Analysis Prepared by the Department of Natural Resources

1. Statutes Interpreted: In promulgating this rule, ss. 29.014(1), 29.039, 29.041, 29.053, 29.531 and, 29.533, Stats., which authorize fishing, have been interpreted as giving the department the authority to make changes to fishing regulations on inland and boundary waters of Wisconsin.

2. Statutory Authority: Sections 29.014(1), 29.039, 29.041, 29.053 and 227.11(2)(a), Stats.

3. Explanation of Agency Authority to Promulgate the Proposed Rules Under the Statutory Authority: Sections 29.014(1), 29.039, 29.041 and 29.053, Stats., grant rule making authority to the department to establish and maintain open and closed seasons for fish and game and any bag limits, size limits, rest days and conditions governing the taking of fish and game that will conserve the fish and game supply and ensure the citizens of this state continued opportunities for good fishing, hunting and trapping; grant that the department may establish limitations relating to taking, possession, transportation, processing, and sale or offer for sale, of nongame species; and provide that the department may regulate hunting and fishing on and in all interstate boundary waters, and outlying waters. Section 227.11(2)(a), Stats., expressly confers rulemaking authority on the department to promulgate rules interpreting any statute enforced or administered by it, if the agency considers it necessary to effectuate the purpose of the statute.

4. Related Rule or Statute: None.

5. Plain Language Rule Analysis: Section by section details of this rule order are outlined:

Sections 1 and 45 reduce daily bag limits from 2 fish to 1 fish and possession limits from 10 fish to 2 fish for flathead catfish taken from Winnebago system waters and implement a 30-inch minimum size restriction for flathead catfish taken from these waters, with an additional provision prohibiting harvest of flathead catfish between 36 and 42 inches in length.

Sections 2, 3, 48, 49, 50, 51, and 52 clarify the difference between landing nets and dip nets and how landing nets may be used for fishing in inland, outlying, and boundary waters of the state.

Section 4 requires that anglers use artificial lures with barbless hooks while fishing for bass during a catch-and-release season for bass.

Section 5 establishes a special catch-and-release season for muskellunge in inland waters north of US highway 10 and requires that anglers use artificial lures with barbless hooks while fishing for muskellunge during a catch-and-release season for muskellunge.

Sections 6, 10, 11, 12, 13, 14, 16, 17, 18, 35, 36, 44, and 46 extend the end of the open season for muskellunge in waters south of US highway 10 from November 30 to December 31.

Section 7 removes special regulations for walleye in English lake, Ashland county.

Section 8 implements a 3 fish aggregate daily bag limit for largemouth and smallmouth bass in Big Dummy and Little Dummy lakes, Barron county, with no minimum size limit but no fish between 14 and 18 inches may be kept and only one fish larger than 18 inches may be kept.

Section 8 also implements a 2 fish daily bag limit for northern pike, with a 26 inch minimum size restriction.

Section 9 establishes Manger lagoon, Brown county, as an urban fishing water, in which only children younger than 16 years of age or disabled persons may fish, and implements a 1 fish aggregate daily bag limit for largemouth and smallmouth bass, northern pike, walleye, sauger or hybrid, a 10 fish aggregate daily bag limit for panfish, and a 3 fish aggregate daily bag limit for trout.

Section 15 removes special regulations for walleye in Boot, Long, and McDermott lakes, Iron county.

Section 19 increases the maximum allowable size for catfish in Yellowstone lake, Lafayette county, from 18 to 24 inches.

Sections 20, 30, and 39 simplify muskellunge regulations on the Black river in LaCrosse, Monroe, and Trempealeau counties by increasing the minimum length restriction to 40 inches.

Section 21 establishes Remington lake, Langlade county, as an urban fishing water, in which only children younger than 16 years of age or disabled persons may fish, and implements a 1 fish aggregate daily bag limit for largemouth and smallmouth bass, northern pike, walleye, sauger or hybrid, a 10 fish aggregate daily bag limit for panfish, and a 3 fish aggregate daily bag limit for trout.

Sections 22 and 25 increase the minimum size restriction for muskellunge harvest from 34 to 50 inches in Enterprise lake, Langlade and Lincoln counties.

