Comments

[NOTE: All citations to “Manual” in the comments below are to the Administrative Rules Procedures Manual, prepared by the Legislative Council Staff and the Legislative Reference Bureau, dated November 2020.]

1. Statutory Authority

In the explanation of statutory authority, it might be useful to reference the specific statutory provisions that allow the department to provide different fees than are provided by statute. Specifically, the explanation could reference s. 173.41 (3) (c), Stats., which authorizes the department to promulgate a rule to increase the statutorily provided license fees if necessary to cover the costs of administering s. 173.41, Stats., and s. 173.41 (6) (d), Stats., which authorizes the department to specify reinspection fees that differ from the amount provide by statute.

2. Form, Style and Placement in Administrative Code

Throughout the rule, new, underscored text should appear after existing, stricken text. [See s. 1.04 (4), Manual.]
