PROPOSED RULE ORDER OF THE DEPARTMENT OF ADMINISTRATION

The Wisconsin Department of Administration proposes an order to create Chapter Adm 49 of the Wisconsin Administrative Code, relating to Plat Review Fees.

Analysis Prepared by the Department of Administration:

Statutory Authority: ss. 16.004 (1) and 236.12(7), Stats.

Statutes Interpreted: ss. 70.27 and 236.12, Stats.

Explanation of agency authority: The department shall review preliminary, final or assessor's plats under s. 70.27 or ch. 236, Stats., upon payment of the fees specified in this chapter.

Related statute or rule: Administrative rule Tax 53.

Summary of proposed rule: The Department intends to create a rule as required by s. 236.12(7), Stats., to establish uniform procedures and fees for the plat review program administered by the Department of Administration. The proposed rule is similar to the existing Chapter Tax 53 which was created when the Plat Review Program was administered by the Department of Revenue. The Plat Review Program was transferred from the Department of Revenue to the Department of Administration in 1997.

Summary of, and comparison with, existing or proposed federal regulations: This proposed rule is specific to the State of Wisconsin laws and is completely separate from, and unaffected by, federal regulations.

Comparison with rules in adjacent states:

Michigan: The state level review of subdivision plats is performed by the Department of Labor and Economic Growth on a fee for service basis before the subdivision is recorded with the Register of Deeds.

Minnesota: Minnesota requires subdivisions to be reviewed by the Minnesota Department of Health and by the County Surveyor's Office on a fee for service basis before the subdivision is recorded.

Illinois: It appears that each unit of government enacts subdivision regulations reviewed on a fee for service basis.

Iowa: It appears that each unit of government enacts subdivision regulations reviewed on a fee for service basis.

Summary of factual data and analytical methodologies: The Plat Review Program has been 100% program revenue supported since 1980. All reviews are conducted on a fee for service basis as provided by s. 236.12 (7), Wis. Stats.

Analysis and supporting documents used to determine effect on small business or in preparation of economic impact report: The proposed rule prescribes uniform procedures and fees making the cost of review consistent and predictable.

Effect on small business: Developers and surveyors who divide land will be affected by this rule because they pay for the services the program provides.

Initial Regulatory Flexibility Analysis: The Plat Review Program has been 100% program revenue supported since 1980. All reviews are conducted on a fee for service basis as provided by s. 236.12 (7), Wis. Stats. The proposed rule is similar to the existing Chapter Tax 53 which was created when the Plat Review Program was administered by the Department of Revenue. The Plat Review Program was transferred from the Department of Revenue to the Department of Administration in 1997.

Fiscal Effect:

State Fiscal Effect

This rule will increase plat review revenues by approximately \$240,000 per year, beginning in May 2008. The increase is needed to sufficiently cover program costs.

The Plat Review program is funded from fees charged to subdividers or agents seeking an advisory opinion relative to conditions affecting a proposed plat for the review of preliminary, final or assessors' plats under s. 70.27 or chapter 236 Statutes. The fees have not been adjusted since 1997.

The program's permanent staffing level remains at the 1997 level of 5.50 FTE. When workload required more staff, limited term employees have been hired. Fee increases are needed to maintain the current level of staffing required to ensure services are provided in a timely manner.

Local Fiscal Effect

There is no fiscal effect on local units of government.