Sections 23 and 29 change walleye regulations in Enterprise lake, Langlade and Lincoln counties, replacing a restriction that only 1 fish larger than 14 inches may be kept with a restriction that no fish between 14 and 18 inches may be kept but that 1 larger than 18 inches may be kept. These sections also reduce the daily bag limit from 5 walleye to 3 walleye in this lake.

Section 24 establishes Mirror lake, Lincoln county, as an urban fishing water, in which only children younger than 16 years of age or disabled persons may fish, and implements a 1 fish aggregate daily bag limit for largemouth and smallmouth bass, northern pike, walleye, sauger or hybrid, a 10 fish aggregate daily bag limit for panfish, and a 3 fish aggregate daily bag limit for trout.

Sections 26, 27, 29, 31, 32, and 33 remove the continuous open season for bass, northern pike, and walleye, sauger and their hybrids in the Wisconsin River in Lincoln and Oneida counties, downstream from the St. Regis dam in Oneida county, and places those waters under the department's standard fishing seasons for those species.

Section 28 increases the minimum size restriction for brook trout in the Prairie river, Lincoln county, from R & H road downstream to STH 17, from 8 to 12 inches, increases the minimum size restriction for brown trout from 12 to 18 inches, and reduces the daily bag limit from 3 trout to 1 trout, until April 1, 2011.

Section 34 increases the minimum size restriction for muskellunge harvest from 40 to 50 inches in Bone lake, Polk county.

Section 37 increases the minimum size restriction for muskellunge harvest from 45 to 50 inches in the Chippewa flowage, Sawyer county.

Section 38 reduces the minimum size restriction for walleye in Sand lake, Sawyer county, from 28 inches to 18 inches and increases the daily bag limit from 1 fish to 3 fish.

Section 40 increases the minimum size restriction for largemouth and smallmouth bass from 14 inches to 18 inches on Big Portage, Presque Isle, Van Vliet, Averill, and Star lakes, Vilas county, and reduces the daily bag limit from 5 fish to 1 fish.

Sections 41 and 42 extend the sunset clause on special regulations for muskellunge and walleye in Sparkling lake, Vilas county from 2008-09 to 2013-14.

Section 43 removes special regulations for trout in Long lake (Town of Saxeville), Waushara county.

Section 47 clarifies regulations on Green Bay tributaries by increasing the daily bag limit for walleye, sauger and hybrids from 3 fish to 5 fish and increasing the minimum size restriction from no minimum to 15 inches.

Section 47 also increases the daily bag limit for sauger in Lake Winnebago system waters from 0 fish to 1 fish.

6. Summary of and Comparison with Existing or Proposed Federal Regulations: None known.

7. Comparison of Similar Rules in Adjacent States: Fisheries management is generally quite similar in the states surrounding Wisconsin. Each bordering state regulates fishing by the use of seasons, bag limits and size limits. Specific seasons, bag and size limits may differ for species across the surrounding states; however, the general principles are similar. Michigan, Minnesota, Iowa and Illinois all have statewide seasons, bag and size limits for fish species, along with special or experimental regulations on individual waters.

8. Summary of Factual Data and Analytical Methodologies Used in Support of the Rule: Rule proposals were developed by fisheries and law enforcement staff to address management and enforcement concerns. Proposals were reviewed for need and adequacy, and approved by a fish team or law enforcement team supervisor and forwarded to regional director for approval. Proposals approved by the regions were forwarded to the Fisheries Management Bureau Director, who conducted a review with the Fisheries Management Board, law enforcement, legal services, the Wisconsin Conservation Congress, and the Great Lakes Indian Fish and Wildlife Commission. Only proposals approved by the Fisheries Management Bureau Director are included.

9. Analysis and Documentation Used in Support of the Agency's Determination Under s. 227.114, Stats., (Small Business Impact): The proposed rules do not apply directly to businesses, but to sport anglers.

10. Effect on Small Business, Including How the Rule Will Be Enforced: The proposed rules do not impose any compliance or reporting requirements on small businesses nor are any design or operational standards contained in the rule. The rules will be enforced by Conservation Wardens who have arrest powers and may use citations.
