5. Clarity, Grammar, Punctuation and Use of Plain Language

a. It would be helpful if the analysis provided a brief description of the provisions in s. Bkg 76.03 (2), which are repealed by the rule. The agency could also clarify how the repeal is intended to affect nonconsumer credit transactions.

b. Although not required, it would be helpful to have the agency include the reason or reasons the rule is being proposed. For example, has its applicability to nonconsumer credit transactions been a problem? Has there been confusion with other regulatory provisions concerning these transactions?
