Comments

[NOTE: All citations to “Manual” in the comments below are to the Administrative Rules Procedures Manual, prepared by the Revisor of Statutes Bureau and the Legislative Council Staff, dated January 2005.]

2. Form, Style and Placement in Administrative Code

- a. The amendment of s. NR 102.10 (1) (f) 1m., as renumbered, should be included in SECTION 1 of the rule, the SECTION that renumbers it.
- b. The treatment clause of SECTION 8 states that it creates s. NR 102.10 (1) (f) 20s.; however, the rule does not create the corresponding text of that subdivision.
- c. In most cases in which the rule (current and proposed) lists more than one county, the last two county names are conjoined by an ampersand. This is not done in s. NR 102.10 (1) (f) 20m. and 26s., though it should be.
- d. The description in s. NR 102.10 (1) (f) 22. of the Trout River segment should indicate what reservation boundary is intended, i.e., the Lac du Flambeau Indian Reservation, for the benefit of readers not familiar with the Trout River or Vilas County.
