PROPOSED ORDER OF THE DEPARTMENT OF REVENUE AMENDING RULES

The Wisconsin Department of Revenue proposes an order to: **amend** Tax 8.24(1)(a)3. and (6); **relating to** reciprocal interstate shipments of wine.

Analysis by the Department of Revenue

Statute interpreted: s. 125.68(10)(bs), Stats.

Statutory authority: s. 227.11(2)(a), Stats.

Explanation of agency authority: Section 227.11(2)(a), Stats., provides that each agency may promulgate rules interpreting the provisions of any statute enforced or administered by it, if the agency considers it necessary to effectuate the purpose of the statute.

Related statute or rule: There are no other applicable statutes or rules.

Plain language analysis: This proposed rule order amends a provision specifying the amount of wine an individual may receive per year from a winery in a reciprocal state. Based on a statutory change, this amount was increased from 9 liters to 27 liters. The proposed rule order also makes changes to reflect a change in title of a liquor tax reporting form and provide current contact information for obtaining the form.

Summary of, and comparison with, existing or proposed federal regulation: There is no existing or proposed federal regulation that is intended to address the activities to be regulated by the rule.

Comparison with rules in adjacent states: The department is not aware of a similar rule in an adjacent state.

Summary of factual data and analytical methodologies: Section 125.68(10)(bs), Wis. Stats., was amended by 2005 Act 25 to increase the amount of wine an individual may receive per year from a winery in a reciprocal state from 9 liters to 27 liters. The department has created this proposed rule order to reflect this statutory change.

Analysis and supporting documents used to determine effect on small business: The proposed rule reflects a statutory change relating to shipments of wine between Wisconsin and states with which Wisconsin has a reciprocal agreement described in s. 139.035, Stats. As the proposed rule does not impose any significant financial or other compliance burden, the department has determined that it does not have a significant effect on small business.

Anticipated costs incurred by private sector: This proposed rule order does not have a significant fiscal effect on the private sector.

Effect on small business: This proposed rule order does not have a significant effect on small business.
