copies to any third person or include the copy of the driver license photo in any electronic or paper library of images. This provision does not prohibit a lender or business from requesting and making a copy of a driver license as part of an application for credit or other business services and forwarding that copy with the application materials in the ordinary course of business when the commercial paper or business is sold or transferred.

Note: Amendments to s. 343.43 (1) (f), Stats., enacted as part of 1999 Wis. Act 9 provide the department with authority to adopt this rule with respect to driver licenses. No similar authority exists with regard to the general prohibition against copying identification cards found in s. 343.50 (12) (e), Stats. See State v. Schwedel, 57 Wis. 2d 764 (1973), for general guidance on the copying of identification cards.
