CLEARINGHOUSE RULE 15-034

Comments

[NOTE: All citations to “Manual” in the comments below are to the Administrative Rules Procedures Manual, prepared by the Legislative Reference Bureau and the Legislative Council Staff, dated December 2014.]

2. Form, Style and Placement in Administrative Code

a. In the rule summary, a heading and entry should be inserted for “Effect on small business”. It appears that the entry for “Analysis and supporting documents used to determine effect on small business” could be used for this purpose, with a new entry given for the analysis and supporting documents. [s. 1.02 (2) (a) 10., Manual.]

b. In the rule summary, a heading and entry should be inserted for the deadline to submit comments. [s. 1.02 (2) (a) 13., Manual.]

4. Adequacy of References to Related Statutes, Rules and Forms

a. In the rule summary’s listing of statutory authority and statutes interpreted, a reference to s. 101.96 (1), Stats., should be inserted. Also, in those sections, a source notation to “; Stats.” should be inserted after the referenced statute sections. [s. 1.07 (2) (Table), Manual.]

b. In the rule summary’s listing of related statutes or rules, a reference could be given to chs. SPS 320 and 321, for general installation and inspection procedures and construction standards.
