Comments

[NOTE: All citations to “Manual” in the comments below are to the Administrative Rules Procedures Manual, prepared by the Revisor of Statutes Bureau and the Legislative Council Staff, dated October 1994.]

2. Form, Style and Placement in Administrative Code

Section Med 10.02 (2) (zb) 6. (intro.) should read: “6. No drugs are prescribed or dispensed for more than 90 days unless all of the following occur:”. Each subdivision paragraph should then begin with “The patient”

5. Clarity, Grammar, Punctuation and Use of Plain Language

a. In s. Med 10.02 (2) (zb) 4., is the intent to have the patient’s blood pressure and pulse taken and any other tests performed at the time the patient is weighed? If so, the subdivision should require this instead of only requiring that the information be recorded.

b. In s. Med 10.02 (2) (zb) 5., a hyphen should be inserted between “30” and “day.”
