### CLEARINGHOUSE RULE 17-065

#### Comments

**[NOTE: All citations to “Manual” in the comments below are to the Administrative Rules Procedures Manual, prepared by the Legislative Reference Bureau and the Legislative Council Staff, dated December 2014.]**

#### **1. Statutory Authority**

In its description of statutory authority, the department may wish to include s. 227.11 (2) (a), Stats., which provides an additional source of statutory authority for rule provisions that the department considers necessary to effectuate the purpose of ss. 145.20 or 145.245, Stats., or other statutory provisions.

#### **2. Form, Style and Placement in Administrative Code**

In SECTION 18, the treatment clause should be revised to indicate that the treated provisions are being consolidated. [See s. 1.068, Manual.]

#### **5. Clarity, Grammar, Punctuation and Use of Plain Language**

Other than in the provisions created in SECTIONS 1 and 25 of the rule, does the phrase “at risk” appear in chs. SPS 381 to 387? If not, the definition should be removed, and any important information from the definition should be incorporated in the provision created in SECTION 25. [See s. 1.01 (7), Manual.]
