PROPOSED ORDER

An order of the Marriage and Family Therapy, Professional Counseling and Social Work Examining Board to amend s. MPSW 11.02, relating to required examinations for licensure as a professional counselor.

Analysis prepared by the Department of Regulation and Licensing.

ANALYSIS

Statutes interpreted:

Section 457.12 (4), Stats.

Statutory authority:

Sections 15.08 (5) (b), 227.11 (2) and 457.12 (4), Stats.

Explanation of agency authority:

Under s. 457.12 (4), Stats., the Professional Counselor Section is charged with establishing examination requirements for becoming a licensed professional counselor. The section has determined that the National Counselor Mental Health Certification Examination is an additional examination that adequately measures competency and is therefore seeking to amend its rule to include it. Furthermore, the section is seeking the authority to review other examinations that applicants may have taken in order to determine whether those too adequately measure competency.

Related statute or rule:

There are no related statutes or rules other than those listed above.

Plain language analysis:

This proposed rule-making order will permit applicants for licensure as professional counselors to take and pass examinations that would demonstrate their professional competency. Currently, either the National Counselor Examination or the Certified Rehabilitation Counselor Examination is required for licensure. This proposal would give applicants an additional option of being able to take the National Counselor Mental Health Certification Examination. It would also permit the section to approve other examinations. As a result, the proposed change would permit applicants who take and successfully pass one of three examinations or another examination approved by the section to become eligible for licensure as a professional counselor.

This amendment will provide greater flexibility to applicants while maintaining protection of the public. Presently, those individuals who take and pass the National Counselor Mental Health Certification Examination must also take and pass the National Counselor Examination in order to be eligible for licensure as a Wisconsin professional counselor, thereby resulting in an unnecessary barrier to licensure.

SECTION 1 amends the existing rule to include the National Counselor Mental Health Certification Examination and also permits the section to accept additional examinations that it deems to be equivalent to the other ones.

Summary of, and comparison with, existing or proposed federal regulation:

There is no existing or proposed federal regulation.

b. For a mental health counselor license shall take and pass the National Counselor Examination of the NBCC, or the National Clinical Mental Health Counselor Examination of the NBCC, or the Certified Rehabilitation Counselor Examination of the CRCC.

Summary of factual data and analytical methodologies:

The Professional Counselor Section is amending its rules based on the section's professional experience for requirements for licensure. A review of surrounding state licensure supports the section's proposal. Iowa allows passage of the NCMHCE and Minnesota allows for passage of examinations determined equivalent by their board.

Analysis and supporting documents used to determine effect on small business or in preparation of economic impact report:

There are no supporting documents determining effect on small business. The rules change does not affect small business as it does not place any additional regulatory requirements for attaining professional counseling licensure.

Section 227.137, Stats., requires as “agency” to prepare an economic impact report before submitting the proposed rule-making order to the Wisconsin Legislative Council. The Department of Regulation and Licensing is not included as an “agency” in this section.

Fiscal estimate:

The Department of Regulation and Licensing estimates that this rule will require time in the Division of Professional Credentialing. The total staff salary and fringe is estimated at \$57.

Anticipated costs incurred by private sector:

The department finds that this rule has no significant fiscal effect on the private sector.

Effect on small business:

These proposed rules will have no significant economic impact on small businesses, as defined in s. 227.114 (1), Stats. The Department’s Regulatory Review Coordinator may be contacted by email at larry.martin@drl.state.wi.us, or by calling (608) 266-8608.
