Analysis Prepared by the Department of Health and Family Services

Effective April 1, 2007, 2005 Wisconsin Act 293 creates s. 48.84, Stats., to require prospective adoptive parents to receive preadoption preparation (i.e., training) in the following instances:

- Before a child may be placed under s. 48.833, Stats., (special needs adoption) for adoption;
- Before a proposed adoptive parent who has not previously adopted a child may petition for placement of a child for adoption under s. 48.837, Stats., (nonrelative adoptions); and
- Before a proposed adoptive parent who has not previously adopted a child may bring a child into Wisconsin for adoption under s. 48.839, Stats., (international adoptions).

Under s. 48.84, Stats., preadoption training must be provided by a licensed child welfare agency, a licensed private adoption agency (child placing agency), the state adoption information exchange under s. 48.55, Stats., the state adoption center under s. 48.55, Stats., a state-funded foster care and adoption resource center, or a state-funded post adoption resource center.

Section 48.84, Stats., requires the Department to establish, by rule, the number of hours of training necessary, and the training content, including information on issues that may confront adoptive parents, generally, and that may confront adoptive parents of special needs and international children.

Effect on Small Business (Initial Regulatory Flexibility Analysis)

Effective April 1, 2007, 2005 Wisconsin Act 293 creates s. 48.84, Stats., to require prospective adoptive parents to receive preadoption preparation (i.e., training) in the following instances:

- Before a child may be placed under s. 48.833, Stats., (special needs adoption) for adoption;
- Before a proposed adoptive parent who has not previously adopted a child may petition for placement of a child for adoption under s. 48.837, Stats., (nonrelative adoptions); and
- Before a proposed adoptive parent who has not previously adopted a child may bring a child into Wisconsin for adoption under s. 48.839, Stats., (international adoptions).

Under s. 48.84, Stats., licensed private adoption agencies are among the entities that may provide the preadoption training under s. 48.84 (1), Stats. There are 28 such agencies in the state. According to a February 2007 Department survey, at least 25 of the 28 licensed agencies already require and provide training to first-time adoptive parents. The training currently being provided and the training required to be provided under the proposed rule is substantially similar. Consequently, any costs that these agencies may incur under the proposed rule should be nominal.

Fiscal Estimate

Effective April 1, 2007, 2005 Wisconsin Act 293 creates s. 48.84, Stats., to require prospective adoptive parents to receive preadoption preparation (i.e., training) in the following instances:

- Before a child may be placed under s. 48.833, Stats., (special needs adoption) for adoption;
- Before a proposed adoptive parent who has not previously adopted a child may petition for placement of a child for adoption under s. 48.837, Stats., (nonrelative adoptions); and
- Before a proposed adoptive parent who has not previously adopted a child may bring a child into Wisconsin for adoption under s. 48.839, Stats., (international adoptions).

Under s. 48.84, Stats., preadoption training must be provided by a licensed child welfare agency, a licensed private adoption agency (child placing agency), the state adoption information exchange under s. 48.55, Stats., the state adoption center under s. 48.55, Stats., a state-funded foster care and adoption resource center, or a state-funded post adoption resource center. The number of hours of training necessary, the training content, including information on issues that may confront adoptive parents, generally, and that may confront adoptive parents of special needs and international children must be established by the Department by rule.

Under s. 48.84, Stats., the annual cost to the Department of training first-time adoptive parents for special needs adoptions of children in the public child welfare system is estimated to be \$135,000 (\$74,250 GPR and \$60,750 FED). In addition, state law may require first time adoptive parents who use private adoption agencies to be trained by the Department. This would be an additional cost to the Department.

The costs identified above result from the creation of s. 48.84 in 2005 Act 293, rather than this proposed rule. Therefore, this rule has no fiscal effect.

Licensed private adoption agencies are among the entities that may provide the preadoption training under s. 48.84 (1), Stats. There are 28 such agencies in the state. According to a February, 2007 Department survey, at least 25 of the 28 licensed agencies already require and provide training to first-time adoptive parents. The training currently being provided and the training required to be provided under the proposed rule is substantially similar. Consequently, any costs that these agencies may incur under the proposed rule should be nominal.
